Market Commentary

Indian equity benchmarks carried forward their northbound journey for another session on Friday and ended with a cut of around a percent, Buying in second half of the day, mainly pulled the markets higher with Nifty surpassing crucial 10,600 level. Markets started the session on an optimistic note as traders took support from Care Ratings' report forecasting the country's GDP growth to accelerate to 7.5 per cent this financial year, from 6.6 per cent in the last fiscal, on better performance from the industrial and agricultural sectors. The street was also finding support with Union Oil Minister Dharmendra Pradhan's statement that the Centre is deliberating on an 'immediate solution' to deal with rising fuel prices. Markets extended gains in second half of the day with traders taking support with capital market regulator Securities and Exchange Board of India (SEBI) allowing 'omnibus' trades at the Gujarat International Finance Tec-city (GIFT City), India's only international financial service centre (IFSC). An omnibus structure allows an investor trade through a broker or service provider with confidentiality.

Some support also came with a report stating that Banks' credit increased by 12.64% to Rs 85,51,099 crore in the fortnight ended May 11, 2018 from Rs 75,90,941crore in the fortnight ended May 12, 2017. The report added that Banks' deposits grew by 7.61 percent to Rs 1,13,92,165 crore in the fortnight ended May 11, 2018, compared with Rs 1,05,86,083 crore in the fortnight ended May 12, 2017. On the global front, Asian markets were mixed after US President Donald Trump cancelled a planned meeting with North Korean leader Kim Jong Un.
