CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to "India" in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the "Government", "Indian Government", "GoI", "Central Government" or the "State Government" are to the Government of India, central or state, as applicable. All references in this Prospectus to the "U.S.", "USA" or "United States" are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time ("**IST**"). Unless indicated otherwise, all references to a year in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the corresponding page numbers of this Prospectus.

Financial Data

Our Company's Financial Year commences on April 1 and ends on March 31 of the next year. Accordingly, all references in this Prospectus to a particular Financial Year or FY or Fiscal, unless stated otherwise, are to the 12-month period ended on March 31 of that particular calendar year.

Unless stated otherwise or the context otherwise requires, the financial data and financial ratios in this Prospectus are derived from the Restated Consolidated Financial Information of our Company.

The Restated Consolidated Financial Information of our Company and its Subsidiaries which comprise of the Restated Statement of Assets and Liabilities as at financial years ended March 31, 2026, March 31, 2025 and March 31, 2024, the Restated Statement of Profit and Loss (including Other Comprehensive Income, as applicable) and the Restated Statement of Cash Flows for the financial years ended March 31, 2026, March 31, 2025 and March 31, 2024 and the Restated Statement of Changes in Equity for the financial years ended March 31, 2026, March 31, 2025 and March 31, 2024 and the summary of material accounting policies and other explanatory notes to the Restated Consolidated Financial Information and included in "*Financial Information*" on page 508.

Our Restated Consolidated Financial Information have been prepared in accordance with Ind AS. There are significant differences between International Financial Reporting Standards ("**IFRS**") and Generally Accepted Accounting Principles in the United States of America ("**U.S. GAAP**"). The degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, Ind AS, the Companies Act 2013, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India. Accordingly, any reliance by persons not familiar with Ind AS, the Companies Act 2013, the SEBI ICDR Regulations, the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI and practices on the financial disclosures presented in this Prospectus should accordingly be limited. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial information included in this Prospectus, nor do we provide a reconciliation of our financial information to those under U.S. GAAP or IFRS and we urge you to consult your own advisors regarding such differences and their impact on our financial information. For details in connection with risks involving differences between Ind AS, U.S. GAAP and IFRS see "*Risk Factors - Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the Restated Consolidated Financial Information prepared and presented in accordance with SEBI ICDR Regulations contained in this Prospectus*" on page 67.

Certain figures contained in this Prospectus, including financial information, have been subject to rounding adjustments. All decimals, including percentages, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Prospectus as rounded off to such number of decimal points as provided in their respective sources.

Non-Generally Accepted Accounting Principles Financial Measures

In evaluating our business, we consider and use non-GAAP financial measures and key performance indicators, including Revenue from operation, Growth in Revenue from Operations (%), EBITDA, EBITDA Margin (%), EBIT, EBIT Margin (%) , Profit before Tax, Profit After Tax, Profit After Tax Margin (%), Net Worth, RoE (%), RoCE (%) , Debt to Equity Ratio, which have been included in this Prospectus. The presentation of these non-

GAAP financial measures and key performance indicators is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with Ind AS. We present these non-GAAP financial measures and key performance indicators because they are used by our management to evaluate our operating performance and formulate business plans.

These non-GAAP financial measures are not defined under Ind AS and are not presented in accordance with Ind AS. The non-GAAP financial measures and key performance indicators have limitations as analytical tools. Further, these non-GAAP financial measures and key performance indicators may differ from the similar information used by other companies, including peer companies, and therefore their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to profit before tax, net earned premiums, gross earned premiums or any other measure of performance or as an indicator of our operating performance, liquidity or profitability or results of operations. In addition, non-GAAP financial measures used are not a standardised term, hence a direct comparison of non-GAAP financial measures between companies may not be possible. Other companies may calculate non-GAAP financial measures differently from us, limiting its usefulness as a comparative measure. For further details, see *"Risk Factor - Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance such as EBITDA, EBITDA margin, interest coverage ratio, net debt to EBITDA ratio, return on capital employed and return on equity have been included in this Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable*." on page 63, respectively.

Currency and Units of Presentation

All references to "Rupee(s)", "Rs.", "₹" or "INR" are to Indian Rupees, the official currency of the Republic of India. All references to "$", "US$", "U.S. Dollars" or "USD" are to United States Dollars, the official currency of the United States of America.

All the figures in this Prospectus have been presented in lakhs or in whole numbers where the numbers have been too small to present in lakhs, unless stated otherwise. One lakh represents 1,00,000 and one crore represents 1,00,00,000.

Certain figures contained in this Prospectus, including financial information, have been subject to rounding adjustments. All figures in decimals have been rounded off to the second decimal. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given, and (ii) the sum of the figures in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, figures sourced from third-party industry sources may be expressed in denominations other than lakh or may be rounded off to other than two decimal points in the respective sources, and such figures have been expressed in this Prospectus in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

Exchange Rates

This Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and the other currencies used in this Prospectus:

(in ₹)

Currency	Exchange rate as on*		
	March 31, 2026	March 31, 2025	March 31, 2024
USD	94.65	85.58	83.37

**In the event that any of the aforementioned date is a public holiday, the previous calendar day not being a public holiday has been considered. The exchange rate is rounded off to two decimal places.*

Industry and market Data

Unless stated otherwise, information pertaining to the industry in which our Company operates in, contained in this Prospectus is derived from the "*CARE Report*" which has been exclusively commissioned and paid for by our Company, pursuant to an engagement agreement dated April 16, 2025, for the purpose of understanding the industry in connection with this Issue, since no report is publicly available which provides a comprehensive industry analysis, particularly for our Company's services, that may be similar to the CARE Report. This Prospectus contains certain data and statistics from the CARE Report, which is available on the website of our Company www.sihl.in

CARE Analytics & Advisory Private Limited is an independent agency which has no relationship with our Company, our Promoters, any of our Directors, Key Managerial Personnel, Senior Management Personnel or the Book Running Lead Manager.

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources. Although the industry and market data used in this Prospectus is reliable, the data used in these sources may have been re-classified by us for the purposes of presentation however, no material data in connection with the Issue has been omitted. Data from these sources may also not be comparable. Further, CARE has confirmed that to the best of its knowledge no consent is required from any Government or other source from which any information is used in the CARE Report.

For details of risks in relation to CARE Report, see "*Risk Factor - Certain sections in this Prospectus contain information from the CARE Report, which was prepared by CARE Analytics and Advisory Private Limited and exclusively commissioned and paid for by our Company for the purposes of the Issue, and any reliance on such information for making an investment decision in the Issue is subject to inherent risks"* on page 60 of this Prospectus.

FORWARD LOOKING STATEMENTS

This Prospectus contains certain statements which are not statements of historical facts and may be described as "forward-looking statements". These forward-looking statements generally can be identified by words or phrases such as "aim", "anticipate", "are likely", "believe", "continue", "expect", "estimate", "intend", "will likely", "likely to", "may", "seek to", "shall", "objective", "plan", "project", "propose", "will", "will continue", "will pursue", "will achieve", "can", "could", "goal" or other words or phrases of similar import. Similarly, statements that describe our Company's strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. However, these are not the exclusive means of identifying forward looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward looking statements.

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and globally which have an impact on our business activities, investments, or the industry in which we operate, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations, taxes, changes in competition in the industry in which we operate and incidents of any natural calamities and/or acts of violence.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see "*Risk Factors*", "*Our Business*" and "*Management's Discussion and Analysis of Financial Position and Results of Operations*" on pages 17, 435 and 568 respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of our future performance.

Forward-looking statements reflect the current views of our Company as of the date of this Prospectus and are not a guarantee of future performance. These statements are based on our management's beliefs, assumptions, current plans, estimates and expectations, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, our Promoters, the Book Running Lead Manager, the Syndicate Members nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with SEBI requirements, our Company will ensure that investors in India are informed of material developments pertaining to our Company and the Equity Share forming part of the Issue from the date of the Red Herring Prospectus thereof with the RoC and this Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges.

SECTION II – RISK FACTORS

An investment in equity shares involves a high degree of risk. You should carefully consider each of the following risk factors and all other information in this Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. We have described the risks and uncertainties that we believe are material, but these risks and uncertainties may not be the only risks relevant to us, the Equity Shares, or the industry in which we currently operate or propose to operate. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks mentioned in this section. If any or a combination of the following risks actually occur, our business, reputation, cash flows, prospects, financial condition and results of operations could suffer, the trading price of the Equity Shares could decline and you may lose all or part of your investment. The risk factors have been ordered on the basis of their materiality. For more details on our business and operations, see "Our Business", "Industry Overview", "Key Regulations and Policies", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Restated Financial Information" on pages 435, 385, 462, 568, and 508 respectively, as well as other financial and statistical information contained in this Prospectus.

In making an investment decision, you must rely on your own examination of our Company and the terms of the Offer, including the merits and risks involved and you should consult your tax, financial and legal advisors about the consequences of investing in the Issue. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries. This Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including but not limited to the considerations described below. For details, see "Forward-Looking Statements" on page 16.

Our financial year ends on March 31 of each year. Accordingly, references to "Fiscal Year 2024", "Fiscal Year 2025" and "Fiscal Year 2026", are to the 12-month period ended March 31 of the relevant year. This Prospectus includes the Restated Financial Information of the Company that has been prepared under Ind AS notified under Section 133 of the Companies Act, 2013, and in accordance with requirements of Section 26 of Part I of Chapter III of the Companies Act, Paragraph (A) of Clause 11 (I) of Part A of Schedule VI of the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India as amended from time to time.

*Unless stated otherwise, the industry and market data contained in this section is derived from the industry report titled "Broking Industry in India" dated September 2026, which is exclusively prepared for the purposes of the Issue and issued by CARE Analytics and Advisory Private Limited appointed by us pursuant to an engagement letter dated April 16, 2025, and is exclusively commissioned and paid for by our Company ("**CARE Report**"). We commissioned and paid for the CARE Report for the purposes of confirming our understanding of the industry specifically for the purposes of the Issue, as no report is publicly available which provides a comprehensive industry analysis, particularly for our Company's products, that may be similar to the CARE Report. The CARE Report was made available on the website of our Company at https://www.sihl.in/. The data included herein includes excerpts from the CARE Report and may have been re-ordered by us for the purposes of presentation. CARE Analytics and Advisory Private Limited is not, and has not in the past, been engaged or interested in the formation, or promotion, or management, of our Company. Further, it is an independent agency and neither our Company, nor our Directors, Promoter, KMPs, SMPs, and Subsidiaries, nor the BRLM are a related party to CARE Analytics and Advisory Private Limited as per the definition of "related party" under the Companies Act, 2013. Prospective investors are advised not to unduly rely on the CARE Report. There are no parts, data or information (which may be relevant for the proposed issue), that have been left out or changed in any manner. For more information and risks in relation to commissioned reports, see "Risk Factors – Certain sections in this Prospectus contain information from the CARE Report, which was prepared by CARE Analytics and Advisory Private Limited and exclusively commissioned and paid for by our Company for the purposes of the Issue, and any reliance on such information for making an investment decision in the Issue is subject to inherent risks." on page 60. There are no parts, data or information (which may be relevant for the proposed Issue), that has been left out or changed in any manner. Also see, "Certain Conventions, Use of Financial Information and Market Data and Currency of Presentation –Industry and Market Data" on page 13. Unless otherwise indicated, financial, operational, industry and other related information derived from the CARE Report and included herein with respect to any particular year refers to such information for the relevant calendar year.*

Unless the context otherwise requires, in this section, references to "we", "us", or "our" refers to Shah Investor's Home Limited on a consolidated basis and references to "the Company" or "our Company" refers to Shah Investor's Home Limited on a standalone basis.

Internal Risk Factors

1. ***Our broking segment contributes 64.78%, 68.90%, and 71.60% of our revenue for the Fiscals 2026, 2025 and 2024, respectively of which a significant portion is derived from a few geographical regions in which Gujarat contributes 93.74%, 93.30% and 93.53%, respectively Any reduction in our revenue from broking segment could have a material adverse effect on our business, results of operations, cash flows and financial condition.***

Our broking segment has consistently been our largest business vertical and contributes a substantial share to our revenue from operations. Our income from broking and related services in the Fiscals 2026, 2025 and 2024, are set out below:

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations
Broking Segment	4,630.20	64.78	6,491.13	68.85	5,570.20	71.57
Other	2,517.47	35.22	2,936.26	31.15	2,212.16	28.43
Total	**7,147.67**	**100.00**	**9,427.39**	**100.00**	**7,782.36**	**100.00**

Our Brokerage Income is directly proportionate to the traded value and order size. The number of orders and the trading volume are affected by a variety of external factors that are beyond our control such as the general macroeconomic conditions, particularly, in India, the monetary and taxation policies of the Government of India, prevailing market conditions, the prevailing regulatory framework, fluctuation in interest rates, inflation etc. In addition, our business operations are subject to regulatory limits on brokerage fee rates and net worth requirements imposed by the exchanges. In addition, our Brokerage Income is also driven by the number of clients, in particular individual investors, to whom we cater and the size of these transactions.

Set out in the table below are the number of clients in our Broking businesses we catered to, in the Fiscal 2026, Fiscal 2025 and Fiscal 2024:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
No. of clients catered to in Broking Segment	38,189	37,814	35,535

If there is a significant decline in investor participation in equity markets, or if we are unable to maintain and grow our client base, particularly, higher yield clients, and, or, if our service levels are not up to client expectations our Broking business could be adversely affected.

Our brokerage fee levels are primarily driven by the competitive landscape our Company operates in. There is constant pressure on brokerage yields in the securities industry, especially as we have no exclusivity arrangements with our clients, our clients may use services from multiple brokerage houses, simultaneously and the products are standardised and offered online. If we face increased competition on our brokerage fee levels, we may have to provide additional products and services in addition to lowering our brokerage fee, to attract clients. Additionally, on account of change in our business model, any reduction in the number of orders may adversely affect our business since the fee we charge is based on the number of orders executed by us. Further, there is no assurance that we will be able to attract such clients without having to reduce our fee, which could have a material adverse effect on our business, financial condition, cash flows and results of operations. Accordingly, if our competitors are able to provide better services, lower margins, better rates of interest on margin trading facility or if their products are perceived to be more appealing to clients, they could migrate all or a part of their business to our competitors and hinder our ability to retain and attract new clients. Further, if we are required to reduce our margins to retain existing clients or attract new clients it could adversely affect our Broking Segment.

Further, a significant portion of our brokerage are derived from our services offered to customer locations in western India specifically in the state of Gujarat. The contribution of our western Indian operations as a percentage of our total revenue from operations of our Company for Fiscals 2026, 2025 and 2024, expressed in both absolute terms and as a percentage is as below:

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Amount (in ₹ lakhs)	As % of total brokerage Income	Amount (in ₹ lakhs)	As % of total brokerage Income	Amount (in ₹ lakhs)	As % of total brokerage Income
Gujarat	4,340.21	93.74	6,056.24	93.30	5,210.13	93.53
Maharashtra	167.24	3.61	283.44	4.37	234.30	4.21
Others	122.75	2.65	151.45	2.33	125.77	2.26
Total	**4,630.20**	**100.00**	**6,491.13**	**100.00**	**5,570.20**	**100.00**

Any decrease in revenues from western India, including due to increased competition or supply, or reduction in demand, in markets in which we operate, may have an adverse effect on our business, cash flows, results of operation and financial condition. Further, any significant disruption, including due to social, political or economic factors or natural calamities or civil disruptions, impacting these geographical regions may adversely affect our business.

Additionally, changes in the policies of the state or local governments of these regions may require us to incur significant capital expenditure and change our business strategy, which could have an adverse effect on our business, results of operations, future cash flows and financial condition. While we have not faced any such disruptions in the past in our operations due to the concentration of our operations in Gujarat, we cannot assure you that there will not be any significant developments in these regions in the future that may adversely affect our business, results of operations and financial condition.

As a part of our business strategy, we plan to expand our presence in other states by adding up new clients through marketing campaigns, opening new branches and creating a network of authorised persons in other states. Additionally, we have started referral schemes like "Ezee Partner" which allows individuals to join us on a short-term basis and introducing new clients to our Company. However, we cannot assure you that these initiatives will yield the expected growth, or that our efforts to expand into new states will be successful.

2. ***We are subject to extensive statutory and regulatory requirements and supervision. Any failure to comply with applicable law or changes in the regulatory framework could result in action being initiated against us by relevant authorities which may have a material adverse impact on our business, results of operations and financial condition.***

We have a diversified range of operations and our business activities are subject to extensive supervision and regulation by the Government and various statutory and regulatory authorities, in particular, SEBI, MCX, AMFI, APMI, NSDL and the Stock Exchanges. Consequently, we may need to obtain registrations and approvals under, and comply with, regulations issued by various regulatory authorities to undertake some of our business and corporate activities, including for the launch of new products, infusion of equity capital, amending our constitutional documents, change in (i) shareholding / increase in share capital, (ii) designated and non-designated directors, (iii) control, (iv) status and constitution, and (v) name of the member. Such regulations include the SEBI (Stock Brokers) Regulations, 1992, the SEBI (Research Analysts) Regulations, 2014, the SEBI (Depositories and Participants) Regulations, 2018, SEBI (Mutual Funds) Regulations, 1996, Securities and Exchange Board of India (Portfolio Managers) Regulations, 2020 and the various circulars etc that are issued under the applicable regulations, AMFI Guidelines, etc. Additionally, we need to ensure compliance with various statutes, such as the Securities Contracts Regulations Act, 1956, the SEBI Act, 1992, and various rules, regulations, notifications and circulars issued under such statutes. In addition, our business operations are subject to regulatory limits on brokerage fee rates and net worth requirements imposed by the exchanges. Additionally, we will continue to expand our product portfolio as permitted by applicable law, and based on our evaluation of market opportunity, which could require us to comply with additional regulatory requirements and expose us to risks that we cannot currently foresee.

Our business activities are also subject to periodic inspection by various applicable authorities, including SEBI. Any negative findings against us during such inspections may materially and adversely affect our business and results of operations. While we strive to ensure compliance with applicable laws including various statues, rules, regulations and circulars issued by SEBI and other relevant regulatory authorities, any failure on our part (or on the part of our employees) to comply with applicable law could result in action being initiated against us and our employees by the relevant authorities. Such action could be in the form of monetary fines, strictures on operations, suspension or cancellation of our various licenses. In addition, the regulatory and statutory framework within which we operate our business evolves with time. Further, the change could be in response to various aspects including global regulatory trends, corporate governance and ESG norms. Accordingly, the laws and regulations

applicable to our business are subject to amendments, revisions, replacements etc. including pursuant to action by government or regulatory authorities or further to intervention or directions of the judicial and quasi-judicial authorities including the Securities Appellate Tribunal.

In the past three Fiscals regulatory authorities such as SEBI have pursuant to inspections issued findings/observations letter administrative warnings, deficiency letters, show cause notices. For instance, our Company received a letter bearing reference no. SEBI/WRO/JS/PD/OW/P/2025/2463/1 dated January 23, 2025 (the "**Letter**"), from SEBI, highlighting certain observations/findings pursuant to the inspection of our books of accounts, records, and other documents relating to the upstreaming and down streaming of client funds conducted by SEBI and the Stock Exchanges on December 05, 2024, December 06, 2024, and January 02, 2025 and January 03, 2025, respectively. The Letter included the following observations (i) on verification of bank statements, out of 30 sample dates reviewed, client funds were retained instead of being up streamed to the clearing corporations on 18 dates, (ii) funds were transferred from the settlement account to the upstreaming client nodal bank account (USCNBA) and (iii) funds were transferred from the settlement account to the down streaming client nodal bank account (DSCNBA), wherein the said transfers were not in compliance with SEBI circulars (collectively referred to as the "**Observations**"). For further information, please see "*Outstanding Litigation and Material Development*" on page 606.

Details of the inspection letter and observation is provided below:

Sr. No	Date	Observations	Penalty

**The company has paid the said penalty.*

However, there are no arbitration orders in past 3 financial years. Any delay or failure in obtaining such approvals, or non-compliance with regulatory requirements, observations, or directions, may result in the imposition of fines, substantial penalties, suspension, or, in extreme cases, termination of our registrations. Such outcomes could have a material and adverse impact on our business, operations, reputation, and financial performance.

Further, we are subject to various laws relating to the prevention of insider trading, front running and other conflicts of interest. Conflicts of interest may exist including between, (i) us and our clients; (ii) us and our Authorised Persons (i.e. agents appointed by us after approval from the relevant stock exchange), (iii) our

employees and us and, or, our clients, (vi) our intermediaries and us; (vii) our intermediaries and our clients or (viii) the Company and our Subsidiaries. While we are required to frame and implement, and we have put in place internal controls and measures, we cannot assure you that we or our agents, intermediaries or employees will always manage such conflicts of interest, including compliance with various applicable laws and regulations. Our Company has established policies to deal with insider trading, conflict of interest etc. and our activities and responsibilities are delineated by clear-cut regulations, we cannot assure you that we will always be successful in ensuring compliance and, or, managing any conflicts of interest. We cannot assure you that changes in applicable laws will not impose onerous conditions on our business activities, require us to change existing systems, policies and procedures. Any onerous conditions imposed by relevant authorities, or material changes required to our systems, policies and procedures may increase our compliance cost or adversely affect our business operations. There have been no such instances that have occurred in the past.

Further, data collection and storage are increasingly subject to legislation and regulations in various jurisdictions and governments are increasingly acting to protect the privacy and security of personal information. Our attempts to comply with applicable legal requirements may not be successful, and may also lead to increased costs for compliance, which may materially and adversely affect our business, financial condition, cash flows, results of operations and prospects. We could be adversely affected if legislations or regulations are expanded or amended to require changes in our business practices, or if such legislations or regulations are interpreted or implemented in ways that negatively affect our business, financial condition, cash flows, results of operations and prospects. We submitted our detailed response to the said Observations on February 07, 2025, and had received an adjudication order dated February 11, 2026, imposing a penalty of ₹4 lakh in this regard.

3. We rely heavily on our network of Authorised Persons associated with us. Loss of a significant number of Authorised Persons, or failure to expand our network of Authorised Persons may have an adverse impact on our business, results of operations and financial conditions. Further, we could be liable for the lapses of our Authorised Persons.

Our Broking business have consistently been a significant source of our revenues from operations, and we expect that this will continue for the foreseeable future. While we generate a significant portion of our revenues from Broking business directly from our clients, we also rely heavily on our Authorised Persons who canvass business for us. As on March 31, 2026 we had 181 Authorised Persons. Set out in the table below are our aggregate revenues from our Broking business, the aggregate revenues generated through Authorised Persons and brokerage sharing expense paid to Authorised Persons in the Fiscal 2026, Fiscal 2025 and Fiscal 2024, in accordance with our Restated Consolidated Financial Information:

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations
Aggregate revenue from Broking Segment	4,630.20	64.78	6,491.13	68.85	5,570.20	71.57
Revenue generated from Authorised Persons	3,853.09	53.91	5,104.39	54.14	4,541.55	58.36
Brokerage sharing expense	2,599.32	36.37	3,463.18	36.74	3,078.94	39.56

The table below details the revenue generated from our Top 5 Authorised Persons and Top 10 Authorised Persons for the Fiscal 2026, Fiscal 2025 and Fiscal 2024:

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations	Revenue (in ₹ lakhs)	% of revenue from operations
Top 5 Authorised Persons	1,354.05	18.94	1,760.72	18.68	1,550.71	19.93
Top 10 Authorised Persons	1,774.21	24.82	2,247.50	23.84	1,973.42	25.36

The top 10 Authorised Persons for the Fiscal Years 2026, 2025, and 2024 are based on our revenues from each Authorised Persons during the respective fiscal year.

While we enter into a prescribed contract with each of the Authorised Person associated with us, there can be no assurance that we will be able to retain the services of such Authorised Persons or that they will not terminate their association with us. If we are unable to retain the services of a significant number of such Authorised Persons

for any reason including due to expectation of a higher revenue sharing arrangement, our business could be adversely affected to the extent we are unable to find adequate replacements for such Authorised Persons and the revenue generated from them. Set out below are details of attrition in our network of Authorised Persons for the periods indicated therein:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Total number of Authorised Persons	181	184	174
Number of Authorised Persons who ceased their association with our Company during the period.	31	17	36
Share in revenue of the Authorized persons ceased association with the company#. (in ₹ lakhs)	9.75	77.68	30.10
Number of new Authorised Persons appointed	28	27	17
Attrition rate*	17.13%	9.24%	20.69%

The above data has been derived from list of Company's authorised personnel registered on NSE.
**Attrition rate is calculated by dividing number of Authorized Persons who ceased their association with our Company during the period by total number of Authorised Persons as at the end of the relevant year.*
#Revenue share has been computed for all Authorized Persons whose association with our Company ended during the reporting period.

The growth in our Authorised Persons network has also contributed to the growth of our business. Accordingly, the inability to consistently grow our network of Authorised Persons could also adversely impact our business, financial condition and growth prospects. Further, in terms of the prescribed contract with Authorised Persons and in accordance with applicable law, we are responsible and liable for the acts of omission and commission of the Authorised Persons and, or, their employees, and accordingly, we may be held responsible for various actions of the Authorised Persons and their employees. While the contract with the Authorised Persons sets out our inter-se rights and obligations and requires the Authorised Persons to comply with applicable laws, we cannot assure you that there will be no failure on the part of Authorised Persons for which we could be made liable.

4. Any failure to obtain, renew and maintain requisite statutory and regulatory permits, licenses and approvals for our operations from time to time may adversely affect our business.

Our business is subject to compliance with the rules, regulations, bye-laws and circulars prescribed by various entities including SEBI, APMI, AMFI, depositories, stock exchanges and commodity exchanges, and other regulatory authorities, and the terms and conditions of the approvals, licenses, registrations and permissions obtained for operating our business. Some of the approvals, licenses and registrations may elapse in the ordinary course of business and we make applications for renewal as required in accordance with applicable law, while certain other registrations are valid until they are suspended or cancelled by the issuing authority but are subject to payment of registration fee at periodic intervals. Further, in accordance with the regulations formulated by SEBI and other regulatory authorities, we are required to intimate or obtain approvals amongst others, for changes in our Board, changes in our shareholding pattern, and undertaking certain corporate actions. We cannot assure you that in the future that the licenses, approvals and permits applied for or held by us will be issued, approved or renewed in a prompt manner, or at all, under applicable law. We submit that our Company, being a SEBI-registered Investment Adviser, had received a letter bearing reference no. SEBI/HO/MIRSD/MIRSD-RAC-2/P/OW/2023/35871/1 dated September 04, 2023, for non-compliance under Regulation 6(n) of the SEBI (Investment Advisers) Regulations, 2013 (the "**SEBI IA Regulations**"), as specified under Regulation 14 of the SEBI IA Regulations, for not obtaining a membership under BSE Administration & Supervision Limited (the "**BASL**"), a wholly owned subsidiary of BSE Limited, for administration and supervision of Investment Advisers. In response, our Company, vide its email dated September 20, 2023, had informed SEBI that the IA registration had not been renewed within the prescribed time and that an application with BASL had subsequently been made as per SEBI's guidance, along with communication regarding our surrender the Investment Adviser registration. Subsequently, SEBI issued a show cause notice dated June 30, 2025, under Regulation 30A of the SEBI (Intermediaries) Regulations, 2008, for non-payment of the applicable renewal fees as required under Clause 3 of the Second Schedule of the SEBI IA Regulations. Thereafter, our Company, vide its email dated July 28, 2025, clarified that we do not wish to renew our registration as an Investment Adviser and intend to surrender our registration bearing Reg. No. INA000003791. Accordingly, SEBI, vide its order dated September 10, 2025, cancelled our Investment Adviser registration. For further details, please see "*Outstanding Litigation and Material Developments – Litigations involving our Company - Findings/observations of any of the inspections by SEBI or any other regulator involving our Company which are material, and which need to be disclosed or non-disclosure of which may have bearing on the investment decision*" on page 606.

Our failure to renew or obtain such licenses and approvals in a timely manner, or at all, and comply with the provisions of the applicable laws and regulations could lead to suspension or cancellation of our registration or imposition of sanctions by the relevant authorities, including penalties. While there have not been any such instances of failure to renew or obtain such licenses and approvals in a timely manner in the past, we may not be able to continue obtaining such licenses for our business requirements.

5. We rely on the Indian exchanges for a significant portion of our business, and we are registered with such exchanges and are subject to the rules and regulations framed by such exchanges. Any disruption in the functioning of the exchanges or a disruption to our connection with the exchanges or failure to comply with exchange rules and regulations could have a material adverse effect on our business and results of operations.

Our Broking Segment relies on the Indian exchanges, including NSE, NSEIX, BSE, MCX and MSEI, and the clearing corporations to execute and settle all our clients' transactions. Our clients trading systems are connected to the exchanges and all orders placed by our clients are routed and executed through the exchanges. To use the services of the exchanges, we are required to be registered as their members. For further details, please refer "*Government approval*" on page 611. This registration subjects us to various stock exchange regulations and periodic inspections by such exchanges. We are required to have business continuity plans and review them periodically, maintain disaster recovery centers and periodically conduct drills to test these measures. We have a business continuity plan and as a part of the plan, we have set up a disaster recovery centre in Mumbai. Eventhough, we have taken necessary steps in this regard, we cannot assure you that there will not be unforeseen circumstances or that our disaster recovery planning is adequate for all eventualities. While no such instances have occurred in the past, failure to continually update such plans or if our data recovery centers prove inadequate or if these are not properly maintained, our business and results of operations could be adversely affected, and we could be subject to regulatory action and penalties. Any disruption in the functioning of the exchanges or a disruption to our connection with the exchanges could have a material adverse effect on our business and results of operations. We cannot assure you that we will be able to strictly comply with such regulations or that such inspections would not find any violations by us. Failure to comply with such regulations could lead to fines, penalties, suspension of our registrations, and in extreme circumstances, termination of our registration. If our registration with the exchanges is terminated, we will be unable to provide brokerage services, which will have a material adverse effect on our business, financial condition and results of operations. In addition, our business operations are subject to regulatory limits on brokerage fee rates and net worth requirements imposed by exchanges.

6. Our continued success and growth will be dependent on our ability to retain and grow our client base and network of Authorised Person and relationship managers. Failure to retain and augment our client base could have a material adverse effect on our business, financial condition and growth prospectus.

Our business operations have in the recent past witnessed significant growth, which is to a large extent correlated to the growth in our active client base (Active clients are clients who have undertaken transactions in a Fiscal), our average revenue per client (i.e., broking revenue over Active Clients for the period) (ARPC), and the number of Authorised Persons who are associated with us. Accordingly, our ability to sustain our growth is materially linked to our ability to retain and expand our client base and network of Authorised Person and relationship managers. The table below sets out our number of Active Clients, revenue from Broking Segment and our ARPC:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Total number of Active Clients	38,189	37,814	35,535
Revenue from Broking Segment (₹ in lakhs)	4,630.20	6,491.13	5,570.20
ARPC (in ₹)	12,124.43	17,165.95	15,675.24

The table below sets out the breakup of active clients between our own branches and through Authorised persons for the periods indicated

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Branches and Head Office			
Total number of Active Clients	10,559	10,341	9,363
Revenue from Broking Segment (₹ in lakhs)	777.11	1,386.74	1,028.65
ARPC (in ₹)	7,359.69	13,410.11	10,986.25
Authorised Persons			
Total number of Active Clients	27,630	27,473	26,172

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Revenue from Broking Segment (₹ in lakhs)	3,853.09	5,104.39	4,541.55
ARPC (in ₹)	13,945.31	18,579.67	17,352.72

Further, relationship management has been one of the cornerstones of our client acquisition and retention model and, as on March 31, 2026, we employ 32 relationship managers and will need to provide better and customized services and products to differentiate ourselves and to retain our existing client base and attract new clients. Our ability to retain and augment our client base will depend on our ability to continuously provide service levels that are expected by our clients. As on the date of this Prospectus, we had 2 outstanding investor grievances pertaining to, amongst others, deficiency in service, incorrect or excess charge being levied, discrepancy in transaction statement etc. which are at various stages of resolution. Failure to retain and augment our client base could have a material adverse effect on our business, financial condition and growth prospectus.

7. We have high working capital requirements. Any failure in arranging adequate working capital for our operations may adversely affect our business, results of operations, cash flows and financial condition.

Our business operations are subject to high working capital requirements. Set out in the table below are select aspects of our assets and liabilities, derived from our Restated Standalone Financial Statements:

(₹ in lakhs)

Funding pattern			
Borrowings & Internal accruals	**6,340.93**	**4,441.79**	**3,962.58**

As certified by the Independent Chartered Accountant, Dhrumil A. Shah & Co., Chartered Accountants (FRN: 145163W) by way of their certificate dated September 22, 2026.

Currently, we meet our working capital requirements through a mix of internal accruals and working capital facilities from scheduled commercial banks, other related parties, and loans from others. We also intend to utilise a portion of Net Proceeds towards funding our working capital requirements. For further details of the proposed objects of the Issue, see '*Object of the Issue*' on page 357. As on March 31, 2026, our total fund based outstanding borrowings including unsecured borrowings (excluding vehicle loans) aggregating ₹ 1,767.58 lakhs on standalone basis and ₹ 1,767.58 lakhs on consolidated basis.

While we believe that our internal accruals, working capital facilities outlined above and the portion of the Net Proceeds of the Issue towards working capital, will be sufficient to address our working capital requirements, we cannot assure you that we will continue to generate sufficient internal accruals and, or, be able to raise adequate working capital from lenders to address our future needs. Our inability to meet our present working capital requirements or our enhanced working capital requirements will have an adverse impact on our results of operation, business and financial condition.

8. We have applied for registrations of certain intellectual property rights and any failure to enforce our rights could have an adverse effect on our business prospects.

Our trademark is significant to our business and operations. Our ability to enforce our trademark and other

intellectual property is subject to general litigation risks and an action for passing off may not sufficiently protect our trademarks or trade names and other intellectual property rights. If we are unable to register our trademark for various reasons including our inability to remove objections to our trademark application, or if any of our unregistered trademarks are registered in favour of or used by a third party, we may not be able to claim registered ownership of such trademarks and consequently, we may not be able to seek remedies for infringement of those trademarks by third parties other than relief against passing off by other entities, causing damage to our business prospects, reputation and goodwill.

Further, as on the date of this Prospectus, our Company has applied for the following trademarks:

Sr. No.	Description	Class of trademark under the Trade Marks Act	Application number	Date of application	Current Status
1.		Class 36	7239764	September 16, 2025	Under Examination
2.		Class 36	7435782	January 2, 2026	Ready for Examination
3.	Wealth 24 by Shah Investor's	Class 36	15119742	September 4, 2026	Application submitted
4.	Wealth 24	Class 36	15119702	September 4, 2026	Application submitted

Further, we may not have adequate mechanisms in place to protect our confidential information. While we do take precautions to protect confidential information against breach of trust by employees, consultants and investors, it is possible that unauthorized disclosure of confidential information may occur.

In addition, we may become subject to claims by third parties if we use slogans, names, designs, software or other such subjects in breach of any intellectual property rights registered by such third party. While there have been no such instances in the past, any legal proceedings pursuant to such claims, or settlements thereunder, may divert management attention and require us to pay financial compensation to such third parties, as well as compel us to change our marketing strategies or brand names of our products and services, which could adversely affect our business, prospects, results of operation and financial condition.

9. We have incurred negative net cash flows from operating activities in Fiscal 2026. Negative net cash flows could have an adverse impact on our growth prospects.

The following table sets forth certain information relating to our cash flows on a consolidated basis for the periods indicated.

(₹ in lakhs)

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Net cash flow from/(used in) operating activities	(1,970.37)	(3,186.22)	11,019.42
Net cash used in investing activities	(994.23)	(1,123.27)	(152.17)
Net cash generated from / (used in) financing activities	882.62	(186.35)	(697.95)
Net increase/(decrease) in cash and cash equivalents	(2,081.98)	**(4,495.84)**	**10,169.30**
Cash and cash equivalents at the beginning of the period/year	8,511.14	13,006.98	2,837.68
Cash and cash equivalents at the end of the period/year	6,429.16	8,511.14	13,006.98

Negative cash flow of operating activities of ₹1,970.37 lakhs in fiscal 2026 was primarily driven by decrease in trade payables of ₹2,141.47 lakhs, increase in loans given of ₹1,443.85 lakhs, representing funds deployed towards our MTF book, and increase in trade and other receivables of ₹1,003.80 lakhs, partly offset by a decrease in other bank balances of ₹1,348.62 lakhs. Further, net income tax paid during Fiscal 2026 amounted to ₹619.79 lakhs. As a stock broking company, our operating cash flows are influenced by the level of client activity, settlement requirements, margins and collateral requirements, the size of our MTF book and movements in receivables, payables and other working capital items. Such movements may result in timing differences between the recognition of income and the corresponding cash flows. Accordingly, notwithstanding the operating profit before

working capital changes of ₹2,226.95 lakhs generated during Fiscal 2026, the increase in working capital requirements and deployment of funds towards the MTF book resulted in negative cash flow from operating activities of ₹1,970.37 lakhs.

Negative cash flow from operations does not necessarily indicate operational weakness; rather, it is typical for a company in a strong growth phase. During periods of rapid expansion, a significant uptick in turnover, growth in the MTF book, and an increase in client debit balances driven by heightened market activity can naturally result in higher working-capital absorption. Additionally, exchange related deposits often rise in line with business volumes, while a reduction in trade payables can further contribute to temporary negative operating cash flow. These factors are consistent with the financial patterns of a fast-growing brokerage business in expansion mode. To mitigate negative cash flow from operations, the Company can focus on reducing client debit balances, enforcing an auto–square-off policy for overdue positions, and strengthening interest recovery discipline to ensure timely collections on MTF and debit balance enhancing liquidity and support healthier operating cash flows

We may in the future experience negative cash flows as well. Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. This situation may have an adverse effect on our cash flows, business, future financial performance and results of operations. For more information, see "*Financial Information*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" on pages 508 and 568, respectively.

10. Our financial performance is subject to interest rate risk, and an inability to manage our interest rate risk may have a material adverse effect on our business prospects, financial condition and results of operation.

Interest rates are highly sensitive and fluctuate based on many factors which are beyond our control, including the monetary policies of the RBI, de-regulation of the financial services sector in India, domestic as well as international economic and political conditions, inflation and other factors. Our results of operations, including our interest income from margin trading facility are dependent on our ability to manage our interest rate risk. Our funding arrangements also include both fixed and floating rate borrowings. For further details kindly refer chapter "*Financial Indebtedness*" on page 604. Our finance costs in the Fiscals 2026, 2025 and 2024, are set out below.

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Finance costs (₹ lakhs)	235.49	246.08	90.98
Finance costs as a % of revenue from operations	3.29	2.61	1.17

Further, we charge interest at a fixed rate in our MTF business, which generated revenues of ₹ 222.58 lakhs in Fiscal 2026. Any volatility resulting in an increase in interest rates may adversely affect our business due to, amongst others, reducing profitability margin on our financing products. In the event of a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest-earning assets, it could adversely impact our interest income from financing activities and net interest margin. Additional risks arising from increasing interest rates, among others, include a reduction in the number of clients availing of margin trading facility and an increase in defaults on margin funded facilities. Further, interest rates may also affect our clients' investment profile and high interest rates may reduce the attractiveness of equity or equity-linked investments of our clients. There can be no assurance that we will be able to adequately manage our interest rate risk. If we are unable to effectively manage our interest rate risks, it could have an adverse effect on our business prospects, financial condition and results of operations.

11. We are exposed to credit risk arising out of receivables in our day-to-day operations. If these credit risks materialise it would increase the level of our non-performing assets, and expose us to significant losses.

We may suffer significant losses from credit exposures from our clients and counterparties. Our Broking Segment, in particular, is subject to the risk that a client or counterparty may fail to perform its obligations or that the value of any collateral held by us to secure the obligations might become inadequate. We are exposed to credit risk arising out of receivables from clearing houses of exchanges which comprise initial margins placed with clearing houses and receivables relating to sales of securities which the clients have traded but are not yet settled. We square off and settle positions in client accounts through a trading system in accordance with our risk management policies.

We are dependent on a number of parties like brokers, exchanges, banks, registrars and share transfer agents, clearing houses and other intermediaries for transaction execution and, or, our day-to-day operations. Difficulties

in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing assets, which could adversely affect our business prospects, financial condition and results of operations. Set out in the table below are our trade receivables for the periods indicated.

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Amount (in ₹ lakhs)	% of revenue from operations	Amount (in ₹ lakhs)	% of revenue from operations	Amount (in ₹ lakhs)	% of revenue from operations
Total trade receivables	2,689.38	37.63	1,685.59	17.88	778.48	10.00

While we have put in place risk management systems to monitor risk arising out of the open positions of the clients in our MTF Business if any of these counterparties do not perform their obligations due to bankruptcy, lack of liquidity or for any reason whatsoever, and any collateral or security they provide proves inadequate to cover their obligations at the time of the default, we could suffer significant losses and it would have an adverse effect on our financial condition, cash flows, results of operations and cash flows. Any claim that we have would also be subject to enforceability of such claims. We are responsible for contracts entered into by us on behalf of our clients. Although we attempt to minimize our exposure to specific clients, these measures may not be sufficient. For example, we provide a margin lending product to our clients, allowing them to trade on the basis of margins that they deposit with us. Additionally, we also extend permissible short- term credit to our clients and face credit risks relating to such receivables if there is an adverse market movement.

12. We may be exposed to risks related to our MTF product and we may fail to manage our MTF business, which may adversely affect our business, financial condition, results of operations and cash flows.

The Margin Trading Facility ("**MTF**") activity is an integral part of our Company's broking operations, wherein an investor can use their existing shares as collateral to buy more shares than they could with only cash, by making payment of a margin amount upfront while the remainder is funded by us as a loan. The funds deployed towards MTF are inherently in the nature of working capital utilized in the ordinary course of our business. For further details regarding our funding requirement relating to MTF please see "***Objects of the Issue – Details of objects of the Issue - Funding working capital requirements of our Company***" on page no 358.

The table below sets forth the MTF Book (margin trading facility outstanding book as at the end of a period/year), interest income from MTF, and interest income from MTF (as a % of the revenue of our operations), for the periods indicated along with the number of MTF Active Users.

(in ₹ lakhs, unless otherwise specified)

Particulars	Year ended March 31, 2026
MTF Book	2,096.26
Interest Income from MTF	222.58
Interest Income from MTF (as a % of the total revenue from operations)	3.11
Number of MTF Active Users*	476

**The number of MTF active users have been considered who traded in MTF during Fiscal 2026.*

In the event that a customer incurs significant losses and the trading margin that they deposited with us proves to be inadequate, it may adversely affect our liquidity. There has been significant volatility in the Indian stock markets in the recent past, and the share prices of equity shares in the securities market could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Prospectus. In case of such high market volatility or adverse movements in share prices, customers may not honor their commitments, and consequently, any inability on their part to pay the margins or honor the pay-in obligation to the exchanges, or both, may be detrimental to our business, financial condition, results of operations, cash flows and prospects. While our business has not experienced any material adverse impact related to our MTF product since its launch, a reduction in liquidity due to customers' failure to meet margin requirements could impair our ability to trade on stock exchanges, hinder our business growth, and diminish customer confidence, potentially leading to the loss of customer accounts.

Further, during periods of market movements or price gaps, there may be timing mismatches between margin calls issued to customers and the liquidation of collateral securities. In such circumstances, we may be required to liquidate collateral at prices lower than their previous valuations, which may result in losses that may not be fully recoverable from customers. Additionally, we maybe subject to penalties by the Stock Exchanges in case size of our MTF Book surpasses the criteria specified by the Stock Exchange.

Further, the securities accepted as collateral under our MTF arrangements may experience decline in value or reduced liquidity, particularly during periods of market stress, which may impact our ability to liquidate such collateral in a timely manner or at expected prices, thereby exposing us to potential losses.

Our MTF business also exposes us to client default risk, including instances where customers fail to meet margin calls or repayment obligations within prescribed timelines. In such cases, recovery proceedings may be time-consuming, and we may incur losses if the proceeds from collateral liquidation are insufficient

Our MTF exposure may also be subject to concentration risks, including concentration among a limited number of clients, securities or market segments, and any default by such clients or adverse movement in such securities could have a disproportionate adverse impact on our liquidity and financial condition. Further, during periods of market stress, collateral securities may exhibit increased correlation, resulting in decline in value across multiple positions, which may reduce the effectiveness of diversification and increase exposure to losses. A reduction in liquidity due to customers' failure to meet margin requirements could impair our ability to trade on exchanges, hinder business growth, and diminish customer confidence, potentially leading to the loss of customer accounts.

Our MTF operations require availability of adequate funding and appropriate asset-liability management. Any constraints on our ability to access funding at prevailing market terms, mismatches between the tenure of our funding sources and MTF exposures, or deterioration in the quality of our MTF book may adversely impact our liquidity position, profitability and capital adequacy**.**

Further, our MTF business is dependent on operational processes, internal controls, risk management frameworks and technology systems for monitoring client exposures, collateral values and margin requirements. Any failure, inadequacy or disruption in such systems or processes may result in delayed margin calls, delayed liquidation of collateral or regulatory non-compliance, which could adversely affect our business, financial condition and reputation.

Further, our MTF business is subject to extensive regulation by SEBI and stock exchanges, including norms relating to margin requirements, leverage limits, eligible securities and risk management systems. For instance, SEBI, through its master circular for stock brokers SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/90 dated June 17, 2025, the ("SEBI Master Circular"), released the revised framework for MTF, which inter alia, provides framework in relation to securities which are eligible for margin trading, margin requirement, liquidation of securities by the stock brokers in case of default in payment by the customer, leverage and exposure limits and disclosure requirements.

Any non-compliance with applicable laws, regulations, circulars or directions, including those relating to margin collection, reporting, disclosures, eligibility conditions or risk management systems, may result in regulatory actions against us, including penalties, restrictions on offering MTF or suspension of our MTF operations, which could adversely affect our business, financial condition and results of operations. Further, any changes in regulatory requirements, including enhancement of margin requirements or restrictions on leverage, could affect the scale and profitability of our MTF business.

13. There are certain discrepancies, errors, and non-compliance which have occurred in some of our corporate records relating to forms filed with the RoC and other provisions of Companies Act, 2013/1956. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate or any other law could impact the financial position of the Company to that extent.

There have been certain discrepancies, errors, and non-compliance which have occurred in some of our corporate records relating to forms filed with the RoC and other provisions of Companies Act, 2013/1956. This may subject us to regulatory actions and/or penalties which may adversely affect our business, financial condition and reputation.

For instance, there have been the following non-compliances in relation to regulatory filings:

Default Period	Events	Non-compliance
F.Y. 2021-22 till 2023-24	Designations of Utpal Praful Shah, an erstwhile director of the Company since his appointment was as an Additional Director w.e.f. 01.07.2008.	Utpal Praful Shah, upon being re-designated as a whole time director w.e.f. 25.09.2021, was in-eligible for being a member of the nomination and remuneration committee. However, the nomination and remuneration committee was not reconstituted ,

	He was further appointed as an executive director w.e.f. 01.10.2008 till 30.09.2013 and was re-appointed as a whole time director w.e.f. 01.10.2014 till 30.09.2017 Change in designation from whole time director to non-executive was w.e.f. 01.04.2015. He was appointed as a member of nomination and remuneration committee w.e.f. 26.09.2019 and was re-appointed as a whole time director w.e.f. 25.09.2021 till 24.09.2024.	thus not being in compliance with the provisions of Section 178(1) from 25.09.2021 till 31.03.2024

Further, there were discrepancies in our Forms MGT-7 for multiple financial years, contain inconsistencies and errors in the disclosure of our shareholding pattern. For certain years, individuals who are not part of our promoter group were incorrectly classified as "Promoter Group" resulting in an overstatement of promoter group shareholding, whereas in other years, certain members of the promoter group were disclosed under "Public/Other than Promoters," resulting in an understatement of promoter group shareholding. the bifurcation between promoter group and public have also not been consistently or accurately disclosed in such filings. Other than these there were certain clerical/typographical errors in Forms MGT-7 for multiple financial years. We submit that our Company had rectified the discrepancies, clerical and typographical errors in filing of MGT- 7 and had filed the correct form MGT – 7, having SRN No. AB7707204 dated September 29, 2025

There is no legal proceedings or regulatory action that has been initiated against our Company in relation to such non-compliance or instances of non-filings or incorrect filings or delays in filing statutory forms with the RoC. In relation to non -compliance under section 178 of the Companies Act 2013, our Company had filed an adjudication application dated November 19, 2025 before the Registrar of Companies, Gujarat at Ahmedabad. No show cause notice has been issued as on date in relation to the said matter. We cannot assure you that such legal proceedings or regulatory actions will not be initiated against our Company in future and we cannot assure you that we will not be subject to any legal proceedings or regulatory actions, including monetary penalties by statutory authorities on account of any future inadvertent discrepancies in our secretarial filings and/or corporate records in the future, which may adversely affect our business, financial condition and reputation. There can be no assurance that such lapses will not occur in the future, or that we will be able to rectify or mitigate such lapses in a timely manner, or at all.

14. Our contingent liabilities as at March 31, 2026 as per Ind AS 37, as disclosed in our Restated Consolidated Financial Information could adversely affect our financial condition.

As of March 31, 2026, our contingent liabilities and guarantees identified under the Ind AS 37, on a consolidated basis, were as follows:

Particulars	As at March 31, 2026 (₹ in lakhs)
Bank Guarantees given	6,000.00
Demand in respect of income tax matters	424.88

In the event, that any of these contingent liabilities or a material proportion of these contingent liabilities materialize, our future financial condition, result of operations and cash flows may be adversely affected. For details of our contingent liabilities and guarantees as at March 31, 2026 as per Ind AS 37, see "*Restated Consolidated Financial Information – Note 34 - Notes to Restated Ind AS Consolidated Summary Statements - Contingent Liability and Commitment*" on page 508.

We cannot assure you that in matters where orders have been passed in our favour, there will be no appeal from the other parties involved or whether we can ascertain the liabilities involved in such matters at this stage unless we are impleaded in such proceedings. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current or long-term liabilities or reduce our cash and bank balance. For further details, see section "*Outstanding Litigation and Other Material Developments*" on page 606.

15. We have in the past entered into related party transactions and may continue to enter into such transactions under Ind AS 24, in the future, and there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties.

We have, in the past, entered into related party transactions with various parties for Fiscal 2026, Fiscal 2025 and Fiscal 2024, in the ordinary course of our business. A summary details of our transactions with related parties (including transactions with our Subsidiaries) are set out below:

For further information on our related party transactions, see '*Summary of the Issue Document – Summary of Related Party Transactions*' on page 81.

While we believe that our past related party transactions have been conducted on an arm's length basis, there can be no assurance that we could not have achieved more favourable terms if such transactions had not been entered into with related parties. Furthermore, it is likely that we will continue to enter into related party transactions in the future. There can be no assurance to you that such transactions in the future or any other future related party transactions that we may enter into, individually or in the aggregate, will not have an adverse effect on our business, cash flows, financial condition and results of operations. Further, such transactions in the future or any future transactions with

our related parties, either individually or in the aggregate, may potentially involve conflicts of interest. Additionally, there can be no assurance that any dispute that may arise between us and related parties will be resolved in our favour.

16. We are unable to trace some of our historical corporate records. We cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in future in relation to the missing corporate records which may impact our cash flows, financial condition and reputation.

We have been unable to trace certain secretarial records, including the form filings made by our Company. Accordingly, we had commissioned a physical and electronic search of the RoC records through a practicing company secretary firm, Mittal V Kothari & Associates, to retrieve missing documents and provide us with a list of secondary documents relied upon for transfers between shareholders of our Company, and the Practicing Company Secretary has issued a report dated September 22, 2026, in this regard. 17. Competition from existing and new market participants in our line of business may affect our market share, or results of operations.

