

Wealth Management is a continuous investment advisory process combining Financial Planning, Investment Management and Risk Management

Knowing yourself & your goals

- We work with you to analyse your current investments
- Understand your financial goals and timelines

Cut through the noise

- We analyse overwhelming choices of investment vehicles
- We figure out the best investments in various categories that will help you reach your goals

Accountability

- We are accountable to you for the best advise possible in current circumstances
- Routine checkpoints of the portfolio and plan

DISCLAIMER

Shah Investor's Home Ltd.'s Research and Advisory teams have, to the best of its ability, taken into account various factors – both quantitative measures and qualitative assessments, in an unbiased manner, while choosing the investments mentioned in the document. However, they carry unknown risks and uncertainties linked to broad markets, as well as analysts' expectations about future events. They should not, therefore, be the sole basis of investment decisions.

The recommendations and reviews do not guarantee portfolio performance, nor should they be viewed as an assessment of portfolio's, or the portfolio's underlying securities' creditworthiness.

Equity and Mutual Fund investments are subject to market risks. Please read the scheme information and other related documents before investing. Past performance is not indicative of future returns. Please consider your specific investment requirements before choosing a fund, or designing a portfolio that suits your needs.

Shah Investor's Home Ltd. makes no warranties or representations, express or implied, on products offered through the platform. It accepts no liability for any damages or losses, however caused, in connection with the use of, or on the reliance of its product or related services. Terms and conditions of the website are applicable.