The broking industry in India is rapidly evolving and intensely competitive. We expect competition to continue to intensify in the future. It is possible that there may in the future be consolidation in the market, amongst the smaller market participants, between such smaller participants and the larger participants, or between the larger participants. Any such consolidation may create stronger competitors in the market overall, and/or leave us at a competitive disadvantage. The broking industry plays a crucial role in the Indian financial markets by acting as an intermediary between buyers and sellers of securities such as stocks, bonds, commodities, and other investment assets. Brokers facilitate the trading of these financial products, ensuring liquidity, efficient price discovery, and proper capital allocation across the markets. India's brokerage industry is highly competitive and particularly crowded. The market features numerous large and small players, resulting in intense competition. Additionally, the brokerage landscape is fragmented, comprising a considerable number of entities registered with SEBI. Over time, the industry has evolved significantly, largely due to technological advancements, with online trading platforms revolutionizing the way trades are executed.

We face competition from various companies in the broking industry. We also face competition from the wealth management arms of several market participants, including established Indian and foreign banks, private banks and dedicated broking houses. As a consequence, they may not be able to retain end customers or generate new business or may choose to migrate their new business to more established players, who are able to offer greater benefits.

We use technology in almost every aspect of our business, including sales, risk management, fraud detection, client service and settlement. Further, our competitors could utilise more advanced technology, substantially greater financial resources, well-established branch network, big data and innovation to simplify and improve the client experience, increase efficiencies, redesign products, improve client targeting, alter business models or to effect disruptive changes in the Indian broking and financial services industry. If we do not anticipate, innovate, keep pace with, and adapt to, technological and other changes impacting the Indian broking financial services industry, it could harm our ability to compete in the market, decrease the attractiveness of our products to clients and materially and adversely affect our business, financial condition and results of operations. Further, increased competition may result either in a decrease in our market share, or force us to reduce our fees or increase marketing

expenses so as to preserve our market share either of which would decrease our revenue from operations, profitability and results of operations.

18. A significant decrease in our liquidity could negatively affect our business, in particular the Broking Segment, reduce client confidence in us and may also adversely impact our brand.

Our liquidity is dependent upon our timely access to, and costs associated with raising, capital. Our funding requirements historically have been met from a combination of loans and working capital facilities as well as equity contributions. As of July 31, 2026, our total sanctioned and outstanding indebtedness (including fund-based, non-fund based borrowings and unsecured borrowings) was ₹ 25,149.58 lakhs and ₹ 10,777.52 lakhs, respectively. For details of our outstanding borrowing please see '*Financial Indebtedness'* on page 604.

Maintaining adequate liquidity is crucial to our operations, particularly, our brokerage operations, including key functions such as transaction settlement and margin trading facility and other business activities with substantial cash requirements. We place margins with clearing houses of respective exchanges, which may fluctuate significantly from time to time based on the nature and volume of our clients' trading activity. Although we meet our liquidity needs primarily through cash generated from operating activities, internal accruals and debt, we are not permitted to raise debt beyond a specific limit, specifically to fund our margin funding requirements. In the event of any sudden liquidity stress or disruption in credit markets, our Company has adequate alternative funding arrangements and internal mechanisms in place to ensure smooth continuation of our operations and to meet all settlement and margin obligations in a timely manner, these alternative funding arrangements include Client Margin Money, Own Funds and Internal Accruals, Loans Against Securities (LAS) and Secured Borrowings Against Assets. A reduction in our liquidity could affect our ability to trade on the exchanges, and reduce the confidence of our clients in us, which may result in the loss of client accounts, all of which would affect our revenues, business prospects and growth. We provide broking services across the equity, commodity, derivatives and currency segments, for which we offer margin-based products on our brokerage platform, wherein clients are required to deposit the prescribed initial margin for the transaction executed by us on their behalf and thereafter pay the balance amount. Accordingly, if a client fails to pay the balance amount on or before the due date, then it may affect our liquidity. In the event of high market volatility or adverse movements in share prices, it is possible that clients may not, or may be unable to, honour their commitment, and, consequently, any inability on our part to pay the margins or honour the pay-in obligation to the exchanges, or both, may be detrimental to our business, reputation and profitability.

Factors that may adversely affect our liquidity position include a significant abrupt increase in our broking services, volatile markets, and settlement of large transactions on behalf of our brokerage clients. We use cash generated from our operating activities and external financing to meet our liquidity or regulatory capital requirements. During periods of disruption in the credit and capital markets or changes in the regulatory environment, potential sources of external financing could be limited and our borrowing costs may increase. External financing may not be available to us on commercially acceptable terms, or at all, due to disruptions in the credit and capital markets, changes in regulations relating to capital raising activities, general market conditions for capital raising activities, and other economic and political conditions outside our control. Any of the risks highlighted above in relation to a decrease in our liquidity, could have a material adverse effect on our brand, business, results of operation and prospects.

19. We are heavily reliant on our Promoters, Key Managerial Personnel, and Senior Management. Failure to retain or replace them will adversely affect our business.

The success of our business operations is attributable to our Promoters, Key Managerial Personnel and Senior Management. We believe that the experience of our Promoters, our Key Managerial Personnel and Senior Management team has enabled us to experience consistent growth and profitability as well as a robust liquidity and capital position. We benefit from the strategic vision, expertise and experience of our Promoters and our Executive Directors who continue to be integral to our operations, growth and profitability.

Our ability to sustain our growth depends upon our ability to attract and retain key personnel, developing managerial experience to address emerging business and operating challenges and ensuring a high standard of client service. The trust and confidence our clients place in us are largely a reflection of the skills, reputation, and leadership provided by our Key Managerial Personnel, senior management and, given that relationship management has been one of the cornerstones of our client acquisition and retention model, our relationship managers also are an important aspect of our success.

If we are unable to retain our existing pool of KMP and senior management, unable to hire additional qualified personnel, our ability to expand our business will be impaired and our results of operations could be adversely affected.

20. Our Company had issued Equity Shares to more than 49 investors in the past and as a matter of abundant caution for better corporate governance, our Company has given an exit offer to the eligible shareholders.

The Company, through separate preferential allotments dated 01-11-1996, 31-10-1999 and 29-02-2008 allotted 7,06,000, 4,08,500 and 2,67,000 equity shares of face value of ₹10 each, to 193, 65 and 502 persons (including Promoters) (the "**Original Allottees**") on February 29, 2008 (the "**Stated Allotment**"). In terms of the first proviso to Section 67(3), inserted vide Companies Amendment Act, 2000, of the Companies Act, 1956, an offer or invitation for subscription of shares made to more than 49 persons would be considered as Public Offer. Under the Companies Act, 2013, post April 01, 2014, any offer or allotment of securities shall be construed as public issue if the number of offerees / allottees exceeds 200 persons in a financial year.

Post notification of the Companies Act, 2013, as amended, SEBI, by way of its circular number CIR/CFD/DIL3/18/2015, dated December 31, 2015 (the "**2015 Circular**") and circular number CFD/DIL3/CIR/P/2016/53, dated May 3, 2016 (the "2016 Circular", and such circulars, together with the SEBI press release dated November 30, 2015, the "**SEBI Circulars**"), provided that companies involved in issuance of securities to more than 49 persons but up to 200 persons in a financial year prior to April 2014 may avoid penal action subject to fulfilment of certain conditions. Such conditions include, among others, an option to surrender such securities being provided to the current holders of such securities at an exit price, which is not less than the subscription amount along with interest at the rate of 15% p.a. (net of amounts already paid to such allottees as interest, dividend or otherwise) or such higher return as promised to the investors. It was clarified in a press release issued by SEBI on November 30, 2015, that the exit offer may be provided by the company itself or by the promoters or by other persons arranged by the company or its promoters.

Our Company ("**Applicant**") filed a suo-moto settlement application in terms of the SEBI (Settlement of Administrative and Civil Proceedings) Regulations, 2014 which is repealed and replaced with SEBI (Settlement Proceedings) Regulations, 2018 with effect from January 01, 2019 (hereinafter referred to as 'Settlement Regulations') proposing to settle, without admitting the findings of fact and conclusions of law, through a settlement order, the non-compliance with Section 56, Section 67 and Section 73 of the Companies Act, 1956 and the provisions of the SEBI(Disclosure and Investor Protection) Guidelines, 2009 (hereinafter referred to as "DIP Guidelines"). The applicant in the application submitted that it had made preferential allotment of its equity shares to 502 allottees on February 29, 2008. The said allotment was in violation of Section 56, Section 67 and Section 73 of the Companies Act, 1956 and the DIP Guidelines. The applicant submitted that it had provided an exit offer to all eligible shareholders and also submitted a certificate of compliance with the requirement of the aforesaid SEBI Circular from an independent Chartered Accountant. The applicant, vide letter dated March 02, 2019, proposed the revised settlement terms to settle the defaults mentioned above. The High-Powered Advisory Committee ('**HPAC**') in its meeting held on March 29, 2019 considered the settlement terms proposed and recommended the case for settlement upon payment of ₹12,18,750/- (Rupees Twelve Lakh Eighteen Thousand Seven Hundred and Fifty only) by the applicant towards settlement charges for the defaults. The Panel of Whole Time Members of SEBI accepted the said recommendation of the HPAC on May 10, 2019, and the same was communicated to the applicant vide e-mail dated May 15, 2019. Accordingly, the possible proceedings that may be initiated for the defaults, are settled *qua* the applicant as per the above terms, by way of the order and SEBI shall not initiate any enforcement action against the applicant for the said defaults.

Our Company has filed a compounding application along with the applicable fee before National Company Law Tribunal, Ahmedabad Bench ("**NCLT**"), in relation to non-compliance under Section 67(3) of the Companies Act, 1956. The vide NCLT vide its order dated December 6, 2018 had called upon the Company for payment of a penalty of ₹36,15,750 for the offence.

As the Stated Allotments may be construed to have not been in compliance with the Companies Act, 1956, as a matter of abundant caution for better corporate governance, our Board, by way of a resolution dated January 18, 2018, nominated the Promoter, Promoter Group and one of the SMPs (Rajesh Punjabi) ("**Purchaser**"), to provide an exit offer pursuant to the SEBI Circulars. The exit offer was provided to all such original allottees who had held as on January 22, 2018 , (a) Equity Shares allotted by the Company through the Stated Allotments, and (b) Equity Shares gifted by promoter Mr. Upendra T. Shah, acquired either through direct allotment or secondary

acquisition. (the "**Eligible Equity Shareholders**") at an offer price of ₹ 63 per Equity Share (the "**Purchase Consideration**").

The Purchaser has provided an exit offer to Eligible Equity Shareholders at the Purchase Consideration and pursuant to the exit offer seven shareholders opted to exit for 7,600 shares, out of which 4,000 shares were purchased by Utpal Praful Shah and 3,600 shares were purchased by Rajesh Punjabi. A Certificate dated February 14, 2018 from Shailesh Shah and Associates, independent peer reviewed Chartered Accountants, in practice certifying the necessary compliance of the SEBI circulars related to the exit offer process was submitted to SEBI.

21. Our Company has ventured into the margin trading business during Fiscal 2025. Our inability to successfully expand this product offering may adversely affect our growth and negatively impact our profitability.

Our Company had started margin trading facility as an offering to its existing clients pursuant to a permission having reference no. NSE/MEM_COM P/MTF/470/116 dated September 11, 2023, from National Stock Exchange of India. Our MTF book as of March 31, 2026, was of ₹ 2,096.26 lakhs with a 476 number of active users out of our total active client base of 38,189. In the event of a loss of key customers or a significant reduction in business from such customers, or in the event this product line become redundant, our business and future projections may be impacted adversely. Venturing into a new product offering may require methods of operations and marketing and financial strategies different from those currently employed in our Company. Therefore, we cannot assure you that we will be able to successfully develop our new product line or expand into this business segment. Further, we will be subject to the risks generally associated with new product introductions and applications, including unproven know-how, unreliable technology, inexperienced staff, and delays in development of the requisite technology. In the absence of sufficient customers for our in these segments to which we are looking to diversify, there can be no assurance that we will be successful in generating revenue from this product offering. As a result, we may not be able to achieve projected or satisfactory levels of sales, profits and/or return on investment on our new product or from segment to which we diversify since there is no assurance that we will be able to increase the number of active users as they may not be willing to shift their accounts from existing brokers offering the similar services or products to us. Further, we cannot assure you that the transition of our efforts or resources to diversify our product offering under new product or services offered, or to meet client specific requirements in such new segment, will not impact our working capital. We further cannot assure you that we will succeed in effectively implementing new technology towards successful expansion of these products, or to meet the specifications of customers in new segments, or that we will recover our investments. Any failure in the development or implementation of our operations is likely to adversely affect our business, results of operations and cash flows

22. Objects of the Issue for which the funds are being raised have not been appraised by any bank or financial institutions. Any variation in the utilization of our Net Proceeds as disclosed in this Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval

We propose to use the Net Proceeds towards working capital requirements and general corporate purposes. For details, see "*Objects of the Issue*" on page 357. The proposed deployment of Net Proceeds has not been appraised by any bank or financial institution or other independent agency and is based on internal management estimates based on current market conditions and historic level of expenditure. Any variation in the utilization of the Net Proceeds may be on account of a variety of factors such as our financial condition, business and strategy and external factors such as market conditions and the competitive environment in which we operate, which may not be within the control of our management, and would be subject to various other approvals, which include obtaining prior approval of the Shareholders of the Company and applicable law. Various risks and uncertainties, including those set forth in this "*Risk Factors*" section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business. Accordingly, the use of the Net Proceeds to fund our growth and for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

23. We could be subject to claims by clients or actions by regulators or both for alleged mis-selling. Any case of mis-selling, or fraud, could result in claims and fines against us and could have a material adverse effect on our business, financial condition, cash flows, results of operations and reputation.

We sell our third-party distribution products to our clients who, in choosing the appropriate product, are assisted by our employees or Authorised Persons who explain the benefits of such product, disclose product features and

advise clients on whether to continue with a particular product or change products. Set out below is our asset under distribution under mutual fund in Fiscals 2026, 2025 and 2024:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Mutual Funds (₹) (in lakhs)	5,437.55	4,916.92	3,753.15

We cannot assure you that the process undertaken by our Company's personnel in assisting clients in purchasing such third-party products will be comprehensive or that it will not be viewed as being inadequate and we cannot rule out misconduct or malfeasance on the part of our employees or intermediaries or both. Such misconduct / malfeasance could include activities such as making mis selling, fraudulent promises of high returns on investments, recommending inappropriate products and, or, recommending incorrect fund management strategies. Any case of inadequacy of our processes, mis selling, or fraud, could result in claims and fines against us and could have a material adverse effect on our business, financial condition, cash flows, results of operations and reputation.

24. We may fail to detect money laundering and other illegal or improper activities on a timely basis, which may lead to criminal and, or, regulatory proceedings against us which could have a material adverse effect on our reputation, business operations, financial condition and results of operation.

We are required to comply with applicable anti-money laundering laws and regulations. These laws and regulations require financial institutions to establish sound internal control policies and procedures with respect to anti-money laundering monitoring and reporting activities. Such policies and procedures require us to, among other things, establish or designate an anti-money laundering framework, conduct client identification in accordance with relevant rules, duly preserve client identity information and transaction records and report suspicious transactions to relevant authorities. For instance, our Company in compliance with applicable regulations and circulars have reported 2, NIL, and NIL, Suspicious Transaction Reports ("**STRs**") to Financial Intelligence Unit – India ("**FIU – IND**") in Fiscal 2024, 2025 and 2026 respectively.

We deal with a large number of clients and continuously onboard new clients including through our Authorised Persons and handle large volumes of monetary transactions. While we comply with applicable laws while onboarding our clients and with regard to preservation of records, and believe that we have put in place robust systems and oversight mechanisms, and there have been no instances of misuse of our operations for money laundering or other illegal activities, we cannot assure you that we will be able to preclude misuse of our operations by malfeasant entities or that we will be able to identify money laundering and other illegal activities in a timely manner or at all. If the controls and measures implemented for detecting or eliminating money laundering or other improper or illegal trading activities are considered inadequate under applicable laws and regulations by any regulatory, governmental or judicial authority, we may be subject to penal action, freezing or attachment of our assets, imposition of fines, or both. We cannot assure you that the controls and measures implemented by us are adequate to detect or eliminate instances of money laundering or illegal trading activities in a timely manner or at all. Any such lapse may adversely affect our reputation, business operations, financial condition and results of operations. Failure of the surveillance control and measures implemented by us to detect illegal or improper activities undertaken through our platforms in a timely manner, or at all, could lead to regulatory actions against us and adversely affect our reputation.

25. Our directors including our independent directors do not have any experience of being a director in a listed company or in the financial sector. This may require them to divert their attention from our business concerns to understand the detailed operations of a listed company or in the financial sector.

Currently, our Board comprises of 8 directors out of which 4 are independent directors. While Amit Lalitkumar Doshi and Bhushan Chelaram Punani have experience as directors on listed companies, majority of directors on our Board, have never been appointed as a director on the board of a listed company. Further, Tanmay Upendra Shah, Upendra Trikamlal Shah, Purnima Upendra Shah, Trupti Utpal Shah, Darshan Bharatbhai Patel, and Abhinav Mahesh Kapadia have experience in the financial sector. Our Directors possess the required qualifications and appropriate skills, experience and knowledge required to act as independent director of our Company and are experienced in their respective fields, they may not have adequate experience in being a director of a listed company or in the financial sector. Accordingly, such directors will need to familiarise themselves with the regulatory framework within which listed companies in India operate and to the extent that they are unfamiliar with such framework their ability to discharge their functions as independent directors could be adversely affected. As a listed company, we will be subject to increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company and will also be subject to increased corporate

governance requirements. Accordingly, the lack of experience of our directors of being directors of a listed company or in the financial sector, may require them to divert their attention from our business concerns to understand the detailed operations of a listed company or in the financial sector.

26. There are outstanding litigation against our Company, Subsidiary, our Directors, KMPs and Senior Management ("SM") which if determined adversely, could affect our business and results of operations.

Our Company and certain of our Directors are involved in certain legal proceedings. These proceedings are pending at different levels of adjudication before various courts and tribunals. Our Company and Directors may be required to devote management and financial resources towards enforcing our and their rights under such actions. However, we cannot assure you that these matters will be settled in our favor or in favor of our Directors, or that no further liability will arise out of these claims. Any such action may include claims for substantial or unspecified compensatory and punitive damages, as well as civil, regulatory proceedings against our Directors, officers or employees, and the probability and amount of liability, if any, may be significant or remain unknown for significant periods of time.

A summary of such legal proceedings, including material legal proceedings, is set out below:

Given the uncertainties and complexity of many of these regulatory or legal proceedings, their outcome generally cannot be predicted with any reasonable degree of certainty. We cannot assure you that any of the outstanding legal proceedings will be settled in our favor, or that no additional liability will arise out of these proceedings. We may incur significant expenses and management time in such legal proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. An adverse outcome in any of these proceedings could have an adverse effect on our business, financial condition, results of operations, and prospects. Moreover, even if we ultimately prevail in the litigation, regulatory action or investigation, we could suffer significant harm to our reputation, which could materially affect our prospects and future growth. For further details, see "*Outstanding Litigation and Material Developments*" beginning on page 606 of this Prospectus.

27. ***We are dependent on technology in carrying out our business activities and information technology forms an integral part of our business. We are dependent on third party suppliers for these technologies and software. Any failure or inadequacies in our information technology systems may hamper our ability to compete effectively which may result in lower revenue, higher costs and would adversely affect our business and results of operations.***

Our operations rely heavily on the effectiveness of our information technology systems and their ability to accurately and comprehensively record and process a large number of transactions on a daily basis and in a timely manner to provide a seamless transactional experience for our clients.

The details of average daily orders we processed in Fiscals 2026, 2025 and 2024 are as set forth below:

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Average daily transactions	17,318	19,702	16,416

Therefore, our IT systems, and our ability to continually adapt such systems to evolving technologies and industry standards and practices, are critical to our continued success. While we have put in place systems to ensure the efficacy and effectiveness of our operations including to ensure compliance with the applicable laws such as cyber security and data privacy, we continually work on strengthening our information technology systems to meet our clients' requirements and keep pace with technological developments. Our Company has deployed security system and protocols and tools to prevent and mitigate cyber-attacks. For instance, we have a two-factor authentication system which has been implemented across all our software and hardware access points to enhance system security. Our company conducts continuous monitoring through a managed Security Operations Centre ("**SOC**"), operated by a CERT-In–empanelled and certified service provider. All endpoints and servers are protected using an Endpoint Detection and Response ("**EDR**") solution, while all wide area network endpoints are secured through a unified threat management solution through a third-party software provider. Nevertheless, a prolonged disruption, or failure, of our information processing or communications systems would limit our ability to process transactions and could hamper our operations and adversely affect our competitiveness. While there have not been prolonged disruptions or failures of our IT systems, there have been various instances of technical software glitches such as the portfolio not being visible on our trading application, the last traded prices not being updated and critical failure of risk management application server for a few hours which resulted in regular automated fund information to the exchanges being delayed. We rely heavily on technology and rely on our electronic trading platform and mobile apps to provide a wide range of brokerage and distribution services. Further, the vulnerabilities in mobile applications are systematically checked as part of the review process by respective application's platform and application developer. These platforms use automated security assessments and independent evaluations, to ensure that apps meet established security standards. Due to the rapid evolution in technology and AI, trades take place through machine-based algorithms within a few microseconds. This AI-based buying and selling system has changed the mechanism of supply and demand and it is now to estimate individualised pricing, based on individualised demand and supply. If we are unable to keep up with technological changes, especially adapting to the AI based trade system while our competitors invest in improved or better technologies or entry of new players who may be able to offer clients better products and user experience. If we are unable to effectively compete on IT-enabled offerings, it could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

Further, we are also materially dependent on a NSE empanelled third-party software provider for the provision of front-end trading software, which is essential for the execution of core trading activities and forms essential part of our market interface. We are also availing services from such third-party software providers for our digital app-based platforms, 'SIHL Moneymaker' and 'SIHL Fundspro'. These licensing arrangement with such third-party software providers enables us to avoid any technical glitches and maintain the operational efficiency of our digital platforms. We have not entered into any agreement with these third-party software providers and the services are availed by the us through purchase orders.

We are required to have business continuity plans and review them periodically, maintain disaster recovery centers and periodically conduct drills to test these measures, and even though we have taken necessary steps in this regard, we cannot assure you that there will not be unforeseen circumstances or that our disaster recovery planning is adequate for all eventualities. Further, failure to continually update such plans or if our data recovery centers prove inadequate or if these are not properly maintained, our business and results of operations could be adversely affected, and we could be subject to regulatory action and penalties. Though there have been no security breaches in our IT systems and failures or corruption/criminal investigations for the Financial Year ended March 31, 2026, March 31, 2025, and March 31, 2024, we cannot assure there will be no such instances in the future.

Further, with the rapid evolution of technology systems, the threats to such systems also multiply and we may face varied challenges in dealing with threats including cyber-attacks, such as hacking, phishing and trojans, which could potentially exploit our network and disrupt services to clients and/or result in the theft of sensitive internal company data or client information. While we have an established cyber security policy to address and deal with cyber security and other technology related threats and risks, we cannot assure you that we will be able to prevent attacks before they occur or mitigate or minimise the risk if such threats materialise. In addition, while our systems are largely automated it is still subject to, and requires, human intervention and involvement at different levels, and we cannot rule out the possibility of human error affecting our technology systems. Further, our technology systems are also vulnerable to disruptions due to catastrophic events, natural disasters, capacity constraints during peak trading times or times of unusual market volatility, power failure, computer viruses, spam attacks, ransom ware, distributed denial of services attacks, unauthorized access, data leakage and other similar disruptive events which we may not be able to prevent or mitigate against. An external information security breach, such as hacker attacks, frauds, virus or worm infestation of our IT systems, or an internal problem with information protection, such as failure to control access to sensitive systems, could materially interrupt our business operations or cause disclosure or modification of sensitive or confidential information. Disruptions to, or instability of, our technology or external technology, or failure to timely upgrade our online or mobile brokerage platforms could harm our business, reputation and prospects.

28. We have incurred indebtedness including in the form of loans from banks may incur substantial additional indebtedness. Conditions and restrictions imposed on us pursuant to such indebtedness could adversely affect our ability to obtain financing in the future.

As of March 31, 2026, our total sanctioned and outstanding indebtedness (including fund-based and non-fund based borrowings but excluding unsecured) was ₹ 24,099.45 lakhs and ₹ 7,835.32 lakhs, respectively. The indebtedness we have incurred includes financing from banks and from other entities. The level of our indebtedness could have several important consequences, including but not limited to the following:

- a significant portion of our cash flow may be used for repayment of our existing debt, which will reduce the available cash flow to fund our business operations;
- defaults of payment and other obligations under our financing arrangements may result in an event of default, acceleration of our repayment obligations and enforcement of related security interests over our assets;
- Fluctuations in market interest rates may require us to pay higher rates of interest for future financing and will also affect the cost of our borrowings; and
- our ability to obtain additional financing in the future or renegotiate or refinance our existing indebtedness on terms favourable to us may be limited.

Additionally, our financing agreements contain certain conditions and restrictive covenants that require us to obtain consents from respective lenders prior to carrying out specified activities and entering into certain transactions. Our lenders require us to obtain their prior approval for certain actions, which, amongst other things, restrict our ability to undertake various actions including incur additional debt, alter our share capital etc, which may hamper our efforts to improve our operating margins and carry out our growth strategies. While our Company has received necessary approval from its lenders and the debenture trustees (for the non-convertible debentures issued by our Company) to undertake this Issue, we cannot assure you that we will be able to obtain approvals to undertake any other aforementioned activities as and when required or comply with such covenants or other covenants in the future. For further details regarding our indebtedness, see '*Restated Consolidated Financial Information*' and '*Financial Indebtedness'* on pages 508 and 604, respectively. Any failure to observe the covenants under our financing agreements or obtain the necessary waivers may inter alia lead to the termination of our credit facilities, trigger-cross default provisions, result in non-availability of further debt funding under the facilities either in whole or in part, or the acceleration payment obligations under such facilities, and, or, could lead to us having to restructure of our borrowings. Any of the above could strain our cash flow and affect the availability of funds for our business activities, which could adversely affect our results of operations.

29. Our Company has acquired certain premises including branch offices from our Promoters and members of Promoter Group, who may be deemed to be interested in the said acquisition.

Our Company has entered into various sale deeds for acquisitions of branch offices with our Promoters. The table below set forth the details of such sale deeds:

Sr. No.	Location	Primary Purpose	Interest of the Promoter / members of the Promoter Group	Sale Consideration
1.	Office No. F-123, First Floor, Shubh Business Park, Pethapur - 382610, Gandhinagar, Gujarat, India	Branch Office	The branch office was acquired from Trupti Utpal Shah, our Promoter and Whole Time Director, vide a sale deed dated April 12, 2025	₹145.00 lakhs
2.	104, Platinum II, Opp. S.T. colony, College Road, Moti Baug, Junagadh -362001, Gujarat, India	Branch Office	The branch office was acquired from Ruchira Shah, spouse of Tanmay Upendra Shah who is our Promoter and Managing Director, & Chief Financial Officer vide a sale deed dated September 11, 2023.	₹70.00 lakhs

We have entered into these sale deeds with our Promoters and members of Promoter Group, in our ordinary course of business. These transactions followed all applicable laws, were conducted on an arm's length basis in accordance with the Companies Act and other applicable regulations and did not have any material impact on the financial performance of our Company. The related party transactions for the year ended March 31, 2024, March 31, 2025, and March 31, 2026, were approved by our Board of Directors vide their resolution dated August 10, 2023, August 29, 2024, and September 05, 2025 and by our audit committee vide their resolution dated August 10, 2023, August 29, 2024 and September 05, 2025 respectively. Further, for dealing with the transaction between the Company and its related parties, our Company has also formed a policy on related party transaction adopted pursuant to a resolution of our Board dated September 05, 2025 which provides that all related party transactions including the material related party transaction will require approval of the Audit Committee. As of the date of this Prospectus, there are no significant conflicts of interest. If any such conflicts arise in the future, it could materially impact our business, financial performance, and overall condition.

30. Some of the properties from which we operate our business have been taken on leave and license basis / rent. We cannot assure you that the leave and license, and, or rent agreements will be renewed upon termination or that we will be able to obtain other premises on similar commercial terms.

We do not own the premises on which a number of our offices are situated. Some of the properties from which we operate our business have been taken on leave and license basis / rent from third parties. For details of our properties, see '*Our Business – Property*' on page 459. During the Fiscal 2026, Fiscal 2025 and Fiscal 2024, our rent expenses were as follows.

Particulars	Fiscal 2026	Fiscal 2025	Fiscal 2024
Rent expenses (₹ lakhs)	46.49	41.03	29.99
Rent expenses as a percentage of revenue from operations	0.65	0.44	0.39

We cannot assure you that we will have the right to occupy these premises in the future, or that we will be able to continue with the uninterrupted use of these premises, including due to any non-compliance by, or disputes as to title of, the counter-party which may impair our operations and adversely affect our financial condition. We cannot assure you that we will be able to renew the lease and license / rent agreements in a timely manner or at all. Further, identification of a new location to house our operations and relocating our offices to the new premises may place significant demands on our senior management and other resources and also involve us incurring significant expenditure. Any inability on our part to timely identify a suitable location for a relocated office could have an adverse impact on our business.

31. There are operational risks associated with our business activities which, if realised, may have a material adverse effect on our business, financial condition, cash flows, results of operations and growth prospects.

We face various operational risks related to our business operations including:

- human and systems errors, including in the confirmation, entry or settlement of transactions, due to the complexity and high volume of transactions;
- deviations from defined processes and inadvertent errors;
- delay or failure to timely execute instructions or complete transactions including transactions pertaining to the transfer, pledge or un-pledge securities to and from depository participants;
- failure to establish and maintain an effective controls and compliance oversight over our employees;
- failure of technology in our processes, including risk management and settlement processes, causing errors or disrupting our operations;
- delay or disruption in timely completion of obligations by market and other intermediaries including banks, exchanges, depositories and other participants;
- failure of our complex automated risk management systems due to incorrect or inadequate algorithms;
- failure to comply with other applicable laws, regulations, accounting norms or regulatory policies; and
- inadequate due diligence, including with respect to client verification and KYC processes.

If any or a combination of the foregoing were to occur, it could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

Additionally, we also face the risk of regulatory penalties from the exchanges or regulators for failures of routine operational processes. In the past, we have been penalised by the regulators and exchanges for non-compliance with regulations, rules and byelaws relating to operational failure, including in connection with cases of operational failures beyond our control, and we cannot assure you that such failures, consequent penalties will not be imposed in future. For certain instances of action against us by SEBI, please see '*Risk factor - We are subject to extensive statutory and regulatory requirements and supervision. Any failure to comply with applicable law or changes in the regulatory framework could result in action being initiated against us by relevant authorities which may have a material adverse impact on our business, results of operations and financial condition*' on page 19.

32. We depend on the accuracy and completeness of information about clients and counterparties for our business. Any misrepresentation, errors in or incompleteness of such information could adversely affect our business and financial performance.

We rely significantly on the information furnished to us by, or on behalf of, clients (including in relation to their financial transactions and past credit history) for various aspects of our business operations, such as new client enrolment, appointing new Authorised Persons and servicing our clients. We may also rely on certain representations from our clients as to the accuracy and completeness of the information provided by them. We may receive inaccurate or incomplete information as a result of inadvertence, negligence or deliberate misrepresentation. Our risk management measures may not be adequate to prevent such activities or detect inaccuracies in such information in a timely manner, or at all, which may expose us risks including pertaining to allegations of fraud, money laundering etc, and expose us to regulatory and criminal proceedings, which may adversely affect our reputation, business prospects, financial condition and results of operations.

33. If research reports disseminated by us contain errors, then it could have a material adverse effect on our business, financial condition or results of operations.

As of March 31, 2026, our research team comprises 11 employees. Our research team provides our clients with research covering recommendations on various quantitative and qualitative research requirements relating to the securities markets such as equity fundamentals, derivatives, commodities, and mutual funds, in addition to macroeconomic or industry- related research for investor education. Research analysts and the report generated are subject to the applicable SEBI framework. Although, we exercise due care and caution prior to issuing research recommendations and we comply with applicable law, the accuracy, adequacy or completeness of such

information cannot be guaranteed inter alia because our research report and the recommendation contained therein are based on information obtained from third party sources and information that is generally available in the public domain. Errors or omissions in the information or for the results obtained from the use of such information may cause our research findings to be incorrect. Further, certain industry and market data may be subject to assumptions, and methodologies for assumptions vary widely among different data sources. Additionally, such assumptions may change due to various factors which are beyond our control. Accordingly, there can be no assurance that our assumptions, or those relied upon by us, will be accurate or that such assumptions will not change – any such change could affect the accuracy of our research findings. While there have been no instances in the immediately preceding three Fiscals, inaccurate research report or recommendations may expose us to client complaints, have a materially adverse effect on our brokerage and distribution businesses, and may subject us to regulatory action which may harm our reputation, which could subsequently have a material adverse effect on our business, financial condition or results of operations.

34. Our Company has paid dividends in the last 3 Fiscals. There can be no assurance that our Company will continue to pay dividends in the future.

Our Company has paid dividends during the last 3 Fiscals. For further details, see the '*Dividend Policy*' at page 507. Our Company's ability to pay dividends in the future will depend upon a variety of internal and external parameters, including (i) profits earned during the financial year; (ii) retained earnings; (iii) earnings outlook; (iv) present and future working capital requirements of the our Company; (v) past dividend trends; (v) any other relevant factors and material events as may be deemed fit by our Board; (vi) dividend pay-out ratios of companies in the same industry; (ii) macro-economic environment – significant changes in macro-economic environment materially affecting the businesses in which our Company is engaged in the geographies in which our Company operates; (vii) capital markets – dividend pay-out may depend upon the capital market environment and cost of capital to raise fresh funds through alternate resources. In addition, our ability to pay dividends may be impacted by a number of other factors, including any tax and regulatory changes in the jurisdiction in which our Company operates which significantly affects the business, taxation and other regulatory changes and restrictive covenants under our future loan or financing documents or arrangements, our Company may enter into financing arrangements to fund requirements for our business activities from time to time, applicable Indian legal restrictions, our Articles of Association, and other factors considered relevant by the Board of Directors of our Company.

35. Certain sections in this Prospectus contain information from the CARE Report, which was prepared by CARE Analytics and Advisory Private Limited and exclusively commissioned and paid for by our Company for the purposes of the Issue, and any reliance on such information for making an investment decision in the Issue is subject to inherent risks.

We have availed the services of an independent third-party research agency, CARE Analytics and Advisory Private Limited, to prepare an industry report titled "Broking Industry in India" dated September 2026 ("**CARE Report**") commissioned and paid by us for purposes of inclusion of such information in this Prospectus. We engaged CARE pursuant to an engagement letter dated April 16, 2025. We commissioned and paid for the CARE Report for the purpose of confirming our understanding of the Broking Industry in India exclusively in connection with the Issue. The CARE Report uses certain methodologies for market sizing and forecasting and may include numbers relating to our Company that differ from those we record internally. All such information in this Prospectus indicates the CARE Report as its source, as applicable. Accordingly, any information in this Prospectus derived from, or based on, the CARE Report should be read taking into consideration the foregoing. Given the scope and extent of the CARE Report, disclosures herein are limited to certain excerpts and the CARE Report has not been reproduced in its entirety in this Prospectus. Neither our Company, our Directors, our Subsidiaries, Promoters, Promoter Group, Key Managerial Personnel, Senior Management Personnel are related to CARE.

Accordingly, investors should read the industry related disclosure in this Prospectus in this context. Industry sources and publications are also prepared based on information as of specific dates. CARE has advised that while it has taken due care and caution in preparing the commissioned report, which is based on information obtained from sources that it considers reliable, for instance the CARE Report provides the risks, challenges along with the key strengths and weaknesses in the broking industry and mutual fund and mutual fund distribution industry ("**Information**").

The table below provides for the key risk and challenges along with the key strengths and weaknesses of the Indian Stock Broking industry:

Key Risks and Challenges

Challenge Area	Details
Regulatory Changes	Evolving SEBI regulations—such as higher margin requirements and stricter compliance norms—are increasing operational burdens, particularly for smaller brokerage firms.
Revenue Pressures	The shift toward uniform transaction fees and the removal of volume-based discounts is expected to compress profit margins, especially for discount brokers.
Cybersecurity Risks	Growing digitalization has heightened exposure to cyber threats and data breaches, necessitating substantial investments in cybersecurity infrastructure.
Market Volatility	The inherent volatility in Indian capital markets—especially in the derivatives segment—poses challenges for brokers in managing margins and ensuring client liquidity.
Consolidation Pressure	Rising regulatory and compliance costs may lead to market consolidation, with smaller brokers struggling to compete with larger, well-capitalised players.
Intense Competition	The Indian financial services sector is highly competitive and fragmented. As of September 03, 2025, nearly 4,900 brokers are registered with SEBI under the equity segment.

(Source: CARE Report)

Key Strengths and Weaknesses

Strengths	Weaknesses
Technology and Innovation: Adoption of advanced platforms, algorithmic trading, and real-time data improves efficiency and user experience.	High Competition: Numerous players offering similar services lead to price wars, thinner margins, and low differentiation.
Financial Advisory & Research Services: Full-service brokers provide valuable insights and advice, increasing client loyalty. Rapid Growth of Retail Investors: Increase in retail participation driven by literacy, accessibility, and policy support.	Lack of Awareness in Rural Areas: Limited understanding of capital markets in rural/semi-urban regions restricts market penetration. Cybersecurity Risks: Increased digital exposure heightens risk of cyber threats, affecting investor confidence.

The table below provides for the key threats and challenges of the mutual fund and mutual fund distribution industry:

Key Threats & Challenges

Particulars	Details
Lower Broking Margins	Full-service brokers in India face intense competition from discount brokers and foreign banks. Discount brokers offer low trading fees, which exert downward pressure on margins. As a result, full-service brokers struggle to cover fixed costs, leading to practices such as over-trading, which can cause significant financial losses for retail investors.
Increasing Costs and Additional Investments	Brokers must continuously invest in advanced technologies, trading platforms, and algorithms to retain clients. Expanding into segments such as commodities and currencies demands further infrastructure investments. Additionally, the adoption of mobile technologies and portfolio management systems increases operational expenses, alongside mandatory costs such as exchange memberships.
Risk Management	The complexity of India's financial markets presents significant risk management challenges. Economic uncertainty reduces investor confidence, which negatively impacts fee-based income, including advisory services. Market volatility also affects asset valuations. To mitigate these risks, brokers must adopt advanced strategies such as hedging, diversification, and real-time market analysis. Nevertheless, market unpredictability remains a persistent concern.
Increased Competition and Economic Uncertainties	Online trading platforms have intensified competition, particularly for mid-sized brokers, by offering lower fees and diversified investment options such as mutual funds, ETFs, and robo-advisory services. These offerings attract investors seeking low-risk alternatives to direct equity trading, prompting client attrition. Moreover, the brokerage industry remains highly sensitive to market volatility, economic downturns, and geopolitical developments, all of which affect investor behaviour and revenue.
Regulatory Challenges	The evolving regulatory framework aims to protect investors and enhance transparency. However, compliance with new reporting and disclosure requirements compels brokers to invest in advanced systems, increasing operational costs. Furthermore, regulatory restrictions on margin trading and exposure limits, though intended to reduce volatility, constrain brokers' revenue-generating potential.

publications may also base their information on estimates, projections, forecasts, other third-party sources and assumptions that may prove to be incorrect. The commissioned report also highlights certain industry and market data, which may be subject to assumptions. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions vary widely among different industry sources. Further, such assumptions may change based on various factors. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Furthermore, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Prospectus. Our position in the market may differ, favourably or unfavourably, from that presented in this Prospectus. Further, the commissioned report is not a recommendation to invest or disinvest in our Company. Prospective Investors are advised not to unduly rely on the commissioned report or extracts thereof as included in this Prospectus, when making their investment decisions. For further details, see "*Certain Conventions, Presentation of Financial, Industry and Market Data – Industry and Market Data*" on page 14.

36. We have a large pool of employees and employee benefits expense is a significant portion of our total expenses. Also, our operations could be adversely affected by strikes or increased wage demands by our employees which could adversely affect our operations and our profitability.

We operate in a human resource intensive industry and if our relationship with our employees deteriorates, we may experience labour unrest, strikes or work stoppages. As on July 31, 2026, our Company's work force comprised 167 permanent employees including our KMP and senior management. While we consider our current employee relations to be good, and we have no trade unions in our Company, we cannot assure you that we will not experience disruptions at work due to disputes or other problems with our work force, which may adversely affect our ability to perform our obligations under our contractual arrangements. Set out below are the details of our employee benefits expense during the Fiscal 2026, Fiscal 2025 and Fiscal 2024:

Particulars	March 31, 2026	March 31, 2025	March 31, 2024
Employee benefits expense (in ₹ lakhs)	1227.18	1,151.50	1,092.19
Employee benefits expense (as a % of total revenue from operations)	17.17	12.21	14.03

Any disputes may also result in disruptions in our operations, which may adversely affect our business and results of operation. In addition, disputes with our employees could also impact our reputation. While we have not faced any significant disputes with our employees, as a collective, we cannot assure you that there will be no such issue in future. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to the ever-evolving regulatory environment, internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, reduce the quality of client service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us.

37. An inability to maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.

Our operations are subject to various risks and hazards which may adversely affect revenue generation and profitability. While we believe that we have adequate safeguards in line with industry standards to protect our assets from various risks inherent in our business, including through relevant insurance cover, it is possible that our insurance cover may not provide adequate coverage in certain circumstances. The validity of our current insurance policies is one year which can be further renewed for a period of one year as required. For details of our insurance, see *'Our Business - Insurance'* on page 460. The table below provides details of the aggregate coverage of the insurance policies obtained by as a percentage of our total assets in the periods indicated:

Particulars	March 31, 2026	March 31, 2025	March 31, 2024
Amount of insurable assets (₹ lakhs)*	1,631.99	1,465.99	1,454.67
Aggregate coverage under the insurance policies (₹ lakhs)	1,141.63	907.05	873.04
Insurance coverage (%)	69.95	61.87	60.02

*****_Assets include investment property, property, plant and equipment, other intangible assets and Right of Use Assets._

Additionally, while we maintain shares and stock broker insurance we cannot assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. Our insurance policies may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. In addition, we renew our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at an acceptable cost or at all. While there have been no insurance claims which have been rejected in the past and no instances of losses requiring insurance claims or a claim exceeding our insurance cover in the past three fiscal years, any loss or damage for which we did not obtain or maintain insurance and, or, which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

38. Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance such as EBITDA, EBITDA margin, interest coverage ratio, net debt to EBITDA ratio, return on capital employed and return on equity have been included in this Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable.

We have, in this Prospectus, included various operational and financial performance indicators and certain non-GAAP measures. Some of these measures may not be derived from our Restated Consolidated Financial Information and may not have been subjected to an audit or review by our Statutory Auditor, and each of which is a supplemental measure of our performance and liquidity and not required by, or presented in accordance with Ind AS, IFRS or U.S. GAAP. Further, such measures and indicators are not defined under Ind AS, IFRS, U.S. GAAP or other accounting standards, and, therefore, should not be viewed as substitutes for performance, liquidity or profitability measures under such accounting standards. The manner in which such operational and financial performance indicators including industry-related statistical information are calculated and presented, and the assumptions and estimates underlying or used in such calculation, may vary from that used by other similarly placed companies in India and other jurisdictions.

In addition, such measures are not standardised terms, hence a direct comparison between companies may not be possible. Other companies may calculate such measures differently from us, limiting the usefulness of such Non-GAAP measures as a comparative metric. Further, these measures should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the periods or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS. Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and are cautioned that they should consult their own advisors and evaluate such information in the context of the Restated Consolidated Financial Information and other information relating to our business and operations included in this Prospectus.

39. If we are subject to any frauds, theft, or embezzlement by our employees, Authorised Persons or others we are associated with, it could adversely affect our reputation, results of operations, financial condition and cash flows.

Our operations may be subject to incidents of fraud, theft or embezzlement by our employees, Authorised Persons or other persons we are associated with. While there has not been any instance of material fraud, theft, or embezzlement in the immediately preceding three Fiscals, we cannot assure you that we will not experience any fraud, theft, embezzlement or similar incidents in the future, which could adversely affect our financial condition and business. Further, if these acts are directed at our clients or the funds of our clients or other third parties, we may be subject to criminal and other proceedings, which could adversely affect our reputation, results of operations, financial condition, and cash flows.

40. Some of our Group Companies and Promoter Group entities are associated with companies which operate in a similar line of business as our Company, which may lead to competition with these entities and could potentially result in a loss of business opportunity for our Company.

Sur Management Services Private Limited, SIHL Commodities Limited our Group Companies and Arthika Quantomics Private Limited, one of our Promoter Group entities which is also one of our Group Companies, also operate in a similar line of business to our Company and our Subsidiary. As a result, conflicts of interest may arise in allocating or addressing business opportunities and strategies among us and other members of our Promoter

Group and Group Companies in circumstances where our interests differ from theirs. There can be no assurance that such members of our Promoter Group or Group Companies will not compete with our existing business or any future business that we may undertake, or that their interests will not conflict with ours. We have not entered into any non-solicitation or non-compete agreement with any member of our Group Companies. While such members of our Group Companies are not currently carrying on any business in conflict with us, there is no assurance that such a conflict will not arise in the future, or that we will be able to suitably resolve any such conflict without an adverse effect on our business or operations. There can be no assurance that our Promoters or members of our Group Companies will not provide comparable services, expand their presence, solicit our employees or acquire interests in competing ventures, in the locations or segments in which we operate. A conflict of interest may occur between our business and the business of the members of our Promoter Group, which could have an adverse effect on our business, prospects, results of operations and financial condition. For further details, please see '*Our Promoters and Promoter Group*' and '*Our Group Companies*' on pages 502 and 616, respectively. The interest of our Promoters may conflict with our interests or the interests of our Shareholders, and may favour these companies in certain situations, or not direct opportunities to our Company.

External Risk Factor

41. Any downturn or disruption in the securities markets, which are affected by general economic and market conditions in India and globally, may have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

We operate in the financial services industry in India where we conduct our business and generate substantially all of our revenues. We primarily offer secondary market brokering services to retail customers that comprise of both, residents and non-resident Indians. Our Company is also actively engaged in the business of providing services such as mutual funds distributorship, margin trading facility, stock lending and borrowing. The Indian financial market has experienced notable fluctuations in turnover across various exchanges in recent years. From FY20 to FY25, the combined turnover for all exchanges has shown impressive growth, with a CAGR of approximately 44.5% and Q-o-Q growth of 75.9% from Rs 116 lakh crore in Q1FY25 to Rs 203 lakh crore in Q1FY26. This growth trend highlights the performance of key exchanges, including the BSE, NSE, Multi Commodity Exchange (MCX), and National Commodity and Derivatives Exchange (NCDEX). (*Source: Care Report*).

Our business including our Broking and Margin Trading Facility businesses are, highly dependent on the securities market, which is significantly affected by global macroeconomic factors, and in particular, macroeconomic factors affecting India. The Indian equity markets are affected by a variety of factors including growth in India's GDP, taxation, monetary and other policies of the Government of India, laws and regulations that affect trading, political measures and regulatory developments, and general political stability, inflation, interest rate levels, change in consumer spending and saving patterns such as a shift from one category of investment to another, currency exchange rates and foreign investment including perceived unattractiveness of the Indian markets. Accordingly, a downturn in the Indian securities markets, persistent or short term, could adversely impact trading and investment patterns, result in decline in trading volumes and size, and, consequently, adversely impact our business, prospectus, results of operation and financial condition. In addition, global factors such as global economic instability or recession, geopolitical tensions, war or hostilities, cybersecurity threats or attacks and other forms of disruption to or curtailment of global communication could result in a macroeconomic downturn and have an adverse effect on the financial services industry in India and, consequently, on our business, results of operation and financial condition.

42. Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. Our results of operations and cash flows are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy and, consequently, our results of operations, may include:

- high rates of inflation in India could increase our costs without proportionately increasing our revenue, and as such decrease our operating margins;
- high rates of interest could result in an increase in the cost of funds for us as well as our clients;
- any slowdown in economic growth or financial instability in India;
- any exchange rate fluctuations;

- any scarcity of credit or other financing, resulting in an adverse impact on economic conditions;
- prevailing income conditions among clients;
- volatility in, and actual or perceived trends in trading activity on, the relevant market's principal stock exchanges;
- changes in existing laws and regulations in India;
- political instability, terrorism or military conflict in the region or globally, including in various neighbouring countries;
- occurrence of natural or man-made disasters;
- any downgrading of debt rating of India by a domestic or international rating agency; and
- instability in financial markets.

43. A slowdown in economic growth in India could adversely affect our business.

The structure of the Indian economy has undergone considerable changes in the last decade. These include the increasing importance of external trade and of external capital flows. Any slowdown in the growth of the Indian or global economy or the financial services industry or any future volatility in securities or commodities market could adversely affect our business, financial condition and results of operations. India's economy could be adversely affected by a general rise in interest rates, fluctuations in currency exchange rates, adverse conditions affecting commodity prices or various other factors.

Further, conditions outside India, such as slowdowns in the economic growth of other countries, could have an impact on the growth of the Indian economy and government policy may change in response to such conditions. The Indian economy and financial markets are also significantly influenced by worldwide economic, financial and market conditions. Any global financial turmoil, particularly in the United States, the EU, China or Asian emerging market countries, may have an impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss of investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets, and could have an adverse effect on our business, financial condition and results of operations and the price of the Equity Shares.

44. A downgrade in India's sovereign debt ratings, may affect have an adverse impact on our business, financial condition and the trading price of the Equity Shares.

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

45. We may be affected by competition law in India and any adverse application or interpretation of the Competition Act could adversely affect our business.

The Competition Act, 2002, of India, as amended (Competition Act) regulates practices having an appreciable adverse effect on competition (AAEC) in the relevant market in India. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an AAEC is considered void and results in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, shares the market by way of geographical area or number of guests in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC in the relevant market in India and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise.

On April 11, 2023, the Competition (Amendment) Bill 2023 received the assent of the President of India to become the Competition (Amendment) Act, 2023 ("Competition Amendment Act"), amending the Competition Act and giving the CCI additional powers to prevent practices that harm competition and the interests of consumers. It has been enacted to increase the ease of doing business in India and enhance transparency. The Competition Amendment Act, inter alia, modifies the scope of certain factors used to determine AAEC, reduces the overall time limit for the assessment of combinations by the CCI and empowers the CCI to impose penalties based on the global turnover of entities, for anti- competitive agreements and abuse of dominant position. The

Competition Commission of India has on September 9, 2024, issued The Competition Commission of India (Combinations) Regulations, 2024, which came into effect on September 10, 2024, and which repeals The CCI issued Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011. The impact of these regulations is yet to be ascertained.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. We are currently not a party to an outstanding proceeding, nor have we received any notice in relation to non-compliance with the Competition Act and the agreements entered into by us. However, if we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations and prospects.

46. Adverse geopolitical conditions such as an increased tension between India and its neighbouring countries, the conflict between Israel and other countries in West Asia, could adversely affect our business, results of operations and financial condition.

Adverse geopolitical conditions such as increased tensions between India and its neighbouring countries, resulting in any military conflict in the region could adversely affect our business and operations. Such events may lead to countries including the Government of India imposing restrictions which could have an adverse effect on the Indian economy. Further, any restriction on commodities, or other factors cause global supply chain disruptions could have an impact on global prices and could have an adverse effect on the commodities markets in India could be affected. For instance, the government of India has imposed additional tariffs in the nature of countervailing duty and anti-dumping duty on a number of items imported from China. Any such measure or reciprocal duties imposed on Indian products by China or other countries may adversely affect our results of operations and financial condition could have a chilling effect on trade and commerce between the nations which could lead to uncertainty in the securities and commodities markets, inflate costs etc. Further, prolonged Russia-Ukraine conflict and the armed hostilities between Israel and other countries in West Asia, impacting, inter alia, global trade, prices of oil and gas could have an inflationary impact on the Indian economy, result in higher interest rates and adversely affect our business, results of operations and financial condition.

47. Governmental actions and changes in policy, laws and regulations and their interpretation could adversely affect our business, result of operations and financial condition.

The Government of India and the State Governments in India have broad powers to affect the Indian economy and our business in numerous ways. Any change in the existing policies of Government of India and, or, State Government, or foreign government policies, or new policies affecting the economy of India or any foreign country, affecting foreign investment into India, could adversely affect our business operations. Moreover, we also cannot assure you that the Central Government or State Governments in India, will not implement new regulations and policies which will require us to obtain additional approvals and licenses from the Government and other regulatory bodies or impose onerous requirements and conditions on our operations. We cannot predict the terms of any new policy, and we cannot assure you that such a policy will not be onerous. Such new policy may also adversely affect our business, cash flows, financial condition and prospects. In addition to changing laws and regulations, the interpretation of extant laws and regulations also could undergo change over time resulting inter alia in uncertainty, and such changes may adversely affect our business, result of operations and financial condition.

48. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which

could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

49. Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the Restated Consolidated Financial Information prepared and presented in accordance with SEBI ICDR Regulations contained in this Prospectus.

We have not attempted to quantify the impact of U.S. GAAP or any other system of accounting principles on the financial data, prepared and presented in accordance with Ind AS for the Fiscal 2026, Fiscal 2025 and Fiscal 2024 included in this Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or any other accounting principles. U.S. GAAP differs in significant respects from Ind AS. Accordingly, the degree to which the Restated Consolidated Financial Information included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS and SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. Additionally, Ind AS differs in certain respects from IFRS and therefore financial statements prepared under Ind AS may be substantially different from financial statements prepared under IFRS.

50. Investors may have difficulty enforcing foreign judgments against us or our management.

We are incorporated under the laws of India and all our Directors and Key Managerial Personnel reside in India. A majority of our assets, and the assets of our Directors and officers, are also located in India. Where investors wish to enforce foreign judgments in India, they may face difficulties in enforcing such judgments. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India exercises reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions. In order to be enforceable, a judgment obtained in a jurisdiction which India recognises as a reciprocating territory must meet certain requirements of the Code of Civil Procedure, 1908, of India (Civil Code). Further, the Civil Code only permits enforcement of monetary decrees not being in the nature of any amounts payable in respect of taxes or, other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards. Judgments or decrees from jurisdictions not recognised as a reciprocating territory by India cannot be enforced or executed in India. Even if a party were to obtain a judgment in such a jurisdiction, it would be required to institute a fresh suit upon the judgment and would not be able to enforce such judgment by proceedings in execution. Further, the party which has obtained such judgment must institute the new proceedings within three years of obtaining the judgement.

As a result, you may be unable to: (i) effect service of process outside of India upon us and such other persons or entities; or (ii) enforce in courts outside of India judgments obtained in such courts against us and such other persons or entities. It is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India. Furthermore, it is unlikely that an Indian court would enforce foreign judgments if it viewed the amount of damages awarded as excessive or inconsistent with Indian practice. A party seeking to enforce a foreign judgment in India is required to obtain prior approval from the RBI to repatriate any amount recovered pursuant to the execution of such foreign judgment, and any such amount may be subject to income tax in accordance with applicable laws.

Risks relating to the Equity Shares

51. Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. Any capital gain realized on the sale of listed equity shares on a Stock Exchange held for more than 12 months immediately preceding the date of transfer will be subject to long-term capital gains in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchanges, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of long- term capital gains tax in India, in addition to payment of Securities Transaction Tax ("STT"), on the sale of any Equity Shares held for more than 12 months immediately preceding the date of transfer. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any capital gains realized on the sale of listed equity shares held for a period of

12 months or less immediately preceding the date of transfer will be subject to short- term capital gains tax in India.

In terms of the Finance Bill (No.2), 2024, with effect from July 24, 2024, taxes payable by an assessee on the capital gains arising from transfer of long-term capital assets (introduced as Section 112A of the Income-Tax Act, 1961) shall be calculated on such long-term capital gains at the rate of 12.5%, where the long-term capital gains exceed ₹125,000. The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Short-term capital gains, arising from the sale of such equity shares on a stock exchange would be subject to tax at the rate of 15% (plus applicable surcharge and cess) for transfers taking place before July 23, 2024. However, per the amendment sought by the Finance Bill, short-term capital gains will be taxed at 20% for transfers taking place after July 23, 2024.

Under the Finance Act 2020, any dividends paid by an Indian company will be subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non- resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares. Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

52. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time taken for such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares, may reduce the proceeds received by Shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the returns on our Equity Shares, independent of our operating results.

53. The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price.

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, there will be liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Issue. The market price of the Equity Shares after the Issue can be volatile as a result of several factors beyond our control, including volatility in the Indian and global securities markets, our results of operations, the performance of our competitors, developments in the Indian and global financial services industry, changing perceptions in the market about investments in this sector in India, investor perceptions of our future performance, adverse media reports about us or our sector, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India's economic liberalisation and deregulation policies, and significant developments in India's fiscal regulations. In addition, the Stock Exchanges may experience significant price and volume fluctuations, which may have a material adverse effect on the market price of the Equity Shares.

General or industry specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance may also affect the price of the Equity Shares. In particular, the stock market as a whole in the past has experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies' operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

54. The requirements of being a publicly listed company may strain our resources.

We are not a publicly listed company and none of our securities are listed on any stock exchange. We have not, consequently, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations, which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and, or, we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

55. Any further issuance of Equity Shares, or convertible securities or other equity linked instruments by us may dilute your shareholding.

We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of ESOPs, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by our Company may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. We cannot assure you that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

56. Subsequent to the listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measures and Graded Surveillance Measures by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.

SEBI and the Stock Exchanges, in the past, have introduced various pre-emptive surveillance measures with respect to the shares of listed companies in India (the "Listed Securities") in order to enhance market integrity, safeguard the interests of investors and potential market abuses. In addition to various surveillance measures already implemented, and in order to further safeguard the interest of investors, the SEBI and the Stock Exchanges have introduced additional surveillance measures ("ASM") and graded surveillance measures ("GSM"). ASM is conducted by the Stock Exchanges on Listed Securities with surveillance concerns based on certain objective parameters such as price-to-earnings ratio, percentage of delivery, client concentration, variation in volume of shares and volatility of shares, among other things. GSM is conducted by the Stock Exchanges on Listed Securities where their price quoted on the Stock Exchanges is not commensurate with, among other things, the financial performance and financial condition measures such as earnings, book value, fixed assets, net worth, other measures such as price- to-earnings multiple and market capitalization.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, and low trading volumes as a percentage of the combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by SEBI and the Stock Exchanges. These restrictions may include requiring higher margin requirements, limiting trading frequency or freezing of price on the upper side of trading, as well as mentioning of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may have an adverse effect on the market price, trading and liquidity of our Equity Shares and on the reputation and conditions of our Company. Any such instance may result in a loss of our reputation and diversion of our management's attention and may also decrease the market price of our Equity Shares which could cause you to lose some or all of your investment.

57. There are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.

Following the Issue, our listed Equity Shares will be subject to a daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares. This circuit breaker operates independently of the index-based market- wide circuit breakers generally imposed by SEBI on Indian Stock Exchanges. The percentage limit on the Equity Shares' circuit breaker will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker, and they may change the limit without our knowledge. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares beyond the circuit breaker limit set by the Stock Exchanges. As a result of this circuit breaker, we cannot give you any assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares.

58. The determination of the Price Band and the Issue Price is based on various factors and assumptions and the Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the BRLMs. Furthermore, the Issue Price of the Equity Shares will be determined by our Company in consultation with the BRLMs, through the Book Building Process. These will be based on numerous factors, including factors as described under "*Basis of Issue Price*" on page 367 and may not be indicative of the market price for the Equity Shares after the Issue. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, our financial performance and results post-listing, and other factors beyond our control. We cannot assure you that an active market will develop, or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing. Further, the current market price of some securities listed pursuant to certain previous issues managed by the BRLMs is below the respective issue price.

59. There is no guarantee that our Equity Shares will be listed on the BSE and the NSE in a timely manner or at all.

There is no guarantee that our Equity Shares will be listed on the BSE and the NSE in a timely manner or at all. In accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the BSE and the NSE within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

60. You may not be able to immediately sell any of the Equity Shares you subscribe to in this Issue on an Stock Exchanges.

The Equity Shares are proposed to be listed on the Stock Exchanges. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and commence trading, including the crediting of the investor's demat accounts within the timeline specified under applicable law. Further, in accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. The Allotment of Equity Shares in the Issue and the credit of Equity Shares to the investor's demat account with the relevant depository participant and listing is expected to be completed within the period as may be prescribed under applicable law. Any failure or delay in obtaining the approvals or otherwise commencement of trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. We cannot assure you that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence within the prescribed time periods or at all which could restrict your ability to dispose of the Equity Shares.

61. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

62. Financial difficulty and other problems in certain financial institutions in India could have a material adverse effect on our business, results of operations, future cash flows and financial condition.

Indian financial system may be affected by financial difficulties faced by all or some of the Indian financial institutions whose commercial soundness may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is sometimes referred to as 'systemic risk', may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges. Any such difficulties or instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and adversely affect our business.

63. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. For instance, the economic downturn in the U.S. and several European countries during a part of Fiscals 2008 and 2009 adversely affected market prices in the global securities markets, including India. Further, events like the collapse of the Silicon Valley Bank could also cause an economic downturn. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general.

A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of the Equity Shares.

64. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely impact the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted, subject to certain exceptions, if they comply with the valuation and reporting requirements specified by the RBI. If a transfer of shares is not in compliance with such requirements and does not fall under any of the exceptions specified by the RBI, then the RBI's prior approval is required. In addition, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any required approval from the RBI or any other Government agency can be obtained on any particular terms or at all. For further details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 657.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT and the FEMA Rules, any investment, subscription, purchase or sale of equity instruments by entities, investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms, in a timely manner or at all.

65. If security or industry analysts do not publish research, or publish unfavourable or inaccurate research about the business of our Company, the price and trading volume of the Equity Shares may decline.

The trading market for the Equity Shares may depend, in part, on the research and reports that securities or industry analysts publish about us or our business. We may be unable to sustain coverage by established and, or, prominent securities and industry analysts. If either none or only a limited number of securities or industry analysts maintain coverage of our Company, or if these securities or industry analysts are not widely respected within the general investment community, the trading price for our Equity Shares could be negatively impacted. In the event we obtain securities or industry analyst coverage, if one or more of the analysts downgrade our Equity Shares or publish inaccurate or unfavourable research about our business, our Equity Shares price may decline. If one or more of these analysts cease coverage of our Company or fail to publish reports on us regularly, demand for our Equity Shares could decrease, which might cause the price and trading volume of our Equity Shares to decline.

66. QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid and Retail Individual Bidders and are not permitted to withdraw their bids after bid/offer closing date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within 3 Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

67. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving an actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors or shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted.

Book Building Process

Book building, in the context of the Issue, refers to the process of collection of Bids from investors on the basis of the Red Herring Prospectus and the Bid cum Application Forms within the Price Band, which will be decided by our Company, in consultation with the BRLM, and if not disclosed in the Red Herring Prospectus, will be advertised all editions of The Financial Express, an English national daily newspaper and all editions of Jansatta, a Hindi national daily newspaper and Gujarati edition of The Financial Express, a Gujarati daily newspaper (Gujarati being the regional language of Gujarat, where our Registered Office is located), each with wide circulation, at least two Working Days prior to the Bid/Issue Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading on their respective websites. The Issue Price was determined by our Company, in consultation with the BRLM, after the Bid/Issue Closing Date. For further details, see "*Issue Procedure*" on page 639

All Bidders, except Anchor Investors, were mandatorily required to use the ASBA process for participating in the Issue by providing details of their respective ASBA Account in which the corresponding Bid Amount were blocked by SCSBs. In addition to this, the RIBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount was blocked by the SCSBs; or (b) through the UPI Mechanism. Except for Allocation to RIBs, Non-Institutional Bidders and the QIBs in the Net QIB Portion, Allocation in the Issue was on a proportionate basis. Anchor Investors were not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors were not permitted to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bidding Date. Allocation to QIBs (other than Anchor Investors) and Non-Institutional Investors were on a proportionate basis while allocation to Anchor Investors were on a discretionary basis. For further details, see "*Terms of the Issue*" and "*Issue Procedure*" on pages 630 and 639 respectively.

Our Company has complied with the SEBI ICDR Regulations and any other directions issued by SEBI in relation to this Issue. In this regard, our Company has appointed the BRLM to manage this Issue and procure Bids for this Issue.

The Book Building Process is in accordance with guidelines, rules and regulations prescribed by SEBI and was subject to change from time to time. Bidders were advised to make their own judgement about an investment through this process prior to submitting a Bid.

Bidders should note the Issue is also subject to: (i) obtaining final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment within three Working Days of the Bid/Issue Closing Date or such other time period as prescribed under applicable law, and (ii) acknowledgment of the RoC for filing of the Prospectus with the RoC.

For further details on the method and procedure for Bidding, see "*Issue Structure*", "*Issue Procedure*" and "*Terms of the Issue*" on pages 636, 639 and 630, respectively.

Note:

*# The allotment of equity shares to allottees were in violation of Section 67(3) of the Companies Act, 1956. A suo moto compounding application against this violation was filed by our Company. The National Company Law Tribunal, pursuant to an order dated December 06, 2018 has disposed of the compounding application with a compounding fee of ₹36,15,750. Our Company also filed a suo-moto settlement application in terms of the SEBI (Settlement of Administrative and Civil Proceedings) Regulations, 2014 which is repealed and replaced with SEBI (Settlement Proceedings) Regulations, 2018 with effect from January 01, 2019. The High-Powered Advisory Committee ('**HPAC**') in its meeting held on March 29, 2019 considered the settlement terms proposed and recommended the case for settlement upon payment of ₹12,18,750/- (Rupees Twelve Lakh Eighteen Thousand Seven Hundred and Fifty only) by the applicant towards settlement charges for the defaults, which was duly paid and Our Company has been unable to trace certain share transfer forms. Further details see, "Risk Factor – Our Company had issued Equity Shares to more than 49 investors in the past and as a matter of abundant caution for better corporate governance, our Company has given an exit offer to the eligible shareholders" on page 46*

$The name of certain allottees are being repeated in the list of allottees, the total number of allottees are 193 for the Fiscal Year 1996-1997.

Except as disclosed in the "*Risk Factor – We are unable to trace some of our historical corporate records. We cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in future in relation to the missing corporate records which may impact our cash flows, financial condition and reputation" on page 28,* our Company is in compliance with the Companies Act, 1956 and Companies Act, 2013, to the extent applicable, with respect to issuance of Equity Shares from the date of incorporation of our Company till the date of filing of this Prospectus.

Note: N.A. refers to Not Available

**The shares our held jointly by the shareholders. The names of the transferor, transferee, and the transfer price per equity share as per the details available from the stock broker's Delivery Instruction Slip (DIS), SH-4 (share transfer from under companies act, 2013), and Form-7B (share transfer from under companies act,1956). Except the transaction with#*

#The DIS/SH-4/Form-7B could not be traced, we have referred to the list of transfers attached to the annual return filed by the company with the Registrar of Companies (ROC), along with the Demat transaction statements, to identify the transferor and transferee names and their Client-IDs. However, due to the unavailability of transfer price information in annual return/ Demat transaction statements, the transfer price for these transactions could not be determined and has therefore been reported as NIL.

$ The name of the transferor could not be identified as the relevant DIS/SH-4/Form-7B for the said transactions are not available; however, the Client ID has been identified from the demat transaction statement.

** Subject to finalisation of the Basis of Allotment.*
#Equity shares were fully paid-up on the date of allotment/acquisition

b) Our Promoters have agreed not to dispose of, sell, transfer, charge, pledge or otherwise encumber in any manner, the Minimum Promoter's Contribution from the date of filing of this Prospectus, until the expiry of the lock-in period specified above, or for such other time as required under SEBI ICDR Regulations, except as may be permitted, in accordance with the SEBI ICDR Regulations.

c) Our Company undertakes that the Equity Shares that are being locked-in are not and will not be, ineligible for computation of Minimum Promoters' contribution in terms of regulation 15 of the SEBI ICDR Regulations. In this connection, we confirm the following:

i. The Equity Shares offered for Minimum Promoters' Contribution do not include Equity Shares acquired during the three years immediately preceding the date of filing of this Prospectus (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets involved in such transactions; or (b) which have resulted from bonus issue by utilisation of revaluation reserves or unrealised profits of our Company or from bonus issue against Equity Shares which are otherwise ineligible for computation of Minimum Promoters' Contribution;

ii. The Minimum Promoters' Contribution does not include any Equity Shares acquired during the one year immediately preceding the date of filing of this Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;

iii. Our Company has not been formed by conversion of one or more partnership firms or limited liability partnership firm and there is no change in management;

iv. The Equity Shares forming part of the Minimum Promoters' Contribution are not pledged or are not subject to any other encumbrance.

v. All the Equity Shares held by the members of our Promoters, Promoter Group, Directors, KMP and SMP are in dematerialised form.

Other requirements in respect of lock-in

i. In addition to the Minimum Promoters' Contribution and the Promoters' Six months Lock-in as specified above, the entire pre-Issue Equity Share capital of our Company will be locked in for a period of six months from the date of Allotment pursuant to Regulation 17 of the SEBI ICDR Regulations, except for (i) the Equity Shares Allotted pursuant to the Issue; and (ii) the Equity Shares held by VCFs, Category I or II AIFs or FVCIs, subject to certain conditions set out in Regulation 17 of the SEBI ICDR Regulations, provided that such Equity Shares will be locked-in for a period of at least 6 (six) months from the date of purchase by the VCF or Category I or II AIF or FVCI.

ii. In the event where lock-in of such pre-issue Equity Share capital of our Company cannot be created, the relevant Depositories, upon instructions from our Company, shall record such Equity Shares as 'non-transferable' for such duration of six months from the date of Allotment in the Issue.

iii. As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares being locked-in shall be recorded by the relevant Depository.

iv. Pursuant to regulation 21 of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoters (as mentioned above) may be pledged as a collateral security for a loan granted by a scheduled commercial bank or a public financial institution or a systemically important non-banking finance company or a housing finance company, subject to the following:

a) If the Equity Shares are locked-in in terms of sub-regulation (a) of Regulation 16(1) of the SEBI ICDR Regulations, the loan has been granted for the purpose of financing one or more of the objects of the Issue and the pledge of Equity Shares is one of the terms of sanction of the loan;
b) If the Equity Shares are locked-in in terms of sub-regulation (b) of Regulation 16(1) of the SEBI ICDR Regulations and the pledge of Equity Shares is one of the terms of sanction of the loan.

However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer the Equity Shares till the relevant lock-in period has expired in terms of the SEBI ICDR Regulations.

v. Pursuant to regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters and locked-in, may be transferred to another Promoter or any person of our Promoter Group or to a new promoter or person in

control of the Issuer, subject to continuation of lock-in in the hands of transferees for the remaining period and compliance of SEBI Takeover Regulations, as applicable.

vi. Further, in terms of regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by persons other than our Promoters prior to the Issue and locked-in for a period of six (6) months, may be transferred to any other person holding Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to continuation of the lock-in in the hands of the transferee for the remaining period and compliance with the SEBI Takeover Regulations, as applicable.

vii. Any Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in the following manner: there shall be a lock-in of 90 days on 50% of the Equity Shares Allotted to each of the Anchor Investors from the date of Allotment, and a lock-in of 30 days on the remaining 50% of the Equity Shares Allotted to each of the Anchor Investors from the date of Allotment.

	Net Proceeds	**7,855.57**	**87.12%**

The amount utilised for general corporate purposes shall does not exceed 25% of the Gross Proceeds.

Proposed schedule of implementation and deployment of Net Proceeds

The following table sets forth the details of the schedule of the expected deployment of the Net Proceeds:

(In ₹ lakhs)

Sr. No.	Particulars	Amount to be funded from the Net Proceeds	Estimated deployment (in Fiscal 2027)
1.	Funding working capital requirements of our Company	6,000.00	6,000.00
2.	General corporate purposes [(1)]	1,855.57	1,855.57
	Net Proceeds	**7,855.57**	**7,855.57**

(1) The amount utilised for general corporate purposes does not exceed 25% of the Gross Proceeds.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our Company's current business plan, management estimates, prevailing market conditions and other commercial and technical factors. However, such fund requirements and deployment of funds have not been appraised by any bank, or financial institution. See "*Risk Factor - Objects of the Issue for which the funds are being raised have not been appraised by any bank or financial institutions. Any variation in the utilization of our*

Net Proceeds as disclosed in this Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval" on page 53. Our Company may have to revise its funding requirements and deployment on account of a variety of factors such as financial and market conditions, macro- economic factors, change in government policy, changes in business and strategy, competition, and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which may not be within the control of our Company's management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our Company's management, subject shareholder's approval and in adherence with the Companies Act, 2013 and SEBI (ICDR) regulation, 2018.

If the estimated utilisation of the Net Proceeds in a scheduled fiscal year is not completely met, such unutilised amounts shall be utilised (in part or full) in the next fiscal year, as may be determined by our Company, in accordance with applicable laws. We may, however, utilize the proceeds prior to the specific periods mentioned in the schedule of deployment, in accordance with the requirements of our Company. Subject to applicable laws, in the event of any increase in the actual utilization of funds earmarked for the purposes set forth above, such additional funds for a particular activity will be met by way of funding means available to us, including from internal accruals and any additional equity and/or debt arrangements. Further, if the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used towards general corporate purposes, provided that the total amount to be utilised towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with Regulation 7(2) of the SEBI ICDR Regulations.

Any amounts that, will be utilised towards capital expenditure related items as part of either general corporate purposes and/ or unidentified inorganic acquisitions, such amount(s) shall not exceed 25% of the Gross Proceeds.

Means of finance

Our Company proposes to fund the requirements of the entire Objects of the Issue from the Net Proceeds, borrowings and internal accruals. The Net Proceeds will not be utilised for financing a particular Project, accordingly, there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue and existing identifiable internal accruals, as required under Regulation 7(1)(e) of the SEBI ICDR Regulations.

Details of objects of the Issue

Our Board at its meeting held on September 22, 2026, approved the proposed Objects and the respective amounts proposed to be utilized from the Net Proceeds for each Object.

1. Funding working capital requirements of our Company

We are an established full-service brokerage house in India with over 30 years of experience. We provide broking services, margin trading facility and distribution of financial products to a diverse set of clients across retail and high net worth individuals. Our investment offerings span across a wide array of asset classes like equity, derivatives, commodities, and currency markets. Our Company funds a majority of its working capital requirements in the ordinary course of business from banks, financial institutions and internal accruals. As on July 31, 2026, our Company had sanctioned working capital facilities on standalone basis aggregating to ₹ 24,050.13 lakhs comprising ₹ 11,500 lakhs of fund-based limits, ₹ 11,500 lakhs of non-fund based limits and ₹ 1,050.13 lakhs of unsecured borrowings. For further details, see '*Financial Indebtedness*' on page 604.

We propose to utilise ₹ 6,000.00 lakhs from the Net Proceeds to fund the working capital requirements of our Company in Fiscal 2027. The Board pursuant to their resolution dated September 22, 2026 has approved the business plan and financial projections for Fiscal 2027 and the estimated working capital requirements and funding pattern for Fiscal 2027. Rationale for Working Capital Requirement from IPO Proceeds:

Our Company is an established full-service brokerage house providing a wide range of financial and investment services including equity and derivatives broking, MTF, and distribution of financial products. As part of our growth strategy, we intend to scale our operations and enhance client servicing capabilities, which necessitates higher levels of working capital to support increased transaction volumes and client exposures, particularly under our Margin Trading Facility (MTF) book. Given the capital-intensive nature of the broking business and the need to maintain adequate liquidity to meet regulatory and client obligations, we propose to utilise ₹6,000.00 lakhs from the Net Proceeds of the issue to fund our working capital requirements in Fiscal 2027. The infusion of IPO

proceeds will enable us to improve operational flexibility, and support business expansion while maintaining a strong liquidity profile.

Our Company's working capital requirements are primarily utilised towards (a) margin trading facility (MTF) (b) our trade receivables; and (c) other balances with banks. These are funds that are required for our day-to-day operations and are critical for revenue generation, and consequently, are classified as working capital. These terms are further elaborated below:

(a) Margin trading facility (MTF):

In terms of the applicable SEBI regulatory framework, brokers are permitted to provide margin trade facility to their clients in the cash segment. Our margin trading facility book in the year ended March 31, 2026, was ₹ 2,096.26 lakhs. Further, interest income on margin trading facility for Fiscal 2026, was ₹ 222.58 lakhs. Investors can invest their core capital in long-term investments while using MTF leverage for trading. Our company anticipates a significant increase in estimated working capital requirements for Fiscal 2027 primarily to fund the expansion of our Margin Trading Facility (MTF) book. For Fiscal 2027 we have estimated Margin trading facility as 0.77x of cash ADTO respectively.

Further, in terms of the applicable SEBI framework, our Company's total MTF cannot exceed its borrowed funds and 50% of its net worth (such net worth to be calculated in the manner prescribed by SEBI, being the 'Eligible Net worth'). The proceeds from the IPO are expected to augment our Eligible Net Worth, thereby enhancing the permissible MTF limits. Set out in the table below are details of our Company's Eligible Net worth and MTF for the period indicated:

(₹ in lakhs)

Date	MTF Book	Eligible Net worth[(1) (2)]	50% of Eligible Net worth	% of MTF Book funded out of 50% of Eligible Net worth
	(A)	(B)	(C)= 50% OF (B)	(D)= (A /C)*100
30.09.2023	-	4,497.07	2,248.54	-
31.03.2024	-	5,141.99	2,571.00	-
30.09.2024	925.09	6,124.74	3,062.37	30.21%
31.03.2025	964.22	6,827.46	3,413.73	28.25%
30.09.2025	1,233.03	3,781.38	1,890.69	65.22%
31.03.2026	2,096.26	4,060.94	2,030.47	103.24% [(3)]

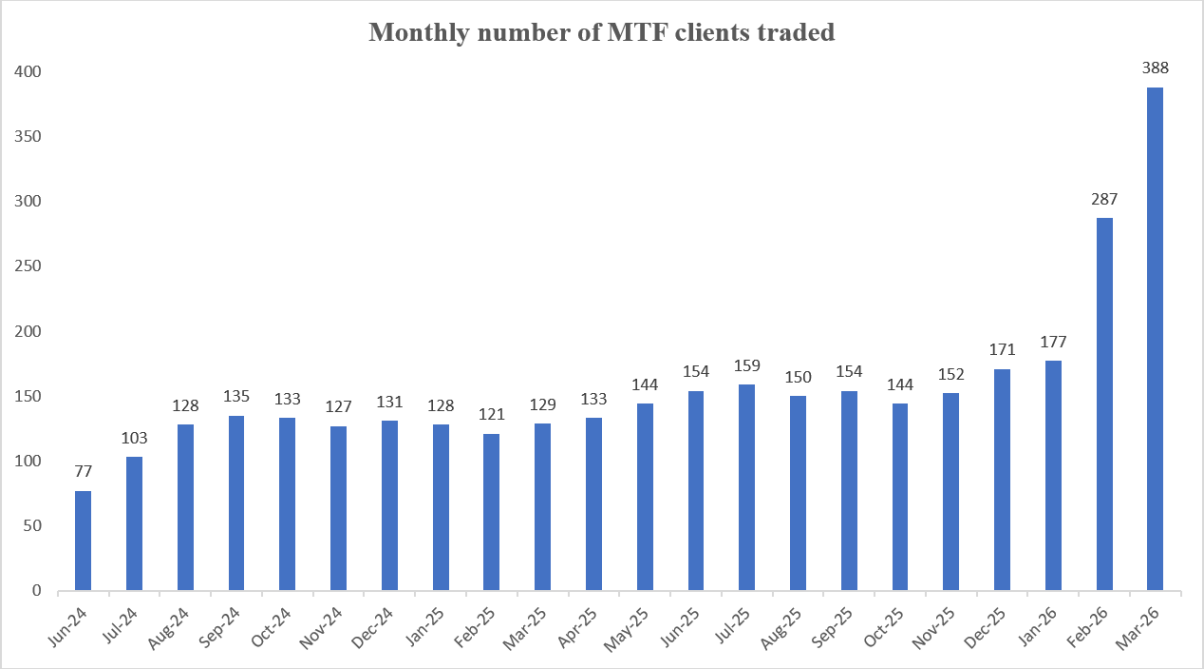

(1) As certified by the Statutory Auditor of the Company
(2) The basis for calculating the eligible Net Worth was revised with effect from September 2025, by excluding pledged securities from the eligible Net Worth. Consequently, the eligible Net Worth from September 2025 onwards was lower compared to the preceding period.
(3) Corrective measures were subsequently taken to ensure that the MTF book remained within the eligible limit.

In the above table column (A) is an amount of MTF book utilised, column (C) is a permissible limit for MTF and column (D) is a MTF book utilised as a percentage of total permissible limit.

Although the Company remains well within the permissible limits for extending Margin Trading Facility (MTF) as prescribed under the applicable SEBI regulatory framework, the actual size of the MTF book has been constrained by limited availability of deployable funds. While the Eligible Net Worth provides sufficient headroom to support a larger MTF book, the Company has not been able to fully utilize this capacity due to insufficiency of funding resources.

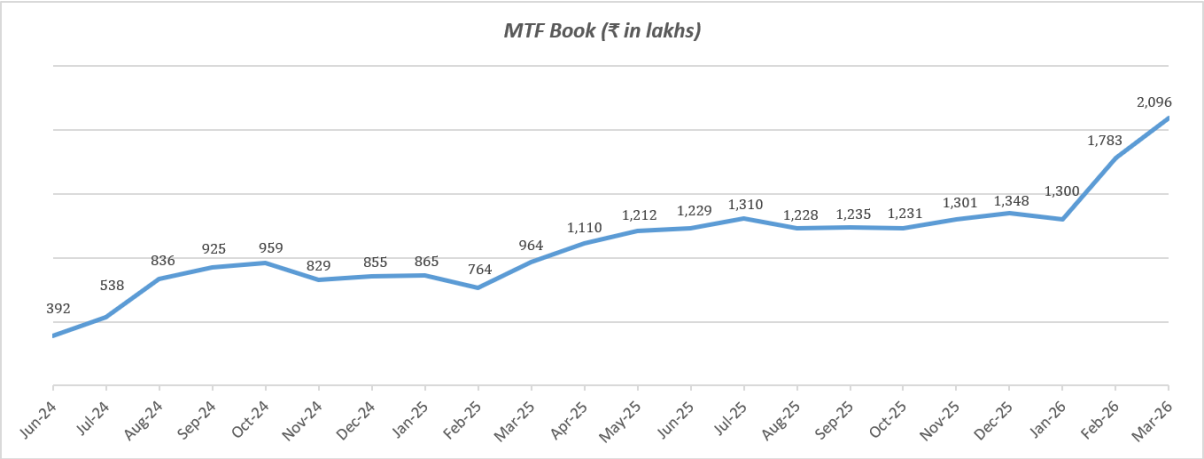

As a result, the Company has been unable to cater to the full extent of client demand for MTF and has adopted a prudent approach in deploying available capital towards such facilities. The proposed IPO is expected to strengthen the Company's capital base and liquidity position, which in turn would enable it to expand its MTF book.

Set forth below is a graphical representation of the monthly breakup of the number of MTF clients traded from June 2024 till March 2026 who are using the MTF facility offered by the Company;

Note: The above number of clients is calculated based on the count of clients who traded during the stated month.

Set forth below is the growth rate of our MTF book for the period from June, 2024 to March 31, 2026:

Note: Above MTF book data is as on the last traded day of the month.

Our MTF policy:

Our company's MTF business policy provides for a base limit for margin trading funding of ₹ 15.00 lakhs per client and ₹ 7.00 lakhs on a script wise which may be provided based on the client's available collateral, subject to a maximum overall enhanced limit of ₹200.00 lakh per client per script or 10% of 50% of eligible Networth per client per script whichever is higher.

MTF Book:

The historical MTF book of our Company from June 2024 to August 2026, along with the number of active clients who undertook trades under the MTF facility during the relevant month, is set out below:

Aug-2026	746	5,419.50

** Active MTF Clients for the Month refers to the number of clients who have undertaken at least one trade under the MTF facility during the given month.*

The number of active clients under the MTF facility increased from 388 in March 2026 to 746 in August 2026, representing an increase of 92.27%. During the same period, our MTF book increased from ₹2,096.26 lakhs to ₹5,419.50 lakhs, representing an increase of 158.53%. This growth reflects the increasing utilisation of our MTF facility by our clients and the increased deployment of funds towards our MTF business.

In August 2026, the 746 active MTF clients represented 1.95% of the total active clients of 38,189 in our broking segment. In March 2026, the 388 active MTF clients represented 1.02% of the total active clients of 38,189 in our broking segment. We believe that the increasing adoption of MTF by our clients provides us with an opportunity to further expand our MTF book, subject to applicable regulatory requirements and the availability of adequate deployable funds.

b) Trade receivables: The trade receivables of our Company are primarily the amount due towards the positions taken by the clients in the cash segment. Trade Receivables are cleared off based on the receipt of Funds from the clients. The Company's trade receivables increased from ₹ 752.91 lakhs as on March 31, 2024 to ₹ 2,687.64 lakhs as on March 31, 2026. For Fiscal 2027 we have estimated trade receivables as 0.26x of cash ADTO, reflecting a marginal decrease from the Fiscal 2026 level of 0.31x of cash ADTO.

c) Other balances with banks: In terms of the requirement as per SEBI's circular bearing reference number SEBI/HO/MRD2_DCAP/CIR/2021/0598 dated July 20, 2021 read with SEBI's Master Circular for Stock Brokers bearing reference number SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2024/110 dated August 9, 2024 "*CMs are required to maintain at least 50% of the total collateral in the form of cash or cash equivalents. At individual client level, a client may have allocation of cash equivalent, less than the value of non-cash collateral provided by the client. In other words, the minimum 50% cash equivalent collateral requirement may not be applied at the client level. For the purpose of monitoring of at least 50% cash equivalent collateral at the level of CM, the excess cash-equivalent collateral of a client shall not be considered for other client or for proprietary account of TM/CM. However, the excess cash-equivalent collateral of proprietary account of TM/CM can be considered for clients trading/clearing through them, for the purpose of monitoring minimum 50% cash-equivalent requirement*", clients are required to maintain a 50% cash margin (where there is sufficient non-cash collateral). Where the clients do not maintain such margin, the funds of the broker i.e. our Company's funds are blocked to such extent / lien is created on such amounts, and in such an event, the Company issues bank guarantees (with Company's fixed deposits as underlying for such bank guarantees) in favor of stock exchanges/clearing corporations. For Fiscal 2027 we have estimated other balances with banks as 30.21% of total ADTO, reflecting alignment with historical trends.

The table below contains the details of the holding levels (in times or percentage of cash ADTO/ Total ADTO as applicable) considered and is derived from the restated standalone financial statement of the Company for Fiscal 2024, Fiscal 2025 and Fiscal 2026, and the projected holding period for Fiscal 2027, and the assumptions based on which the working capital requirements have been calculated:

Our Company proposes to utilize ₹ 6,000.00 lakhs out of the Net Proceeds upto Fiscal 2027 towards our working capital requirements. The balance portion of our Company's working capital requirement will be arranged from existing equity, internal accruals and existing borrowings from banks.

2. General corporate purposes

We propose to utilise up to ₹ 1,855.57 lakhs of the Net Proceeds for general corporate purposes and business requirements of our Company as approved by the Board, from time to time, subject to such utilisation for general corporate purposes not exceeding 25% of the Gross Proceeds, in compliance with the SEBI ICDR Regulations.

The general corporate purposes for which our Company proposes to utilise the Net Proceeds include, without limitation, meeting ongoing general corporate contingencies, meeting our business requirements, funding growth opportunities, including funding strategic initiatives domestically and internationally, capital expenditure, investment in subsidiaries and any other purpose, as may be approved by our Board or a duly constituted committee thereof from time to time, subject to compliance with applicable law, including provisions of the Companies Act. Further, none of the Issue proceeds earmarked for General Corporate Purpose will be utilised for acquisition or investment in Virtual Digital Assets as defined under Section 2(47A) of the Income Tax, 1961 (the "**Act**"), excluding any digital asset which the Central Government may exclude from the definition of "Virtual Digital Assets" under the Act, by notification in the Official Gazette of India. In the event our Company is unable to utilise the Net Proceeds towards any of the Objects of the Issue for any of the reasons as aforementioned, our Company may utilise such Net Proceeds towards general corporate purposes, provided that the aggregate amount deployed towards general corporate purposes shall not exceed 25% of the Gross Proceeds.

The quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based on the amount available under this head and the business requirements of our Company, from time to time. Our Company's management shall have flexibility in utilising surplus amounts, if any. In the event that we are unable to utilise the entire amount that we have currently estimated for use out of Net Proceeds in a Fiscal, we will utilise such unutilised amount(s) in the subsequent Fiscals.

Interim use of the Net Proceeds

Our Company, in accordance with the applicable law, policies established by our Board from time to time and in order to attain the Objects set out above, will have flexibility to deploy the Net Proceeds. Pending utilisation of the Net Proceeds for the purposes described in this section, our Company may temporarily invest the Net Proceeds in deposits in one or more scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as may be approved by our Board and no lien will be created directly or indirectly on IPO funds pending utilization except required in normal course of business for our proposed object of the issue. In accordance with Section 27 of the Companies Act, our Company confirms that, other than as specified in this section for the purposes of the Objects, it shall not use the Net Proceeds for buying, trading or otherwise dealing in equity securities or any equity linked securities.

Appraising entity

None of the Objects for which the Net Proceeds will be utilised have been appraised by any agency.

Bridge financing facilities

Our Company has not raised any bridge loans from any bank or financial institution as of the date of this Prospectus, which are proposed to be repaid from the Net Proceeds.

Monitoring of Utilization of Funds, Period, Amount, and Variation in Objects in Terms of Period and Amount

Since the Fresh Issue size does not exceed ₹ 10,000.00 Lakhs, our Company is not required to appoint a credit rating agency as the monitoring agency to monitor utilisation of the Gross Proceeds, in accordance with Regulation 41 of the SEBI ICDR Regulation.

Pursuant to the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Gross Proceeds. The Audit Committee will make recommendations to our Board for further action, if appropriate. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Gross Proceeds remain unutilised. Such disclosure shall be made only until such time that all the Gross Proceeds have been utilised in full. The statement shall be certified by the statutory auditor of our Company. Further, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the proceeds of the Fresh Issue from the Objects of the Fresh Issue as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Fresh Issue from the Objects of the Fresh Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our director's report, after placing the same before the Audit Committee.

Variation in Objects

In accordance with Sections 13(8) and 27 of the Companies Act, and Regulation 59 and Schedule XX of the SEBI ICDR Regulations, any deviation in the Objects of the Issue and its schedule of implementation will require our Company to obtain the approval of the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (Postal Ballot Notice) shall specify the prescribed details and be published in accordance with the Companies Act. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in Gujarati, the vernacular language of the jurisdiction where our Registered Office is situated. Pursuant to the Companies Act, our Promoters will be required to provide an exit opportunity to the Shareholders who do not agree to such material deviation of the Objects, subject to the provisions of the Companies Act and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with the Companies Act and provisions of Schedule XX of the SEBI ICDR Regulations.

Other confirmations

No part of the Net Proceeds will be utilized by our Company as consideration to our Promoters, members of our Promoter Group, our directors, our group companies or Key Managerial Personnel, Senior Management or Group Companies. Our Company has not entered into or is not planning to enter into any arrangement/ agreements with our Directors, our Promoters, the members of our Promoter Group, the Key Managerial Personnel or Senior Management in relation to the utilization of the Net Proceeds of the Issue. Further, except in the ordinary course of business, there is no existing or anticipated interest of such individuals and entities in the Objects of the Fresh Issue as set out above.

BASIS OF ISSUE PRICE

The Price Band, Floor Price and Issue Price was determined by our Company in consultation with the Book Running Lead Manager, on the basis of assessment of market demand for the Equity Shares issue through the Book Building Process and on the basis of the qualitative and quantitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Floor Price is 15.9 times the face value of Equity Shares and Cap Price is 16.7 times the face value of Equity Shares.

Investors should also refer to the sections "*Risk Factors*", "*Our Business*", "*Financial Information*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" beginning on pages 17, 435, 508 and 568 respectively, to have an informed view before making an investment decision.

Qualitative Factors

We believe that some of the qualitative factors and our strengths which form the basis for computing the Issue Price are as follows:

1. Sizeable clientele across Gujarat
2. Strong track record of financial performance and operating efficiency
3. Leveraging technology to enhance client satisfaction
4. Integrated brokerage model with long term client relationships
5. Experienced Promoters and Management Team

For further details, please see "*Our Business – Our Strengths*" on page 439

Certain information presented in this section relating to our Company is based on and derived from the Restated Consolidated Financial Information. For details, see "*Financial Information*" beginning on page 508

Some of the quantitative factors, which may form the basis for computing the Issue Price, are as follows:

8. Description on the historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company.

In evaluating our business, we consider and use certain KPIs, as stated above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Statements. We use these KPIs to evaluate our financial and operating performance. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with Ind AS. Bidders were encouraged to review the Ind AS financial measures and to not rely on any single financial or operational metric to evaluate our business.

Comparison of KPIs based on additions or dispositions to our business

Our Company has not undertaken a material acquisition or disposition of assets / business for the periods that are covered by the KPIs and accordingly, no comparison of KPIs over time based on additions or dispositions to the business, have been provided.

10. Weighted Average Cost of Acquisition

a. The price per share of our Company based on primary issuances of Equity Shares or convertible securities (excluding Equity Shares issued under employee stock option schemes and issuance of Equity Shares pursuant to a bonus issue) during the 18 months preceding the date of this Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Issue capital before such transaction(s) and excluding employee stock options granted but not vested) in a single transaction or multiple transactions combined together over a span of rolling 30 days ("Primary Issuances")

There has been no issuance of Equity Shares or convertible securities during the 18 months preceding the date of this Prospectus where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Issue capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

b. The price per share of our Company (as adjusted for corporate actions, including bonus issuances) based on secondary sale or acquisition of equity shares or convertible securities (excluding gifts) involving any of the Promoters, members of the Promoter Group or other Shareholders of our Company with rights to nominate directors during the 18 months preceding the date of filing of the this Prospectus, where the acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Issue capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days ("Secondary Transactions")

There have been no secondary sale/transfers or acquisition of any Equity Shares or convertible securities (excluding gifts) , where the Promoters, members of the Promoter Group or shareholders having the right to nominate Directors to the Board of our Company are a party to the transactions, during the 18 months preceding the date of this Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid up share capital of our Company (calculated based on the pre-Issue capital before such transaction(s)), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

Since there are no such transactions to report under (a) and (b), the following are the details, based on the last five primary or secondary transactions (secondary transactions where Promoters, members of the Promoter Group, or Shareholder(s) having the right to nominate Director(s) on our Board are a party to the transaction), not older than three years prior to the date of this Prospectus, irrespective of the size of transactions.

Other than as disclosed below, there have been no primary or secondary transactions (secondary transactions where Promoters, members of the Promoter Group, or Shareholder(s) having the right to nominate Director(s) on our Board are a party to the transaction), not older than three years prior to the date of this Prospectus.

Sr no	Date of Transaction	Name of transferor	Name of transferee	No. of Equity Shares transferred	Face Value per Equity Shares (Rs.)	Transaction Price per Equity Shares*	Total Consideration

5.	July 24, 2024	Purnima Upendra Shah	Utpal Praful Shah	75,000	10	Nil	Nil

Note:

1. *Inter-promoter share transfers were effected at nil consideration, resulting in changes to individual promoter holdings. Notwithstanding these changes, the aggregate weighted-average cost of the transfers remains nil. The said Inter-promoter transfers have not been included among the last five transactions, as the aggregate number of shares transferred pursuant thereto is nil*
2. *All other transfers, excluding those among promoters, were effected as gifts in past 3 years and were also made without any consideration.*

c. Based on the above transactions, below are the details of the weighted average cost of acquisition, as compared to the Floor Price and the Cap Price:

Past Transactions	Weighted average cost of acquisition (in ₹)	Floor Price (i.e., ₹ 159)	Cap Price (i.e., ₹ 167)
WACA of Primary Transactions	N.A.	N.A.	N.A.
WACA of Secondary Transactions	N.A.	N.A.	N.A.
WACA based on the last five primary or secondary transactions**	NIL	NIL	NIL

*** Inter-promoter share transfers were effected at nil consideration, resulting in changes to individual promoter holdings. Notwithstanding these changes, the aggregate weighted-average cost of the transfers remains nil.*

11. Detailed explanation for Floor Price/Cap Price along with our Company's KPIs and financial ratios for the periods presented in the Restated Consolidated Financial Information and in view of the external factors which may have influenced the pricing of the issue, if any

- We have witnessed a notable growth in our customers with an addition of 4,865, 4,552, and 3,658 customers, in fiscal 2026, 2025 and 2024, representing 15.30 % of CAGR over the period from fiscal 2024 to fiscal 2026. In Q1FY26, NSE active clients witnessed rise in active clients supported by influx of retail investors with active clients reaching 479 lakhs. (*CARE Report*). We have also experienced an increase our active accounts from 35,535 in March 2024 to 38,189 in March 2026.

- The number of active clients under the MTF facility increased from 388 in March 2026 to 746 in August 2026, representing an increase of 92.27%. During the same period, our MTF book increased from ₹2,096.26 lakhs to ₹5,419.50 lakhs, representing an increase of 158.53%. This growth reflects the increasing utilisation of our MTF facility by our clients and the increased deployment of funds towards our MTF business.

- The broking industry in India is estimated to be valued at ~ Rs 0.52 lakh crore as of FY25 and expected to grow at a CAGR of 16-18% over the next 2-3 years. The increase in financial literacy and reduced cost of investing due to emergence of discount brokers has contributed significantly to this growth. Moreover, these factors are expected to continue leading to healthy growth in the long term (*CARE Report*).

12. The Issue Price is 167 times of the face value of the Equity Shares.

The Issue Price of ₹ 16.7 has been determined by our Company in consultation with the BRLM, on the basis of assessment of demand from investors for Equity Shares through the Book Building Process and, is justified in view of the above qualitative and quantitative parameters.

Investors should read the above-mentioned information along with "*Risk Factors*", "*Our Business*", "Financial Information" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" on pages 17, 435, 508 and 568, respectively, to have a more informed view. The trading price of the Equity Shares could decline due to the factors mentioned in the "*Risk Factors*" on page 17 and you may lose all or part of your investments

Re: Proposed initial public offering of equity shares of face value of ₹ 10.00 each (the "Equity Shares" and such offering, the "Issue") of Shah Investor's Home Limited ("Company")

We, Dhrumil A. Shah & Co, Chartered Accountants, the Independent Chartered Accountant of the Company have been informed by the Company that it proposes to undertake the proposed Issue in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("**ICDR Regulations**") and the Companies Act, 2013, as amended ("**Companies Act**").

We have reviewed the restated financial statements of the Company for the financial years ended March 31, 2026, March 31, 2025 and March 31, 2024 ("**Review Period**") which was audited in accordance with the Companies Act, 2013, as amended and the rules framed thereunder, the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India and restated in accordance with the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the "**Restated Financial Statements**") and the examination report dated September 05, 2026 in respect of the Restated Financial Statements ("**Examination Report**").

Management Responsibility

The preparation of the information relied on for the purpose of this certificate / the preparation of this statement is the responsibility of the Management of the Company. This responsibility also includes maintenance of all accounting & other records supporting its contents; designing, implementing & maintaining adequate internal control relevant to the size & nature of company that were operating effectively for ensuring the accuracy, authenticity & completeness of the accounting records; making estimates that are reasonable in the circumstances and providing data for verification which is free from any kind of misstatements & errors for reliance by the Independent Chartered Accountant.

The Management is also responsible for ensuring, with respect to matters disclosed in the certificate, correct identification of details / information required, true & correct determination of facts and figures and accuracy & authenticity in the content and intent so that the certificate serves the desired purpose to the users.

The management is also responsible for ensuring that the Company complies with the requirements of the Companies Act, 2013 (the "Companies Act"); the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time (the "ICDR Regulations") and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by ICAI, amended from time to time (the "Guidance Note") and other relevant regulations in connection with the proposed Issue.

Our Responsibilities

We have conducted my examination in accordance with the "Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)" and "Guidance Note on Certificates in Company Prospectus (Revised 2019)" ("**Guidance Notes**") issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the Institute of Charted Accountants of India.

We have also complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial information, and Other Assurance and Related Services Engagements.

We further report that the information above is true and correct and is in accordance with the requirements of the Companies Act, 2013 as amended, the SEBI (ICDR) Regulations and other applicable law and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We undertake to immediately communicate, in writing, any changes to the above information / confirmations, as and when: (i) made available to us; or (ii) we become aware of any such changes, to the BRLMs and the Company until the Equity Shares issued by the company pursuant to the issue commence trading on the Stock Exchanges. In the absence of any communication from us the above information should be considered as updated information until the Equity Shares issued pursuant to the Issue, commence trading on the Stock Exchanges.

Conclusion

We hereby report that the enclosed Annexure I prepared by the Company, initiated by us and the Company for identification purpose, states the possible special tax benefits available to the Company and its shareholders, under direct and indirect taxes (together "**the Tax Laws**"), presently in force in India as on the signing date, which are defined in Annexure I. These possible special tax benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company and its shareholders to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company and its shareholders may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure II cover the possible special tax benefits available to the Company and its shareholders but does not cover any general tax benefits available to the Company and its shareholders. Further, the preparation of the enclosed Annexure II and its contents is the responsibility of the management of the Company and is not exhaustive. I was informed that the Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing Tax Laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of equity shares of the Company comprising a fresh issue of the Equity Shares by the Company particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither we are suggesting nor advising the investors to invest money based on this Statement.

Restriction on use

This certificate is for information and for inclusion (in part or full) in the red herring prospectus ("**RHP**") and in this prospectus ("**Prospectus**") which the Company intends to file with the Registrar of Companies, Gujarat at Ahmedabad ("**RoC**") and thereafter file with the SEBI and the Stock Exchanges and in any other document in relation to the Issue (collectively, the "**Issue Documents**") or any other Issue related material, and may be relied upon by the Company, the BRLMs and the Legal counsel to the Issue. We hereby consent to the submission of this certificate as may be necessary to the SEBI, the RoC, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the BRLMs and in accordance with applicable law. We hereby consent to this certificate being disclosed by the Book Running Lead Managers, if required (i) by reason of any law, regulation or order of a court or by any governmental or competent regulatory authority, or (ii) in seeking to establish a defence in connection with, or to avoid, any actual, potential or threatened legal, arbitral or regulatory proceeding or investigation.

We confirm that the information in this certificate is true, accurate, not misleading and without omission of any matter that is likely to mislead and is adequate to enable investors to make a well-informed decision.

This certificate may be relied upon by the Company, the BRLM, and the legal counsel appointed by the Company and the BRLM in relation to the Issue and to assist the BRLM in conducting and documenting their investigation of the affairs of the Company in connection with the Issue. We hereby consent to extracts of, or reference to, this certificate being used in the Issue Documents or any other documents in connection with the Issue. We also consent to the submission of this certificate as may be necessary, to any regulatory authority and/or for the records to be maintained by the BRLM in connection with the Issue and in accordance with applicable law.

Further, we consent to this certificate being uploaded, as may be necessary, as part of the back-up documents to be retained in relation to the Issue on the online document repository platform established by each of the Stock Exchanges, in accordance with SEBI Circular No. SEBI/HO/CFD/CFD-TPD-1/P/CIR/2024/170 dated December 5, 2024, as amended.

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO COMPANY, ITS SHAREHOLDERS AND ITS MATERIAL SUBSIDIARY UNDER THE INCOME TAX ACT, 1961

The statement of possible direct tax benefits enumerated below is as per the provisions of the Income-tax Act, 2025 ("the Act"), read with the Income-tax Rules, 2026, as amended from time to time and applicable for Tax Year 2026-27, presently in force in India.

This statement sets out below the possible tax benefits available to the Company, its material subsidiary and its Shareholders to whom shares may be allotted in terms of proposed Issue under the tax laws presently in force in India. Several of these benefits are dependent on fulfilling various conditions prescribed under the relevant tax laws. Accordingly, the ability of the Company, its material subsidiary and its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which are based on the business imperatives, the Company, its material subsidiary or the shareholders may or may not choose to fulfil.

A. Possible tax benefits available to the Company and its material subsidiary

1) Benefit of lower tax rate under Section 200 of the Income Tax Act, 2025

Pursuant to enactment of Income Tax Act, 2025 w.e.f. April 1, 2026, section 115BAA of earlier Income Tax Act, 1961 has been replaced by Section 200 under Income Tax Act, 2025. Section 200 of the Act provides an option to a domestic company to pay corporate tax at a reduced rate of 22% (plus applicable surcharge of 10% and health & education cess of 4% on tax and surcharge). In case the Company opts for concessional income tax rate as prescribed under section 200 of the Act, it will no longer be eligible to avail following exemptions / incentives under the Act and will also need to comply with the other conditions specified in Section 200.

a) (i) Section 45(2) (expenditure on scientific research) or 47(1)(b) (expenditure on skill development project) of the Act; or
(ii) Chapter VIII other than provisions of section 146 (deduction in respect of additional employee cost) or 148 (deduction in respect of certain inter-corporate dividends) of the Act; or
(iii) Sections specified in section 205(1)(a) to (g) as below -
- Section 33(8) (additional depreciation);
- Section 45(3)(a) or (b) or (c) (expenditure on scientific research);
- Section 46 (capital expenditure of specified business);
- Section 47(1)(*a*) (expenditure on agricultural extension project);
- Section 48 (deduction for deposits in tea development account, coffee development account and rubber development account) and Section 49 (deduction for deposit to special account or site restoration fund); and
- Section 144 (deduction for units in Special Economic Zone).

b) without set off of any loss carried forward or depreciation from any earlier tax year, if such loss or depreciation is attributable to any of the deductions referred to in clause (a);

c) without set off of any loss or allowance for unabsorbed depreciation deemed so under section 116, if such loss or depreciation is attributable to any of the deductions referred to in clause (a).

The provisions of section 206 with respect to Minimum Alternate Tax ("**MAT**") are not applicable where the Company opts for the concessional income tax rate as prescribed under section 200 of the Act. Further, the Company will not be entitled to claim tax credit relating to MAT u/s 206 of the Act. As per the provisions of the Act, once such option has been exercised for any previous year, it cannot be subsequently withdrawn for the same or any other previous year.

Note: The Company exercised the option under Section 115BAA of the Income-tax Act, 1961 and filed the prescribed declaration in Form 10-IC within the stipulated due date. Accordingly, the Company has been subject to taxation under the concessional tax regime prescribed under Section 115BAA of the Income-tax Act, 1961 up to AY 2026-27. Pursuant to the enactment of the Income-tax Act, 2025 with effect from April 1, 2026, the corresponding concessional tax regime is contained in Section 200 of the Income-tax Act, 2025 and, accordingly, from Tax Year 2026-27 onwards, the Company shall continue to be governed by and pay income-tax under the concessional tax regime prescribed under Section 200 of the Income-tax Act, 2025, subject to compliance with the conditions specified therein.

2) Section 148 – Deduction on inter – corporate dividends:

Section 148 provides for deduction from gross total income of a domestic company, of an amount equal to dividends received by such company from another domestic company or a foreign company or a business trust as does not exceed the amount of dividend distributed by it on or before one month prior to the date of filing its tax return as prescribed under Section 236(1) of the Act.

Where the Company receives any such dividend during a tax year and also, distributes dividend to its shareholders before the aforesaid date, as may be relevant to the said tax year, it shall be entitled to the deduction under Section 148 of the Act.

B. Possible tax benefits available to the Shareholders

1) Resident shareholder

Tax on dividend income

- Dividend income earned by the shareholders shall be taxable in their hands at the rates applicable to such shareholders in accordance with the provisions of the Income-tax Act, 2025 ("the Act").
- In the case of domestic corporate shareholders, deduction under Section 148 of the Act (deduction in respect of certain inter-corporate dividends) may be available, subject to fulfilment of the prescribed conditions.
- With effect from April 1, 2026, consideration received by shareholders on buy-back of shares shall be taxable as capital gains in accordance with the provisions of the Income-tax Act, 2025. The cost of acquisition of the shares shall be allowed as a deduction while computing the capital gains or loss arising from the buy-back transaction. Any resultant capital loss shall be eligible for carry forward and set-off in accordance with the provisions of the Act.
- The Company shall withhold tax on dividend distributed to resident shareholders at the rate of **10%** or such other rate as may be prescribed under the Act.Tax on Long-term capital gains.

Buy back tax on capital gains earned by shareholders

The Finance bill 2026 proposes that the consideration received by a shareholder on the buy-back of shares will now be chargeable to tax under the head 'Capital Gains' instead of being treated as 'deemed dividend income'.

Thus, effectively, the taxation on buyback for non-promoter shareholders has been reduced to 12.5% for long-term capital gains (on listed and unlisted shares) and 20% for short-term capital gains on listed shares. Earlier, the entire buyback amount was taxable as deemed dividend income as per normal tax rates applicable to the shareholders.

However, for promoters, an 'additional income tax' shall be applicable on the capital gains arising from proceeds received from buy-back of shares undertaken in accordance with Section 68 of the Companies Act, 2013 as follows:

Sr. No.	Nature of income	Additional income tax rate where promoter is a domestic company	Additional income tax rate for any other promoter
1.	Short-Term Capital Gains u/s 196 arising from the transfer of such securities	2%	10%
2.	Long-Term Capital Gains u/s 197 or 198 arising from the transfer of such securities	9.5%	17.5%

** Definition of Promoter - In the case of a listed company, 'promoter' is defined by reference to the Regulation 2(k) of the Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018. In the case of an unlisted company, a promoter is defined as per Section 2(69) of Companies Act 2013 or a person who holds, directly or indirectly, more than 10% of the shareholding in the company.*

We understand that the Company has not bought back its shares in the current tax year and hence, the provisions relating to buy back tax shall not be relevant for the shareholders of the Company in the current tax year.

2) Non-Resident shareholder

In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to any benefits available under the applicable double taxation avoidance agreement, if any, between India and the country in which the non-resident has fiscal domicile and also subject to non-resident having necessary documentation as required under the IT Act.

Notes:

1. This statement sets out below the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences/implications of the subscription, ownership and disposal of equity shares pursuant to the proposed Issue. This statement is only intended to provide general information to the shareholders and is neither exhaustive or comprehensive nor designed or intended to be a substitute for professional/legal tax advice. In view of the individual nature of tax consequences and the changing tax laws, each shareholder is advised to consult their own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
2. In respect of non-residents, the tax rates and the consequent taxation, mentioned in this section shall be further subject to any benefits available under the Double Taxation Avoidance Agreement (DTAA), if any, read with the relevant Multi-Lateral Instrument (MLI) between India and the country in which the non-resident is resident for tax purposes.
3. The above Statement covers possible tax benefits under the Act, read with the relevant rules, circulars and notifications and does not cover any benefit under any other law in force in India. This Statement also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company.
4. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. The Company's views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. The Company do not assume responsibility to update the views consequent to such changes. The above views are basis the provisions of law, their interpretation and applicability as on date, which may be subject to change from time to time.

ANNEXURE II

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO COMPANY, ITS MATERIAL SUBSIDIARY AND ITS SHAREHOLDERS UNDER THE INDIRECT DIRECT TAX LAWS

Outlined below are the possible tax benefits available to the Company, its material subsidiary and its shareholders under the Indirect tax laws in force in India. This statement is as per the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, the Customs Act, 1962 and the Customs Tariff Act, 1975, as amended by Finance Act 2025 including the relevant rules, notifications and circulars issued there under applicable for the Financial Year 2025-26 and Foreign Trade Policy, 2023 presently in force in India.

There is no Special Tax Benefits available to the company, its material subsidiary and its Shareholders.

SECTION IV – ABOUT THE COMPANY

INDUSTRY OVERVIEW

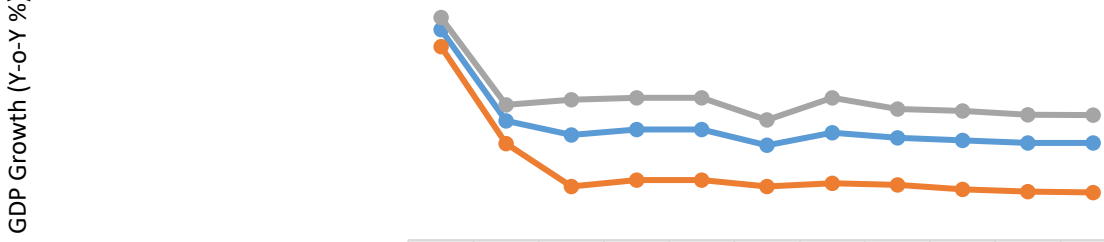

1. Economic Outlook

1.1 Trends in Global Economy

Global economic growth expected to sustain at ~3% in near term

Global economic growth is projected to moderate to around 3.0% in 2026, reflecting the impact of geopolitical tensions in energy and trade flows. The ongoing Middle East conflict poses downside risks with prolonged disruptions, potentially reducing growth further to 2.5%, or lower. However, supportive factors such as continued investment momentum and policy support are helping offset some of these pressures.

1.3 Indian Economic Outlook

Resilience to External Shocks remains Critical for Near-Term Outlook

The Indian economy continues to show rapid growth. As per provisional estimates, GDP in FY26 is expected to have grown by 7.7%, supported by strong domestic consumption, investment, manufacturing and services activity. The economy showed resilience while the global economic environment remains challenging due to geopolitical tensions, trade-policy uncertainty and financial vulnerabilities.

For FY25, first revised estimates show a growth of 7.1% (Rs 299.9 trillion), led by robust performance in manufacturing, construction and financial services. Consumer spending rose by 7.7%, and government spending increased by 5.5%, both contributing to the overall growth. In FY23, the real GDP stood at Rs 261.2 trillion and registered Y-o-Y growth of 7.2% in FY24 (Rs 280.0 trillion).

1.4 Macroeconomic outlook (August 2026)

GDP Growth Outlook

FY27 GDP Outlook: The Reserve Bank of India (RBI) projects real GDP growth at 6.7% for 2026–27, supported by sustained momentum in the services sector, strong reservoir levels aiding the agricultural sector, and private consumption expected to remain uplifted by discretionary spending.

However, elevated energy and other commodity prices, cost pressures, as well as the travel disruptions in the Strait of Hormuz are likely to affect growth this year. However, the government is working towards minimising the impact of the supply chain disruptions towards critical sectors to ensure limited interruptions.

1.5 Key structural reforms: long term positives for the Indian economy

- **Foreign Direct Investment (FDI)**

FDI is a critical non-debt financial resource for India's economic growth, contributing long-term capital and technological expertise. Post-liberalization, FDI inflows have risen consistently, positioning India among the top global recipients with cumulative inflows surpassing USD 1.14 trillion by December 2025. As of March'26, India's forex reserves stood at USD 691.1 billion, contributing to more than 90% of its external debt of USD 762.8 billion (as at Mar-26). The non-conventional energy sector, which includes renewable energy, attracted USD24.9 billion in cumulative FDI between April 2000 and March 2026, reflecting continued foreign investor interest in India's clean energy transition.

- **Make in India**

Launched in 2014, the Make in India initiative aimed to transform India into a global manufacturing hub. The country emerged as the world's second-largest mobile phone manufacturer, with domestic production rising from 26% in FY15 to 99.2% by Mar'25 (from Rs 4.2 lakh crore in FY24 to Rs 5.5 lakh crore in FY25), and the number of units increasing from 2 to over 300 units. The initiative has also supported the expansion of defence manufacturing, with indigenous defence production reaching a record Rs 1.78 lakh crore in FY26, up 15.6% YoY. Defence exports increased to a record Rs 38,424 crore in FY26, with Indian defence products now exported to over 80 countries, reflecting growing domestic capabilities and global competitiveness.

- **Privatization**

India's privatization and asset monetization strategies have significantly enhanced operational efficiency, attracted private sector capital, and generated funds for infrastructure. The 2021 policy shift towards privatizing PSEs in non-core sectors was a structural move aimed at reducing government footprint while strengthening strategic sectors. Proceeds from disinvestment have supported various public welfare and infrastructure programs.

- **Direct Benefit Transfer (DBT)**

Introduced in 2013, the DBT scheme has transformed welfare delivery by leveraging digital infrastructure to transfer benefits directly into beneficiaries' bank or postal accounts. This mechanism has led to estimated cumulative savings/benefits of Rs 5.14 lakh crore up to March 2025, through the removal of duplicate/fake beneficiaries and plugging of leakages.

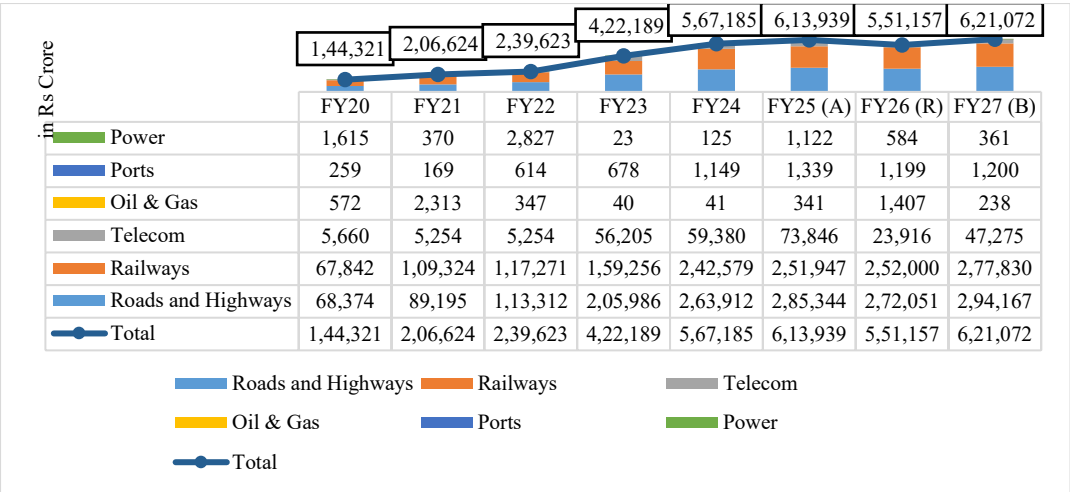

- **JAM Trinity**

The Jan Dhan–Aadhaar–Mobile (JAM) Trinity underpins digital governance in India. It has enabled seamless, real-time delivery of subsidies through DBT, minimized fraud via Aadhaar-based authentication, and promoted financial inclusion. By bringing millions into the banking ecosystem, JAM has enhanced access to credit, facilitated digital payments, and accelerated the transition towards a cashless economy.

- **Union Budget 2025-26**

With the growing population, the long-term need for robust infrastructure is necessary for economic development. This generates the need for massive investments in the development and modernisation of infrastructure facilities, which will not only cater to the growing demand but will also ensure competitiveness in the global market.

Some of the key government infrastructure schemes include:

- **Infrastructure financing and asset monetisation (Budget 2026-27)**
  - Infrastructure Risk Guarantee Fund announced to strengthen private developer confidence by addressing construction-phase risk.
  - Dedicated REITs for CPSE Assets announced to accelerate recycling and monetisation of significant CPSE real estate assets, supporting capital redeployment into infrastructure.
  - Public Capex Push continues, with higher Central Government capital expenditure for FY 2026-27 to sustain infrastructure-led growth.

- **Urban Infrastructure and City Development (Budget 2026-27)**
  - City Economic Regions (CER) introduced to support competitive, region-based urban infrastructure and economic agglomerations (Tier II and Tier III focus), with multi-year funding support.
  - Urban Rejuvenation Mission (including AMRUT and Smart Cities) continues as the principal umbrella for water supply, sewerage and urban infrastructure investments, with FY 2026-27 allocations provided in the Budget documents.

PMAY-Urban 2.0 remains the primary affordable housing programme for urban areas, with FY27 allocations provided in the Budget documents.

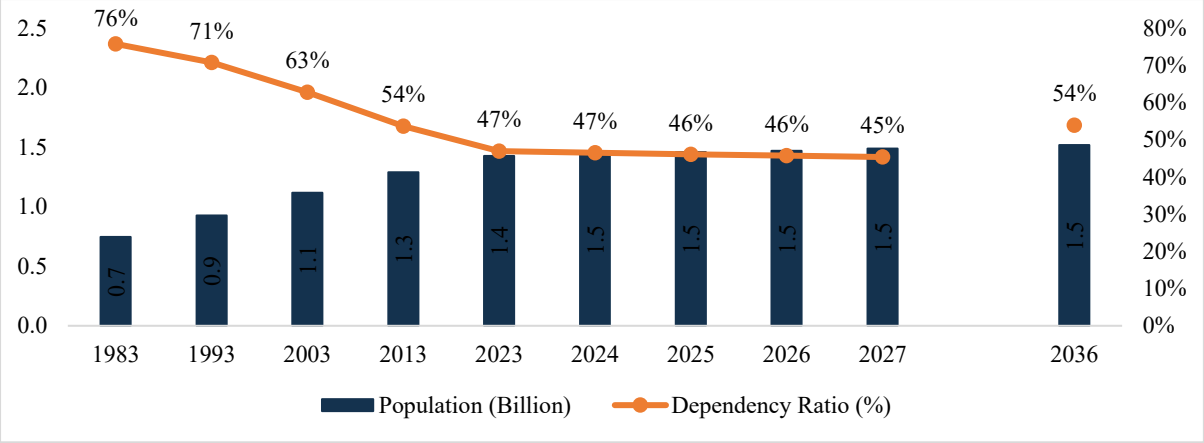

1.6 Key growth drivers for India

1.6.1 Favourable Demographics

The trajectory of economic growth of India and private consumption is driven by socio-economic factors such as demographics and urbanization. According to the world bank, India's population in 2022 surpassed 1.42 billion slightly higher than China's population 1.41 billion and became the most populous country in the world.

Age Dependency Ratio is the ratio of dependents to the working age population, i.e., 15 to 64 years, wherein dependents are population younger than 15 and older than 64. This ratio has been on a declining trend. It was as high as 76% in 1983, which has reduced to 47% in 2023. Declining dependency means the country has an improving share of working-age population generating income, which is a good sign for the economy.

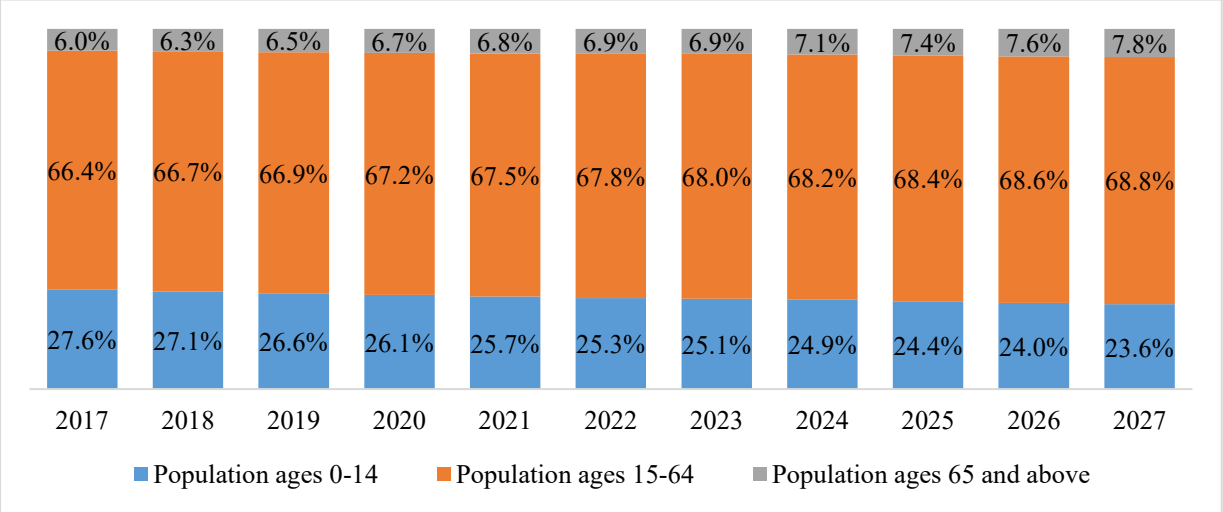

Chart 4: Trend of India Population vis-à-vis dependency ratio

Source: World Bank Database

Despite a projected rise in the dependency ratio to 54% by 2036, India's young and growing workforce, especially in newly urbanised towns, will continue to drive income growth and consumer demand. This presents strong opportunities for sectors like consumer electronics, transportation, and railways. Rising employment, urbanisation, and government investment in rural development and digital infrastructure will further boost demand, while increased tech adoption supports long-term consumption growth across both urban and rural markets.

Chart 5: Age-Wise Break Up of Indian population

1.6.2 Urbanisation: Largest population, Large demographic dividend with high share of young population

The urban population is significantly growing in India. The urban population in India is estimated to have increased from 41.3 crore (32% of total population) in 2013 to 51.95 crore (36.4% of total population) in the year 2023. India is undergoing a significant urban transformation, with the urban population projected to rise to 40% by 2036. This shift is driven by factors such as improved living standards, increased employment opportunities in urban areas, and government initiatives aimed at urban development. This rapid urbanisation might necessitate substantial investments in infrastructure, housing, and transportation.

1.6.3 Increasing per capita GDP

Gross National Disposable Income (GNDI) is a measure of the income available to the nation for final consumption and gross savings. Between the period FY23 and FY26, per capita GNDI at current prices registered a CAGR of 9.1%. More disposable income drives more consumption, thereby driving economic growth.

With an increase in disposable income, there has been a gradual change in the country's consumer spending behaviour. Per capita Private Final Consumption Expenditure (PFCE), which is a measure of consumer spending, has also shown significant growth from FY23 to FY26 at a CAGR of 8.6%.

1.6.4 Household savings

Household savings are of the household sector, measured as the excess of income over consumption and invested in financial assets and physical assets. Household savings in India have grown at a 13.1% CAGR since FY18, reaching Rs 59.6 trillion in FY25, a 15.7% Y-o-Y increase. A shift toward physical assets, particularly housing and gold/silver ornaments, reflects a preference for tangible investments amid high inflation and slow growth in monetary assets. Savings in the form of gold and silver ornaments (% of Household sector savings) were reported at 3.2% in FY25.

This increasing trend towards physical assets is occurring alongside a rise in household leverage, with borrowing, especially for housing, automobiles, and personal consumption, pushing household financial liabilities to a six-year high. Mutual funds and life insurance also grew, with a 23.1% and 7.2% Y-o-Y increase, respectively, while investment in equities and capital market instruments rose as they offer higher returns than bank deposits.

Chart 8: Household Savings (at Current Prices)

Source: MOSPI

In recent years, India has witnessed growth in household savings and shift of savings from physical assets like real estate to financial instruments. This trend, often referred to as financialization, is reshaping the landscape of domestic savings and investments. Several factors have facilitated this transition towards financial assets.

The increased financialization aids in infrastructure development and economic stability, as it helps fund capital expenditure (capex) cycles without exacerbating the current account deficit (CAD) or heightening external vulnerabilities.

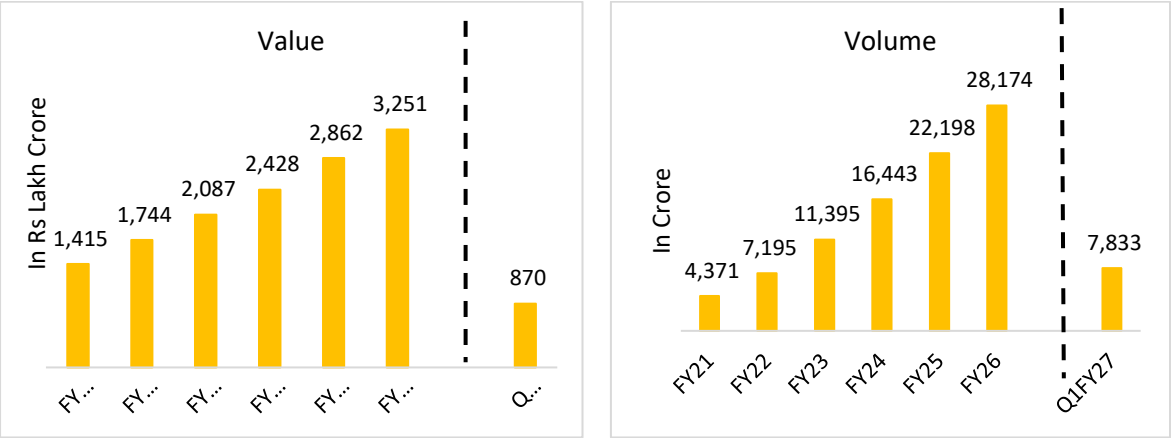

Furthermore, financial inclusion efforts, enhanced digital infrastructure, the demonetization initiative, and innovations in financial products have all played a role in financialization. The growth of financial savings has been robust, with retirement savings, insurance, and mutual funds showing an impressive average annual growth rate over the past decade. Additionally, the rising participation of youth in India's capital markets also reflect a significant shift in financial behaviour.

1.6.5 Digitalization

Digital payments in India grew in volume from 4,371 crores in FY21 to 28,174 crores in FY26 at a CAGR of 45.2%. Digital payments in value grew from Rs 1,415 lakh crores in FY21 to Rs 3,251 lakh crores in FY26 at a CAGR of 18.1%.

As of Q1FY27, the digital payments is Rs 870 lakh crores in value and 7,833 in volume in Q1FY27

Chart 9: Digital payment transactions by value and volume

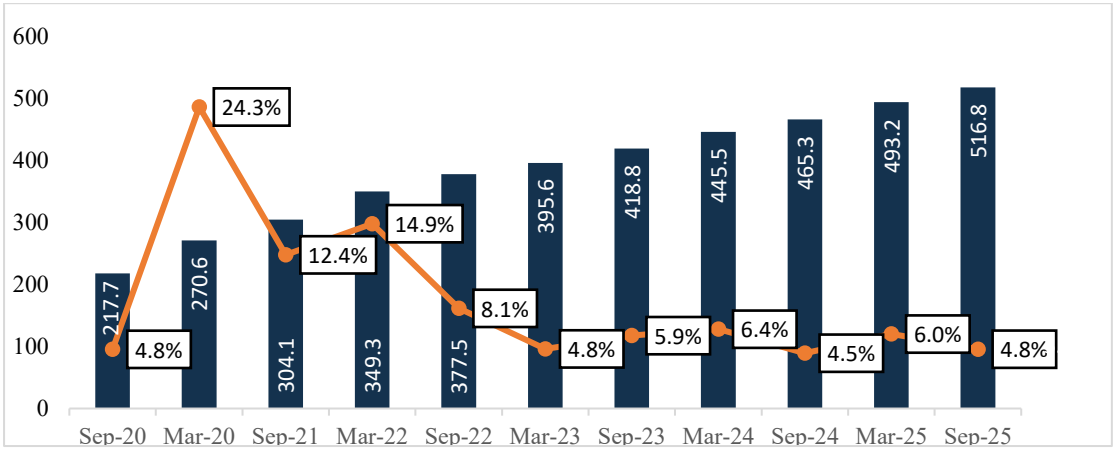

Source: RBI

India's digital transformation is driven by factors like expanding broadband, affordable data, and government initiatives. The launch of UPI revolutionized payments in turn enhancing financial inclusion. With over 647 banks integrated and more than 35 crore unique users, UPI has become the country’s largest digital payment network

BHIM further advanced cashless transactions, while platforms like COWIN showcased digital infrastructure's role in public health. Furthermore, DigiLocker improved paperless governance by securely storing documents and FASTag automated toll payments, supporting the cashless economy.

The Digital India initiative, launched in 2015, focuses on digital infrastructure, governance, and empowerment, making services more accessible and promoting financial inclusion. Additionally, this initiative has also made stock market and mutual fund investments more accessible, efficient, and transparent for a wider audience. As of September 2025, the RBI's Digital Payments Index (DPI) reached 516.77, reflecting a 4.8% growth, driven by advancements in payment performance and infrastructure.

1.6.6 Financial awareness and literacy

Financial literacy is crucial for fostering economic stability and prosperity, particularly in a rapidly developing nation like India. As urbanization and economic growth accelerate, understanding financial concepts such as risk diversification, compound interest, savings discipline, and credit management becomes increasingly important. Despite recent advancements in technology and media coverage, there is great potential for improving India's financial literacy rate, which could lead to positive outcomes for individuals and strengthen the broader economy.

The Indian government and various regulators are implementing financial literacy courses, workshops, and schemes aimed at enhancing financial awareness. Promoting financial education is vital for empowering individuals, reducing financial vulnerabilities, and fostering economic resilience.

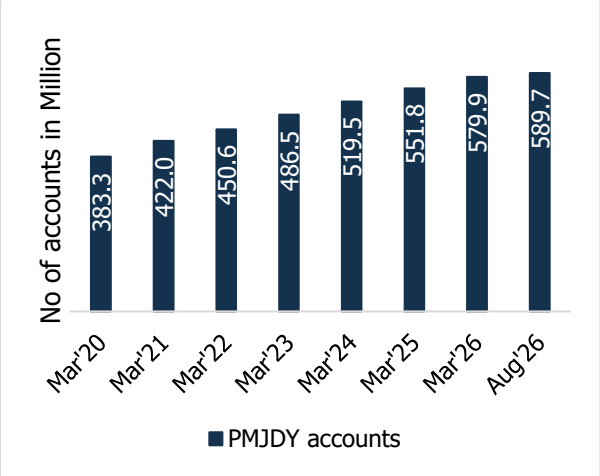

- **National Centre for Financial Education (NCFE):** promoted by the Financial Literacy and Education Initiative (FLEI) of the government, aims to enhance financial literacy across India through various educational programs and initiatives.
- **Financial Literacy Centre (FLC):** FLCs, set up by commercial banks at the district level, conduct monthly camps to promote financial literacy in rural communities.

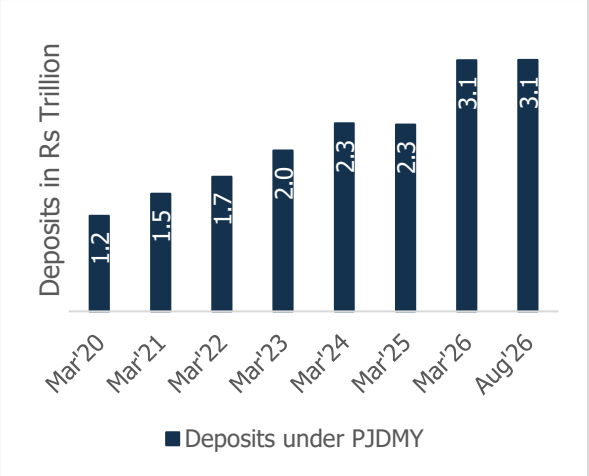

RBI Kehta Hai Initiative & PFRDA's 'Pension Sanchay' website: The RBI's financial literacy campaign uses multiple media to educate the public on banking services, digital banking, and CBDC, while PFRDA's Annuity Literacy Program helps subscribers understand retirement annuity options.

1.6.7 Growing financial inclusion in India

The number of accounts opened through Pradhan Mantri Jan Dhan Yojana (PMJDY) grew at a CAGR of 8.6% between Mar 20 and Mar 26, reflecting steady growth and improving financial inclusion. Notably, the deposit amount in PMJDY accounts grew at a CAGR of 21.3% over the same period, indicating strong and consistent growth in funds.

2. Overview of Capital Market in India

2.1 Overview of performance of capital markets in India in the last few years

India's capital markets, including stock, bond, derivative markets, and mutual funds, have significantly influenced the nation's financial system and economic development. Notably, the Bombay Stock Exchange (BSE) Limited is ranked as 6th largest stock exchange and National Stock Exchange of India Limited (NSE) ranked as 7th largest stock exchange in the world by market capitalisation as of Jun'25.

Reforms introduced by the Securities and Exchange Board of India (SEBI) have significantly enhanced transparency, protected investor interests, and boosted market efficiency. The primary market has recorded significant growth especially in the contributions from Initial Public Offerings (IPOs) segment, driven by investor trust, efficiency, and transparency of capital markets. Additional, commodity and currency market have also witnessed remarkable traction.

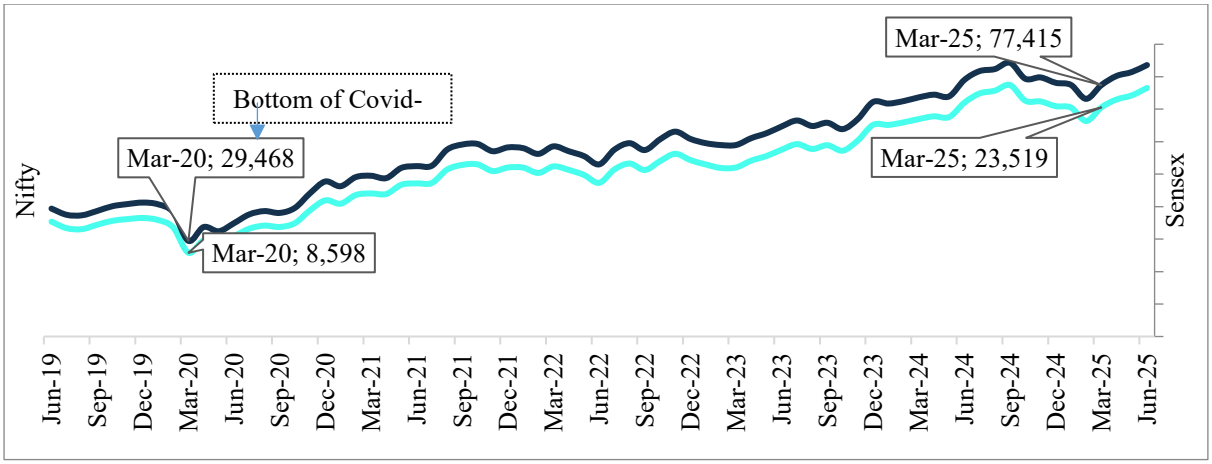

Favourable macroeconomic fundamentals—including sustained corporate earnings growth, a young demographic profile, and rising consumer expenditure—have bolstered investor participation, both domestic and international. Foreign Portfolio Investments (FPIs) have enhanced market liquidity and valuations, with the Nifty 50 registering healthy earnings growth over the past two decades, outperforming several major global indices.

The mutual fund sector has also expanded due to greater financial literacy and digital adoption, with number of folios reaching 24.1 crore as of Jun'25, indicating a CAGR of 20.7% between FY20-Q1FY26. Net inflows in mutual funds stood at Rs 3.6 lakh crore as of Jun'25. New instruments, such as Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (INVITs), have created additional investment opportunities.

Overall, India's capital markets are becoming increasingly dynamic and inclusive through technological advancements, regulatory changes, and a growing investor base. However, capital markets around the world are susceptible to macroeconomic risks and geo-political tensions. Episodes such as the COVID-19 pandemic, general elections, and international conflicts have led to heightened volatility, emphasising the need for robust risk management frameworks and policy consistency.

Indian stock markets on growth trajectory

Chart 12: BSE (Sensex) and NSE (Nifty) performance trends

Source: NSE, BSE, CareEdge Research

From bottom of Covid-19 (Mar'20) till Jun'25, both the BSE Sensex and NSE Nifty indices witnessed significant growth at a CAGR of 21.9% and 23.0% respectively, despite encountering periods of fluctuation. This impressive post-pandemic recovery can be linked to economic rebound, and strong corporate earnings, although there were some setbacks related to inflation and global economic uncertainties. Additionally, a growing interest from investors in capital markets has contributed to this upward trend.

From Mar'20 to Jun'25, the Nifty 50 delivered the best returns among global indices, rising from 8,598 to 25,518, reflecting a strong 23% CAGR. This growth has been largely driven by India's economic expansion, increasing corporate profitability, and growing foreign investor interest in emerging markets. The Nifty 50's robust performance of last five years (Mar'20 to Jun'25) underscores the resilience and growth potential of the Indian market, outperforming many developed market indices. However, Nifty 50 has been witnessing volatility amid uncertainty surrounding US tariffs, geopolitical uncertainties, and FIIs withdrawing from Indian capital markets.

2.2 Trends in Market Capitalization

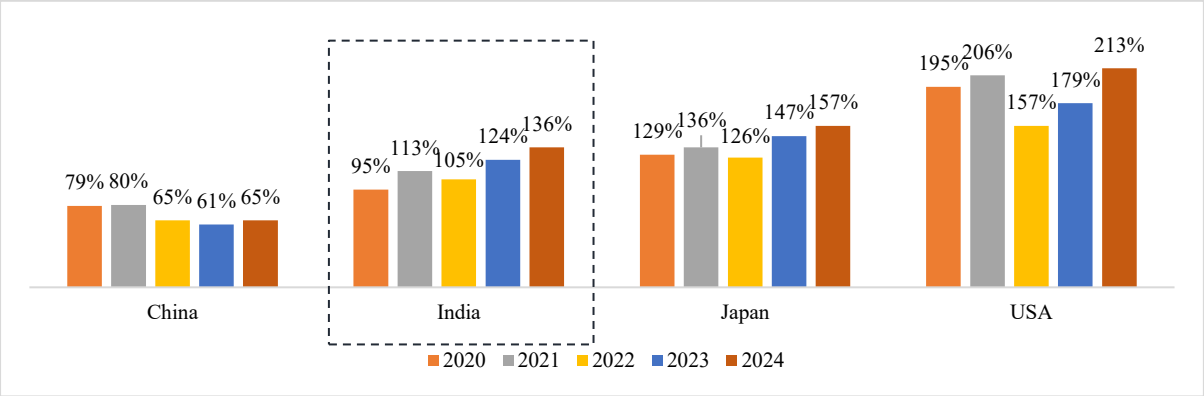

Over the years, India's robust economic growth amid global financial challenges, ample liquidity from the influx of domestic investors post-pandemic, and strong foreign portfolio investor (FPI) inflows have fuelled sharp growth in market capitalization.

Chart 13: Trends in India's market capitalization listed on NSE

Chart 14: Trend in Market Capitalization to GDP

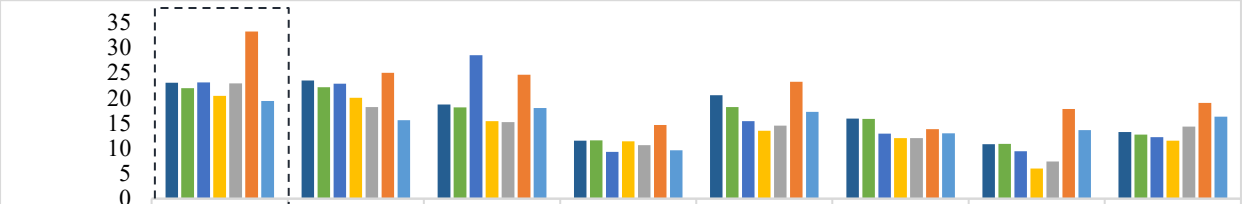

Source: Economic Survey 2024-25 Note: The data has been revised based on the 1st advance estimate of GDP released on 7 January 2025. Projected figures: GDP figures are taken from IMF projections, and market capitalisation is taken as at the end of Q2 of FY25 (i.e., Sep-24 end) for the US, India, Japan, and China market cap figures are as on the end of December 2024. Market capitalisation was taken country-wise as China (Shanghai and Shenzhen Stock Exchange), All India, Japan (Japan Exchange Group Inc.), and USA (NYSE and NASDAQ)

As at end of CY24, in terms of market capitalization to GDP, India ranks favourably among both developed and emerging economies. Post-pandemic economic growth, favourable demographics, rising foreign investment, and strong corporate performance bodes well for India. As one of the fastest-growing major economies, India is expected to remain an attractive investment destination, despite the high market capitalization to GDP ratio. India's GDP growth is likely to be supported by an under-penetrated capital market, increasing investor participation, a growing workforce, the China+1 strategy, and government's focus on economic growth.

In comparison to other global indices, Indian benchmark index (Nifty 50) is trading at a higher PE multiple. This indicates that investors are willing to attribute a premium to the Indian markets owing to the country's promising economic trajectory, robust corporate earnings growth, a large consumer market, and favourable reforms. Notably, as per IMF, India is the fastest growing major economy in the world with real GDP growth rate estimated at CAGR of 6.4% for next 5 years. Further, Nifty 50 has witnessed healthy earning growth over the last two decades, registering EPS growth of almost 19% CAGR from FY20 to FY25. While a high P/E ratio may indicate elevated expectations, they are also a testament to the optimism surrounding India's long-term economic story. However, it should be noted that recent correction phase of the market may have an impact on the PE multiple to some extent.

2.4 Trend in Foreign Institutional Investors (FIIs) & Domestic Institutional Investors (DIIs) investments in Indian capital markets

Over the years dominance of FII investments in Indian markets has faded, as DIIs and retail investors have become driving force of the capital markets

In the Indian capital markets, FIIs and DIIs - Mutual funds have displayed different patterns over the past five years. FIIs showed fluctuation, experiencing net inflows in FY20 and FY21, but significant outflows in FY22 caused by worldwide economic uncertainties like inflation, increasing interest rates, and geopolitical tensions. In FY24, FIIs came back to Indian stocks due to better economic conditions.

Chart 16: Net investments by FIIs, DIIs vs trends in BSE Sensex

Source: CMIE, CareEdge Research
Note: Net investments = Purchase – Sales; Figures have been round-off to the nearest integer

In FY25, FIIs net outflows were Rs. 1.4 lakh crore, while DIIs continued to significantly invest in Indian Equities, indicating growth potential, trust, and efficiency of capital markets with their net inflows growing to Rs. 4.6 lakh crore in FY25. The growth in DIIs net investments presents significant opportunities for mutual fund distributors and brokerage houses to expand their reach in the growing market.

2.5 Overview of Primary Market Issuances in India

India's primary market has witnessed significant traction from FY20 to FY25, with increased contributions from Initial Public Offerings (IPOs), Follow-On Public Offerings (FPOs) Qualified institutional placements (QIPs)/ Institutional Placement Programmes (IPPs), rights issues, and offer for sale (OFS).

The Indian stock market has experienced bullish trends, largely witnessing upward momentum in stock indices between FY22-FY25. This favourable sentiment, particularly amongst institutional investors, encourages more companies to take advantage of market conditions and go public. Hence, companies are increasingly turning to IPOs to raise capital for expansion, pay off debts, and provide exit to private equity and institutional investors.

Raising capital through IPOs has become a key strategy for Indian companies seeking funds for growth, and expansion. Between FY22 to FY25, the Indian market saw a notable increase in IPO activity, particularly post-pandemic in 2020-2021, as companies took advantage of favourable market conditions and abundant liquidity.

While the total capital raised (equity) grew over 2x to Rs. 4,60,668 crore in FY25 from Rs. 2,21,754 crore in FY24 and the number of primary market issuances (equity) increased significantly to 1,569 in FY25 from 1,141 issuances a year ago. This trend reflects fewer large-value issuances but a higher volume of smaller transactions, indicating broader participation in fundraising activities at lower deal sizes. Further, during Q1FY26, the total number of primary market issuances (equity) reached 416 (418 during Q1FY25) and total capital raised from these issuances reached Rs 99,536 crore (Rs 98,533 crore in Q1FY25).

Note: Options ADTO is derived based on premium turnover, Others include currency derivatives, interest rate derivatives and commodity derivatives

From FY20 to Q1FY26, the average daily turnover across all segments of the NSE grew significantly. The total turnover increased from ~Rs. 1,50,679 crore in FY20 to ~Rs 3,67,118 crore in FY25. This rise is driven primarily by the sharp growth in the cash market, stock futures, and index options segments. While stock options and index futures recorded moderate increases, the cash market surged from ~Rs. 36,432 crore in FY20 to ~Rs. 1,12,963 crore in FY25, stock futures increased to Rs. 1,50,752 crore in FY25 from Rs 60,222 crore in FY20 and index options rose from Rs. 4,371 crore in FY20 to Rs. 54,516 crore in FY25. The ADTO has declined a bit in Q1FY26 on account of increased volatility in the market.

Overall, the growth of ADTO can be attributed to increased retail participation as investors seek to diversify their savings. Furthermore, with rising awareness, deeper penetration in Tier2/3 Cities, rise of brokers, financial planners, and wealth management firms, investors began to utilize their savings for better returns.

2.8 Cash Market Segment ADTO Trends

Chart 19: Trends in average daily turnover in NSE cash market segment

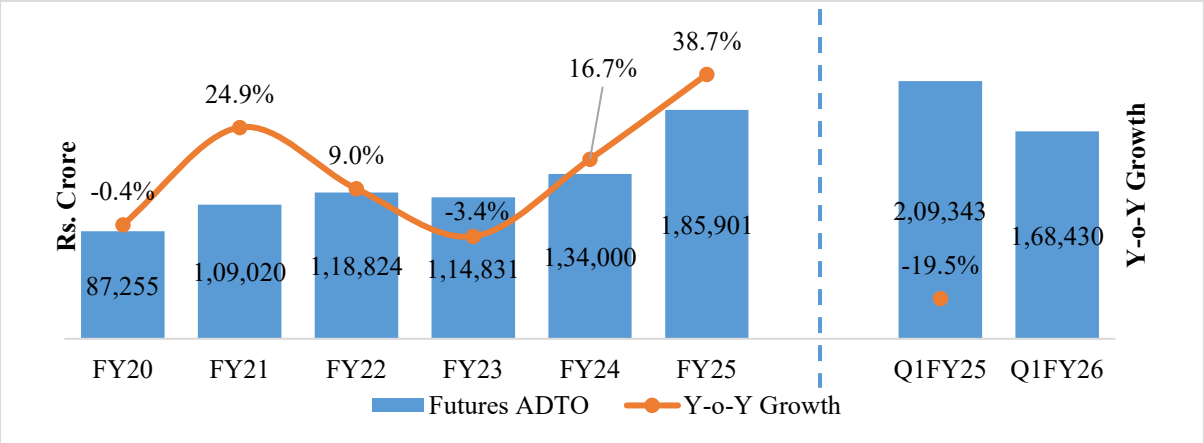

Source: NSE, CareEdge Research

In FY25, ADTO of cash market reached Rs 1,12,963 crore, a 38.2% increase over FY24 at Rs. 81,721 crore. This growth in cash market can be attributed to rise in retail participants. With the increasing penetration of digital trading platforms and greater financial literacy, retail investors have become key growth drivers of the market. Their involvement supports the diversification of investment sources, making the Indian financial markets more resilient. In Q1FY26 ADTO of cash market declined to Rs. 1,08,542 crore from Rs.1,22,842 crore in Q1FY25, a 11.6% decrease over Q1FY25.

2.9 Equity derivative (Futures and Options) ADTO trends

India's equity derivatives market plays a crucial role in offering investors a range of instruments for managing risk and engaging in speculative activities, increasing the efficiency of the overall market. Investors use diverse strategies such as hedging, arbitrage, and speculative trading to mitigate risks and optimize their returns when investing in the futures and options market. The market operates under the regulatory oversight of SEBI, which enforces a robust framework to ensure fairness, transparency, and investor protection. By enabling risk transfer and price discovery, the equity derivatives segment significantly contributes to the overall depth and stability of India's capital markets.

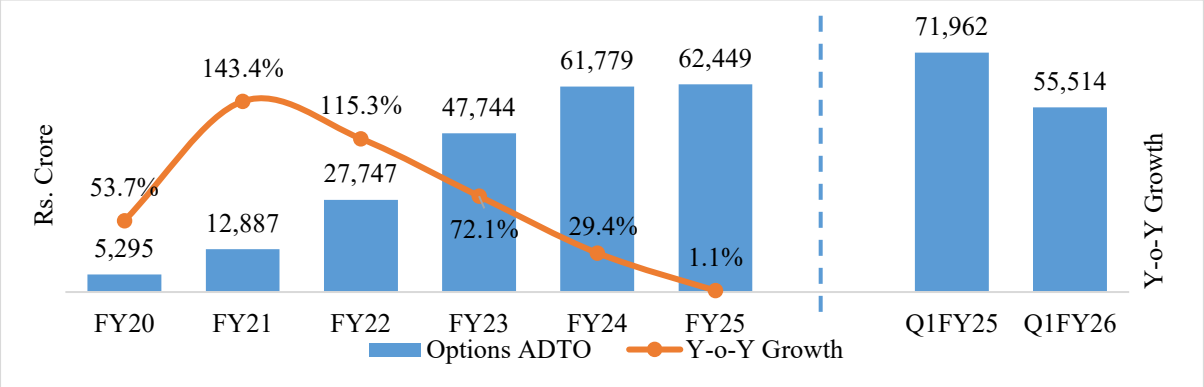

Chart 20: ADTO of Equity -Futures

In FY25, equity derivative futures ADTO reached Rs 1,85,901 crore, a 38.7% increase from FY24. In Q1FY26, ADTO of equity derivative futures reached Rs 1,68,430 crore, indicating decline of 19.5% over Q1FY25.

Chart 21: ADTO of Equity – Options

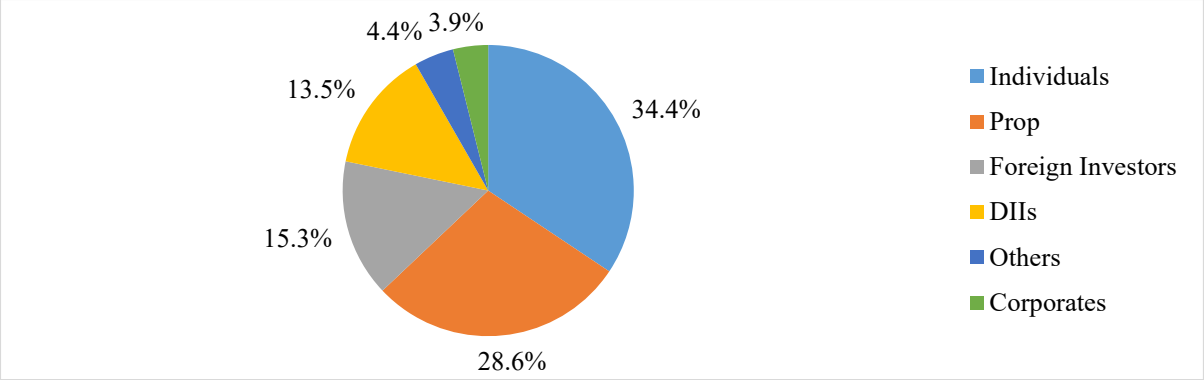

Source: NSE, CareEdge Research
Note: Turnover includes Premium turnover

The options segment's ADTO reached Rs. 62,449 crore during FY25, up 11.7x over FY20. The uptick in F&O segment is led by strong retail interest that drives growth, especially in derivatives amid greater accessibility through mobile apps and online resources. During Q1FY26, the option segment's ADTO reached Rs 55,514 crore, indicating a ~23% decline over same quarter of the previous year. This decline can be attributed to changes in SEBI's evolving F&O framework that aims to safeguard retail investors from risky derivatives.

2.11 Trends in volume trades across top cities in India

Mumbai accounts for lion's share of India's trade volumes on NSE

While Mumbai remained the leading city, followed by Ahmedabad showed the most impressive growth, with other cities accounting for smaller shares.

Mumbai consistently dominated participation, especially in NSE, accounting for 63.0% of NSE trading volumes for Q1FY26. Ahmedabad saw significant growth, particularly in NSE, where its share surged from 1.7% in FY20 to 16.8% in Q1FY26. Kolkata, while strong in early years, declined on NSE from 5.2% in FY20 to 1.3% in Q1FY26. Cities like Bengaluru, Hyderabad, and Chennai had minor but fluctuating participation. Notably, proprietary trading hubs like Rajkot and Vadodara saw a steady presence across the years.

Mumbai continued to lead in terms of trading volume, followed by Ahmedabad has shown strong growth, rising from 1.7 in FY20 to 17.1 in FY25, driven by urbanisation and industrial expansion. Vadodara has remained stable around 0.1–0.2, contributing modestly. Ahmedabad is emerging as Gujarat's primary growth hub, supported by urbanisation and business development. Vadodara's future growth is likely to depend on strategic initiatives to enhance its industrial and economic base.

2.12 Trend in commodity derivatives

Commodity derivatives are financial instruments whose value is based on underlying commodities, such as oil, gold, wheat, or natural gas. These derivatives allow investors to profit from price movements in these commodities without owning them.

In terms of percentage share of commodity derivatives turnover among exchanges, MCX has the highest market share of 97.5%, followed by NSE (2.3%) and NCDEX (0.3%) as of FY25.

Chart 28: Total turnover of Commodity Derivatives Market (in Rs. Lakh crore)

Source: SEBI, CareEdge Research

The Indian financial market has experienced notable fluctuations in turnover across various exchanges in recent years. From FY20 to FY25, the combined turnover for all exchanges has shown impressive growth, with a CAGR of approximately 44.5% and Q-o-Q growth of 75.9% from Rs 116 lakh crore in Q1FY25 to Rs 203 lakh crore in Q1FY26. This growth trend highlights the performance of key exchanges, including the BSE, NSE, Multi Commodity Exchange (MCX), and National Commodity and Derivatives Exchange (NCDEX).

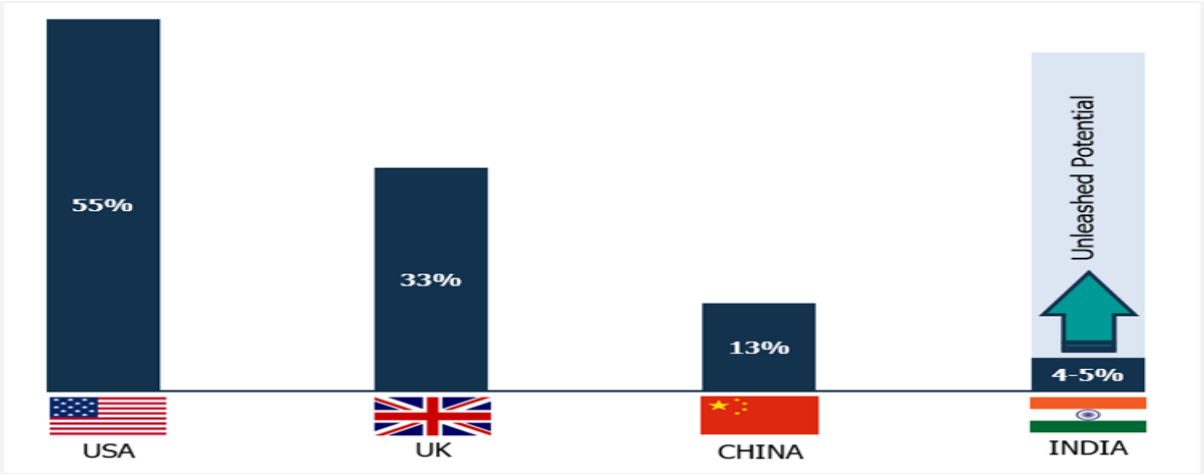

The growth of commodity derivatives in India can be attributed to several key factors:

- **Diversification of Investment**: Investors seek diversification beyond traditional equities and fixed income, and commodity derivatives offer exposure to different asset classes.
- **Hedging Opportunities**: Producers and consumers use commodity derivatives to hedge against price volatility, protecting their profit margins and ensuring stable cash flows.
- **Increased Participation**: With greater awareness and participation from retail investors, institutional investors, and corporate players, the market has seen significant growth.
- **Technological Advancements**: Improvements in trading technology and platforms have made it easier for participants to access commodity markets, facilitating higher trading volumes.
- **Rising Demand for Commodities**: Economic growth and urbanization have led to increased demand for various commodities, driving interest in derivatives for speculative and hedging purposes.
- **Global Integration**: As Indian markets become more integrated with global markets, domestic investors gain access to international commodity trends, enhancing trading strategies.

2.13 Country wise percentage of population investing in stock market

The Indian equity market has historically seen low participation rates compared to developed countries. Near about 4-5% of Indians invest in the stock market, compared to United States (~55%), United Kingdom (~33%) and China (~13%). This leaves significant room for growth as awareness and financial inclusion efforts expand. With increasing digital literacy and initiatives to encourage investments, market penetration is expected to rise significantly in the coming years.

2.14 Key Growth Drivers for Capital Market Linked Businesses

The growth drivers for capital market-linked businesses are linked to overall economic growth, as both are interconnected. Here are few key factors driving growth in India's capital markets:

Demographics of India	•India's youthful demographic drives significant capital market growth. As of June 2025, the median age of NSE registered investors stands at 33 years, with 39% under 30. As of Mar-20, the median age was 38. This young demographic shows a strong inclination towards digital solutions and wealth creation.
Rising Per Capita Income	•India's per capita GDP at current prices is expected to increase by 8.8% y-o-y in FY25 over FY24, prompting an increase in financial investments in stocks, bonds, and mutual funds.
Increasing penetration of Capital Markets	•The rising household savings in India augments the domestic capital pool, thereby enhancing participation in equity and debt markets. Households are diversifying their portfolios and shifting away from traditional instruments such as bank deposits to equities, small savings, provident funds, pension funds and mutual funds.
Increase in Financial Literacy	•Growing financial literacy and awareness encourage more people to invest in equities, supported by increasing incomes and technological advancements.
Digital Payments Boom	•The surge in digital payments facilitates market participation, providing easier access to financial markets for individuals.
Internet Penetration	•Internet penetration in India increased from 54.2% in 2019 to 68.9% in 2024 and is expected to reach 85%-86% by 2028. Government initiatives like Digital India and BharatNet contribute to bridging the digital divide between urban and rural areas.
Smartphone Penetration Driving Mobile Trading	•The rise in smartphone usage makes capital markets more accessible through mobile trading platforms, particularly for younger, tech-savvy investors.
Structural and Regulatory Reforms	•India has implemented key reforms, such as faster settlement cycles and SEBI regulations, to improve market efficiency, transparency, and investor protection.

2.15 Key Risks Related to Capital Markets

Capital markets face the following risks that can impact both investors and overall financial system.

• **Market risk** –Market risk is frequently influenced by shifts in economic circumstances, investor attitudes, or geopolitical incidents, which are challenging to foresee and manage. Also, large trades can have a significant impact on stock prices as the size of Indian market is small as compared to markets on a global scale. Hence, it is crucial for institutional traders to be vigilant about how they execute the orders in the market to minimize the costs due to market impact.
• **Credit risk -** Bond investors face losses when issuers default on debt obligations, as seen in the IL&FS crisis.
• **Liquidity risk –** Low liquidity during financial instability forces asset sales at reduced values, affecting market prices.
• **Regulatory Risk –** Policy changes, trade regulations, or political instability disrupt markets, especially globally exposed industries, can have adverse impact on the market.
• **Operational and systemic risks -** Breakdowns, like cyberattacks or fraud disrupt operations, while systemic risks threaten financial system collapse, as seen in the 2008 crisis. Natural disasters or technological disruptions further amplify risks.

The significance of strong risk management plans and diversification is underscored by these risks in guiding investors through uncertainties of the capital markets.

3. Overview of broking industry in India

3.1 Introduction to Broking Industry in India

The broking industry plays a crucial role in the Indian financial markets by acting as an intermediary between buyers and sellers of securities such as stocks, bonds, commodities, and other investment assets. Brokers facilitate the trading of these financial products, ensuring liquidity, efficient price discovery, and proper capital allocation across the markets. India's brokerage industry is highly competitive and particularly crowded. The market features numerous large and small players, resulting in intense competition. Additionally, the brokerage landscape is fragmented, comprising a considerable number of entities registered with SEBI. Over time, the industry has evolved significantly, largely due to technological advancements, with online trading platforms revolutionizing the way trades are executed.

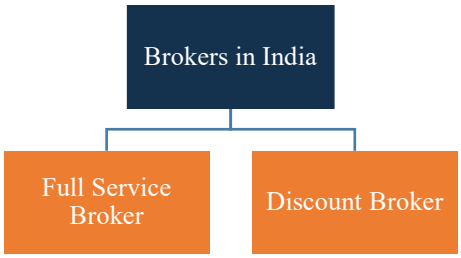

To strengthen their market positioning, brokers often offer enhanced graphical user interfaces with modern charting techniques, strategy-building tools to trade in derivatives, offer margin and credit facilities, high-frequency data feed, etc. These modern-day facilities require significant infrastructure and technological capability in which these players have actively invested.

As players have scaled up their technology infrastructure significantly, additional expenses, such as manpower, branches, and costs associated with scaling up in newer geographies, etc., have come down because of the digitalization of their operations. The broking industry is continuously adapting to changing regulations, technological innovations, and evolving investor needs, ensuring that it remains a key player in the financial ecosystem.

3.2 Type of Brokers in India

The Indian financial services industry is intensely competitive, and the Broking Business is particularly competitive with a sizeable number of large and small operators.

Brokers in India are classified into two types based on the services they offer:

- **Full-Service Broker**

Full-service brokers are licensed intermediaries offering a wide range of services, including investment advisory, wealth management, mutual fund distribution, Portfolio Management Services (PMS), and Margin Trade Financing (MTF). Operating both online and offline, they provide personalised support through branch networks and Relationship Managers (RMs). These brokers deliver in-depth research via dedicated teams, offering insights through technical and fundamental analysis. They cater to diverse investor needs—supporting beginners with guidance and offering advanced tools to experienced clients. Known for regulatory compliance, strong security, and comprehensive services, full-service brokers remain key players in the evolving financial landscape, even as discount brokers have expanded access to low-cost, digital trading.

- **Discount Broker**

The shift to online stock trading has given rise to discount brokers in India. These brokers are gaining popularity due to their low, fixed brokerage fees, which apply regardless of trade value. Discount brokers focus on executing orders at reduced costs but do not provide personal consultations, advisory services, research, tax planning, or estate planning for clients.

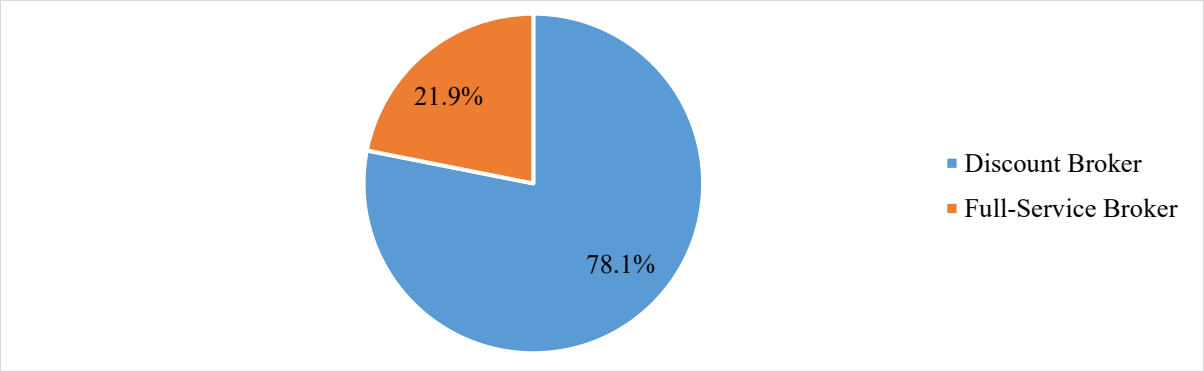

Table 7: Full-Service Vs Discount Brokers

Services	Full - Services Brokers	Discount Brokers
Service Offerings	Offers personalized relationship managers (RMs), market research, portfolio analysis, call and trade facility, and more.	Does not provide a personal dedicated RM, only offers a call and trade facility on a charge basis, and lacks investment advice and research reports, focusing solely on trading
Cost Structure	Charges are based on a percentage of total trade value, typically less than 1% of trade volume	Charges a flat rate or fixed monthly brokerage for unlimited equity trading
AMC	Most accounts incur annual maintenance fees (AMCs)	No or minimal AMC for trading accounts.
Investment Advice	Provides personalized investment advice to their clients with use of their Relationship Mangers	Does not provide investment advice
Local Presence	Has branches in various cities as channel partners or sub-brokers to assist clients	Lacks branches, relying majorly on its own online platform or business development partners
Technology	Offers standardized and advanced technology without customization options	Provides advanced technology with customization options through APIs
Relationship Building	Build relationships through personal Relationship Managers	Focuses solely on trading relations without personal relationship management
Allied services	Offers financial planning, estate planning, or tax preparation services. Full-Service Broker also provides basket of Distribution products like MF, PMS, AIF, Fixed Income distribution etc.	Generally, offers basic trading services and research tools

3.3 Split between Discount Brokers and Full-Service Brokers

Chart 30: Share of Discount Brokers and Full-Service Brokers (Active Clients)

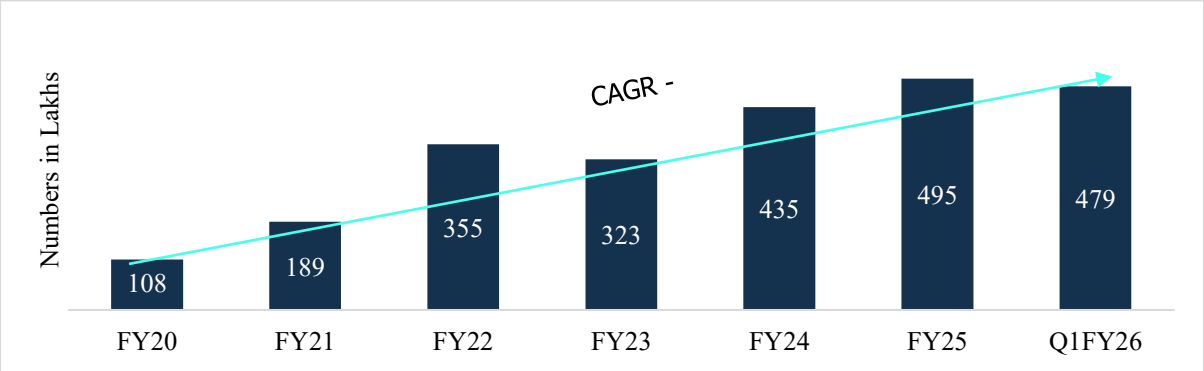

Source: NSE, CareEdge Research
Note: Market Share (of top 25 brokers) a percentage of total active clients as on 30st June 2025

The brokerage market is divided between discount and full-service brokers, each catering to varied client needs. Discount brokers, offer modern trading platforms with low fees, attract a significant share of young and first-time investors, resulting in a higher client base as compared to full-service brokers. Over time, brokers have expanded their offering to include investment advisory, AIF/PMS, and distribution of financial products like mutual funds.

3.4 Number of active client accounts in India

Chart 31: Number of Total Active Accounts in India

Source: NSE, CareEdge Research

In Q1FY26, NSE active clients witnessed rise in active clients supported by influx of retail investors with active clients reaching 479 lakhs. The number of NSE registered active clients increased at a CAGR of 32.8% between FY20-Q1FY26, despite the marginal decline in FY23 owing to inactivity of clients onboarded in earlier years. Key factors driving this surge included enhanced digitalization, the ease of opening accounts, and improving financial literacy, which encouraged greater participation in stock trading. Furthermore, the pandemic highlighted the importance of savings and investments, and coupled with low interest rates, prompted investors to move away from traditional savings options and turn to equity markets in search of higher returns, resulting in a significant increase in stock market investments and maintaining a prominent level of active accounts.

Chart 32: State-wise Share of Total NSE Registered Investors

State	FY20	FY21	FY22	FY23	FY24	FY25	FY26TD
Maharashtra	19.2%	19.5%	18.8%	18.2%	17.2%	16.3%	16.2%
Uttar Pradesh	7.4%	7.8%	8.9%	9.9%	10.8%	11.4%	11.5%
Gujarat	12.2%	11.4%	9.9%	9.3%	8.9%	8.8%	8.7%
West Bengal	6.4%	5.9%	5.5%	5.5%	5.7%	5.9%	5.9%
Rajasthan	4.3%	4.7%	5.4%	5.5%	5.6%	5.7%	5.7%
Others	50.4%	50.8%	51.5%	51.7%	51.8%	51.9%	52.1%

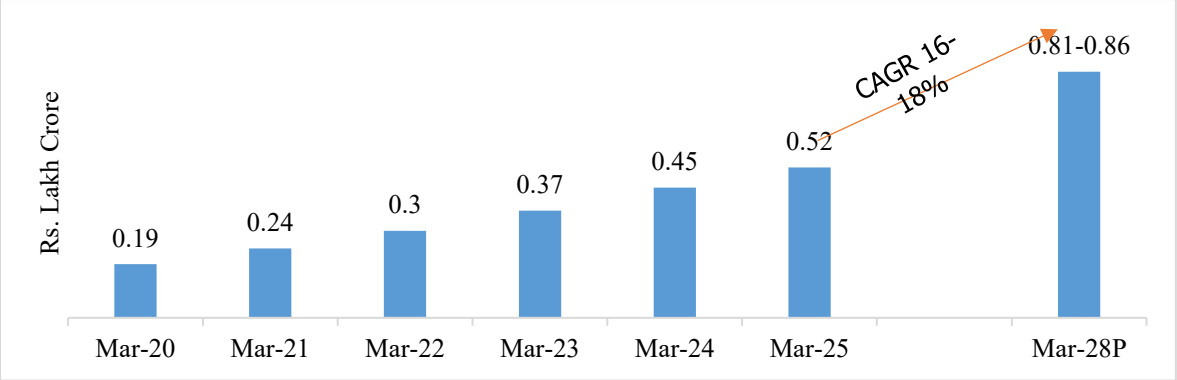

Source: NSE, CareEdge Research

Maharashtra continues to hold the largest share of registered investors, though it has declined steadily from 19.2% in FY20 to 16.2% in Q1FY26. Uttar Pradesh has shown consistent growth, rising from 7.4% to 11.5% over the same period, indicating increasing retail participation from the state.

Although Gujarat's share in total registered investors has declined from 12.2% in FY20 to 8.7% in Q1FY26, this trend can be seen as an opportunity rather than a setback. The state still remains among the top contributors, consistently holding a significant share, which reflects a solid base of retail investors. while West Bengal, Rajasthan, and other states have either remained stable or shown slight increases. The "Others" category has steadily increased, reaching 52.1% in Q1FY26, reflecting broader geographical diversification in investor registration across India.

3.5 India's Broking Industry projected to cross Rs. 810 billion by Mar'28

Chart 33: Size of Broking Industry in India

Source: CareEdge Research Estimates

The broking industry in India is estimated to be valued at ~ Rs 0.52 lakh crore as of FY25 and expected to grow at a CAGR of 16-18% over the next 2-3 years. The increase in financial literacy and reduced cost of investing due to emergence of discount brokers has contributed significantly to this growth. Moreover, these factors are expected to continue leading to healthy growth in the long term.

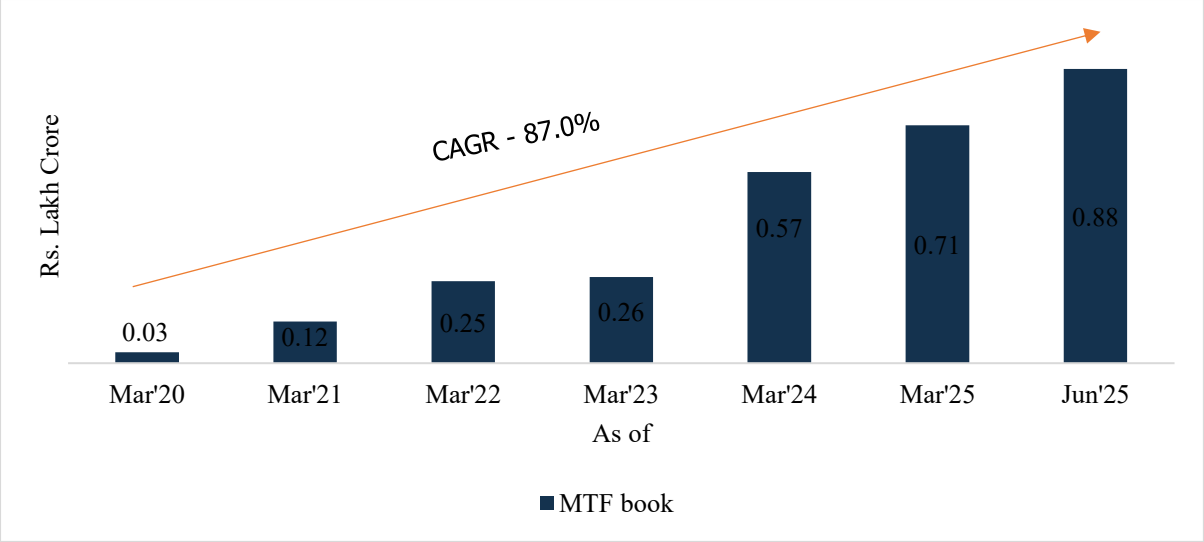

3.6 Margin Trading Funding (MTF) Industry Size

The Margin Trading Facility (MTF) provides greater flexibility than traditional trading methods, primarily because it enhances an investors' purchasing power by allowing them to borrow funds. This enables them to invest in more assets compared to investments through owned capital. Investors can invest their core capital in long-term investments while using MFT leverage for trading. This approach allows investors to trade without diluting their core capital. The increased investing capacity supports greater diversification and the potential for higher returns, even with limited own capital.

In Jun'25, the MTF book grew significantly, reaching Rs. 0.88 lakh crore, a 23.7% increase over Mar'25, the MTF book grew at a CAGR of 87% from last trading day of Mar'20 to last trading day of Jun'25. This growth is driven by rising investor awareness of MTF's benefits in boosting buying power and potential returns, along with a bullish stock market. Interest income from MTF ranges between 15% to 35% of total revenue for leading players.

MTF industry size grew at a CAGR of 87% between Mar'20-Jun'25

Note: Figures have been round-off to the nearest integer

In Sep'24, SEBI updated its policy thereby allowing cash-collateralized securities as part of the MTF maintenance margin, which is expected to increase participation by simplifying margin requirements and promoting efficiency.

Going forward, strong investor interest and supportive regulations are set to boost brokerage revenues and margins through increased margin funding opportunities.

SEBI's initiative is expected to boost participation in margin trading by easing margin requirements and enhancing trading efficiency. This move reflects SEBI's commitment to a supportive regulatory framework that fosters market growth and investor engagement. Looking ahead, strong investor interest and favourable regulations are anticipated to drive revenue and margin growth for the brokerage industry, presenting firms with new opportunities from margin funding.

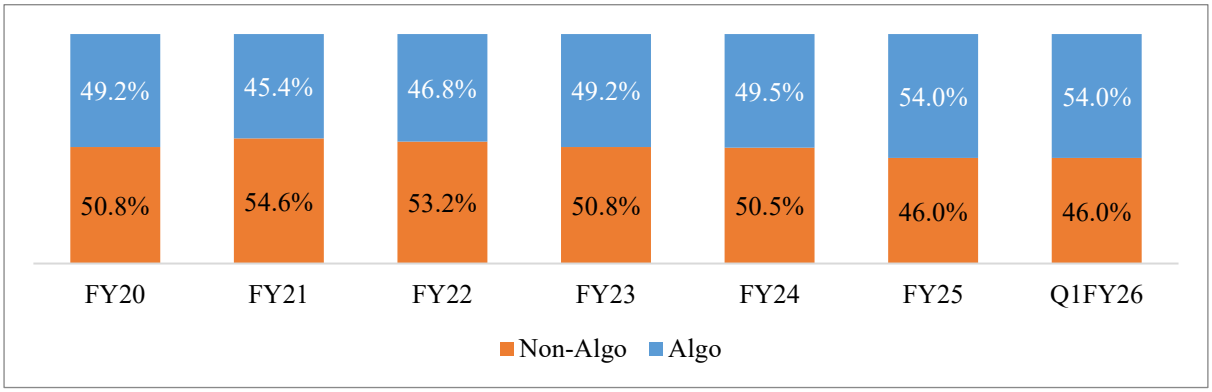

3.7 The Surge of Algorithmic Trading in India's Capital Markets

Algorithmic trading, also known as algo trading, refers to the use of computer programs and pre-defined instructions (algorithms) to execute trading strategies automatically. These instructions are based on various factors such as timing, price, quantity, or complex mathematical models. Unlike traditional manual trading, algo trading allows for high-speed, high-frequency, and emotionless execution of trades across markets and instruments.

In India, the rise of algorithmic trading has been notable since SEBI introduced direct market access in 2008, followed by the rollout of co-location services and smart order routing. Initially limited to institutional players like foreign portfolio investors, mutual funds, and proprietary desks, the adoption has now expanded to retail investors due to the increasing availability of APIs and low-latency platforms from brokers and fintech providers.

API trading allows traders to connect directly with a broker's system to automate order execution through algorithms and models, ensuring speed, efficiency, and instant reaction to market signals. It is widely adopted in algorithmic and high-frequency trading by institutions and advanced retail investors. For brokers, offering APIs attracts high-volume traders, boosts transaction revenues, enhances client relations, and enables integration with fintech ecosystems, opening ancillary income streams. Strategically, API trading reflects the digitisation of markets, with adoption expected to rise as data-driven strategies and regulatory support expand retail algo participation, positioning brokers as technology partners in the evolving trading landscape.

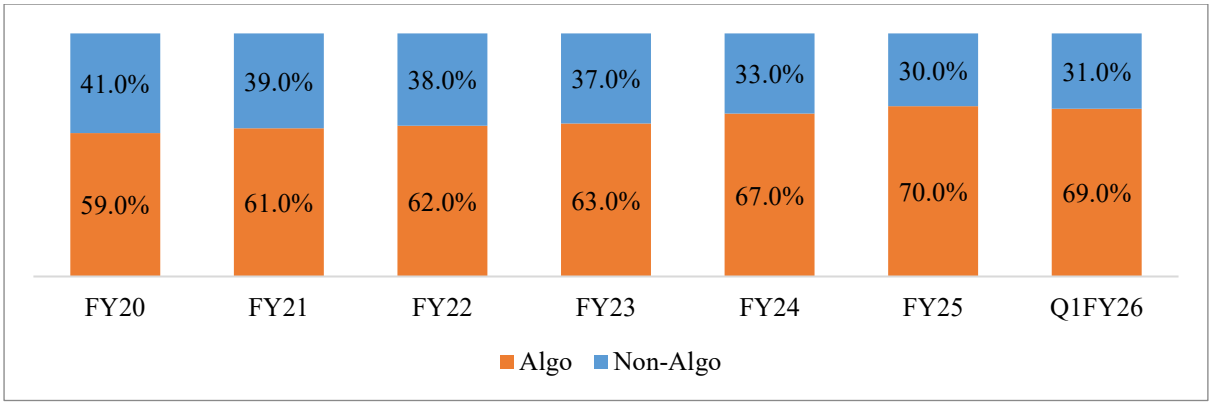

Chart 35: Annual trend by modes of trading in NSE's equity cash market turnover

Source: NSE, CareEdge Research

The share of algorithmic trading has seen a consistent upward trend, growing from 49.2% in FY20 to 54.0% in Q1FY26. This shift reflects increasing retail and institutional adoption of API-driven platforms and automated strategies. In FY25, algo trading surpassed non-algo activity for the first time, indicating a structural change in the way equity transactions are executed in the cash segment.

As of Q1FY26, algorithmic trading accounted for 69% of NSE's equity derivatives market turnover, indicating a structural shift in trading behaviour.

3.8 Share of client concentration in cash & derivative markets

Split in active investors in cash and F&O segment

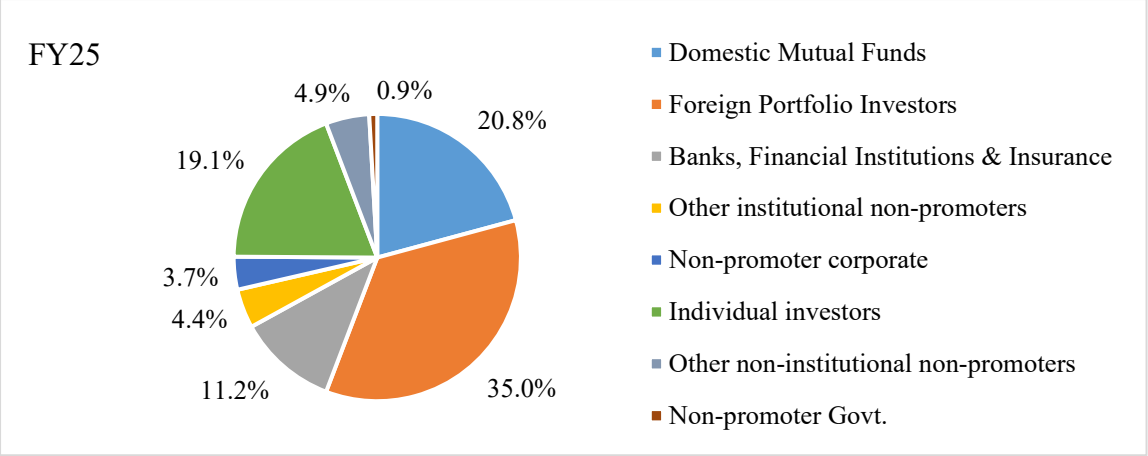

Chart 37: Individual investors' participation in cash and equity derivatives-NSE

Source: NSE, CareEdge Research

Between Mar'20-Mar'25, participation of individual investors in the cash segment grew at a CAGR of 32.9% and has reached 377 lakhs as on Mar'25, while participation in the equity derivatives segment surged at a remarkable CAGR of 49.9% and have reached 106 lakhs as on Mar'25. This significant growth in derivatives can be attributed to the increasing popularity of trading strategies among retail investors, fuelled by the rise of digital trading platforms that make derivatives trading more accessible. Additionally, heightened market volatility and a growing interest in leveraged trading have encouraged investors to explore equity derivatives for potential higher returns. However, as per SEBI study released on 07th July 2025, 91% of individual traders incurred net loss in Equity Derivatives Segment (EDS) in FY25. This has come after the equity F&O segment witnessed strict guidelines for individual investors, which impacted the investor participation within the segment.

Chart 38: Ownership pattern by free float market cap (%)

Source: NSE, CareEdge Research

Foreign Portfolio Investors (FPIs) account for 35% of free float market cap as of Mar'25, followed by Domestic Mutual Funds at 20.8%, indicating growing confidence among retail investors in professionally managed investment vehicles.

3.9 GIFT City role in broking

Gujarat International Finance Tec-City (GIFT City) is India's first and only International Financial Services Centre (IFSC), envisioned to position the country as a competitive global financial hub. Designed as a vertical smart city to optimise land usage, GIFT City spans a total area of 886 acres—comprising a 261-acre Multi-Service Special Economic Zone (SEZ) and an adjoining 625-acre Domestic Tariff Area (DTA). This strategic bifurcation enables seamless integration of both global-facing and domestic operations. With world-class infrastructure, tax and regulatory incentives, and ease of doing business, GIFT City has increasingly emerged as a preferred destination for global institutions seeking to establish cross-border financial operations. Its strategic location, policy support, and innovation focus position it as a critical enabler in India's ambition to be a global financial powerhouse.

With regulatory bodies like the International Financial Services Centres Authority (IFSCA) implementing progressive norms and initiatives such as GIFT IFSC Stock Exchanges and aircraft/ship leasing ecosystems, brokers play a pivotal role in the operational and strategic framework acting as key conduit for offshore fund flows, global listings, and cross-border financial services. Registered brokers at GIFT City provide access to international financial markets, enabling investors to trade in a variety of instruments, including foreign equities, derivatives, and debt securities. They also support non-resident investors, such as NRIs and foreign portfolio investors, by offering services aligned with global compliance standards.

Additionally, brokers in GIFT City enjoy a 100% income tax exemption on business income for any 10 consecutive years out of a 15-year period, as per Income Tax Act, 1961. They are also exempt from Securities Transaction Tax (STT), Commodities Transaction Tax (CTT), and stamp duty on transactions conducted on IFSC exchanges. Furthermore, there is no GST on services received by IFSC units or provided to offshore clients. This makes GIFT City an attractive destination for brokers seeking to expand their international operations while benefiting from a favourable regulatory and tax environment.

3.10 Changing Trends in the Broking Industry

3.10.1 Increase in share of non-broking Value-added services, and financial planning, Fund based activity

Brokerage firms are actively diversifying their revenue streams by expanding into non-broking services such as wealth management, financial advisory, and investment products. Emerging brokerages are attracting clients through zero-commission trading, while established full-service brokers transform into comprehensive financial service providers., These firms now offer an extensive suite of services, including equity research, funding solutions, mutual funds, insurance, and retirement planning, thereby positioning themselves as one-stop financial solutions for their clients.

As of Jun-25, the portfolio management industry managed assets totalling ~Rs. 39.3 lakh crore, primarily from discretionary services, with advisory services contributing over Rs 3.0 lakh crore. This indicates a preference for personalised investment strategies, driven by enhanced financial literacy.

Segments such as margin funding and loans against shares are witnessing popularity, reflecting the growing demand for non-broking services, as clients seek holistic comprehensive solutions beyond trading. Brokerages investing in technology and expanding their service offerings are well positioned in a competitive market.

3.10.2 Rising Importance of Relationship Based Broking

Traditionally, broking focused on executing transactions, with brokers executing trades and offering minimal guidance. However, as the investment landscape grows more complex and competitive, investors increasingly seek personalized, comprehensive services that align with their individual financial goals and risk preferences. This shift has driven the demand for relationship-based broking, which prioritizes long-term client-broker partnerships.

Relationship-based broking is redefining client engagement by moving beyond transactional interactions towards a more customised service model. It focuses on cultivating trust, enhancing client satisfaction, and fostering enduring relationships—factors that drive sustainable growth and create meaningful differentiation in a crowded market. The recent market correction, beginning in October 2024, and ongoing volatility have further amplified the demand for bespoke research and advisory services—areas where traditional brokers continue to hold a competitive edge. By adopting a relationship-driven approach, brokers are investing time in understanding their clients' aspirations, concerns, and financial circumstances. This deeper engagement enables the provision of tailored advice, thereby strengthening trust and improving client retention.

Brokers adopting this approach invest time in understanding clients' aspirations, concerns, and financial situations, enabling them to offer tailored advice. This personalization builds trust and enhances client satisfaction, leading to stronger loyalty. Amid the proliferation of online trading platforms, the human connection offered by relationship-based broking helps distinguishes firms from competitors.

Overall, relationship-based broking is essential for building trust, offering tailored investment strategies, gaining market insights, and standing out in a competitive marketplace. This approach enhances client satisfaction but can also lead to sustainable business growth, as long-term relationships often yield higher value compared to one-off transactions. Furthermore, relationship-based broking plays a critical role in the financial services industry, significantly influencing how brokers interact with clients and manage their investments.

3.10.3 Rising Importance of Technology in Trading

The digital/online broking market is expanding, driven by widespread internet access and technological advancements. The internet enables trading anytime from anywhere and broadens access to financial markets, democratizing investment opportunities.

The rise of app-based trading has significantly contributed to the expansion of the digital broking market. Mobile applications offer seamless access to trading platforms, allowing users to execute trades, monitor markets, and manage portfolios in real time from their smartphones. With intuitive designs and personalised notifications, these apps attract tech-savvy investors and new entrants alike, making financial markets more accessible.

Furthermore, technological innovations, such as advanced trading algorithms, real-time data analytics, and user-friendly interfaces, enhance trading platforms and attract a wider range of investors, including beginners. Mergers and acquisitions within the industry foster innovation and consolidation, allowing firms to offer comprehensive services and optimise operations. Investors increasingly prioritise customisation, seeking platforms that provide tailored portfolios and strategies.

E-brokerages offering features like automated rebalancing and personalised advice are better equipped to meet these demands. At the same time, firms need to implement robust cybersecurity measures to maintain client trust and protect sensitive information against cyber threats, which could harm both reputation and operations.

3.11 The Path Forward: Emerging Trends in Indian Broking

India's capital markets are witnessing a rise in retail investment and an increase in assets under management in mutual funds, reflecting a positive investor outlook. The broking industry is expected to register moderate growth over the medium term, supported by economic expansion, growing retail participation, and continued technological advancement. The industry is likely to attract new clients, particularly from underpenetrated retail segments, driven by favourable demographics and improved financial literacy. The widespread use of smartphones, faster internet connectivity, and user-friendly trading applications will further facilitate broader participation in trading and investing across diverse age groups. Regulatory developments, particularly those introduced by the Securities and Exchange Board of India (SEBI), significantly influence the industry's trajectory. SEBI's initiatives aimed at safeguarding investors and enhancing market transparency—such as recent revisions to margin trading norms—require brokers to adapt swiftly. While these reforms strengthen market integrity, they may pose compliance challenges for smaller firms.

Key trends shaping the future of stockbroking include AI-powered tools like algorithmic trading, robo-advisors, chatbots, and virtual assistants. These innovations will personalize investment recommendations and improve user experience, fostering stronger client relationships. India has considerable potential for growth in the broking industry (Chart 3938), as only 4-5% of India's population actively participating in stock trading, compared to significantly higher rates in countries like the United States (55%), the United Kingdom (33%), and China (13%).

3.12 Retail and HNI broking in India

India's broking landscape is undergoing a structural transformation, led by a generational shift in retail investor behaviour and digital adoption. The younger, tech-native investor cohort is increasingly prioritising accessibility, low costs, and convenience over traditional relationship-based broking. Retail investors, particularly in Tier 2 and Tier 3 cities, are gravitating towards mobile-first platforms offered by brokers, which provide ease of onboarding and direct market access with minimal human intervention. Conversely, HNIs remain relationship-driven, with a clear preference for research-backed advisory, portfolio-level insights, and integrated offerings such as wealth management, PMS, and lending solutions are services typically anchored within full-service broker models.

The regulatory environment has become a key pivot point for broking business models. Recent directives by SEBI to standardise pass-through charges and restrict misaligned incentives in the F&O space are aimed at promoting market integrity but pose near-term headwinds to broker profitability especially for firms that relied heavily on high-frequency retail trades. This is particularly true for discount brokers that monetised through transaction-linked revenues. Full-service brokers, though relatively insulated due to diversified revenue streams, are not immune to margin compression. There is a growing emphasis on compliance, risk-based profiling, and suitability frameworks, which may constrain aggressive customer acquisition but improve long-term sustainability and client trust.

The competitive landscape is being reshaped by the aggressive market share gains of discount brokers, which are commoditising core broking services and forcing full-service firms to reassess their positioning. In response, full-service brokers are adopting a dual strategy: expanding premium advisory for affluent clients while launching digital arms to engage cost-sensitive investors. As zero-brokerage models erode traditional revenue streams, brokers are increasingly monetising through ancillary offerings like research subscriptions, asset distribution, and lending solutions.

3.13 Key Growth Drivers for the Indian Broking Industry

- **Favourable Demographics**

India has one of the youngest populations globally, with around 55% population under 35 years of age in 2021. This young demographic is inclined towards digital solutions and wealth creation, with growing interest in investing in capital markets. With a median age of 28, compared to 38 in China and 39 in the US, India's young population presents a long-term growth opportunity for the broking industry as they begin investing early in their careers. This trend is expected to continue, with the median age remaining below 35, maintaining favourable demographics for the country.

- **Low Penetration of Capital Markets**

The Indian equity market has historically seen low participation rates compared to developed countries. Near about 4-5% of Indians invest in the stock market, compared to United States (~55%), United Kingdom (~33%) and China (~13%). This leaves significant room for growth as awareness and financial inclusion efforts expand. With increasing digital literacy and initiatives to encourage investments, market penetration is expected to rise significantly in the coming years.

- **Increasing Investment in Shares & Mutual Funds (as % of Savings)**

The proportion of household savings allocated to shares and mutual funds is on the rise. As per NSE analysis, it is estimated to have been at 8% each for Equity and Mutual Funds in FY24E and is expected to rise to reach ~12% until FY33. This shift will be significant given the traditional preference for physical assets like gold and real estate in India. The increased allocation to financial assets reflects changing investment behaviour, driven by higher awareness and attractive returns offered by equities and mutual funds over the long-term period.

- **Penetration in Tier 2 Cities and Beyond**

India's asset management industry, including mutual funds, PMS, and Alternative Investment Funds (AIFs), has grown by over 20% in the past decade (FY15 – FY25) The rise of digital trading platforms has enabled brokerage firms to expand beyond major cities, with over 60% of investments now coming from Tier 2 and Tier 3 cities. This growth is driven by improved internet connectivity, increasing financial literacy, and targeted marketing efforts.

- **Role of Technology and Tech Platforms**

The rise of fintech platforms, algorithmic trading, and AI-driven investment advisory tools has simplified the trading process, attracting younger, tech-savvy investors. Cloud computing, real-time data analytics, and secure digital payments are transforming broker operations, making trading more accessible and cost-effective.

- **Rising Retail Participation**

Retail participation in India's trading markets has surged, fuelled by the growing use of mobile trading platforms and awareness of derivatives as hedging tools. Retail traders' share of derivatives trading volumes has increased dramatically, from 2% in 2018 to 41% in 2023, establishing India as a global leader in derivatives trading. During FY25, the notional turnover of equity derivatives traded on NSE reached Rs. 78,359 lakh crore. Additionally, SEBI's introduction of more derivative products has enhanced market liquidity and depth, creating new revenue opportunities for brokers.

3.14 Key Risks and Challenges

Challenge Area	Details
Regulatory Changes	Evolving SEBI regulations—such as higher margin requirements and stricter compliance norms—are increasing operational burdens, particularly for smaller brokerage firms.
Revenue Pressures	The shift toward uniform transaction fees and the removal of volume-based discounts is expected to compress profit margins, especially for discount brokers.
Cybersecurity Risks	Growing digitalization has heightened exposure to cyber threats and data breaches, necessitating substantial investments in cybersecurity infrastructure.
Market Volatility	The inherent volatility in Indian capital markets—especially in the derivatives segment—poses challenges for brokers in managing margins and ensuring client liquidity.
Consolidation Pressure	Rising regulatory and compliance costs may lead to market consolidation, with smaller brokers struggling to compete with larger, well-capitalised players.

Intense Competition	The Indian financial services sector is highly competitive and fragmented. As of September 03, 2025, nearly 4,900 brokers are registered with SEBI under the equity segment.

3.15 Key Strengths and Weaknesses

Strengths	Weaknesses
Technology and Innovation: Adoption of advanced platforms, algorithmic trading, and real-time data improves efficiency and user experience.	High Competition: Numerous players offering similar services lead to price wars, thinner margins, and low differentiation.
Financial Advisory & Research Services: Full-service brokers provide valuable insights and advice, increasing client loyalty. Rapid Growth of Retail Investors: Increase in retail participation driven by literacy, accessibility, and policy support.	Lack of Awareness in Rural Areas: Limited understanding of capital markets in rural/semi-urban regions restricts market penetration. Cybersecurity Risks: Increased digital exposure heightens risk of cyber threats, affecting investor confidence.

3.16 Regulatory Framework and its potential impact on the Broking Industry

1. QSB Framework

Objective & Framework

The Qualified Stock Broker (QSB) framework, introduced by the Securities and Exchange Board of India (SEBI), aims to identify and regulate key brokerage firms that are vital to the market infrastructure. QSBs are selected based on specific thresholds and criteria and are subject to stricter regulatory requirements due to their systemic importance.

The framework evaluates stockbrokers based on four key parameters:

1. Active Clients: The number of active clients maintained by the broker.
2. Total Assets: The total value of assets held by the broker's clients.
3. Trading Volumes: The total trading volume executed by the broker, excluding proprietary trading.
4. End-of-Day Margin Obligations: The margin obligations of the broker's clients at the end of the trading day, excluding proprietary margins.

Each broker's score for these parameters is calculated relative to the overall market, using a proportional method. For example, a broker's score for active clients is based on their share of the total active clients across all brokers, and the same method applies to the other parameters.

The total score for each broker is derived by summing the individual scores across all parameters. The data for scoring is taken as of December 31st of the respective financial year. Exchanges assign scores to brokers based on their relative performance, ensuring transparency, and helping investors make informed decisions.

Potential Impact of Qualified Stock Broker (QSB) framework on the Broking Industry

Increased Investor Protection: QSBs, with stricter risk management and compliance requirements, are better equipped to protect investor assets and reduce the risk of fraud or mismanagement. Higher capital reserve requirements ensure these brokers can absorb market shocks, safeguarding both retail and institutional investors. This added protection is especially important for retail investors, who are more vulnerable to market volatility.

Improved Transparency and Governance: QSBs must adhere to higher governance standards, leading to improved transparency in their operations and decision-making. This includes clearer disclosures of financial health, risks, and conflicts of interest, benefiting all market participants. Enhanced governance practices, such as independent oversight and stringent internal audits, increase corporate accountability, making QSBs more reliable.

Investor Confidence: The enhanced regulations and oversight around QSBs are likely to bolster investor confidence, as clients will have greater assurance in the broker's ability to manage risks and operate transparently.

Rise of Discount Brokers: Emerging discount brokers may seek QSB status as they expand their client base and market share. This could spur further industry innovation, as digital platforms strive to meet regulatory standards while continuing to provide low-cost, tech-driven services.

2. Recent SEBI guidelines on F&O trading

SEBI has introduced a set of new measures to restructure the equity derivatives trading framework in India:

Regulatory Measure	Objective / Impact
SEBI increased the minimum contract value for derivatives trading from the current range of Rs. 0.5 to Rs. 15 lakh. This adjustment ensures that investors are exposed to appropriate levels of risk in the derivatives market. SEBI also announced plans to eventually adjust the contract size further, setting the value between Rs 15 lakh and Rs. 20 lakh in the future.	To ensure investors maintain appropriate exposure to risk in the derivatives segment.
To tackle market volatility on expiry days, starting November 2024, SEBI has enforced an additional extreme loss margin (ELM) of 2% on all open short option positions on the day of expiry. This measure is designed to protect investors against extreme market fluctuations, particularly during high-volume trading periods.	To protect investors from sharp market fluctuations during volatile trading sessions.
Starting November 20, 2024, SEBI has limited weekly expiries for index derivatives to one per benchmark index per exchange, reducing the total from 18 to 6 contracts per month. This move aims to reduce speculative trading and manage risks related to uncovered or naked option selling.	To reduce speculative trading and manage risks from uncovered option selling.
Removal of Calendar Spread Benefits Calendar spread margin benefits removed for contracts expiring on the same day.	To discourage speculative expiry-day trading and strengthen market discipline.
Starting February 2025, SEBI has eliminated calendar spread benefits for contracts of the same underlying assets but with different expiring dates, a change that seeks to minimize speculative trading, particularly on expiry days.	To curb excessive intraday leverage and ensure investors have adequate collateral.
From April 1, 2025, stock exchanges have begun to conduct intraday monitoring of position limits in equity index derivatives. This means that position limits will be tracked and checked multiple times throughout the trading day, preventing traders from exceeding their permissible limits unnoticed.	To prevent unnoticed breaches of regulatory limits and enhance compliance.
Starting October 1, 2024, SEBI introduced a new rule mandating uniform transaction fee for market infrastructure institutions (MIIs), including stock exchanges. This rule could diminish the competitive edge of discount brokers, who typically thrive on high trading volumes and offer low fees. Traditionally, discount brokers charged lower fees to attract high-frequency traders, leveraging their high volumes to maintain profitability. However, with SEBI's new rule enforcing a standardized fee structure across the board, these brokers will lose their ability to offer significantly cheaper rates, reducing their pricing advantage over full-service brokers and potentially impacting their market share.	To level the playing field, potentially affecting the pricing advantage of discount brokers.
As per SEBI study released on 07th July'25, 9 out of 10 individual traders in the equity futures and options segment continued to incur significant losses. Way forward the equity F&O segment is likely to witness strict guidelines for individual investors, which may impact investor participation within the segment.	To protect retail investors and potentially limit their participation in high-risk F&O trading.

3. Impact of upcoming regulatory changes on Assisted and Non-Assisted Brokers

Below are some upcoming regulatory changes that could affect both assisted mode brokers (those offering advisory services and personal interaction) and non-assisted mode brokers (digital platforms and discount brokers with minimal human intervention):

- **Stricter Compliance and Reporting Standards**

  Assisted Brokers (Full-Service Brokers): SEBI's heightened compliance requirements, such as quarterly audits and higher capital ratios, will prompt full-service brokers to invest in regulatory technology and compliance teams. While this will increase operational costs, it will also enhance their credibility, particularly with high-net-worth and institutional clients, boosting trust and loyalty.

  Non-Assisted Brokers (Digital and Discount Brokers): Non-assisted brokers will need to strengthen cybersecurity and data protection measures, leading to higher tech investments, which may reduce their cost advantage.

- **Fee Structures and Transparency**

  Assisted Brokers: With the move towards uniform transaction fees, assisted brokers may adjust service fees or advisory charges to offset the elimination of volume-based discounts. This will allow them to maintain elevated levels of personalized service, appealing to clients who value tailored advice.

  Non-Assisted Brokers: Operating with thin margins, non-assisted brokers may pass on higher costs to users, potentially reducing their low-cost appeal.

- **Customer Due Diligence (KYC/AML Updates)**

  Assisted Brokers: Stricter KYC and AML norms will require more robust due diligence, adding operational complexity. However, these measures will strengthen client trust, particularly among high-net-worth individuals who seek personalized services for managing complex portfolios.

  Non-Assisted Brokers: The automation of real-time KYC and verification will be key, but this will require significant tech upgrades.

- **Derivative and Margin Norms**

  Assisted Brokers: New margin rules for F&O trading will encourage assisted brokers to advise clients on risk management, reinforcing their advisory role and making them essential for navigating complex derivatives strategies.

  Non-Assisted Brokers: Non-assisted brokers (discount brokers) are largely dependent on F&O transactions for their broking revenue as most of them offer zero or minimal brokerage for equity delivery transactions. Due to changes and restrictions in derivative contracts, margin norms, etc. retail-focused brokers may see reduced F&O volumes as fewer retail clients will be able to meet the new margin requirements. Further, fewer expiry days will also lead to reduced F&O volumes and therefore is expected to have negative impact on the revenue of non-assisted brokers (discount brokers).

4. Asset Management & Distribution

4.1 Size and Growth of HNIs in India

High net-worth individual (HNI) is someone with a net worth of USD 1 million or more, including their primary residence, while Ultra HNI is someone who has a net worth of USD 30 million or more across financial and physical assets. India has one of the world's fastest growing HNI population both in terms of the number of individuals and the wealth levels.

Chart 41: HNII and Ultra HNIs Population in India

Source: Industry Sources, CareEdge Research, Data are provisional
Note: P indicates that the data projected

In 2022, the UHNI population grew by around 5% CAGR over 2017. The number of UHNIs in India increased exponentially and reached around 12 thousand in 2022. By 2027, HNI population is projected to grow at a CAGR of 6.5% over 2022.

In the medium to long term, UHNI, HNI and affluents segment are likely to see tremendous growth on the back of growth in Indian economic, rising affluence and financialization of assets. India's HNI population is expected to grow more than double by 2027 over 2022, making it one of the world's fastest-growing wealth markets.

4.2 Investment advisory services

Investment advisory services enable individuals, businesses, and institutions to manage their investments effectively. These services typically involve evaluating a client's financial goals, risk tolerance, and investment timeline, and managing a customized investment strategy. Over time, brokers have expanded their offerings to include investment advisory, AIF/PMS, and distribution of financial products like mutual funds.

The main elements of investment advisory services include:

- **Financial Planning**: Advisors develop a comprehensive plan to meet financial objectives, such as retirement, education savings, purchasing a home, or estate planning.
- **Portfolio Management**: Advisors create, implement, and monitor an investment portfolio of assets (like stocks, bonds, or mutual funds) that aligns with the client's risk profile and goals.
- **Investment Selection and Advice**: Based on market research and analysis, advisors recommend investments suited to the client's needs and objectives.
- **Ongoing Reviews and Adjustments**: Advisors regularly update clients on portfolio performance and adjust strategies as necessary based on changes in the market or the client's circumstances.
- **Education and Client Support**: Advisors help clients understand financial markets, investment products, and strategies to enable informed decision-making.
- **Foreign Investing Through Indian Brokers**: With the expansion of investment advisory services, brokers now support foreign investing through structures like the Foreign Portfolio Investor (FPI) framework. They assist global clients including individuals, foreign institutions, etc in accessing India's equity, debt, derivatives, and alternative markets while ensuring compliance with SEBI and RBI regulations. Services include onboarding, KYC, tax planning, reporting, portfolio construction, risk management, and currency hedging. Despite challenges like currency fluctuations, taxation, and compliance requirements, advisory support helps investors navigate these complexities. With liberalised norms and growing global allocations to emerging markets, Indian brokers play a crucial role in enabling foreign participation in India's capital markets.

Investment advisors can be human professionals, automated robot-advisors (providing algorithm-driven recommendations), or hybrid models combining both approaches. In India, SEBI regulates these services to ensure transparency and protect client interests.

4.3 Alternative Investment Funds

Overview

As per SEBI, Alternative Investment Fund or AIF refers to any fund established or incorporated in India that operates as a privately pooled investment vehicle which collects funds from sophisticated investors, whether Indian or foreign, to invest them in accordance with a defined investment policy for the investors benefit. AIFs does not include funds covered under the SEBI (Mutual Funds) Regulations, 1996, SEBI (Collective Investment Schemes) Regulations, 1999 or any other regulations of the Board governing fund management activities.

Types of AIFs

Funds can seek registration under three categories – Category I, Category II and Category III.

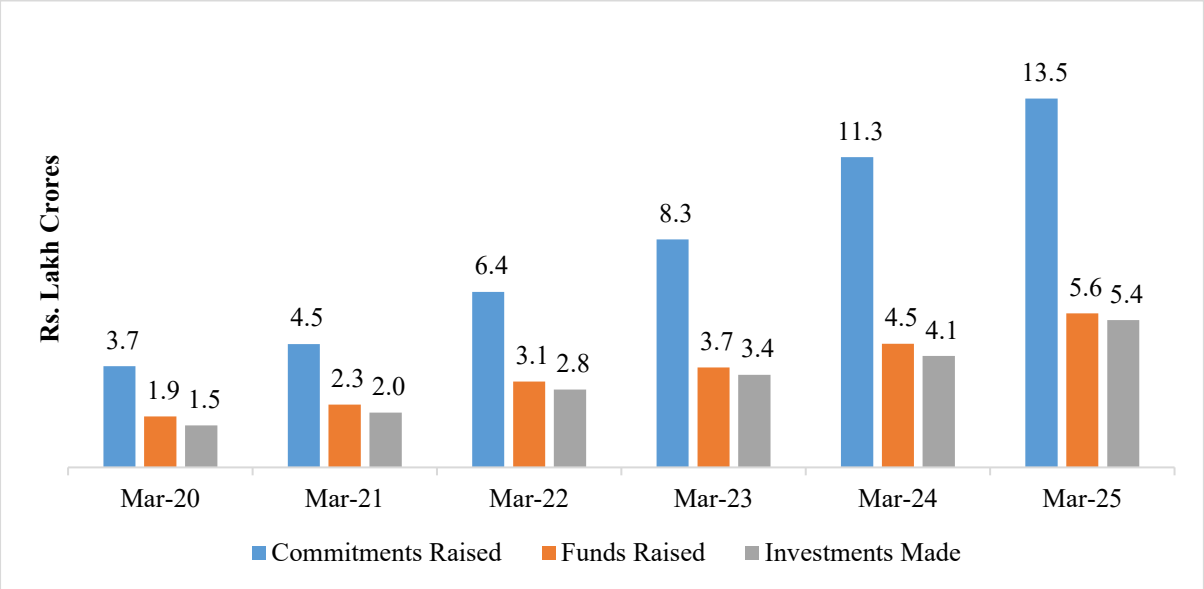

- **Category I:** Invests in start-up or early-stage ventures or social ventures or SMEs or infrastructure or other sectors or areas which the government or regulators consider as socially or economically desirable and shall include venture capital funds, SME Funds, social impact funds, infrastructure funds, special situation fund.

- Category II: Category II are those funds which do not fall in Category I and III and which does not undertake leverage or borrowing other than to meet day-to-day operational requirements and as permitted in these regulations.

- Category III: Category III are those funds which employ diverse or complex trading strategies and may employ leverage including through investment in listed or unlisted derivatives.

Growth of AIFs in India

Chart 42: AIFs Commitments have surged annually (Rs. Lakh crore)

Source: SEBI, CareEdge Research

AIFs commitments have grown sharply with the annual growth rate remaining in high double digits. As of Mar'25, AIFs have received commitments worth Rs. 13.5 lakh crore growing at a CAGR of 29.5% between FY20-FY25. Of these commitments received, ~42% of the funds have been raised and of these funds ~96% investments have been made. Category II funds are the highest contributor in terms of commitments for AIF, accounting for over

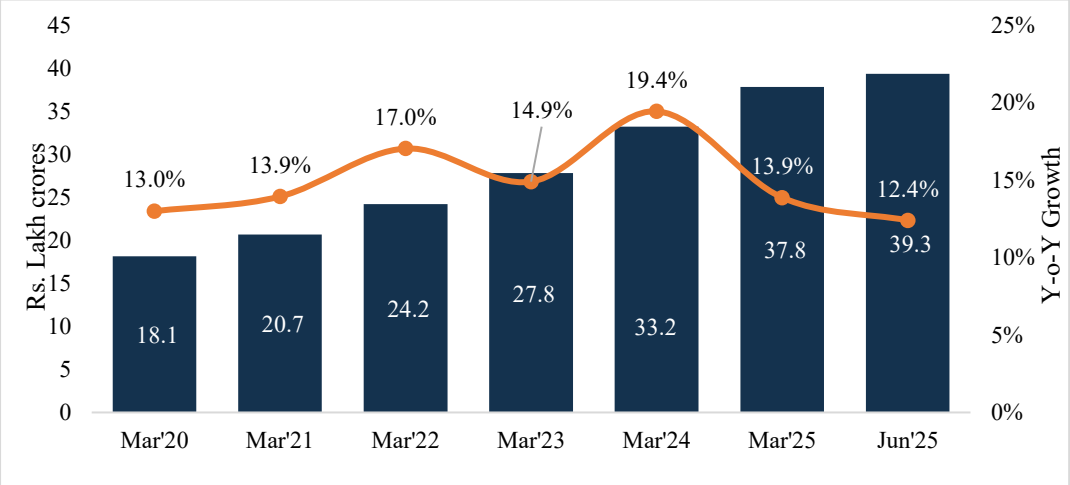

76% of total commitments, indicating the popularity of private equity funds or debt funds. Followed by Category III and Category I funds accounting for 17% and 6.6% share in total commitments respectively, in FY25.

4.4 Portfolio Management Services (PMS)

PMS is a category of professional financial services governed by the SEBI Portfolio Manager Regulations. A professional portfolio manager offers customised investment solutions to high net-worth individuals (HNIs) who are seeking to invest in instruments such as equity, debt, gold and more. The minimum investment limit for PMS is Rs 50 lakh. PMS invests on behalf of its clients in separately managed accounts in various securities including listed equities, unlisted equities, fixed income instruments, hybrid, or structured products and others. A PMS can be primarily structured in three ways – Discretionary Portfolio Management, Non-Discretionary Portfolio Management, and Advisory Portfolio.

As of Jun'25, the AUM of the portfolio management industry reached nearly Rs. 39 lakh crore of which discretionary service category contributed the most (~84.1%) followed by non-discretionary services (~8.1%). While the Advisory service contributed to around Rs. 3 lakh crore of the total AUM which is 7.7% of the AUM of portfolio management industry.

There were over 1.95 lakh clients in portfolio management industry as of Jun'25. Of these, ~96% clients were of discretionary services category 3.3% clients in non-discretionary services category, and 0.6% clients availed advisory services of portfolio managers.

4.5 Securities Lending and Borrowing (SLBM)

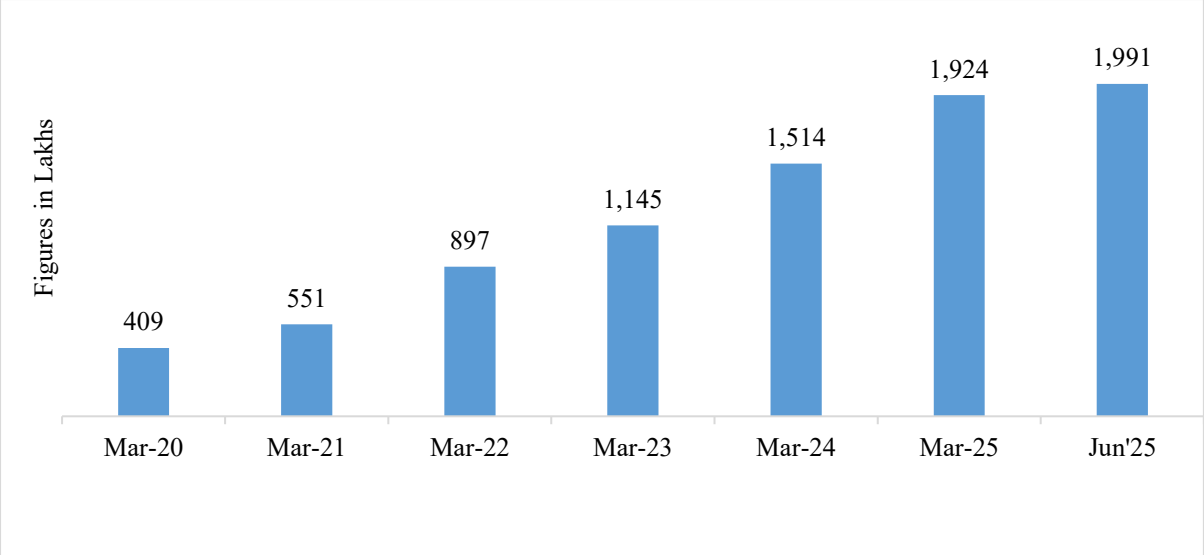

Securities Lending and Borrowing Mechanism (SLBM) is an established market framework that facilitates the temporary transfer of securities between two market participants (a lender and a borrower) through an approved intermediary such as a recognised stock exchange or clearing corporation. Under this structure, while institutional investors like mutual funds, insurance companies, and pension funds are major participants to lend securities from their portfolio. Retail investors can also lend securities from their demat accounts, thereby broadening access to this mechanism and creating additional income opportunities. Borrowers typically trading entities or individuals, for a predefined period and at an agreed fee. The mechanism provides a regulated, efficient, and secure process for such transactions, allowing participants to generate short term gains, with easy and quick settlement.

4.6 Distribution Services (Depository Services, FD, Bonds)

Depository Services

Depository services facilitate the electronic holding and transfer of securities, eliminating the need for physical certificates. They ensure secure, efficient, and transparent transactions while supporting faster settlement cycles. Brokers offering depository services act as intermediaries between investors and the depository, helping clients open and manage demat accounts. They enable electronic transactions, ensure compliance with regulatory requirements, and assist with account maintenance and security.

Chart 45: Investor Accounts

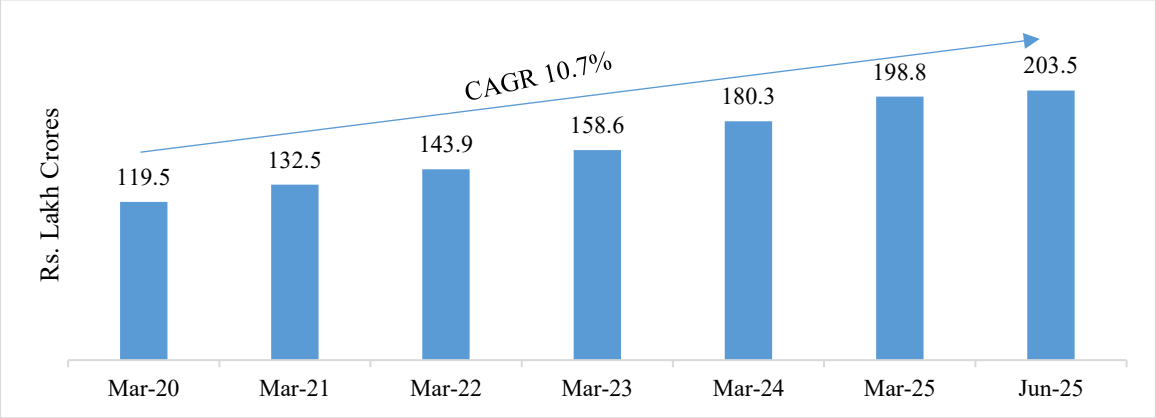

Source: SEBI Bulletin, CareEdge Research
Note: The above data indicates investors accounts are registered with NSDL and CDSL

Retail investors' preference is becoming more mature as they get more informed regarding potential of capital markets and risk associated with investing in it. This increasing awareness has led to significant growth in retail participation, with investor accounts registered with NSDL and CDSL reaching 1991 lakhs as of Jun'25.

Fixed Deposit Services

Fixed deposits (FDs) facilitate the mobilisation of retail and institutional savings into term deposit instruments offered by banks and deposit taking NBFCs. Fixed deposit service providers act as intermediaries, enabling customers to access a wide range of deposit products with varying tenures and interest rates, while ensuring regulatory compliance, documentation, and ease of account management. FDs remain a popular investment option due to their capital protection, predictable returns, and lower risk profile.

Chart 46: SCBs Deposits

Source: RBI, CareEdge Research

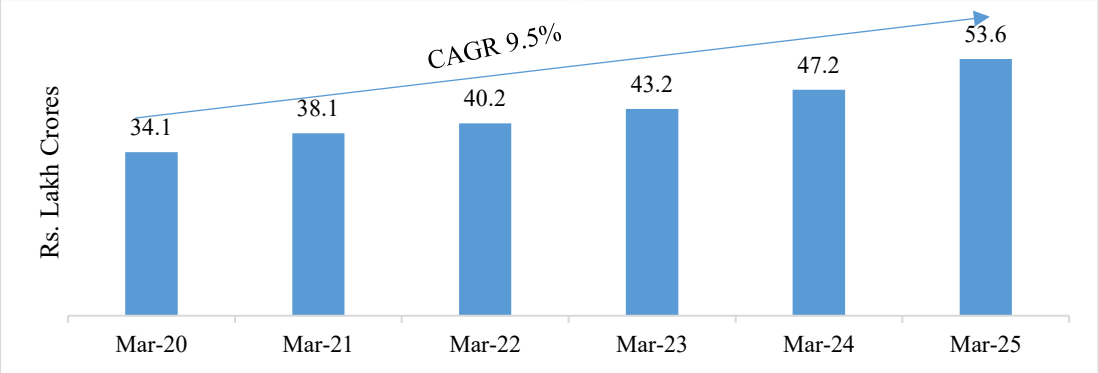

Term deposits of SCBs have shown steady growth from Rs. 119.5 lakh crore in Mar-20 to Rs. 203.5 lakh crore in Jun-25, reflecting a CAGR of 10.7%. This consistent increase highlights investors' preference for secure and predictable returns, especially during periods of economic uncertainty and fluctuating markets. The upward trend suggests that term deposits continue to be a key savings instrument, supported by regulatory policies and fixed interest rates.

Bond distribution services

In addition to this, bond distribution services play a critical role in connecting issuers such as corporations, government bodies, and financial institutions with investors seeking fixed-income instruments. These services

provide advisory support, pricing insights, and access to primary and secondary bond markets, helping investors diversify portfolios and manage interest rate or credit risk. By streamlining issuance, underwriting, and settlement processes, distribution platforms enhance liquidity and participation in debt markets.

Chart 47: Outstanding Corporate Bonds Issued

Source: SEBI, CareEdge Research
Note: Data indicates outstanding corporate bonds issued by financial and non-financial corporations held in NSDL and CDSL system.

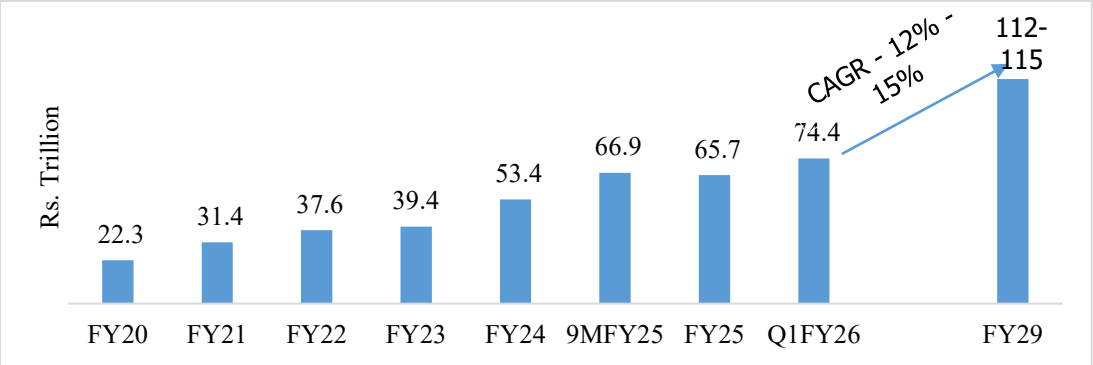

Corporate bonds have shown a steady growth trend from Rs. 34.1 lakh crore as of Mar-20 to Rs. 53.6 lakh crore as of Mar-25, growing at a CAGR of 9.5%. This growth reflects increasing corporate borrowing as businesses source funds from debt markets for capital expenditure, refinancing, and expansion purposes. The consistent rise also signals improving market depth, investor participation, and regulatory support. While credit quality and interest rate volatility challenges persist.

4.7 Domestic Mutual Fund Industry

A mutual fund is a collective investment vehicle that collects & pools money from several investors and invests the same in equities, bonds, government securities, and money market instruments. The money collected in a mutual fund scheme is invested by professional fund managers in stocks and bonds etc. in line with the scheme's investment objective. The income or gains generated from this collective investment scheme are distributed proportionately amongst the investors, after deducting applicable expenses and levies, by calculating a scheme's "Net Asset Value" or NAV. In return, mutual fund charges a small management fee.

Domestic Mutual Fund Industry Has Grown Rapidly

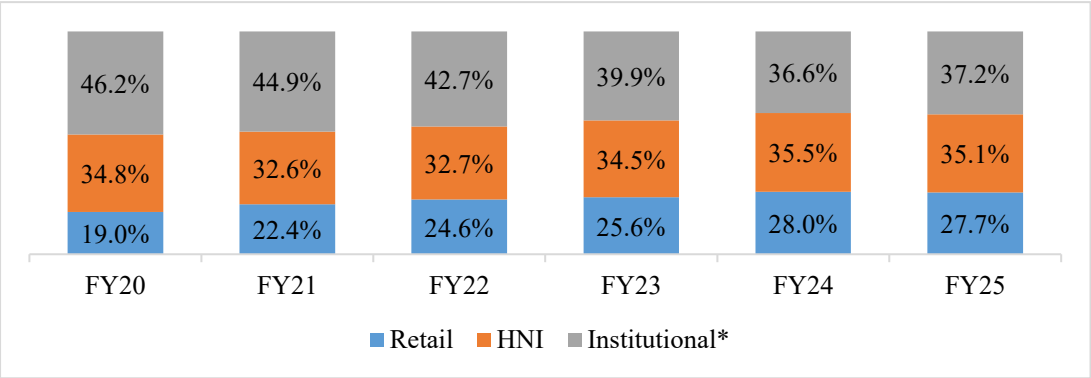

Chart 48: Growth in Domestic Mutual Fund Industry AUM and outlook

Source: AMFI, CareEdge Research Estimates
Note: AUM as of the last day of the month; FY- financial year ended March

The outlook for mutual fund AUM growth remains positive, driven by factors such as rising financial literacy, increased awareness, and a growing preference for mutual funds as a wealth-building tool. The expansion of digital platforms has made mutual fund access more convenient, while government initiatives promoting systematic investment plans (SIPs) and long-term savings support further growth. With India's economy continuing to expand, a rising middle class, and an increased focus on financial planning, mutual funds are expected to see AUM grow at 12-15% annually between FY25 and FY29.

AUM as of the last day of the month; FY- financial year ended March

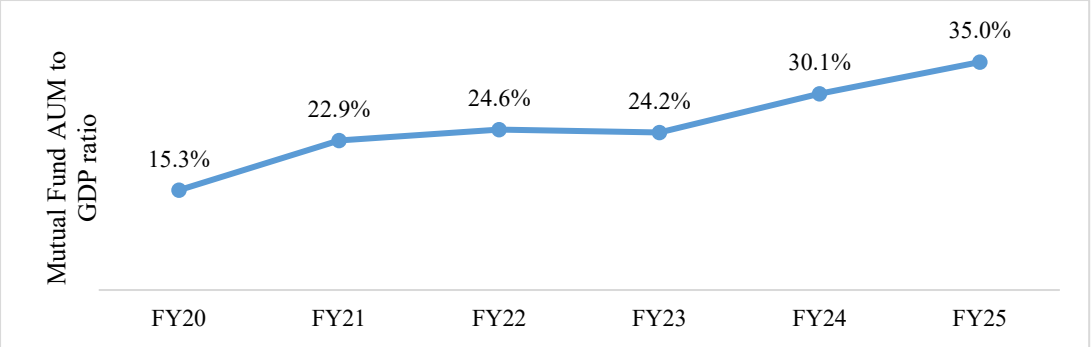

Between FY20 and FY25, retail AUM has grown at a CAGR of 34%, reaching Rs. 18.2 lakh crore as of FY25 and accounting for 27.7% of industry AUM. This growth in retail AUM reflects an increasing preference for mutual fund investments amongst retail investors. HNIs AUM grew at a CAGR of 24.4% between FY20-FY25, reaching Rs. 23.1 lakh crore as of Mar'25. Institutional AUM also grew albeit at a slower pace than retail & HNI AUM, at a CAGR of 18.9% between FY20-FY25, reaching Rs. 24.5 lakh crore as of Mar'25.

FY25 was a standout year for the Indian mutual funds industry, with assets under management (AUM) increasing by Rs 12.3 lakh crore, reaching a record 65.7 lakh crore as of Mar'25 up from Rs. 53.4 lakh crore as of Mar'24, demonstrating strong market performance and investor confidence.

4.8 Penetration of mutual funds in India

India continues to be underpenetrated with a mutual fund penetration rate (the ratio of period ending mutual fund AUM to GDP) reached nearly 35% as of Mar-25, as compared to global average of 70-80%. India accounts for less than 2% of the global mutual fund industry, representing a significant growth opportunity.

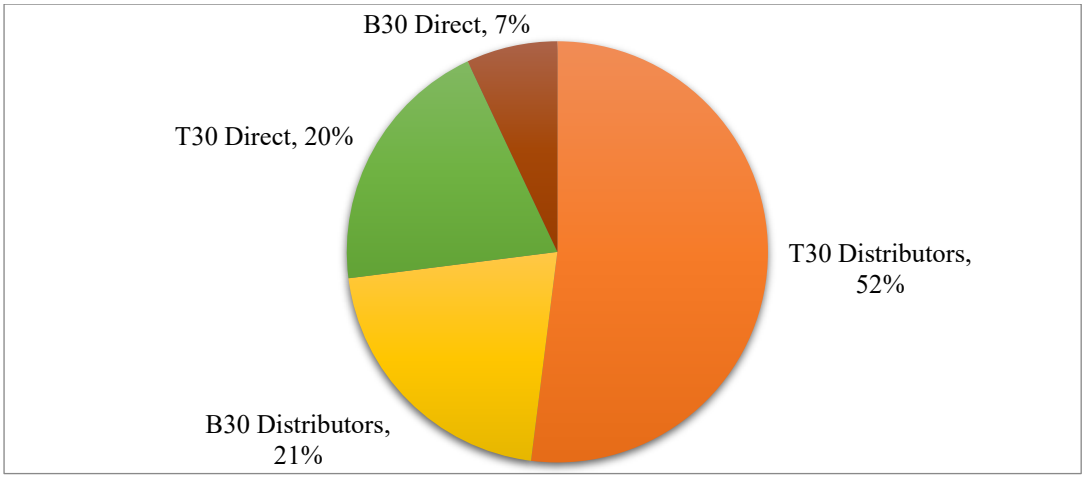

Chart 52: B30 and T30 Asset Mix

Source-AMFI, CareEdge Research

Earlier there was lack of healthy participation from investors in B30 (beyond top 30) locations. Recently, the mutual fund sector is witnessing rising activity from B30 locations, especially in the equity segment due to improved distribution and regulatory changes in fee structure. Furthermore, increasing mobile phone penetration and wealth managers integration towards technology to service transparent and systematic products in an efficient manner has enabled distributors to penetrate deeper to serve clients across the wealth management space.

Chart 53: Individual investors' assets – Overall Composition – Jun-25

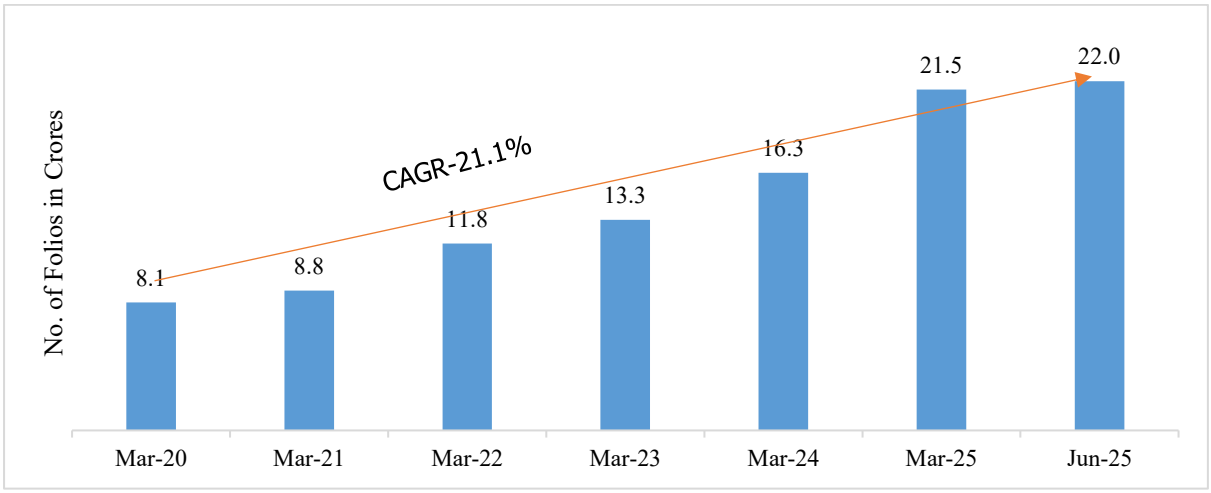

Source-AMFI, CareEdge Research
Note: Individual investors include HNIs

Individual assets are primarily distributor driven. Distribution channels accounted for 73% of total mutual fund assets under management (AUM) as of Jun'25, of which 52% belongs to the top 30 cities. Direct investments amount to 27% of individual assets, of which 7% of individual assets were from B30 and 20% of individual assets were from T30.

4.10 Indian mutual fund number of folios (retail)

The growth in retail folios in mutual funds reflects an increasing trend of individual investors seeking portfolio diversification and long-term financial goals. Retail investors are recognizing the advantages of mutual funds, including professional management and liquidity. Additionally, initiatives promoting SIPs have further spurred participation, leading to substantial growth in retail folios. As of the first nine months of FY25, the total number of folios stood at 225 million, with over 206 million under equity, hybrid, and solution-oriented schemes—where retail investment is most prominent.

Chart 54: Indian Mutual Fund number of Folio Basis (Retail)

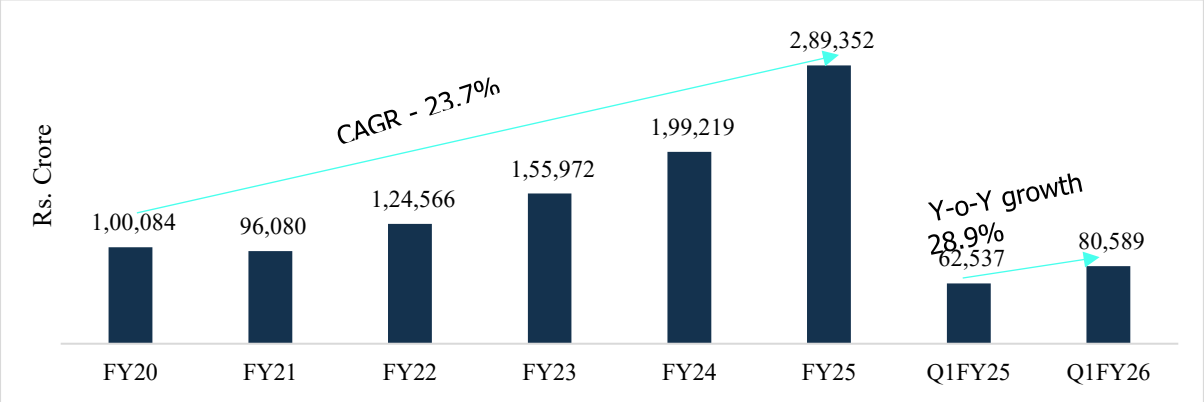

Source: CMIE, CareEdge Research
Note: Figures have been round-off to the nearest integer

Retail participation in Indian mutual funds has seen a sharp and consistent uptick, with the number of folios growing at a CAGR of ~21.7% between Mar'20-Jun'25, reaching 22 crore by Mar'25. This strong growth reflects increasing retail investor confidence, growing financial savings, and increasing penetration of mutual fund products across Tier II and III cities. Over the years, retail participation has been supported by digital onboarding, SIP culture, financial awareness, and regulatory initiatives that promote transparency, trust and focus on financial inclusion.

4.11 SIP contribution

The significant increase in retail folios is attributed by positive sentiments of retail investors, participating in a disciplined manner through SIPs. Post COVID-19, India's capital markets have experienced influx of retail investor leading to increase in asset allocation towards mutual funds. Mutual Fund outstanding SIPs accounts stood at 10 crore accounts as of FY25 and at ~9.2 crore accounts as of Q1FY26. The total contribution through SIPs was Rs 2,89,352 crore during FY25, indicating a CAGR of 23.7% between FY20-FY25. and Rs 80,589 crore as on Q1FY26. As of Q1FY26, the contribution reached Rs 80,589 crore, while it was Rs 62,537 crore as of Q1FY25, indicating a y-o-y growth rate of 28.9%.

Chart 55: SIP Contribution

Source-AMFI, CareEdge Research

As the Indian mutual fund industry expands, driven by rising assets under management and a broader investor base, the demand for professional advisory and distribution services is expected to increase. Regulatory changes promoting fee transparency may lead to a shift toward fee-based advisory models, allowing distributors to earn ongoing commissions rather than one-time sales fees. As financial literacy improves, more investors are likely to seek guidance, offering distributors opportunities to build long-term relationships and enhance revenue. Furthermore, with the growth of digital platforms and robo-advisors, traditional distributors providing personalized, value-added services may see increased commissions from managing larger, diversified portfolios.

4.13 Key Growth Drivers for Mutual Fund Distributors

Drivers	Details
Increasing Penetration of the Mutual Fund Market in India	Investor participation from B30 (Beyond Top 30) locations has traditionally remained limited. However, improved distribution networks and revised fee structures have driven growth in the equity mutual fund segment. By March 2025, distributors managed approximately 73% of total individual investors' assets, with 52% originating from Top 30 (T30) cities. Direct investments accounted for 27%, including 20% from T30 and 7% from B30 locations. These trends reflect a gradual increase in investor activity from non-metro regions.
Driving Digital Transformation	Asset management companies and distributors have accelerated digital transformation by adopting mobile applications and online platforms. These innovations have simplified transactions, improved investor convenience, and reduced operational costs. Digital solutions have also extended mutual fund access to underserved geographies.
Strengthening Regulatory Support	SEBI has implemented regulatory reforms to enhance transparency, safeguard investors, and maintain market integrity. These initiatives have fostered fair competition, improved disclosures, and strengthened investor confidence across the mutual fund industry.
Expanding Through Strategic Partnerships	Distributors have formed strategic partnerships with banks, insurance firms, and fintech platforms to expand their market reach. These collaborations have promoted financial literacy, enabled the delivery of integrated financial services, and supported sustainable growth in the mutual fund sector.

4.14 SWOT Analysis of Mutual Fund Industry

Strength	Weakness
• Asset managers provide diversified portfolios, reducing risk by spreading investments across assets and sectors. • Advanced analytics, AI, and algorithmic trading help optimize strategies and offer real-time insights.	• Clients may switch if returns are inconsistent, or they find better-performing funds. • The rise of passive investing and competition pressures firms to cut fees, affecting profitability of the funds.
Opportunity	**Threat**
• Partnering with fintech and banks helps asset managers expand offerings, reach new markets, and boost digital capabilities. • ESG investing opens opportunities for asset managers to create specialized funds.	• Tax policy changes, fiduciary regulations, and increased scrutiny can raise compliance costs and impact operations. • Investment avenues for investors such as equity markets, debt market instruments, Mutual Funds, Gold, and other physical assets.

4.15 Regulatory scenario in Mutual Funds and Mutual Funds Distribution

Regulatory framework of Mutual funds:

SEBI regulates mutual funds to ensure transparency and investor protection. Mutual fund houses must register with SEBI, appoint qualified fund managers, and follow guidelines such as diversification, risk management, and disclosures. SEBI also mandates mutual fund distributors (MFDs) to comply with KYC norms, disclose fees and commissions, and meet regulatory standards.

Some of Restriction on Investment made by Mutual Funds are as follows:

- A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments, including money market instruments and non-money market instruments, issued by a single issuer which are rated not below investment grade by an authorised credit rating agency. This limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and Board of Directors of the AMC.
- Limits on investments in debt instruments from a single issuer.
- Prohibitions on investing in unlisted debt instruments, except for government securities.
- Restrictions on investing in other mutual funds under the same AMC.
- Mandatory delivery of securities for purchases and sales.
- Restrictions on investments in unlisted securities or private placements by sponsor companies.
- No mutual fund scheme shall make any investment in,
- Any unlisted security of an associate or group company of the sponsor; or
  a) Any security issued by way of private placement by an associate or group company of the sponsor; or
  b) The listed securities of group companies of the sponsor, exceeding 25% of the net assets except for investments by equity-oriented exchange traded funds and index funds and subject to such conditions as may be specified by the Board
- A mutual fund may invest in the units of REITs and InvITs subject to the following:
  a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT;
  b. A mutual fund scheme shall not invest –
     i. more than 10% of its NAV in the units of REIT and InvIT; and
     ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

Regulatory framework of Mutual fund distributor:

As per SEBI regulations, any person/entity who wants to become a Mutual Fund Distributor is required to fulfil the following pre-requisites – 1. pass 'NISM Series V- A: Mutual Fund Distributors Certification Examination' conducted by NISM and 2. register with AMFI and obtain AMFI Registration Number (ARN).

In the above context, a non-individual entity applying for ARN should have at least one employee / sales personnel who has passed the above mentioned NISM examination and register with AMFI & obtained Employee Unique identification Number (EUIN), to be eligible for allotment of the ARN.

At the time of empanelling distributors and during the review process, the AMC must undertake due diligence process of the distributor on several factors including business model, experience, proficiency in business, track record, regulatory record / statutory levies, organizational controls, capacity for customer risk evaluation, ability to customize solutions, and MF scheme evaluation.

The AMC shall also review the compliance and risk management functions of the distributor, such as:

- The criteria used for review of products and the periodicity of reviews.
- Parameters to consider while evaluating risk appetite of clients and the investment categorization.
- Review of transactions, exceptions identification, escalation, and resolution process by internal audit.
- Recruitment, training, certification, and performance review of all personnel engaged in this business.
- Customer on-boarding and relationship management process
- Servicing standards and grievance handling mechanism
- Internal / external audit processes their comments / observations as it relates to MF distribution business.
- Findings of ongoing review from sample survey of investors.

Further, the SEBI has mandated AMCs are required to undertake the due diligence process of the MFDs satisfying one or more of the following four criteria at the time of their empanelment and during the review period:

a. Multiple point presence (More than 20 locations)
b. AUM rose over Rs. 1000 million in the non-institutional category but including HNIs.
c. Commission received of over Rs.10 million annually across industry.
d. Commission received of over Rs.5 million from a single mutual fund.

Mutual fund distributors earn trail commissions based on investments mobilized under regular plans of mutual fund schemes. AMCs follow a full trail commission model, with no upfront commissions or incentives in any form other than trail commissions. These payments are made monthly, based on the AMC's business policy.

In summary, SEBI enforces strict regulations for mutual fund houses, fund managers, and distributors to ensure transparency, investor protection, and compliance with industry standards.

4.16 Key Threats & Challenges

Particulars	Details
Lower Broking Margins	Full-service brokers in India face intense competition from discount brokers and foreign banks. Discount brokers offer low trading fees, which exert downward pressure on margins. As a result, full-service brokers struggle to cover fixed costs, leading to practices such as over-trading, which can cause significant financial losses for retail investors.
Increasing Costs and Additional Investments	Brokers must continuously invest in advanced technologies, trading platforms, and algorithms to retain clients. Expanding into segments such as commodities and currencies demands further infrastructure investments. Additionally, the adoption of mobile technologies and portfolio management systems increases operational expenses, alongside mandatory costs such as exchange memberships.

Risk Management	The complexity of India's financial markets presents significant risk management challenges. Economic uncertainty reduces investor confidence, which negatively impacts fee-based income, including advisory services. Market volatility also affects asset valuations. To mitigate these risks, brokers must adopt advanced strategies such as hedging, diversification, and real-time market analysis. Nevertheless, market unpredictability remains a persistent concern.
Increased Competition and Economic Uncertainties	Online trading platforms have intensified competition, particularly for mid-sized brokers, by offering lower fees and diversified investment options such as mutual funds, ETFs, and robo-advisory services. These offerings attract investors seeking low-risk alternatives to direct equity trading, prompting client attrition. Moreover, the brokerage industry remains highly sensitive to market volatility, economic downturns, and geopolitical developments, all of which affect investor behaviour and revenue.
Regulatory Challenges	The evolving regulatory framework aims to protect investors and enhance transparency. However, compliance with new reporting and disclosure requirements compels brokers to invest in advanced systems, increasing operational costs. Furthermore, regulatory restrictions on margin trading and exposure limits, though intended to reduce volatility, constrain brokers' revenue-generating potential.

4.17 Key Risks and Challenges of Shah Investors Home Limited (SIHL)

Impacted by Market Activity: SIHL's performance is naturally aligned with overall trading activities in the equity and derivatives markets. Periods of subdued retail participation or softer market sentiment can moderate brokerage income, making business somewhat cyclical in nature.

Competitive Landscape: With rapid digitalization in the broking industry, SIHL operates alongside both full-service and discount brokers. offering low-cost trading solutions. This competitive pressure can influence client acquisition, pricing flexibility, and overall market share, requiring SIHL to continuously adapt its offerings to remain relevant in a crowded marketplace.

Technology and Operational Efficiency: Given the reliance on trading platforms and digital interfaces, uninterrupted system performance and data security remain crucial. Any technical disruption, even if temporary, may affect client experience, underscoring the need for ongoing investments in IT resilience and cybersecurity.

Regulatory Environment: The broking business is subject to regulatory guidelines mandated by SEBI and exchanges pertaining to margins, compliance standards, and risk management practices. Timely adaptation to these requirements is essential to ensure smooth operations and maintain strong regulatory alignment.

Branch Network Oversight: SIHL's network of over 184 authorised persons forms an important customer acquisition channel. Any hinderance in productivity, compliance issues, or attrition within this network can affect new client onboarding and transaction flow. Maintaining high engagement and consistent standards across partners becomes a key operating priority.

Operational Risks Linked to Active Client Base: SIHL services a large historical client base, but only 37,814 (Mar'25) clients are currently active. Re-engaging inactive users, ensuring compliance updates, and maintaining accurate data records require ongoing operational attention. Any lapse in periodic KYC updates or client communication processes can create administrative and regulatory pressures.

Geographical Concentration: A significant portion of SIHL's presence is concentrated in western India, particularly Mumbai and Gujarat. While this provides strong regional familiarity, it also creates concentration

risk. Localised economic slowdowns or competitive pressures in these markets may have a proportionately higher impact on business traction.

Overview

We are a retail brokering company that offers a range of services covering equity brokerage services and derivatives brokerage services, with over three decades of experience. Our services facilitate the buying and selling of financial products such as equities, IPO investing, mutual funds distribution, and other securities. While our core operations include equity and derivatives brokerage, we primarily focus on providing secondary market brokering services to retail customers, comprising both resident and non-resident Indians. In addition to executing buy and sell orders, our business extends to offering mutual fund distribution, margin funding, and stock lending and borrowing services, which are carried out under the brand name "*Shah Investors*".

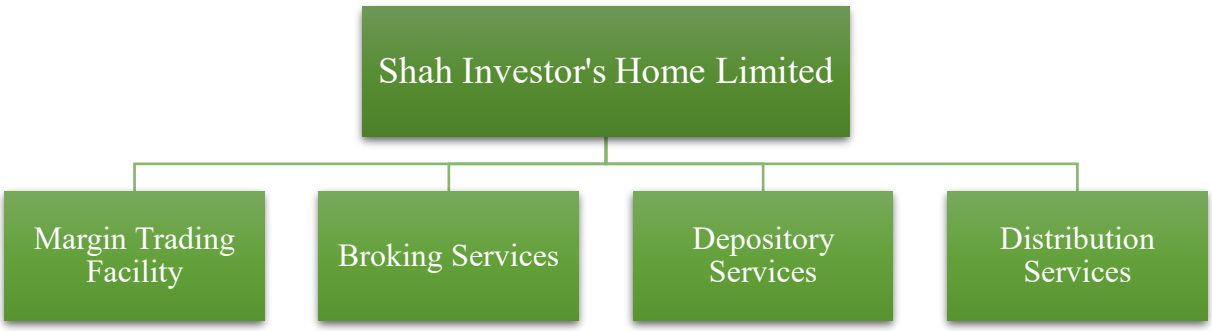

As of March 31, 2026, we have served over 1,00,000 demat accounts, with more than 38,000 active clients and partnerships with over 181 authorised persons. We conduct our operations through 11 branches in India, located in Mumbai, Ahmedabad, Vadodara, Junagadh, Gandhinagar and Rajkot. Our multi-channel presence, through our various branches, and network of authorised persons enables us to service our clients across Gujarat and Maharashtra. Our focus on these two key geographies can be attributed to the efforts at diversifying the clientele by garnering new opportunities from HNIs & retail customers.

In the year 1995, our company started its operations as Trading Member (Stock Broker) of National Stock Exchange of India Limited. After completion of two years of its trading operations as a Stock Broker, in the year 1997, our company Registered as Depository Participant Member of National Securities Depository Limited (NSDL). Our Company by taking steps towards integrating technology has digitalised its business operations. In the year 2007, we implemented a VMWare-based virtualized environment to streamline trading and back-office operations. In the year 2023, our Company launched our digital app-based platform *'SIHL Moneymaker'*. As on March 31, 2026, the app has over 12,452 active registered users. We have developed an in-house ERP system, rolled out across branches and franchises with a dedicated module for client interaction such active steps help us to enhance our client engagement and extend a broader range of services to the clients. Further, in Fiscal 2026 we

have we have launched '*ALGOFY*', an API-powered algo trading platform enabling algorithmic trading through an integrated ecosystem of strategy development, market data, technology infrastructure, risk management and trade execution capabilities. The platform facilitates the development, testing, deployment, automation and management of algorithmic trading strategies through APIs, pre-built and expert-designed strategies, and a no-code interface. The platform allows traders, developers, fintechs, brokers, and algo platforms to build, test, automate, and manage strategies.

Leveraging technology to enhance client satisfaction

Investor expectations are also evolving towards hyper-personalisation, with increasing demand for tailored portfolios, automated rebalancing, and predictive insights *(CARE Report)*. We have been keen on adopting technological innovation in our operations. In 2007, we transitioned to a VMware-based virtual platform, to streamline trading and back-office operations. This commitment to technological advancement has been integral to our growth and service delivery.

In the year 2024, our Company launched our digital app-based platform *'SIHL Moneymaker'*. As on March 31, 2026, the app has over 12,452 trading clients and offers wide range of features such as real time streaming quotes, charts and offer trade across all assest classes such as equities, derivatives, currencies and commodities. The app has over 33,287 downloads as of March 31, 2026, enabling our customers to digitally access our services. Further, in the year 2024 we have launched another platform *'SIHL Fundspro'* designed specifically for simplifying and digitizing mutual fund investments.

Our proprietary Enterprise Resource Planning (ERP) system, developed and maintained by our in-house software development team, is central to our operations. Our technological infrastructure not only supports our current operations but also positions us for future growth, enabling us to adapt swiftly to market changes and continue delivering service to our clients. Our ability to retain clients over the years has been bolstered by our quick transition to digital platforms and investment in data analytics that enabled us to cater the evolving needs of the customers. The increase in the executions of trades by our clients through our digital platform has been provided below:

Our "Non-Digital Platform" refers to the traditional mode of order placement and execution available to our clients in addition to the digital trading platform (via our digital app-based platform "SIHL Moneymaker" and "SIHL Fundspro"). Under this mechanism, clients can place orders for purchase or sale of securities through assisted channels, primarily by contacting their authorized dealers or relationship managers over recorded telephone lines. Once a client communicates the order details verbally, the dealer/broker validates the client's credentials, confirms order particulars (such as scrip name, quantity, order type, and price limits), and subsequently executes the trade on the recognized stock exchange through the company's front-office trading terminal. The trade confirmation and contract notes are then generated and communicated to the client through the company's regular reporting

channels (SMS/email/portal access), in accordance with applicable SEBI and Exchange regulations. This mode of operation ensures accessibility for clients who prefer or require human assistance,

Integrated brokerage model with long term client relationships

The broking industry in India is estimated to be valued at ~ Rs 0.52 lakh crore as of FY25 and expected to grow at a CAGR of 16-18% over the next 2-3 years. The increase in financial literacy and reduced cost of investing due to emergence of discount brokers has contributed significantly to this growth. Moreover, these factors are expected to continue leading to healthy growth in the long term. *(CARE Report)*

We have been actively operating in the broking industry for the last three decades. The Company focuses on building long term client relationships, with the average tenure of investor's account with our Company being more than 5 years which constitutes 72.61% of the total active clientele. Set out below are the details of the period for which clients have been associated with our Company:

STRATEGIES

Expand our brokerage business and geographical presence through marketing, authorised person and branch network

We intend to increase and strengthen our presence in brokerage business. Our focus is on capturing a greater market share through increase in our client base. We aim to build long-term client-broker relationship by providing investors with personalised and comprehensive services that align with their financial goals.

We plan to grow our retail broking business by offering by client-focused relationship management, product innovation, enrolling new users on our mobile application with help of our physical network, leveraging our margin trading facility to increase the number of trades and transactions and retaining our customers. These offerings will help us to grow our active customer base which will lead to high retail broking revenues.

Our multi-channel presence, through our various branches, and network of authorised persons enables us to service our clients across Gujarat and Maharashtra. With a strong presence in Gujarat, we plan to expand our presence in other states by adding up new clients through marketing campaigns, opening new branches and creating a network of authorised persons in other states. Additionally, we have started referral schemes like "*Ezee Partner*" which allows individuals to join us on a short-term basis and introducing new clients to our Company. The scheme has helped the Company to onboard 50 new clients, within a period of 5 months. The Company has not incurred any expenditure, except for the stamp duty paid for the agreements entered into pertaining to the scheme, as the Company will undertake incentive sharing exercise at a later stage.

We intend to promote our mobile application with a focus on tier 2 and tier 3 cities through marketing campaigns, conducting seminars and round table conferences. Retail investors, particularly in Tier 2 and Tier 3 cities, are gravitating towards mobile-first platforms offered by brokers, which provide ease of onboarding and direct market access with minimal human intervention *(CARE Report)*.

Continue investing to augment technology and innovation

On our mobile application we have over 33,287 downloads as of March 31, 2026. We plan to offer more technology-based products and services and to improve our processes to enhance customer satisfaction. In order to allow to our customers to effectively trade on our digital platforms we need to deploy strong technology systems that enable us to respond to market opportunities and challenges swiftly, increase customer satisfaction and improve our risk management capabilities.

Further, we have started providing API based trading services to our clients in financial year 2025-2026. Strategically, API trading reflects the digitisation of markets, with adoption expected to rise as data-driven strategies and regulatory support expand retail algo participation, positioning brokers as technology partners in the evolving trading landscape. This shift reflects increasing retail and institutional adoption of API-driven platforms and automated strategies. In FY25, algo trading surpassed non-algo activity for the first time, indicating a structural change in the way equity transactions are executed in the cash segment *(CARE Report)*. We have received approval on August 17, 2026, from the National Stock Exchange of India Limited for our in-house algo trading platform, enabling us to offer technology based trading solutions in accordance with applicable regulatory requirements. Further, our application for a similar approval from BSE Limited is currently under process. We aim to grow to our API based trading revenue and onboard new clients through returns generated via algorithmic trading.

The digital/online broking market is undergoing rapid expansion, driven by widespread internet access, technological innovation, and the democratisation of investment opportunities. Enhanced by real-time analytics, user friendly interfaces, and AI-driven personalisation, trading platforms are attracting a broader and increasingly diverse investor base, including first-time participants. One of the most significant shift is the rising adoption of algorithmic systems, which automate trade execution, optimise speed, and reduce market impact *(CARE Report)*.

To maintain our operational efficiency and improve cyber security we intend to use artificial intelligence and data management systems. By leveraging machine learning and behavioural analytics we aim to meet needs of the clients and enhance client loyalty.

Focus on improving fee-based revenue

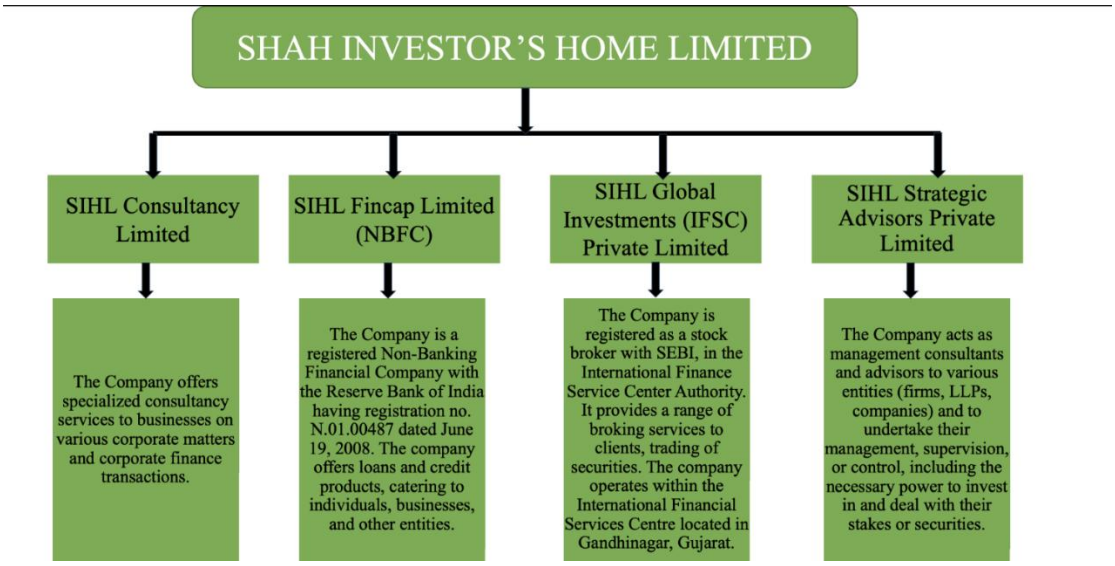

Our Company plans to increase the fee-based revenue through expansion of wealth management and financial planning services. We intend to increase the amount of assets under management and distribution of mutual funds scheme. Our Company through SIHL AIF Investment Trust has obtained SEBI registration on February 11, 2026, as a Category III Alternate Investment Fund by the name of "*SIHL Dynamic Growth Fund*". As on March 31, 2026, we have over 38,189 active accounts, through which give us access to large number of investors to whom we can cater through distribution of mutual fund and portfolio management schemes. This aim of expanding into insurance business is to meet the growing protection needs of clients, supported by digital tools and a seamless onboarding experience.

In addition to distribution of mutual funds, we plan to register our Company as distributor of Specialized Investment Fund ("SIF") schemes. As of Jun'25, the AUM of the portfolio management industry reached nearly Rs. 39 lakh crore of which discretionary service category contributed the most (~84.1%) followed by non-discretionary services (~8.1%). While the Advisory service contributed to around Rs. 3 lakh crore of the total AUM which is 7.7% of the AUM of portfolio management industry. *(CARE Report)*. Providing these services alongside our brokerage business will enable us to cater to corporate and institutional clients.

Enabling clients to access global equities

Brokers in GIFT City enjoy a 100% income tax exemption on business income for any 10 consecutive years out of a 15-year period, as per Income Tax Act, 1961. They are also exempt from Securities Transaction Tax (STT), Commodities Transaction Tax (CTT), and stamp duty on transactions conducted on IFSC exchanges. Furthermore, there is no GST on services received by IFSC units or provided to offshore clients. This makes GIFT City an attractive destination for brokers seeking to expand their international operations while benefiting from a favourable regulatory and tax environment *(CARE Report)*. Our Subsidiary, SIHL Global Investments (IFSC) Private Limited, is established to carry on the business as International Financial Service Centre Unit ("**IFSC**") and as investment advisor or Portfolio management consultant in IFSC.

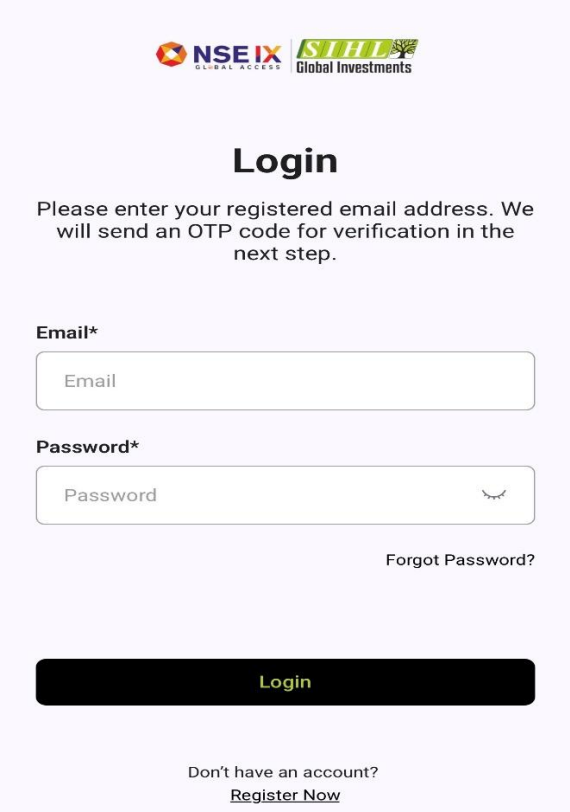

Set forth below is our organizational structure and brief details about our subsidiaries:

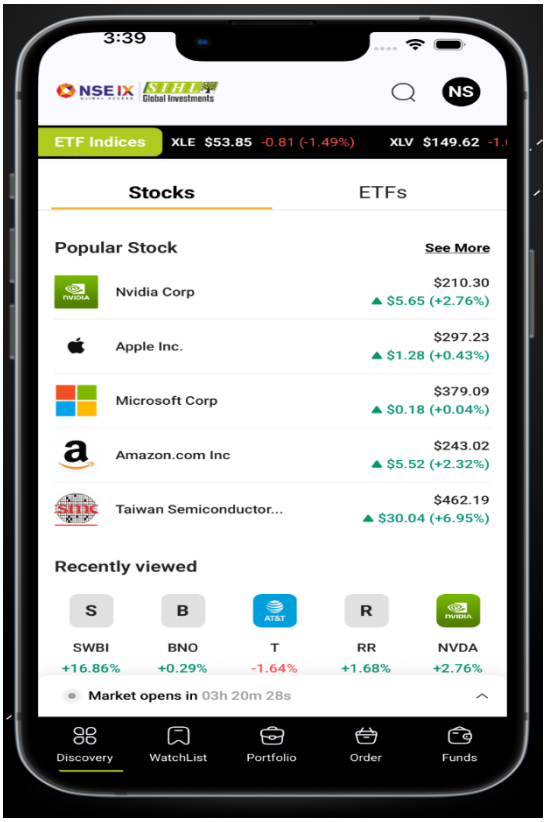

The overall financial services industry is undergoing a transformation driven by digitization, regulatory clarity, global market access via platforms like GIFT City, and evolving investor behaviour. Our Company, through its presence in GIFT City, is also expanding its international business, enabling clients to access global equities, ETFs, and thematic portfolios from developed markets in a regulated manner.

Further, we have entered into a global access referral agreement with NSEIX Global Access IFSC Limited ("**NSEIX GA**") through our Subsidiary, SIHL Global Investments (IFSC) Limited, enabling our clients to gain access to global markets. Our Subsidiary, through its web-based platform and mobile application under the name "SIHL Global Investments", that facilitates the referral and onboarding of eligible clients to NSEIX GA. Eligible clients may initiate the account opening and onboarding process through SIHL Global Investments, upon completion of the requisite onboarding and other applicable formalities, clients may access investment opportunities in international markets, including international equities and other permissible investment products, through NSEIX GA.

Below mentioned are the images of *'SIHL Global Investments'* platform:

The digital platform primarily serves as an interface for facilitating client access, onboarding and interaction in relation to global investment opportunities. It is intended to provide clients with a convenient, streamlined and technology-enabled mechanism to access, manage and monitor their global investments, while the relevant investment services are made available through NSEIX GA in accordance with the applicable regulatory framework.

I. Brokerage

This forms the primary segment of our business operations. Our brokerage fee is contingent on the volume of the transactions executed by us for our clients. Our retail client brokerage covers equity brokerage services, derivatives (futures & options) and commodity brokerage services. Our Company is currently a member of NSE, BSE and MCX. Further, in the year 2023 we expanded our offering by providing services through our digital platform "*SIHL Moneymaker*".

The table below sets forth the breakdown of the revenue from our brokerage business as percentage of our total revenue from operations for the periods indicated therein:

(in ₹ lakhs)

A. Product Offerings

i. Equity: We offer our customers option to invest in the shares of listed companies on recognised stock exchanges.

ii. IPO: We offer our customers option to participate in initial public offerings of equity shares of companies. Between FY22 to FY25, the Indian market saw a notable increase in IPO activity, particularly post-pandemic in 2020-2021, as companies took advantage of favourable market conditions and abundant liquidity (*CARE Report*)

iii. SLBM: In the year 2020, we registered in Stock Lending and Borrowing Mechanism ("**SLBM**"), diversifying our services. Securities Lending and Borrowing is a scheme that is a temporary loan of securities between Lender & Borrower. It describes the market practice whereby securities are temporarily transferred by one party (the lender) to another (the borrower) via an approved intermediary for a fee. The scheme allows investors to generate short term gains, with easy and quick settlement (*CARE Report*)

iv. Future & Options: We provide platform for our customers to deal in futures and options related to stocks and indices that are traded on the NSE and the BSE. In FY25, equity derivative futures ADTO reached Rs 1,85,901 crore, a 38.7% increase from FY24. In Q1FY26, ADTO of equity derivative futures reached Rs 1,68,430 crore, indicating decline of 19.5% over Q1FY25. (*CARE Report)*.

v. Commodities: We facilitate our customers to deal in commodities futures and options listed on MCX. In terms of percentage share of commodity derivatives turnover among exchanges, MCX has the highest market share of 97.5%, followed by NSE (2.3%) and NCDEX (0.3%) as of FY25. (*CARE Report)*. Further, on June 6, 2025, we were admitted as a member of MCX, enabling us to facilitate participation in the commodity derivatives market and expand the range of products and services offered to our clients. Our clients can activate the commodity segment in their trading accounts and access commodity trading facilities through our digital platforms. The introduction of the commodity segment broadens our product portfolio and allows us to offer clients an additional asset class alongside our existing offerings. We believe that the expansion into commodity trading enhances our value proposition, strengthens client engagement and supports our objective of providing a comprehensive suite of financial market services to our customers.

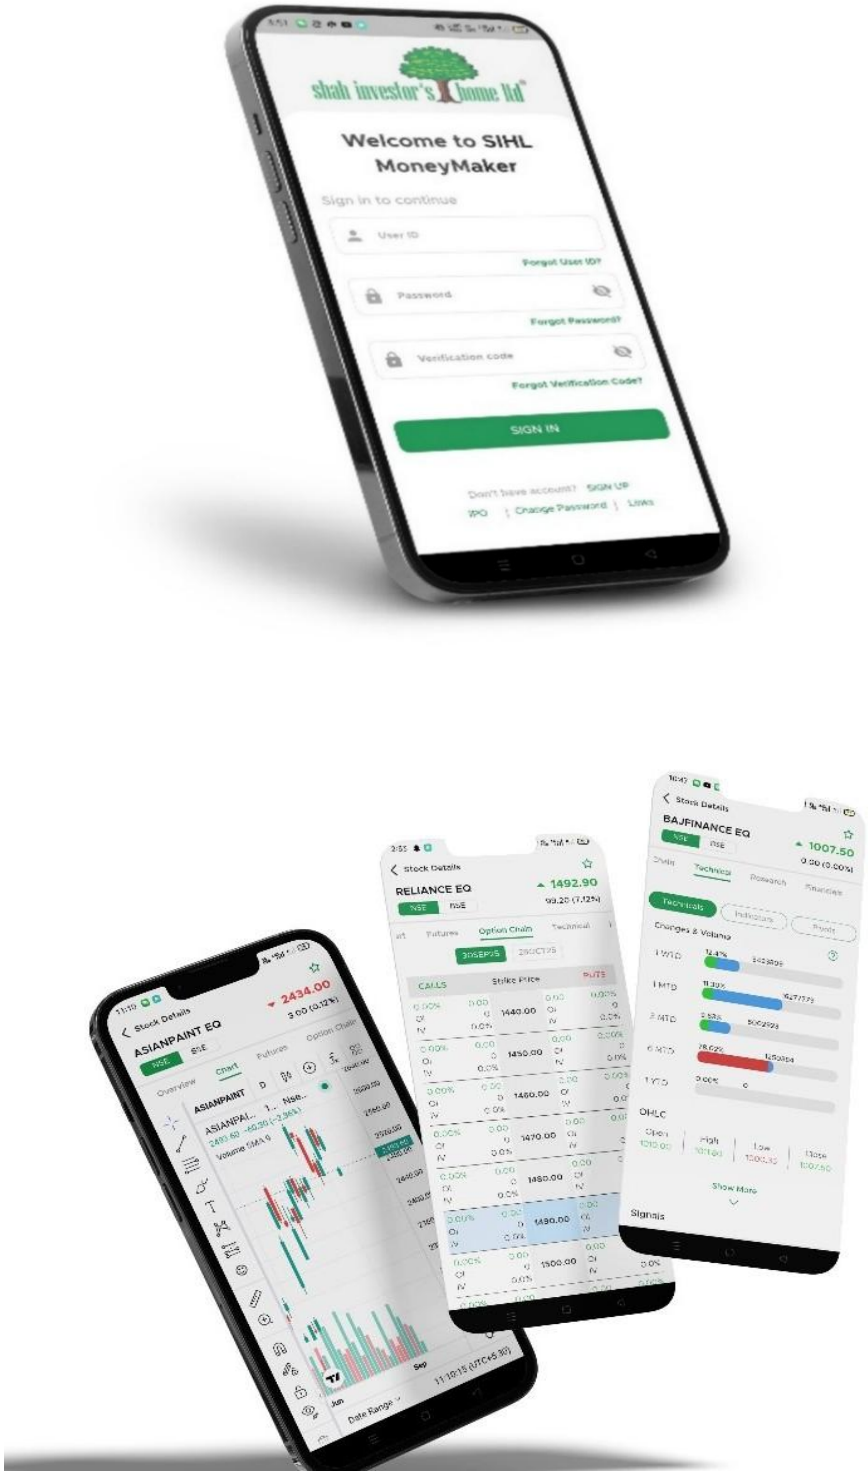

vi. API Based Trading: We provide this facility to the investors through our digital platform. API trading allows traders to connect directly with a broker's system to automate order execution through algorithms and models, ensuring speed, efficiency, and instant reaction to market signals. For brokers, offering APIs attracts high-volume traders, boosts transaction revenues, enhances client relations, and enables integration with fintech ecosystems, opening ancillary income streams. (*CARE Report)*.

B. Platforms

i. SIHL Moneymaker

The SIHL Moneymaker platform provides our customers with a platform to invest and trade their securities digitally. The app provides our customers with various features such as charts for technical analysis, buy & sell from option chain and moving average indicator data. We provide live data & interactive charts along with comprehensive analysis to our customers to assist them with their trades. As on March 31, 2026, the app has 33,287 downloads and a rating 4.5 on the google play store.

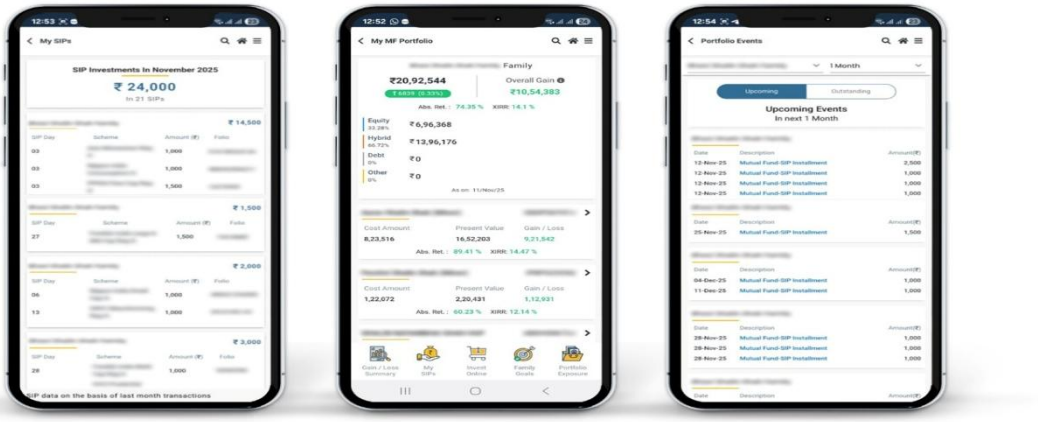

Below mentioned are the images of *'SIHL Moneymaker'* app:

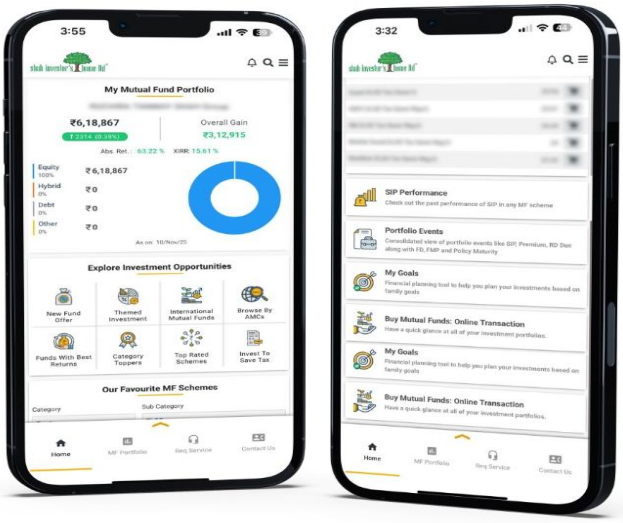

ii. SIHL Fundspro

The SIHL Fundspro is an investment and insurance portfolio management app wherein we provide various features to our customers such as summary view of the current status of all investments across asset classes, and SIP due. Further, through the app our customers can get services of mutual funds advisory and digital vault wherein they can access there important documents anytime from the app.

Below mentioned are the images of *'SIHL Fundspro'* app:

II. Margin Trading Facility

Our Company, in the year 2023, registered for Margin Trading Facility (**MTF**) to enabling our customers to capitalize on market opportunities with limited upfront capital by leveraging their eligible collaterals. We provide margin trading facility to our customers in equity cash segment.

Margin Trading Funding (MTF) illustration:

Margin Trading Funding (MTF) allows an investor to use existing shares as collateral to buy more shares than they could with only cash. It is a leveraged investment facility provided by brokers, regulated by Exchanges/SEBI in India.

The investor pledges their shares to the broker, who funds part of the new purchase. This helps in enhancing buying power and also increases risk if share prices fall.

Item	Calculation	Value (₹)
A's Share Price	–	3,030
Quantity Held	–	60
Total Value	3,030 × 60	1,81,800
Haircut Applied (12.5%)*	1,81,800 × 12.5%	22,725
Collateral Value After Haircut	1,81,800 – 22,725	1,59,075

**A haircut of 12.5% is applied by the broker to safeguard against price fluctuation risk. So, only ₹1,59,075 from A's shares can be used as margin collateral for trading. Haircut is a percentage reduction applied to the market value of an asset (like stocks or bonds) when it is used as collateral for a loan or margin trading.*

Using Collateral to Buy in MTF

Margin Type	Normal Buy	MTF Buy
B's Share Price	418	418
VAR Margin (Value at Risk)**	-	9.00%
ELM (Extreme Loss Margin)***	-	10.50% (3*3.5=10.5%)
Total Margin Requirement	100%	19.5%
Margin per Share	418	₹81.51
Buying Power (Leverage)	1×	5×
Number of Shares You Can Buy	380	1,951
Total Buy Value	₹1,58,840	₹8,15,518
Payment on T+1	₹1,58,840	₹0 (Funded by Broker)

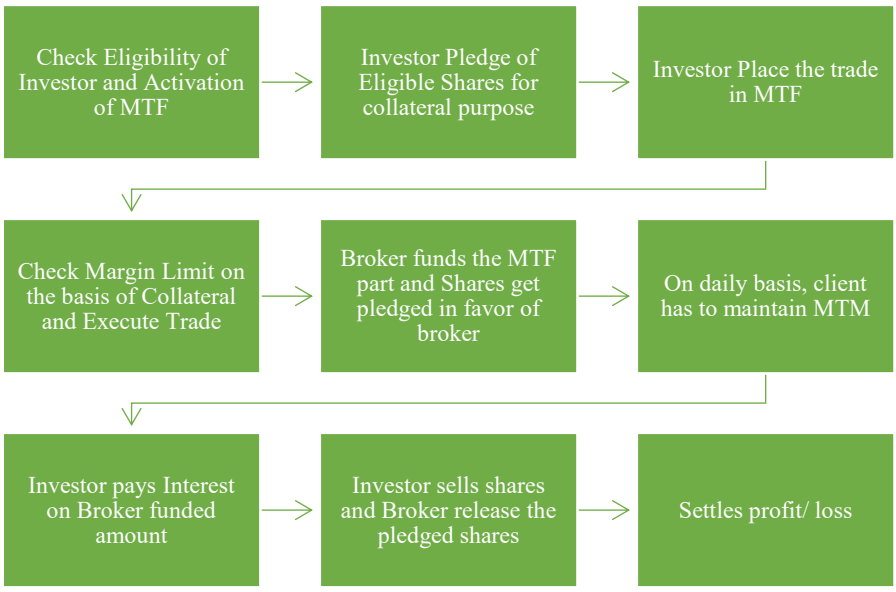

***Value at Risk (VAR) is a risk measurement tool used in risk management to estimate the potential loss in a portfolio's value due to market movements over a specific time period and with a certain confidence level.*
****Extreme Loss Margin (ELM) is an additional margin charged by exchanges beyond normal margin requirements. ELM covers losses that may exceed predictions from VAR models.*

In Normal Buy, a person can purchase only shares worth ₹1.58 lakh equal to the margin and payment is required within T+1 day. In MTF Buy, with 5× leverage, a person can buy B shares worth ₹8.15 lakh funded by a broker.

Working Mechanism of MTF

- Investor pledges A shares to broker as collateral.
- Broker applies haircut to determine usable margin (₹1.59 lakh).
- Investor chooses a new stock to buy under MTF (B in this case).
- Broker funds the full amount of trade value.
- Investors pays interest on the total amount used for positions until the position is closed or shares are sold.
- Effective leverage: 5× means the investor controls ₹8.15 lakh worth of shares with only ₹1.59 lakh margin.

Margin Trading Facility (MTF) Transaction Process and Business Model

Step-by-Step Overview of Margin Trading Facility

1. Eligibility Verification and MTF Activation

The broker checks whether the investor meets MTF eligibility criteria as per SEBI and exchange norms. Once verified, the broker activates the investor's MTF account.

2. Pledging of Eligible Shares as Collateral

The investor pledges approved securities as margin, and these pledged shares serve as collateral for funding.

3. Placing Trade under MTF

After pledging the collateral, the investor places buy orders with the broker under the MTF product. Orders are executed as per available margin limits.

4. Margin Limit Assessment and Trade Execution

The broker's system evaluates the collateral value after applying the applicable haircut to determine the eligible margin limit. Trades are executed within these approved limits, ensuring regulatory compliance.

5. Broker Funding and Pledge of Purchased Shares

The broker funds the remaining portion of the trade value beyond the investor's cash margin available under MTF. The purchased shares are pledged in favour of the broker as per SEBI and exchange guidelines to safeguard the broker's funded amount.

6. Daily Mark-to-Market (MTM) Margin Maintenance

Client margins and securities are revalued daily based on prevailing market prices. If there is any decline in value leading to a margin shortfall, the investor must promptly meet the shortfall by providing additional funds or eligible securities.

7. Interest Payment on Funded Amount

The investor is required to pay interest on the amount financed by the broker. The applicable interest rate is agreed upon under the MTF arrangement. Interest is calculated on a daily basis and charged periodically, with adjustments made in the investor's ledger.

8. Sale of Shares and Release of Pledge

The investor may sell the funded shares or repay amount to close the position. Once the dues are settled, the broker releases the pledged shares.

9. Settlement of Profit or Loss

Upon closure of the position, profits are credited to the client's account after adjusting outstanding dues and charges. Losses, if any, are debited from the client's account, and the final settlement reflects the net outcome of the MTF transaction.

In June 2025, the MTF book grew significantly, reaching Rs. 0.88 lakh crore, a 23.7% increase over March 2025, the MTF book grew at a CAGR of 87% from last trading day of March 2020 to last trading day of June 2025. This growth is driven by rising investor awareness of MTF's benefits in boosting buying power and potential returns, along with a bullish stock market. Interest income from MTF ranges between 15% to 35% of total revenue for leading players (*CARE Report*).

Process Followed for Transforming Inactive Clients into Active Clients

To strengthen our client relationships and enhance business engagement, we follow a structured process to convert inactive clients into active and participating clients. The steps involved are as follows:

1. **Identification of Inactive Clients:**

   Clients holding valuations in their demat accounts but showing no recent activity are identified from the system. we consider a client as "**Active**" if any trade has been executed by him/her in the last twelve months of the relevant reporting period across our product offerings i.e. Broking, Margin Trading Facility and Distribution.

2. **Initial Client Interaction:**

   Our team tries to establish contact with these clients to understand the reasons behind their inactivity. During this interaction, we also update them about the various facilities and services available with us.

3. **Client Support and Guidance:**

   If clients are facing any operational or technical hurdles, our representatives provide detailed assistance and step-by-step guidance to help them overcome these challenges. Additionally, we strive to educate clients about investment opportunities such as Mutual Funds and the advantages of diversifying their portfolio.

4. **Awareness and Education Initiatives:**

   To further support client engagement, we organize seminars, webinars, and personal meetings with our experienced sales team. These sessions help in resolving client queries, clarifying doubts.

5. **Follow-Up and Activation:**

   Post-counselling, the clients are regularly followed up to ensure they are able to operate their accounts smoothly and resume active participation.

C. Low Risk Client:

A client is under a low risk when he neither in (A) nor in (B).

- Additional scrutiny for NRIs, politically exposed persons (PEPs), and high-volume traders.

2. Surveillance & Monitoring

- Live surveillance systems monitor exposure, order limits, and client risk profiles in real time.
- Continuous surveillance reports (alerts from exchanges, penny stock monitoring, high turnover clients).
- Penny stock restrictions and policies under GSM/ASM frameworks to prevent speculative/abnormal trading.

3. Financial Controls & Risk Containment

- Margins & Obligations: 100% margin collection, ageing debit square-off (T+1+5), and auto reconciliation through client bank accounts.
- Exposure Limits: Defined separately for Cash, F&O, and CDS segments with additional margins for volatile securities.
- Liquidation Policy: Right to square-off client positions in case of defaults.
- Daily Margin Reporting: Shortfall penalties passed to clients as per SEBI/Exchange norms.

4. Governance, Testing & Safeguards

- Kill Switch: Member-level and user-level order cancellation to prevent catastrophic losses.
- Systemic Risk Preparedness: Policies for volatility, liquidity, spreads, news/rumors, and network issues.
- General Risk Coverage: Insurance cover, segregation of client and proprietary collaterals, cash vs. non-cash ratio monitoring.
- Governance: Regular board review, MIS reporting, compliance monitoring, and awareness-building across employees.

Information Technology

Information technology and digital services are indispensable to our efficient operations. We utilize efficient technologies, robust infrastructure, and advanced automation to manage business processes. Our technology infrastructure is aimed at ensuring that our trading and information systems are reliable and performance enhancing and that client data are protected. Data back-up is taken on an incremental basis on external HDDs and sent to another location. Our system is a complex multiproduct/multi-architecture system as per the needs of our retail and HNI clients. We use our in-house software for our daily business operations.

The Company is materially dependent on a NSE empanelled third-party software provider for the provision of front-end trading software, which is essential for the execution of core trading activities and forms essential part of our market interface. The Company is also availing services from this software provider for the licensing of technology required for their digital app-based platform, 'SIHL Moneymaker'. Further, the Company is also licensing technology for their digital app-based platform, 'SIHL Fundspro', from a third-party software provider.

This licensing arrangement with these third-party software providers enables the Company to avoid any technical glitches and maintain the operational efficiency of their digital platforms. The Company has not entered into any agreement with these third-party software providers, the services are availed by the Company through purchase orders.

We also have a robust security system and protocols and tools to prevent and mitigate cyber-attacks. For instance, we have a two-factor authentication system which has been implemented across all our software and hardware access points to enhance system security. Our company conducts continuous monitoring through a managed Security Operations Centre ("**SOC**"), operated by a CERT-In–empanelled and certified service provider. All endpoints and servers are protected using an Endpoint Detection and Response ("**EDR**") solution, while all wide area network endpoints are secured through a unified threat management solution through a third-party software provider.

We confirm that there have been no prior incidents, including critical failures of the risk management server, delays in fund reporting to exchanges, or application glitches, that were significant enough to impact our operations during the Fiscal 2026, 2025 and 2024.

Competition

The Indian financial services sector is highly competitive and fragmented. As of September 03, 2025, nearly 4,900 brokers are registered with SEBI under the equity segment. We face competition from various national as well as regional brokers such as Arihant Capital Markets Limited, SMC Global Securities Limited and Share India Securities Limited (*CARE Report*). For risks in relation to our competition, see "*Risk Factor – Competition from existing and new market participants in our line of business may affect our market share, or results of operations*" on page 50. For details regarding our competitors, see, '*Industry Overview*' on page 385.

LAWS RELATED TO OUR BUSINESS

Security and Exchange Board of India Act, 1992 (SEBI Act)

The main legislation governing the activities in relation to the securities markets in India is the SEBI Act and the rules, regulations and notifications framed thereunder. The SEBI Act was enacted to provide for the establishment of SEBI whose function is to protect the interests of investors and to promote the development of, and to regulate, the securities market. The SEBI Act also provides for the registration and regulation of the function of various market intermediaries including stockbrokers, depository participants, merchant bankers, portfolio managers, investment advisers, and research analysts. Pursuant to the SEBI Act, SEBI has formulated various rules and regulations to govern the functions and working of these intermediaries. SEBI also issues various circulars, notifications and guidelines from time to time in accordance with the powers vested with it under the SEBI Act. SEBI has the power to impose (i) monetary penalty under the SEBI Act and the regulations made thereunder, and (ii) penalties prescribed under various regulations, including suspending or cancelling the certificate of registration of an intermediary and initiating prosecution under the SEBI Act. Further, SEBI has the power to conduct inspection of all intermediaries in the securities market, including, stockbrokers, investment advisers, merchant bankers, underwriters, research analysts, to ensure, amongst others, that the books of account are maintained in the manner required in accordance with applicable law.

In addition to the SEBI Act, the key activities of our Company are also governed by the following acts, rules, regulations, notifications and circulars:

Securities and Exchange Board of India (Intermediaries) Regulations, 2008 (SEBI Intermediaries Regulations)

The SEBI Intermediaries Regulations provide amongst other things, the manner of application for registration as an intermediary with SEBI, and the period of validity of the registration certificate. Further, the SEBI Intermediaries Regulations provides the general obligations of intermediaries, the appointment of compliance officer and the manner of redressal of investor grievances. All intermediaries are required to compulsorily abide by the code of conduct as specified under the SEBI Intermediaries Regulations. The SEBI Intermediaries Regulations also provide the criteria for determining "fit and proper person" for the purpose of other SEBI regulations, including the SEBI Merchant Bankers Regulations, the SEBI Stockbrokers Regulations, the SEBI Portfolio Managers Regulations, the SEBI Investment Advisers Regulations and the SEBI Research Analysts Regulations.

Securities Contracts (Regulation) Act, 1956 (SCRA)

The SCRA was enacted to prevent undesirable transactions in securities by regulating the business of dealing in securities and providing for certain matters connected therewith. The SCRA provides, amongst other things, the definition of 'securities', the manner and procedure for recognition of stock exchanges, and provides recognized stock exchanges the powers to make bye laws for regulation and control of contracts for, or relating to, the purchase or sale of securities.

Securities Contract (Regulation) Rules, 1957 (SCRR)

The SCRR provides, among other things, the requirements with respect to listing of securities on a recognized stock exchange, the manner of submitting applications for recognition of stock exchanges, and the qualifications for membership of a recognized stock exchange. It also empowers SEBI to appoint people to inspect the books of accounts and other documents to be maintained and preserved by every member of a recognized stock exchange, in terms of these rules.

Securities and Exchange Board of India (Stock Brokers) Regulations, 2026 (SEBI Stock broker Regulations)

The SEBI Stock brokers Regulations governs the registration and functioning of stock brokers and clearing members. As per the SEBI Stockbroker Regulations, no person shall act as a stockbroker or clearing member unless he holds a certificate granted by SEBI under these regulations and every person holding a registration shall

abide by the code of conduct issued under the SEBI Stockbroker Regulations. The SEBI Stock broker Regulations lays down, amongst other things, the eligibility criteria, the conditions for grant of certificate to a stock broker or clearing member and their general obligations and responsibilities. Further, every stock broker or clearing member shall be subject to penalties for non-compliance of the rules and regulations applicable to them.

SEBI master circular for stock brokers dated June 17, 2025.

The SEBI master circular for stock brokers dated June 17, 2025 as amended from time to time, prescribes comprehensive guidelines for stock brokers. It provides for, among other things, a registration mechanism for stock brokers along with a registration mechanism for members of commodity derivatives exchanges. It also prescribes an online registration process for securities market intermediaries along with mechanisms for investor grievance redressal.

Stock Exchange Rules, Regulation, Bye laws and Notices issued from time to time

Being a trading and clearing member of BSE, NSE, MCX, we are governed by the rules and regulations, bye laws and notices of such exchanges, as amended from time to time. The relevant exchange is empowered under the SCRA to make its own bye laws and rules to deal with its members and regulations to govern/ regulate the relations between the members and the constituents. Further, the SEBI master circular bearing reference number SEBI/HO/MRD2/PoD-2/CIR/P/2023/171 dated October 16, 2023, regarding stock exchanges and clearing corporations provides for, amongst other things, the manner of trading, trading software and technology, settlement, exchange traded derivatives, the administration of stock exchanges and client-broker dispute resolution mechanism. Stock exchanges may undertake inspection of stockbrokers based on the inspection policy specified by SEBI.

Securities and Exchange Board of India (Certification of Associated Persons in the Securities Markets) Regulations, 2007 (SEBI Certification of Associated Persons Regulations)

The SEBI Certification of Associated Persons Regulations provide that any category of associated persons (as defined in terms of these regulations) may be required to obtain the requisite certifications for engagement or employment with intermediaries by SEBI. Through several notifications, SEBI has required approved users and sales personnel of trading members in currency derivative and equity derivative segments, distributors of mutual fund products, key managerial personnel of merchant bankers, compliance officers of intermediaries, research analysts and certain persons associated with stock brokers, trading members or clearing members to obtain the prescribed certification from National Institute of Securities Markets.

Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereunder ("SEBI Listing Regulations")

SEBI Listing Regulations delineate ongoing compliance obligations for companies with listed securities. They establish requirements for financial disclosures, corporate governance standards, investor grievance mechanisms, and timely reporting of material events. The regulations mandate specific committee compositions, independent director requirements, and related party transaction approvals. They prescribe formats and timelines for periodic submissions to exchanges and require the appointment of qualified compliance officers to ensure adherence to regulatory requirements.

Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 (SEBI Depositories and Participants Regulations)

The SEBI Depositories and Participants Regulations provide, amongst other things, the manner of application for registration as a depository and a participant with SEBI. It provides the criteria for determining "fit and proper person" for the purposes of being considered as a depository. Further, the SEBI Depositories and Participants Regulations provide for the prescribed equity shareholding of a sponsor, a person or a participant in the capital of the depository. All depositories that have been granted a certificate of registration are required to make an application to SEBI for commencement of business. The SEBI Depositories and Participants Regulations provide for rights and obligations of depositories, participants, issuers, manner of surrender of certificate and creation of pledge. It further prescribes the mechanism for investor protection, evaluation of internal systems, manner for handling share registry work and liability of a participant or a depository in case of default.

Securities and Exchange Board of India (Mutual Funds) Regulations, 2026 (SEBI Mutual Funds Regulations)

The SEBI Mutual Funds Regulations govern the law pertaining to the business of mutual funds in India. SEBI has made it mandatory for all mutual funds to appoint agents/distributors who are registered with AMFI. In case of firms/companies, the requirement of certification from National Institute of Securities Markets is made applicable to the persons engaged in sales or distribution of mutual fund products.

Revised Code of Conduct for Intermediaries of Mutual Funds by Association for Mutual Funds in India (AMFI Guidelines)

Association for Mutual Funds in India (AMFI) has issued guidelines for intermediaries in consonance with the SEBI Master Circular for Mutual Funds dated July 10, 2018. The primary objective of the AMFI Guidelines is to ensure that mutual fund intermediaries do not use unethical means to sell, market or induce any investor to buy units of their scheme(s) and mobilize funds on the strength of professional fund management and good practices. The AMFI Guidelines are mandatory, and all such intermediaries are required to strictly comply with the code of conduct prescribed by AMFI.

Revised Code of Conduct for Mutual Fund Distributors by AMFI

AMFI issued the revised guidelines for mutual fund distributors in April 2022. It prescribes certain fiduciary obligations on mutual fund distributors including, among others, avoidance of conflict of interest, exercising due diligence, protecting investor rights, avoiding conflict of interest and certain compliance obligations with 'know your distributor' norms, scheme information document prescribed by AMFI and other obligations such as maintaining confidentiality and ensuring proper education and training of their representatives. Additionally, the code of conduct prescribes that mutual fund distributors shall have a strong physical and digital infrastructure and ensure that their internal control and financial mechanisms are built to detect and mitigate losses arises from fraud.

Securities and Exchange Board of India (Portfolio Managers) Regulations, 2020 read with SEBI Circular on Facilitating collective oversight of distributors for Portfolio Management Services (PMS) through Association of Portfolio Managers in India (APMI) having reference number SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/32 dated May 02, 2024 read with the SEBI Circular having reference number SEBI/HO/IMD-POD-1/P/OW/2025/10669/1 dated April 09, 2025.

Regulation 23 (11) of SEBI (Portfolio Managers) Regulations, 2020, inter-alia states that the portfolio manager shall ensure that any person or entity involved in the distribution of its services is carrying out the distribution activities in compliance with the SEBI (Portfolio Managers) Regulations, 2020 and circulars issued thereunder from time to time. The Regulations require portfolio managers to ensure that distributors abide by the Code of Conduct as specified in Annexure 2B to the Master Circular dated March 20, 2023 for Portfolio Managers. To order to facilitate collective oversight of PMS distributors at the industry level, it has been decided that any person or entity involved in the distribution of portfolio management services shall obtain registration with APMI. Portfolio Managers shall ensure that any person or entity engaged in the distribution of its services has obtained registration with APMI, in accordance with the criteria laid down by APMI and SEBI Circular having reference number SEBI/HO/IMD-POD-1/P/OW/2025/10669/1 dated April 09, 2025 which provided for registration as a distributor with APMI till July 31, 2025.

Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012

The SEBI AIF Regulations govern the registration, regulation and operation of Alternative Investment Funds in India. These regulations require AIFs to be registered with SEBI and classify them into Category I, II and III based on their investment strategy and risk profile. The regulations prescribe conditions relating to investment, disclosures, valuation and governance to ensure transparency and protection of investors' interests. AIFs are required to comply with specified investment restrictions and reporting requirements, and operate in accordance with the framework laid down by SEBI.

SEBI (Prohibition of Insider Trading) Regulations, 2015 (SEBI Insider Trading Regulations)

The SEBI Insider Trading Regulations prohibits an insider from trading in securities that are listed or proposed to be listed on a stock exchange when in possession of unpublished price sensitive information, relating to a company or securities listed or proposed to be listed. 'Insider' includes a connected person or a person in possession of unpublished price sensitive information. An insider can trade in the securities of the Company by formulating a trading plan and presenting it to the compliance officer, designated by the Board of Directors for ensuring compliance with the Insider Trading Regulations, for his approval and public disclosure pursuant to which trades may be carried out by the insider in accordance with the trading plan.

SEBI master circular on Know Your Customer (KYC) norms for the securities market dated October 12, 2023 (KYC master circular)

On October 12, 2023, SEBI has issued the master circular for KYC norms for all intermediaries registered with it which, inter alia, mandates all SEBI registered intermediaries to use the same KYC form and supporting documents so as to establish a unified framework, and further directs them to use Permanent Account Number (PAN) as the unique identification number to register and identify all participants of the market, except in case of mutual fund investments below the specified threshold. Moreover, it provides additional supporting document

requirements for identification of non-individuals including body corporates, societies, and HUFs. SEBI master circular for Online Dispute Resolution dated December 28, 2023 (ODR master circular) The SEBI master circular for online dispute resolution prescribes comprehensive guidelines for online dispute resolution. It provides for two frameworks: Disputes between Investors/Clients and listed companies (including their registrar and share transfer agents) or any of the specified intermediaries /regulated entities in securities market (as specified in Schedule A to ODR master circular) arising out of latter's activities in the securities market, will be resolved in accordance with the master circular and by harnessing online conciliation and/or online arbitration. Institutional or corporate clients have the option of resolving disputes with specified intermediaries / regulated entities in securities market (specified in Schedule B to the ODR master circular): a) in accordance with the ODR master circular by harnessing online conciliation and/or arbitration; or b) by harnessing any independent institutional mediation, conciliation and/or online arbitration institution in India.

SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 2003 (Unfair Trade Practices Regulations)

The Unfair Trade Practices Regulations aim to regulate, investigate and penalize fraudulent activities and unfair trade practices by SEBI's registered intermediaries, with a view to ensure investor protection in the market. The Unfair Trade Practices Regulations provide the classification and criteria for dealings or activities that would be considered as manipulative, fraudulent or unfair to the investors and also confers powers to investigating authorities to investigate and penalize the registered intermediaries in case of defaults.

SEBI circular dealing with conflicts of interests

The SEBI circular bearing reference number CIR/MIRSD/5/2013 dated August 27, 2013, on general guidelines for dealing with conflicts of interest of intermediaries, recognized stock exchanges, recognized clearing corporations, depositories and their associated persons in Securities Market, prescribes comprehensive guidelines to intermediaries and their associated persons for elimination of conflicts of interest. It prescribes guidelines for avoiding, dealing with, or managing, conflict of interest, including, developing internal procedures, maintaining high standards of integrity in conduct of business and developing an internal code of conduct to govern operations, appropriately disclosing potential sources or areas of conflict to clients and formulating standards of appropriate conduct in performance of their activities, which are in addition to the codes of conduct prescribed under relevant regulations governing intermediaries.

The Prevention of Money Laundering Act, 2002

The Prevention of Money Laundering Act was enacted to prevent money laundering and to provide for confiscation of property derived from, or involved in money laundering, and for incidental matters connected therewith. Section 12 of the Prevention of Money Laundering Act casts certain obligations on, inter alia, banking companies in relation to preservation and reporting of customer account information. The RBI has advised all banks to go through the provisions of the Prevention of Money Laundering Act and the rules notified thereunder and to take all steps considered necessary to ensure compliance with the requirements of section 12 of the Prevention of Money Laundering Act.

The Information Technology Act, 2000 (IT Act)

The IT Act creates liability on a body corporate which is negligent in implementing and maintaining reasonable security practices and procedures, and thereby causing wrongful loss or wrongful gain to any person, while possessing, dealing, or handling any sensitive personal data or information in a computer resource which is owned, controlled, or operated by it, but affords protection to intermediaries with respect to third party information liability. The Information Technology Act also provides for civil and criminal liability including compensation, fines, and imprisonment for various offences. These include offences relating to unauthorized access to computer systems, damaging such systems or modifying their contents without authorization, unauthorized disclosure of confidential information and commission of fraudulent acts through computers. In April 2011, the Ministry of Electronics and Information Technology, Government of India notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (IT Personal Data Protection Rules) under Section 43A of the Information Technology Act and again in February 2021 notified the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 (Intermediary Guidelines) under Section 87 of the Information Technology Act. The IT Personal Data Protection Rules prescribe directions for the collection, disclosure, transfer, and protection of sensitive personal data. The Intermediary Guidelines provide for a thorough due diligence to be done by the intermediaries and provide a grievance redressal mechanism for resolving complaints from users.

The Digital Personal Data Protection Act, 2023

The Digital Personal Data Protection Act, 2023 which was recently promulgated provides for collection and processing of digital personal data by companies collecting data in digital form or in non-digital form which is digitised subsequently. The Digital Personal Data Protection Act, 2023 is also applicable to processing of digital personal data outside the territory of India, if such processing is in connection with any activity related to offering of goods or services to data principals within the territory of India. The Digital Personal Data Protection Act, 2023 stipulates obligations in relation to collection, recording, organisation, structuring, storage, adaptation, retrieval, use, alignment or combination, indexing, sharing, disclosure by transmission, dissemination or otherwise making available, restriction, erasure or destruction of personal data and appointment of a data protection officer for grievance redressal. In addition, significant data fiduciaries, as defined in the Digital Personal Data Protection Act, 2023 are required to appoint an independent data auditor who will evaluate their compliance with the Data Protection Act.

Shops and Establishment Legislations

Under the provisions of local Shops and Establishments laws applicable in various states, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. Our offices are required to be registered under the shops and establishments legislations of the states where they are located.

Labour Laws

In addition to the aforementioned legislations which are applicable to our Company and Subsidiaries, other legislation that may be applicable to the operations of our Company and Subsidiaries include:

- Child Labour (Prohibition and Regulation) Act, 1986;
- Employees' Provident Funds and Miscellaneous Provisions Act, 1952;
- Employees' State Insurance Act, 1948;
- Maternity Benefit Act, 1961;
- Minimum Wages Act, 1948;
- Payment of Bonus Act, 1965;
- Payment of Gratuity Act, 1972;

- Equal Remuneration Act, 1976;
- Employee's Compensation Act, 1923;
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act and Rules, 2013

In order to rationalize and reform labour laws in India, the Government has notified the below codes namely:

(a) Code on Wages, 2019, which amends and consolidates the laws relating to wage and bonus payments and subsumes four existing laws namely – the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It regulates, interalia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employees. In relation to the Occupational Safety, Health and Working Conditions Code, 2020, the Government of India has also notified the Occupational Safety, Health and Working Conditions (Central) Rules, 2026 on May 8, 2026.

(b) Industrial Relations Code, 2020, which consolidates and amends laws relating to trade unions, the conditions of employment in industrial establishments or undertakings, the investigation and settlement of industrial disputes. It subsumes and simplifies the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947. In relation to Industrial Relations Code, 2020, the Government of India has also notified the Industrial Relations (Central) Rules, 2026 on May 8, 2026.

(c) Code on Social Security, 2020, which amends and consolidates laws relating to social security, and subsumes various social security related legislations, interalia including the Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, Building and Other Construction Workers' Welfare Cess Act, 1996 and the Payment of Gratuity Act, 1972. It governs the constitution and functioning of social security organisations such as the Employee's Provident Fund Organisation and the Employee's State Insurance Corporation, regulates the payment of gratuity, the provision of maternity

benefits for unorganised workers and compensation in the event of accidents that employees may suffer, among others. The Government of India has also notified the Code on Wages (Central) Rules, 2026 on May 8, 2026.

(d) The Occupational Safety, Health and Working Conditions Code, 2020, consolidates and amends the laws regulating the occupational safety and health and working conditions of the persons employed in an establishment. It replaces 13 old central labour laws including the Factories Act, 1948, Contract Labour (Regulation and Abolition) Act, 1970, the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979. In relation to Code on Social Security, 2020, the Government of India has also notified the Code on Social Security (Central) Rules, 2026 on May 8, 2026

Intellectual Property Laws

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for trademark protection under the Trade Marks Act, 1999. The above enactment provides for protection of intellectual property by imposing civil and criminal liability for infringement.

Foreign Exchange Regulations

Foreign investment in Indian securities is governed by the provisions of the Foreign Exchange Management Act, 1999, as amended ("**FEMA**") read with the applicable Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 as amended ("**FEM Rules**"). FEMA replaced the erstwhile Foreign Exchange Regulation Act, 1973. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the government approval route, depending upon the sector in which foreign investment is sought to be made. The DPIIT makes policy pronouncements on FDI through press notes and press releases which are notified by the RBI as amendments to the FEM Rules. In case of any conflict, the FEM Rules prevail. Therefore, the regulatory framework, over a period of time consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The DPIIT issued the FDI Policy which consolidates the policy framework on FDI issued by DPIIT, in force on October 15, 2020, and reflects the FDI policy as on October 15, 2020. The FDI Policy consolidates and subsumes all the press notes, press releases, and clarifications on FDI issued by DPIIT. As per the FDI Policy, 100% FDI is permitted in our Company under the automatic route, subject to compliance with prescribed conditions. In this Issue, foreign investment is limited to investments by FPIs and NRIs. For further details, see "*Issue Procedure*" on page 639.

Other Legislations

Additionally, we are required to comply with the provisions of the Companies Act, 2013 and the relevant rules, regulations, and orders framed thereunder, the Arbitration and Conciliation Act, 1996, Indian Contract Act, 1872, the Sale of Goods Act, 1930 also other legislations such as the laws governing taxation aspects of our business, Goods and services tax legislations (including Central Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017, States Goods and Services Tax Act, 2017 and Union Territory Goods and Services Tax Act, 2017) are applicable to us..

DIVIDEND POLICY

The declaration and payment of dividends on our Equity Shares, if any, will be recommended by our Board and approved by our Shareholders, at their discretion, subject to the provisions of the Articles of Association and the applicable laws including the Companies Act, read with the rules notified thereunder, each as amended. We may retain all our future earnings, if any, for purposes to be decided by our Company, subject to compliance with the provisions of the Companies Act. The quantum of dividend, if any, will depend on a number of factors, including but not limited to profits earned and available for distribution during the relevant Financial Year, accumulated reserves including retained earnings, expected future capital/expenditure requirements, organic growth plans/expansions, proposed long-term investment, capital restructuring, debt reduction, crystallization of contingent liabilities, cash flows, current and projected cash balance, and external factors, including but not limited to the macro-economic environment, regulatory changes, technological changes and other factors like statutory and contractual restrictions.

Our Company has, by way of a resolution of the Board of Directors dated September 05, 2025, adopted a formal dividend distribution policy.

In addition, our ability to pay dividends may be impacted by a number of factors, including restrictive covenants under our current or future loan or financing documents. The amounts declared as dividends in the past are not necessarily indicative of our dividend amounts, if any, in the future. For more information on restrictive covenants under our current loan agreements, see "*Financial Indebtedness*" on page 604. Our Company may pay dividend by cheque, or electronic clearance service, as will be approved by our Board in the future. Our Board may also declare interim dividend from time to time.

General Reserve
General reserve represents appropriation of surplus in the profit and loss account and is available for distribution to shareholders as dividend.

Retained Earnings
Surplus in profit or loss account (Retained Earnings) represents surplus/accumulated profit of the company and is available for distribution to shareholders as dividend.

Statutory Reserve
Reserve fund is created as per the terms of section 45-IC(1) of the Reserve Bank of India Act, 1934 as a statutory reserve as 20% of the profit after tax.

Capital Redemption Reserve
The capital redemption reserve is created to be utilised towards redemption of preference shares and it also includes addition arising on account of buyback of shares. The reserve will be utilised in accordance with provision of the Act.

Other comprehensive income

The Group has elected to recognize changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity instruments through Other Comprehensive Income within equity. The company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognized.

1A. Corporate Information

Shah Investor's Home Limited ("SIHL" or 'the Holding Company') is a public limited company and incorporated under the provisions of Companies Act. The Company domiciled in India and its registered office 810, X-Change Plaza, DSCCSL(53E), Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat-382355 and correspondence office at SIHL House, Opp. Ambawadi Jain Temple, Nehrunagar Cross Road, Ahmedabad, Gujarat - 380015.

Shah Investor's Home Limited, its subsidiaries are engaged in broking of equity, derivatives and mutual fund, wealth management services, distribution of financial products, proprietary investments and other activities in financial services.

These consolidated financial statements contain financial information of the Group and were authorized for issue by the Board of Directors on 5th September, 2026.

Information on the Group's structure provided in note 52.

1B. Business Combination under Common Control

A common control business combination, involving entities or businesses in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and where the control is not transitory, is accounted for in accordance with Appendix C to Ind AS 103 'Business Combinations'.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method as follows:

- ▷ The assets and liabilities of the combining entities are reflected at their carrying amounts.
- ▷ No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made only to harmonize significant accounting policies.
- ▷ The financial information in the financial statements in respect of prior periods are as if the business combination had occurred from the beginning of the preceding period in the financial statements.
- ▷ The identity of the reserves are preserved and appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

1C. Business Combination under Acquisition method

The Group applies the acquisition method in accounting for business combinations for the businesses which are not under common control. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

A) Deferred tax assets or liabilities and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 'Income Tax' and Ind AS 19 'Employee Benefits' respectively.
B) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.
C) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 'Financial Instruments', is measured at fair value with changes in fair value recognized in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS.

Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and its subsequent settlement is accounted for within equity.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

2A. Material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.
Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

2.1 Basis of preparation

(i) Compliance with Ind AS

The consolidated financial statements of the Group comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act,2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Accounting policies have been applied consistently over all the periods presented in these consolidated financial statements, except where the Group has applied certain accounting policies and exemptions.

(ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- ▷ Financial instruments are measured at fair value through Profit and Loss or Other Comprehensive Income,
- ▷ Defined benefit plans – plan assets measured at fair value; and

(iii) Preparation of consolidated financial statements

The Holding Company is covered in the definition of Non-Banking Financial Group as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2018 (as amended), the Holding Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in note 46.

(iv) Use of estimates and judgments

The preparation of consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of consolidated financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

(v) Determining whether an arrangement contains a lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

2.2 Principles of consolidation and equity accounting

(i) Subsidiaries

The consolidated financial statement has comprised financial statements of the Company and its subsidiaries. Subsidiaries are all the entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.
The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions within the Group are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.
Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, consolidated statement of changes in equity and balance sheet respectively. Statement of Profit and Loss including Other Comprehensive Income (OCI) is attributable to the equity holders of the Holding Company and to the non-controlling interest basis the respective ownership interest and such balance is attributed even if this results in controlling interest is having a deficit balance.

(ii) Equity method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group companies are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

(iii) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control or joint control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognized in profit or loss . This fair value becomes the initial carrying -amount for the purposes of subsequently accounting for the retained interest as an associate or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously expected credit recognized in other comprehensive income are reclassified to profit or loss .

If the ownership interest in an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

2.3 Revenue Recognition

The Group recognizes revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognized when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Group satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Group applies the five-step approach for recognition of revenue:

- ▷ Identification of contract(s) with customers; A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- ▷ Identification of the separate performance obligations in the contract; A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- ▷ Determination of transaction price; The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- ▷ Allocation of transaction price to the separate performance obligations: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.; and
- ▷ Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Brokerage fee income

It is recognized on trade date basis in accordance with the terms of contract and is exclusive of goods and service tax and securities transaction tax (STT) wherever applicable.

(ii) Interest income

Interest income is recognized on accrual basis in statement of profit and loss for all financial instruments measured at amortized cost.

(iii) Dividend income

Dividend income is recognized in the statement of profit and loss on the date that the Group's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

(iv) Net gain on fair value changes

The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognizes gains on fair value change of financial assets measured at FVTPL and realized gains on de-recognition of financial asset measured at FVTPL and FVOCI on net basis in profit or loss.

(v) Depository services income

Revenue from depository services on account of annual maintenance charges have been accounted over the period of the performance obligation.

Revenue from depository services on account of transaction charges is recognized point in time when the performance obligation is satisfied.

(vi) Delayed payment charges

Interest is earned on delayed payments from customers and is recognized on a time proportion basis taking into account the amount outstanding from customers and the rates applicable.

2.4 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for, if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.5 Leases

For any new contracts entered into on or after 1 April 2023, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. The Company assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Measurement and recognition of leases as a lessee

The Company has adopted Ind AS 116 "Leases" using the cumulative catch-up approach. Company has recognized Right of Use assets as at 1 April 2023 for leases previously classified as operating leases and measured at an amount equal to lease liability (adjusted for related prepayments/ accruals). The Company has discounted lease payments using the incremental borrowing rate for measuring the lease liability.

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in substance fixed payments.

When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.
The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in profit or loss on a straight-line basis over the lease term.

When the Company revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortized over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognized in statement of profit and loss.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e. it does not allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

2.6 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Outstanding bank overdrafts are not considered integral part of the Company's cash management.

2.7 Financial instruments

Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Group except for trade receivables, measures the financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss , transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in Statement of profit and loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognized for financial assets measured at amortized cost.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Group revises the estimates of future cash flows, the carrying amount of the respective financial assets or

financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in Statement of profit and loss.

Fair value of financial instruments:

the Group's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- ▷ Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- ▷ Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- ▷ Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the Company can access at measurement date.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 43.

Financial assets

(i) Classification and subsequent measurement:

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- ▷ Fair value through profit or loss (FVTPL)
- ▷ Fair value through other comprehensive income (FVOCI); or
- ▷ Amortised cost.

Classification and subsequent measurement of financial assets depends on:

- ▷ The Company's business model for managing the asset; and
- ▷ The cash flow characteristics of the asset.

1. Financial assets carried at:

(A) Amortised cost

Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain and loss on de-recognition are recognized in profit or loss.

(B) Fair value through other comprehensive income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Fair value through profit or loss

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized as 'other income' in the Statement of Profit and Loss.

2. Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognized as revenue from operations in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognized in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized as 'Revenue from operations' in the statement of Profit and Loss.

3. Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

4. **Debt Instrument**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group has classified its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows and where the contractual terms give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired.

- **Fair value through other comprehensive income (FVTOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit & loss in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI.

- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost, are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

(ii) Impairment

The Group recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at Fair value through profit or loss (FVTPL):

ECL are probability-weighted estimate of credit losses. They are measured as follows:

- ▷ Financials assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- ▷ Financials assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- ▷ Financials assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off/fully provided for when there is no reasonable of recovering financial assets in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in the statement of Profit and Loss.

(iii) Derecognition

A financial asset is derecognized only when:

The Group has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Transfer of loans through assignment transaction can be made only after continuing involvement in loans i.e retaining a minimum specific percentage of loan but without retaining any substantial risk and reward in the loan assigned. The assigned portion of loans is derecognized and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contracts. Gain/loss arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding loan is derecognized from the Balance Sheet immediately. Further, if the transfer of loan qualifies for derecognition, entire interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest strip receivable (interest strip on assignment) and correspondingly presented as gain/loss on derecognition of financial asset.

Financial liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(iii)Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

2.8 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation except in the case of land which is stated at cost. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-financial assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in progress'.

Depreciation methods, estimated useful lives and residual value

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any.
The Company depreciates property, plant and equipment over their estimated useful lives on written down value method. The estimated useful lives of assets are as follows:

Assets Category	Useful Life
(a) Property, plants & equipment:	
(I) Building	60 Years
(ii) Furniture and Fixture	10 Years
(iii) Vehicles (Two Wheelers)	10 Years
(iv) Vehicles (Four Wheelers)	8 Years
(v) Office Equipment	5 Years
(vi) Electrical Installations	10 Years
(b) Leasehold Property	Amortized over the lease period
	based on straight line method

The useful lives for these assets is in compliance with the useful lives as indicated under Part C of Schedule II of the Companies Act, 2013.
The useful lives, residual values of each part of tangible and the depreciation method are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.9 Intangible assets

Measurement at recognition:

Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development. The Company amortizes intangible assets on a straight-line basis over the four years commencing from the month in which the asset is first put to use. The Company provides pro-rata amortization from the day the asset is put to use.

Assets	Useful Life
Computer Software	**4 Years**

The amortization period and the amortization method for an intangible asset with infinite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:
The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.10 Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the statement of profit and loss. All assets (except goodwill) are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An Impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognized.

2.11 Expected credit loss (ECL) model:

The Company applies the ECL model in accordance with Ind AS 109 for recognizing impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset ('lifetime ECL'), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12-month ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is calculated on a collective basis, considering the retail nature of the underlying portfolio of financial assets.
The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Company's historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). The Company has devised an internal model to evaluate the PD and LGD based on the parameters set out in Ind AS 109. Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The company categorizes financial assets at the reporting date into stages based on the days past due

('DPD') status as under:

- Stage 1: Trade receivable for which credit risk has not increased significantly and that are also not credit impaired
- Stage 2: Trade receivable for which credit risk has increased significantly but not credit impaired
- Stage 3: Trade receivable for which credit risk has increased significantly and are credit impaired

LGD is an estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrowers will default on their obligations in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.

The Company incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of external actual and forecast information, the Company forms a 'base case' view of the future direction of relevant economic variables. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the

estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The Company regularly reviews its models in the context of actual loss experience and makes adjustments when such differences are significantly material.

The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized as an impairment gain or loss in profit or loss.

2.12 Provisions and contingencies:

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate. Where an inflow of economic benefits is probable, the group discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.13 Employee benefits

(i) Short-term obligations

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Group recognizes the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations

Defined contribution plan:

Contribution paid/payable to the recognized provident fund and Employee State Insurance Corporation, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan :

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognized in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognized actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income in the period in which they occur and are not reclassified to the Statement of Profit and Loss.

The Group has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme.

2.14 Foreign currency translation

(i) Functional and presentation currency

Items included in consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (INR) in lakhs rounded off to two decimal places except when otherwise stated as permitted by Schedule III to the Companies Act, 2013, which is Group's functional and presentation currency.

(ii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in profit or loss.

(iii) Translation of subsidiaries

All income and expense items are converted at the average rate of exchange applicable for the period. All assets and liabilities are translated at the closing rate as on the balance sheet date.

2.15 Dividend Distribution:

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.16 Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Group by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period (excluding other comprehensive income) attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive. Further, when a subsidiary issue the potential ordinary shares that are convertible into the ordinary shares of the subsidiary, to parties other than the parent and if these potential ordinary shares of the subsidiary have a dilutive effect on the basic earnings per share of the reporting entity, they are included in the calculation of diluted earnings per share.

2.17 Borrowing Costs

Expenses related to borrowing cost are accounted using effective interest rate. Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

2.18 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

2.19 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirements.

2.20 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

3A. Key accounting estimates and judgements

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on ongoing basis. Any changes to accounting estimates are recognized prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

(a) Provision and contingent liability:

On an ongoing basis, Group reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not

recognized until the contingency has been resolved and amounts are received or receivable.

(b) Allowance for impairment of financial asset:
Judgements are required in assessing the recoverability of overdue and determining whether a provision against those is required. Factors considered include the ageing of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.

(c) Recognition of deferred tax assets:
Deferred tax assets are recognized for unused tax-loss carry forwards and unused tax credits to the extent that realization of the related tax benefit is probable. The assessment of the probability with regard to the realization of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.

(d) Defined benefit plans:
The cost of defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long - term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(e) Property, plant and equipment and Intangible Assets:
Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Group's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

(f) Business Model assessment:
Classification and measurement of financial assets depends on the results of the business model test. The Company determines the business model at a level that reflects how group's financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company considers the frequency, volume and timing of sales in prior years, the reason for such sales, and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of a holistic assessment of how company's stated objective for managing the financial assets is achieved and how cash flows are realized. Therefore, the Company considers information about past sales in the context of the reasons for those sales, and the conditions that existed at that time as compared to current conditions.

Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(i) De-recognition of financial instruments - In case of transfer of loans through securitization and direct assignment transactions, the transferred loans are de-recognized and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions, the difference between the carrying amount and the consideration received are recognized in the statement of Profit and Loss .

4. Recent Accounting developments

The Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules,2025, amending certain Indian Accounting Standards (Ind AS), which are effective from 1 April 2025. The Company has evaluated these amendments and concluded that they do not have a material impact on its financial statements or material accounting policy information.

The amendments to Ind AS 12 – Income Taxes relate to the OECD Pillar Two global minimum tax rules. The Company has assessed these amendments and concluded that they do not have any impact on its financial statements.

The amendments to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates introduce a framework for situations involving non-exchangeable currencies, requiring entities to assess exchangeability and estimate spot exchange rates when exchangeability is lacking. Additional disclosures are also required for currencies subject to exchange restrictions. The Company has assessed these amendments and noted that they do not have any impact on its financial statements.

The amendments to Ind AS 1 – Presentation of Financial Statements clarify the principles for classifying liabilities as current or non-current, including the treatment of covenant breaches and related disclosure requirements. The Company has evaluated these amendments and determined that they do not have a significant impact on its financial statements.

The amendments to Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures require enhanced disclosures relating to supplier finance arrangements, including their terms and conditions, outstanding balances, and associated liquidity risk considerations. As the Company does not have any material supplier finance arrangements, these amendments do not have any impact on its financial statements.

The amendments to Ind AS 101 – First-time Adoption of Indian Accounting Standards require additional disclosures for entities operating in hyperinflationary environments and provide transitional relief relating to lease classification under Ind AS 116. Since the Company is not a first-time adopter of Ind AS, these amendments are not applicable.

The amendments to Ind AS 115 – Revenue from Contracts with Customers involve technical updates to replace outdated references to superseded standards. These amendments do not have any impact on the Company's financial statements

The amendments to Ind AS 116 – Leases provide transitional relief for lease arrangements involving land and building components, permitting classification based on facts and circumstances existing at the date of transition. These amendments are not applicable to the Company.

37 REVENUE FROM CONTRACT WITH CUSTOMERS

The Group derives revenue primarily from the share broking business. Its other major revenue source is Interest income.

1. Disaggregate revenue information

The table below presents disaggregate revenues from contracts with customers for the year ended 31 March 2026, 31 March 2025 and 31 March 2024. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by market and other economic factors.

Nature of Services

(a) Broking Income - Income from services rendered as a broker is recognized upon rendering of the services, in accordance with the terms of contract.

(b) Interest Income - Interest is earned on delayed payments from clients and amounts funded to them as well as loans as well as term deposits with banks. Interest income is recognized on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable

(c) Depository Income-Income from services rendered on behalf of depository is recognized upon rendering of the services, in accordance with the terms of contract

2. Disaggregate revenue information

Interest Income	2,352.63	2,503.63	1,578.60
Depository Income	119.27	268.06	273.00

Nature, timing of satisfaction of the performance obligation and significant payment term:

(i) Income from services rendered as a broker is recognized upon rendering of the services.
(ii) Commissions from distribution of financial products are recognized upon allotment of the securities to the applicant or as the case may be, on issue of the insurance policy to the applicant.
(iii) Interest is earned on delayed payments from clients and amounts funded to them as well as term deposits with banks.
(iv) Interest income is recognized on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable
(v) Income from services rendered on behalf of depository is recognized upon rendering of the services, in accordance with the terms of contract.

The above services are point in time in nature, and no performance obligation remains once the transaction is executed

38 EMPLOYEE BENEFITS

A. The Company contributes to the following post-employment defined benefit plans

(I) Defined Contribution Plans

Contribution paid/payable to the recognized provident fund and Employee State Insurance Corporation, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

(ii) Defined Benefit Plan :

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognized in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognized actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial

gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

40 The Group had entered into a lease agreement for its Thane branch for a period of five years, with the lease term scheduled to expire on 4th October 2029. However, pursuant to management's decision to discontinue operations at the branch, the Thane branch was closed in March 2026.
Accordingly, the lease arrangement has been reassessed under the requirements of Ind AS 116- Leases. Considering that the branch operations have ceased and the lease term is no longer expected to continue as originally envisaged, the lease has been treated as short-tern lease for accouting purposes.

Consequently, no lease liability or right-of-use(ROU) asset has been recognized in the balance sheet, and lease payments, if any, are recognized as an expense in the statement of profit and loss in accordance with the provision applicable to short-term leases under Ind AS 116.

Level 1: Category include financial assets and liabilities that are measured in whole or significantly part by reference to published quotes in an active market.

Level 2: Category include financial assets and liabilities that are measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions.

Level 3: Category include financial assets and liabilities that are measured using valuation technique based on non-market observable inputs. This means that fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2. Financial instruments not measured at fair value

Financial assets not measured at fair value includes cash and cash equivalents, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature.

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.

44 Financial risk management

The Group has operations in India. Whilst risk is inherent in the group's activities, it is managed through an integrated risk management framework, including on-going identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Group is exposed to credit risk, liquidity risk and market risk. It is also subject to various operating and business risks.

A. Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. The Company's major classes of financial assets are cash and cash equivalents, loans, investment in mutual fund units, term deposits, trade receivables and security deposits.

Deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rate banks/financial institutions as approved by the Board of directors.

Investments primarily include investment in liquid mutual fund units that are marketable securities of eligible financial institutions for a specified time period with high credit rating given by domestic credit rating agencies.
The management has established accounts receivable policy under which customer accounts are regularly monitored. The Company has a dedicated risk management team, which monitors the positions, exposures and margins on a continuous basis.

Following provides exposure to credit risk for trade receivables and Loans. (₹ in lakhs)

Particulars	As at 31 March, 2026	As at 31 March, 2025	As at 31 March, 2024
Trade Receivable (Net of impairment)	2,689.38	1,685.59	778.48
Loans (Net of impairment)	3,341.14	1,897.30	1,319.24

The financial instruments covered within the scope of ECL include financial assets measured at amortized cost such as trade receivables and loans.

Trade Receivables:
The Company applies the Ind AS 109 Simplified approach for trade receivables which requires expected lifetime losses to be recognized

Inputs considered in the ECL model
In assessing the impairment of financial assets under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses. "

Stage 1 : Trade receivable for which credit risk has not increased significantly and that are also not credit impaired
Stage 2 : Trade receivable for which credit risk has increased significantly but not credit impaired
Stage 3 : Trade receivable for which credit risk has increased significantly and are credit impaired

Loans:
Loans includes Margin Trading Facility(MTF), Loans to staff and loans to subsidiaries for which staged approach is taken into consideration for determination of ECL.

Stage 1.
All positions in the MTF loan book are considered as stage 1 asset for computation of expected credit loss. For exposures where there has not been a significant increase in credit risk since initial recognition and that is not credit impaired upon origination. Margin trading facility, Loans to subsidiaries and loans to staff are considered in stage 1 for determination of ECL. Exposure to credit risk in stage 1 is computed considering historical probability of default, market movements and macro-economic environment.
Margin trading facilities are secured by collaterals. As per policy of the Company, margin trading facilities to the extent covered by collateral and servicing interest on a regular basis is not considered as due/default. Accounts becoming due/default are fully written off as bad debt against respective receivables and the amount of loss is recognized in the Statement of Profit and Loss. Subsequent recoveries of amounts previously written off are credited to the Statement of Profit and Loss as bad debts recovered.

Stage 2.
Exposures under stage 2 include over dues up to 90 days pertaining to principal amount, interest and any other charges on the MTF loan book which are unsecured. While arriving at the secured position of the client, management would also consider balance in client's family accounts, securities in other segment and collaterals in form other than the securities while considering the secured position of the client. At each reporting date, the Company assesses whether there has been a significant increase in credit risk for financial assets since initial recognition. In determining whether credit risk has increased significantly since initial recognition, the Company uses days past due information and other qualitative factors to assess deterioration in credit quality of a financial asset.
For credit exposures where there has been a significant increase in credit risk since initial recognition but that are not credit impaired, a lifetime ECL is recognized.

Stage 3
Exposures under stage 3 include over dues past 90 days pertaining to principal amount, interest and any other charges on MTF loan book which are unsecured.

Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the asset have occurred. For financial assets that have become credit impaired, a lifetime ECL is recognized.

B. Liquidity risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the entity's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and to close out market positions.

Ultimate responsibility for liquidity risk management rests with the board of directors, for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

C. Market risk

Market Risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

(i) Currency risk

Currency Risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The company's all transactions are denominated in Indian rupees only. Hence, the Company is not significantly exposed to currency rate risk.

Assets	Foreign Currency	As at 31 March 2026		As at 31 March 2025		As at 31 March 2024	
		Amount in Foreign Currency	Amount in ₹ lakhs	Amount in Foreign Currency	Amount in ₹ lakhs	Amount in Foreign Currency	Amount in ₹ lakhs

(ii) Interest rate risk

Interest rate risk arises from movements in interest rates which could have effects on the Company's net income or financial position. Changes in interest rates may cause variations in interest income and expenses resulting from interest-bearing assets and liabilities. Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to interest rate risk relates to the loans taken from banks, investment in term deposits placed with banks, investment in debt securities and investments of its excess funds in liquid instruments. A majority of the financing of the Company has come from overdraft facility with banks. The business of the Company is exposed to fluctuation in interest rate for the following activities:

(i) Term deposits placed with banks are generally for short term on fixed interest rates

(ii) Facilities availed from banks and other financial institutions generally include short term working capital loans on floating interest rates.

Management of Interest Rate Risk

Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for re-pricing bands. However the Company does not use derivative financial instruments to hedge its interest rate risk.

The Company's investments in majority of term deposits with banks are for both short and long duration, and therefore do not expose the Company to significant interest rate risk. The interest rates on the overdraft facility availed are marginally higher than the interest rates on term deposits with the banks and generally linked to the term deposit rates with the bank. Accordingly, there is limited interest rate risk exposure on the company.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term and longterm debt obligations with floating / fixed interest rates, which are included in loans and borrowings. The loans and borrowings represent loans and borrowing taken both fixed and floating interest rate.

(iii) Market price risks

The Company is exposed to market price risk, which arises from FVTPL investments. The management monitors the proportion of these investments in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority

45 Capital Management

Risk management

The Group's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

The Group monitors its capital by using gearing ratio, which is net debt to total equity. Net debt includes borrowings net of cash and bank balances and total equity comprises of Equity share capital, general reserve and retained earnings.

48 Principles and assumptions used for consolidated financial statements and proforma adjustments

The Consolidated Financial Statements have been prepared by applying the principles laid in the Indian Accounting Standard (Ind AS) - 110 "Consolidated Financial Statements" for the purposes of these Consolidated Balance Sheet & Consolidated Statement of Profit and Loss, together referred to in as 'Consolidated Financial Statements'.

49 Operating Segment

The Group determines Operating Segments as components of an entity for which discrete financial information is available that is evaluated regularly by the chief operating decision-maker (CODM), in deciding how to allocate resources and assessing performance.

The Group's activities revolve around the distribution of Financial Products i.e. Mutual Funds, Bonds, Insurance, Stock Broking and allied services, etc. Various financial products are aggregated into one reportable segment being agency nature of the business under "Fees and Commission" in accordance with aggregation criteria. Aggregation is done due to the similarities of the products and services provided to the customer and similarities in the method used to provide services.

Considering the nature of the Group's business, as well as based on reviews by CODM to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS - 108 – "Operating Segments", prescribed under Companies (Indian Accounting Standards) Rules, 2015.

OTHER FINANCIAL INFORMATION

In accordance with the with Schedule VI, Part A (11)(I)(A)(ii)(b) of the SEBI ICDR Regulations, the audited financial information of our Company for the financial years ended March 31, 2026, March 31, 2025 and March 31, 2024 (collectively, the "**Audited Financial Information**") is available on our website at https://www.sihl.in/. Our Company is providing a link to this website solely to comply with the requirements specified in the SEBI ICDR Regulations. The Audited Financial Information do not and will not constitute, (i) a part of the Draft Red Herring Prospectus; (ii) the Red Herring Prospectus or (iii) this Prospectus, a statement in lieu of a prospectus, an offering circular, an offering memorandum, an advertisement, an issue or a solicitation of any issue or an issue document or recommendation or solicitation to purchase or sell any securities under the Companies Act, the SEBI ICDR Regulations, or any other applicable law in India or elsewhere. The Audited Financial Information should not be considered as part of information that any investor should consider subscribing for or purchase any securities of our Company and should not be relied upon or used as a basis for any investment decision. Due caution is advised when accessing and placing reliance on any historic or other information available in the public domain.

None of our Company or any of its advisors, nor BRLM nor any of their respective employees, directors, affiliates, agents or representatives accept any liability whatsoever for any loss, direct or indirect, arising from any information presented or contained in the Audited Financial Information, or the opinions expressed therein.

The accounting ratios of our Company as required under Clause 11 of Part A of Schedule VI of the SEBI ICDR Regulations are given below:

Sr. No.	Particulars	For the year ended March 31, 2026	For the year ended March 31, 2025	For the year ended March 31, 2024
1	Basic and diluted Earnings per share (in ₹)	8.38	14.84	11.38
2	Return on Net Worth (RoNW) (in %)	7.35	13.91%	11.91%
3	Net asset value per share (in ₹)	114.07	106.70	95.56
4	EBITDA (in ₹ lakhs)	2,161.59	3,531.31	2,512.97

Notes:

1. Basic EPS means net profit after tax attributable to owners of the Company, as restated / Weighted average no. of Equity Shares outstanding during the year / period.

2. EPS has been calculated in accordance with the Indian Accounting Standard 33 – 'Earning per share' notified under the Companies (Indian Accounting Standards) Rules, 2015. The above statement should be read with significant accounting policies and notes on Restated Consolidated Financial Information.

3. RoNW is calculated as net profit after tax attributable to owners of the Company, as restated / Restated Closing net worth at the end of the year/period. Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation.

4. Net Asset Value per share (NAV) is computed as Net Worth as per the Restated Financial Statements / Number of Equity Shares outstanding as at the end of year/period, as adjusted for bonus issue of Equity Shares and sub-division of Equity Shares.

5. EBITDA is calculated as profit / (loss) before tax for the period / year including share in profit/ (loss) from associates/ joint ventures, finance costs and depreciation and amortization expenses, excluding other Income.

Non-GAAP Measures

Certain measures included and presented in this Prospectus, for instance EBITDA, EBITDA margin, interest coverage ratio, net debt to EBITDA ratio, return on capital employed and return on equity (**Non-GAAP Measures**), are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, IFRS or U.S. GAAP. Further, these Non-GAAP Measures, are not a measurement of our financial performance or liquidity under Indian GAAP, IFRS or U.S. GAAP and should not be considered as an alternative to net profit/loss, revenue from operations or any other performance measures derived in accordance with Ind AS, IFRS or U.S. GAAP or as an alternative to cash flow from operations or as a measure of our liquidity. We compute and disclose such Non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. In addition, Non-GAAP Measures used are not a standardised term, hence a direct comparison of Non-GAAP Measures between companies may not be possible. Other companies may calculate Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure. See "*Risk Factor - Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance such as EBITDA, EBITDA margin, interest coverage ratio, net debt to EBITDA ratio, return on capital employed and return on equity have been included in this Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable"* on page 63.

Overview

For details in relation to our business overview, competitive strengths, business strategies and business operations, please see *"Our Business"* beginning on page 435.

Significant Factors Affecting Our Results of Operations and Financial Condition

We believe that the following factors have significantly affected our results of operations and financial condition during the periods under review, and may continue to affect our results of operations and financial condition in the future:

General economic and financial services industry conditions in India

Our business and results of operations are affected by general economic conditions and trends in the financial services industry in India.

Real GDP growth is projected at 6.5%, driven by strong rural demand, improving employment, and robust business activity. The agriculture sector's bright prospects, healthy reservoir levels, and robust crop production support this growth. Manufacturing is reviving, and services remain resilient, despite global uncertainties. Investment activity is gaining traction, supported by healthy balance sheets and easing financial conditions. However, risks from geopolitical tensions, global market volatility, and geo-economic fragmentation persist.

If general economic conditions in India deteriorate or are not in line with our expectations, or if there is an impact on our business different from our expectations, our financial condition and results of operations may be materially and adversely affected. In addition, if favourable trends in the financial services industry or digitalisation slowdown or are reversed, our financial condition and results of operations may be materially and adversely affected. Please see the section entitled "*Risk Factors – Any downturn or disruption in the securities markets, which are affected by general economic and market conditions in India and globally, may have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects*" on page 64.

Indian equity capital markets

India's capital markets, including stock, bond, derivative markets, and mutual funds, have significantly influenced the nation's financial system and economic development. We operate in the financial services industry in India where we conduct our business and generate substantially all of our revenues. We primarily offer secondary market brokering services to retail customers that comprise of both, residents and non-resident Indians. Our Company is also actively engaged in the business of providing services such as mutual funds distributorship, margin funding, stock lending and borrowing. The Indian financial market has experienced notable fluctuations in turnover across various exchanges in recent years. From FY20 to FY25, the combined turnover for all exchanges has shown impressive growth, with a CAGR of approximately 44.5% and Q-o-Q growth of 75.9% from Rs 116 trillion in Q1FY25 to Rs 203 trillion in Q1FY26. This growth trend highlights the performance of key exchanges, including the BSE, NSE, Multi Commodity Exchange (MCX), and National Commodity and Derivatives Exchange. In Jun'25, the MTF book grew significantly, reaching Rs. 879 billion, a 23.7% increase over Mar'25, the MTF book grew at a CAGR of 87% from last trading day of Mar'20 to last trading day of Jun'25. This growth is driven by rising investor awareness of MTF's benefits in boosting buying power and potential returns, along with a bullish stock market. Interest income from MTF ranges between 15% to 35% of total revenue for leading players. (*Source: Care Report*).

The Indian equity markets are affected by a variety of factors including growth in India's GDP, taxation, monetary and other policies of the Government of India, laws and regulations that affect trading, political measures and regulatory developments, and general political stability, inflation, interest rate levels, change in consumer spending and saving patterns such as a shift from one category of investment to another, currency exchange rates and foreign investment including perceived unattractiveness of the Indian markets. Accordingly, a downturn in the Indian securities markets, persistent or short term, could adversely impact trading and investment patterns, result in decline in trading volumes and size, and, consequently, adversely impact our business, prospectus, results of operation and financial condition.

Maintaining our customer relationships specifically in the state of Gujarat

We have over the years established long-term relationships with our customers leading to recurrent business engagements with them. In our brokerage and commission business and our advisory business (particularly equity

broking, wealth management, investment banking), revenues are largely influenced by the number of our retail, institutional and corporate clients. Our ability to grow our share of clients' business is determined by us providing advisory services, customised business solutions, quality research and efficient execution. We believe successfully developing new customer relationships along with retaining existing customer relationships are critical for growing our businesses and consequently for our results of operations. We believe our ability to offer customized services to fit the needs of our customers across various business verticals allows us to deepen our relationships with our customers and enables us to target a greater share of their requirements thereby leading to recurring business.

The contribution of our western Indian operations in brokerage income as a percentage of total brokerage income from operations of our Company for Fiscals 2026, 2025 and 2024, expressed in both absolute terms and as a percentage of our total brokerage income.

Particulars	Fiscal 2026		Fiscal 2025		Fiscal 2024	
	Amount (in ₹ lakhs)	As % of total brokerage Income	Amount (in ₹ lakhs)	As % of total brokerage Income	Amount (in ₹ lakhs)	As % of total brokerage Income

Any decrease in revenues from western India, including due to increased competition or supply, or reduction in demand, in markets in which we operate, may have an adverse effect on our business, cash flows, results of operation and financial condition.

Our MTF Operations

Our Company, in the year 2023, registered for Margin Trading Facility (**MTF**) to enabling our customers to capitalize on market opportunities with limited upfront capital by leveraging their eligible collaterals. We provide margin trading facility to our customers in equity cash segment.

Margin Trading Funding (MTF) illustration:

Margin Trading Funding (MTF) allows an investor to use existing shares as collateral to buy more shares than they could with only cash. It is a leveraged investment facility provided by brokers, regulated by Exchanges/SEBI in India.

The investor pledges their shares to the broker, who funds part of the new purchase. This helps in enhancing buying power and also increases risk if share prices fall.

Collateral Creation Example

Item	Calculation	Value (₹)
A's Share Price	–	3,030
Quantity Held	–	60
Total Value	3,030 × 60	1,81,800
Haircut Applied (12.5%)*	1,81,800 × 12.5%	22,725
Collateral Value After Haircut	1,81,800 – 22,725	1,59,075

**A haircut of 12.5% is applied by the broker to safeguard against price fluctuation risk. So, only ₹1,59,075 from A's shares can be used as margin collateral for trading. Haircut is a percentage reduction applied to the market value of an asset (like stocks or bonds) when it is used as collateral for a loan or margin trading.*

Using Collateral to Buy in MTF

Margin Type	Normal Buy	MTF Buy
B's Share Price	418	418
VAR Margin (Value at Risk)**	-	9.00%
ELM (Extreme Loss Margin)***	-	10.50% (3*3.5=10.5%)
Total Margin Requirement	100%	19.5%

Margin Type	Normal Buy	MTF Buy
Margin per Share	418	₹81.51
Buying Power (Leverage)	1×	5×
Number of Shares You Can Buy	380	1,951
Total Buy Value	₹1,58,840	₹8,15,518
Payment on T+1	₹1,58,840	₹0 (Funded by Broker)

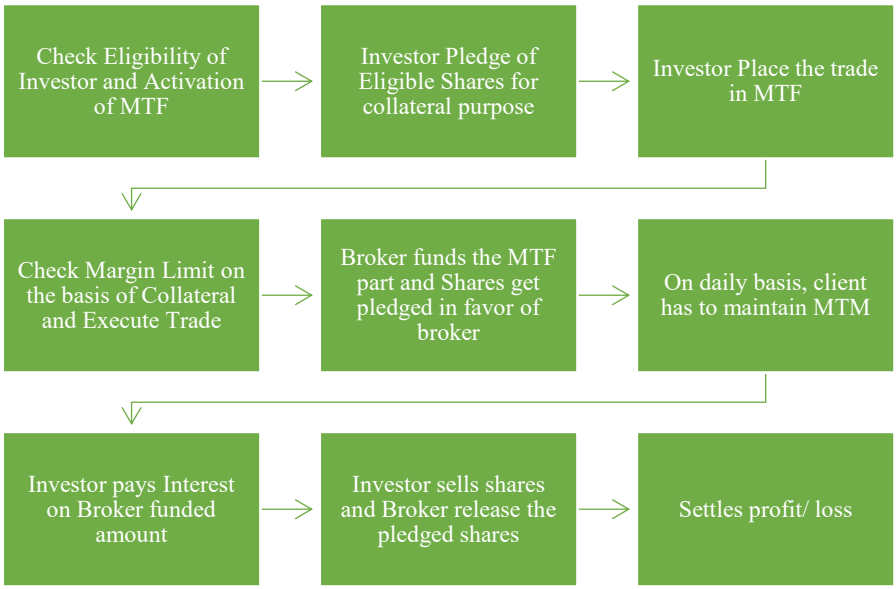

***Value at Risk (VAR) is a risk measurement tool used in risk management to estimate the potential loss in a portfolio's value due to market movements over a specific time period and with a certain confidence level.*
****Extreme Loss Margin (ELM) is an additional margin charged by exchanges beyond normal margin requirements. ELM covers losses that may exceed predictions from VAR models.*

In Normal Buy, a person can purchase only shares worth ₹1.58 lakh equal to the margin and payment is required within T+1 day. In MTF Buy, with 5× leverage, a person can buy B shares worth ₹8.15 lakh funded by a broker.

Working Mechanism of MTF

- Investor pledges A shares to broker as collateral.
- Broker applies haircut to determine usable margin (₹1.59 lakh).
- Investor chooses a new stock to buy under MTF (B in this case).
- Broker funds the full amount of trade value.
- Investors pays interest on the total amount used for positions until the position is closed or shares are sold.
- Effective leverage: 5× means the investor controls ₹8.15 lakh worth of shares with only ₹1.59 lakh margin.

Margin Trading Facility (MTF) Transaction Process and Business Model

Step-by-Step Overview of Margin Trading Facility

1. Eligibility Verification and MTF Activation

The broker checks whether the investor meets MTF eligibility criteria as per SEBI and exchange norms. Once verified, the broker activates the investor's MTF account.

2. Pledging of Eligible Shares as Collateral

The investor pledges approved securities as margin, and these pledged shares serve as collateral for funding.

3. Placing Trade under MTF

After pledging the collateral, the investor places buy orders with the broker under the MTF product. Orders are executed as per available margin limits.

4. Margin Limit Assessment and Trade Execution

The broker's system evaluates the collateral value after applying the applicable haircut to determine the eligible margin limit. Trades are executed within these approved limits, ensuring regulatory compliance.

5. Broker Funding and Pledge of Purchased Shares

The broker funds the remaining portion of the trade value beyond the investor's cash margin available under MTF. The purchased shares are pledged in favour of the broker as per SEBI and exchange guidelines to safeguard the broker's funded amount.

6. Daily Mark-to-Market (MTM) Margin Maintenance

Client margins and securities are revalued daily based on prevailing market prices. If there is any decline in value leading to a margin shortfall, the investor must promptly meet the shortfall by providing additional funds or eligible securities.

7. Interest Payment on Funded Amount

The investor is required to pay interest on the amount financed by the broker. The applicable interest rate is agreed upon under the MTF arrangement. Interest is calculated on a daily basis and charged periodically, with adjustments made in the investor's ledger.

8. Sale of Shares and Release of Pledge

The investor may sell the funded shares or repay amount to close the position. Once the dues are settled, the broker releases the pledged shares.

9. Settlement of Profit or Loss

Upon closure of the position, profits are credited to the client's account after adjusting outstanding dues and charges. Losses, if any, are debited from the client's account, and the final settlement reflects the net outcome of the MTF transaction

Competition

The Indian financial services industry is highly competitive. We face significant competition in all aspects of our business. In particular, we compete with other Indian and foreign brokerage houses and asset managers, among others, which operate in the markets in which we conduct our business. Over the last few quarters, brokers offering digital platforms are able to garner a significant proportion of the market share both in terms of incremental clients as well as trading volumes. Our competitors may have various competitive advantages over us such as greater financial resources, wider brand recognition, broader knowledge resources, far-reaching partnerships, parentage and access to existing client base. It is also possible for our competitors to quickly adopt our business practices, scale up the services offered and set lower prices to compete with us. Mergers and acquisitions involving our competitors may create entities with even greater competitive advantages.

Significant Accounting Policies

1A. Corporate Information

Shah Investor's Home Limited ("SIHL" or 'the Holding Company') is a public limited company and incorporated under the provisions of Companies Act. The Company domiciled in India and its registered office 810, X-Change Plaza, DSCCSL(53E), Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat-382050 and correspondence office at SIHL House, Opp. Ambawadi Jain Temple, Nehrunagar Cross Road, Ahmedabad, Gujarat - 380015.

Shah Investor's Home Limited, its subsidiaries are engaged in broking of equity, derivatives and mutual fund, wealth management services, distribution of financial products, proprietary investments and other activities in financial services. These consolidated financial statements contain financial information of the Group and were authorized for issue by the Board of Directors on 05 September, 2026.

Information on the Group's structure provided in note 52.

1B. **Business Combination under Common Control**

A common control business combination, involving entities or businesses in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and where the control is not transitory, is accounted for in accordance with Appendix C to Ind AS 103 'Business Combinations'.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method as follows :

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made only to harmonize significant accounting policies.
- The financial information in the financial statements in respect of prior periods are as if the business combination had occurred from the beginning of the preceding period in the financial statements.
- The identity of the reserves are preserved and appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

1C. **Business Combination under Acquisition method**

The Group applies the acquisition method in accounting for business combinations for the businesses which are not under common control. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

A) Deferred tax assets or liabilities and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 'Income Tax' and Ind AS 19 'Employee Benefits' respectively.

B) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

C) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 'Financial Instruments', is measured at fair value with changes in fair value recognized in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS.

Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and its subsequent settlement is accounted for within equity.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

2A. Material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.
Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

2.1 Basis of preparation

(i) Compliance with Ind AS

The consolidated financial statements of the Group comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act,2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Accounting policies have been applied consistently over all the periods presented in these consolidated financial statements, except where the Group has applied certain accounting policies and exemptions.

(ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- Financial instruments are measured at fair value through Profit and Loss or Other Comprehensive Income,
- Defined benefit plans – plan assets measured at fair value; and

(iii) Preparation of consolidated financial statements

The Holding Company is covered in the definition of Non-Banking Financial Group as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2018 (as amended), the Holding Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in note 46.

(iv) Use of estimates and judgments

The preparation of consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of consolidated financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

(v) Determining whether an arrangement contains a lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable

period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

2.2 Principles of consolidation and equity accounting

(i) Subsidiaries

The consolidated financial statement has comprised financial statements of the Company and its subsidiaries. Subsidiaries are all the entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions within the Group are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure
consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, consolidated statement of changes in equity and balance sheet respectively. Statement of Profit and Loss including Other Comprehensive Income (OCI) is attributable to the equity holders of the Holding Company and to the non-controlling interest basis the respective ownership interest and such balance is attributed even if this results in controlling interest is having a deficit balance.

(ii) Equity method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group companies are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

(iii) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control or joint control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying -amount for the purposes of subsequently accounting for the retained interest as an associate or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group

had directly disposed of the related assets or liabilities. This may mean that amounts previously expected credit recognized in other comprehensive income are reclassified to profit or loss.

If the ownership interest in an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

2.3 Revenue Recognition

The Group recognizes revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognized when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Group satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Group applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers; A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- Identification of the separate performance obligations in the contract; A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- Determination of transaction price; The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- Allocation of transaction price to the separate performance obligations: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Brokerage fee income

It is recognized on trade date basis in accordance with the terms of contract and is exclusive of goods and service tax and securities transaction tax (STT) wherever applicable.

(ii) Interest income

Interest income is recognized on accrual basis in statement of profit and loss for all financial instruments measured at amortized cost.

(iii) Dividend income

Dividend income is recognized in the statement of profit and loss on the date that the Group's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

(iv) Net gain on fair value changes

The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognizes gains on fair value change of financial assets measured at FVTPL and realized gains on de-recognition of financial asset measured at FVTPL and FVOCI on net basis in profit or loss.

(v) Depository services income

Revenue from depository services on account of annual maintenance charges have been accounted over the period of the performance obligation.

Revenue from depository services on account of transaction charges is recognized point in time when the performance obligation is satisfied.

(vi) Delayed payment charges

Interest is earned on delayed payments from customers and is recognized on a time proportion basis taking into account the amount outstanding from customers and the rates applicable.

2.4 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for, if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.5 Leases

For any new contracts entered into on or after 1 April 2023, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

The Company assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Measurement and recognition of leases as a lessee

The Company has adopted Ind AS 116 "Leases" using the cumulative catch-up approach. Company has recognized Right of Use assets as at 1 April 2023 for leases previously classified as operating leases and measured at an amount equal to lease liability (adjusted for related prepayments/ accruals). The Company has discounted lease payments using the incremental borrowing rate for measuring the lease liability.

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in substance fixed payments.

When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in profit or loss on a straight-line basis over the lease term.

When the Company revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortized over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognized in statement of profit and loss.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e. it does not allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

2.6 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Outstanding bank overdrafts are not considered integral part of the Company's cash management.

2.7 Financial instruments

Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Group except for trade receivables, measures the financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in Statement of profit and loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognized for financial assets measured at amortized cost.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Group revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in Statement of profit and loss.

Fair value of financial instruments:

the Group's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- **Level 1**: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- **Level 2**: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- **Level 3**: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the Company can access at measurement date.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 43.

Financial assets

(i) Classification and subsequent measurement:

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- Fair value through profit or loss (FVTPL)
- Fair value through other comprehensive income (FVOCI); or
- Amortised cost.

Classification and subsequent measurement of financial assets depends on:

- The Company's business model for managing the asset; and
- The cash flow characteristics of the asset.

1. **Financial assets carried at:**

   (A) Amortised cost

   Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain and loss on de-recognition are recognized in profit or loss.

   (B) Fair value through other comprehensive income

   Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

   (C) Fair value through profit or loss

   A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized as 'other income' in the Statement of Profit and Loss.

2. **Equity instruments**

   Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

   All investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognized as revenue from operations in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognized in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized as 'Revenue from operations' in the statement of Profit and Loss.

3. **Investments in mutual funds**

   Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

4. **Debt Instrument**

   Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group has classified its debt instruments:

   - **Amortized cost:** Assets that are held for collection of contractual cash flows and where the contractual terms give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired.

- **Fair value through other comprehensive income (FVTOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit & loss in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI.

- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost, are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

(ii) Impairment

The Group recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at Fair value through profit or loss (FVTPL): ECL are probability-weighted estimate of credit losses. They are measured as follows:

- Financials assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financials assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financials assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off/fully provided for when there is no reasonable of recovering financial assets in its entirety or a portion thereof.
However, financial assets that are written off could still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in the statement of Profit and Loss.

(iii) Derecognition

A financial asset is derecognized only when:
The Group has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Transfer of loans through assignment transaction can be made only after continuing involvement in loans i.e retaining a minimum specific percentage of loan but without retaining any substantial risk and reward in the loan assigned. The assigned portion of loans is derecognized and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contracts. Gain/loss arising on

such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding loan is derecognized from the Balance Sheet immediately. Further, if the transfer of loan qualifies for derecognition, entire interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest strip receivable (interest strip on assignment) and correspondingly presented as gain/loss on derecognition of financial asset.

Financial liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

2.8 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation except in the case of land which is stated at cost. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-financial assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in progress'.

Depreciation methods, estimated useful lives and residual value

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any.
The Company depreciates property, plant and equipment over their estimated useful lives on written down value method. The estimated useful lives of assets are as follows:

Assets Category	Useful Life
(a) Property, plants & equipment:	
(i) Building	60 Years
(ii)Furniture and Fixture	10 Years
(iii)Vehicles (Two Wheelers)	10 Years
(iv)Vehicles (Four Wheelers)	8 Years

(v)Office Equipment	5 Years
(vi)Electrical Installations	10 Years
(b)Leasehold Property	Amortized over the lease period based on straight line method

The useful lives for these assets is in compliance with the useful lives as indicated under Part C of Schedule II of the Companies Act, 2013.
The useful lives, residual values of each part of tangible and the depreciation method are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:
The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.9 Intangible assets

Measurement at recognition:
Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development. The Company amortizes intangible assets on a straight-line basis over the four years commencing from the month in which the asset is first put to use. The Company provides pro-rata amortization from the day the asset is put to use.

Assets	**Useful life**
Computer Software	**4 Years**

The amortization period and the amortization method for an intangible asset with infinite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:
The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.10 Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is

recognized in the statement of profit and loss. All assets (except goodwill) are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An Impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognized.

2.11 Expected credit loss (ECL) model:

The Company applies the ECL model in accordance with Ind AS 109 for recognizing impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset ('lifetime ECL'), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12-month ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is calculated on a collective basis, considering the retail nature of the underlying portfolio of financial assets.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Company's historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). The Company has devised an internal model to evaluate the PD and LGD based on the parameters set out in Ind AS 109. Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The company categorizes financial assets at the reporting date into stages based on the days past due

('DPD') status as under:

- Stage 1: Trade receivable for which credit risk has not increased significantly and that are also not credit impaired
- Stage 2: Trade receivable for which credit risk has increased significantly but not credit impaired
- Stage 3: Trade receivable for which credit risk has increased significantly and are credit impaired

LGD is an estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrowers will default on their obligations in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.
The Company incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of external actual and forecast information, the Company forms a 'base case' view of the future direction of relevant economic variables. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.
The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's ECL calculations are outputs of complex models with a number of

underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The Company regularly reviews its models in the context of actual loss experience and makes adjustments when such differences are significantly material.
The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized as an impairment gain or loss in profit or loss.

2.12 Provisions and contingencies:

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate. Where an inflow of economic benefits is probable, the group discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.13 Employee benefits

(i) Short-term obligations

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Group recognizes the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations

Defined contribution plan:

Contribution paid/payable to the recognized provident fund and Employee State Insurance Corporation, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan:

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognized in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognized actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income in the period in which they occur and are not reclassified to the Statement of Profit and Loss.

The Group has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme.

2.14 Foreign currency translation

(i) Functional and presentation currency

Items included in consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (INR) in lakhs rounded off to two decimal places except when otherwise stated as permitted by Schedule III to the Companies Act, 2013, which is Group's functional and presentation currency.

(ii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in profit or loss.

(iii) Translation of subsidiaries

All income and expense items are converted at the average rate of exchange applicable for the period. All assets and liabilities are translated at the closing rate as on the balance sheet date.

2.15 Dividend Distribution:

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.16 Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Group by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period (excluding other comprehensive income) attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive. Further, when a subsidiary issue the potential ordinary shares that are convertible into the ordinary shares of the subsidiary, to parties other than the parent and if these potential ordinary shares of the subsidiary have a dilutive effect on the basic earnings per share of the reporting entity, they are included in the calculation of diluted earnings per share.

2.17 Borrowing Costs

Expenses related to borrowing cost are accounted using effective interest rate. Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized

as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

2.18 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

2.19 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirements.

2.20 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

3A. Key accounting estimates and judgements

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on ongoing basis. Any changes to accounting estimates are recognized prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

(a) **Provision and contingent liability:**

On an ongoing basis, Group reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

(b) **Allowance for impairment of financial asset:**

Judgements are required in assessing the recoverability of overdue and determining whether a provision against those is required. Factors considered include the ageing of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.

(c) **Recognition of deferred tax assets:**

Deferred tax assets are recognized for unused tax-loss carry forwards and unused tax credits to the extent that realization of the related tax benefit is probable. The assessment of the probability with regard to the realization of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.

(d) **Defined benefit plans:**

The cost of defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the

determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long - term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(e) **Property, plant and equipment and Intangible Assets:**
Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Group's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

(f) **Business Model assessment:**
Classification and measurement of financial assets depends on the results of the business model test. The Company determines the business model at a level that reflects how group's financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company considers the frequency, volume and timing of sales in prior years, the reason for such sales, and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of a holistic assessment of how company's stated objective for managing the financial assets is achieved and how cash flows are realized. Therefore, the Company considers information about past sales in the context of the reasons for those sales, and the conditions that existed at that time as compared to current conditions.

Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(i) De-recognition of financial instruments - In case of transfer of loans through securitization and direct assignment transactions, the transferred loans are de-recognized and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions, the difference between the carrying amount and the consideration received are recognized in the statement of Profit and Loss.

4. Recent Accounting developments

The Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules,2025, amending certain Indian Accounting Standards (Ind AS), which are effective from 1 April 2025. The Company has evaluated these amendments and concluded that they do not have a material impact on its financial statements or material accounting policy information.

The amendments to Ind AS 12 – Income Taxes relate to the OECD Pillar Two global minimum tax rules. The Company has assessed these amendments and concluded that they do not have any impact on its financial statements.

The amendments to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates introduce a framework for situations involving non-exchangeable currencies, requiring entities to assess exchangeability and estimate spot exchange rates when exchangeability is lacking. Additional disclosures are also required for currencies subject to exchange restrictions. The Company has assessed these amendments and noted that they do not have any impact on its financial statements.

The amendments to Ind AS 1 – Presentation of Financial Statements clarify the principles for classifying liabilities as current or non-current, including the treatment of covenant breaches and related disclosure requirements. The Company has evaluated these amendments and determined that they do not have a significant impact on its financial statements.

The amendments to Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures require enhanced disclosures relating to supplier finance arrangements, including their terms and conditions, outstanding balances, and associated liquidity risk considerations. As the Company does not have any material supplier finance arrangements, these amendments do not have any impact on its financial statements.

The amendments to Ind AS 101 – First-time Adoption of Indian Accounting Standards require additional disclosures for entities operating in hyperinflationary environments and provide transitional relief relating to lease classification under Ind AS 116. Since the Company is not a first-time adopter of Ind AS, these amendments are not applicable.

The amendments to Ind AS 115 – Revenue from Contracts with Customers involve technical updates to replace outdated references to superseded standards. These amendments do not have any impact on the Company's financial statements

The amendments to Ind AS 116 – Leases provide transitional relief for lease arrangements involving land and building components, permitting classification based on facts and circumstances existing at the date of transition. These amendments are not applicable to the Company.

Non-GAAP Measures

Certain non-GAAP measures such as Net Asset Value per share, EBITDA, Net Debt to Equity and, Net Fixed Assets Turnover Ratio among others ("**Non-GAAP Measures**") presented in this Prospectus, are a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, Indian GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit / (loss) for the year / period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, or IFRS. In addition, these Non-GAAP Measures are not a standardised term and, therefore, a direct comparison of similarly titled Non-GAAP Measures between companies may not be possible. Other companies may calculate the Non-GAAP Measures differently from us, limiting their usefulness as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that they are useful to an investor in evaluating us because these are widely used measures to evaluate a company's operating performance.

Also see *"Risk Factors- Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance such as EBITDA, EBITDA margin, interest coverage ratio, net debt to EBITDA ratio, return on capital employed and return on equity have been included in this Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable"* on page 63.

KEY BUSINESS HIGHLIGHTS

Our Revenue from Operations decreased from ₹ 7,782.36 lakhs in Fiscal 2024 to ₹ 7,147.67 lakhs in Fiscal 2026.

Revenue split: Product category

Our business is categorized into product families, namely, (i) Fees, Commission & Brokerage Income; (ii) Interest Income (iii) Dividend income; and (iv) Rental Income (v) Net gain/ (loss) on fair value changes (vi) Sale of Product (Commodities) (vii) Sale of Service (Consultancy) and Other Operations.

Fees and Commission Income

We derive the majority of our income from fees and commissions, which mainly include brokerage income and depository income. Our Fees and Commission Income stood at ₹ 4,749.47 lakhs in Fiscal 2026, ₹6,759.19 lakhs in Fiscal 2025, and ₹5,843.20 lakhs in Fiscal 2024. This income has been driven by a trading volume, client participation, and level of activity in our depository services. Brokerage income remains the largest contributor, accounting for the bulk of this revenue, while depository income provides a stable recurring stream that supports our overall business operations.

Interest Income

We derive a portion of our Revenue from Operations from Interest Income, which primarily comprises interest on loans, deposits with banks, margin funding, delayed payments, bonds, and late payment charges on AMC. Revenue from Interest Income was ₹ 2352.63 lakhs in Fiscal 2026, ₹2,503.63 lakhs in Fiscal 2025, and ₹1,578.60 lakhs in Fiscal 2024. The interest income is primarily driven by interest on delayed payments and deposits with banks and interest from margin funding.

Dividend Income

We also generate a portion of our Revenue from Operations through Dividend Income arising from our investments. Dividend Income stood at ₹ 117.10 lakhs in Fiscal 2026, ₹61.27 lakhs in Fiscal 2025, and ₹74.92 lakhs in Fiscal 2024. The movement across the years reflects fluctuations in returns from our investment portfolio, which are largely dependent on the performance and dividend distribution policies of the underlying companies however, its not a part of our core broking business, Dividend Income provides an additional source of steady returns and supports overall profitability.

Rental Income

We also generate some income by giving out a part of our premises on rent. Rental Income was ₹ 10.68 lakhs in Fiscal 2026, ₹10.08 lakhs in Fiscal 2025 and ₹8.94 lakhs in Fiscal 2024. This shows a steady income over the years and provides us with an additional source of income, though it is not part of our core broking operations.

Net gain/ (loss) on fair value changes

We also generate income and incur loss from changes in the fair value of our trading and investment portfolio, which includes Future & Option Derivatives, Equity Securities held for trading, and Mutual Fund Investments. Net gain/(loss) on fair value changes was ₹ (91.08) lakhs in Fiscal 2026, ₹72.02 lakhs in Fiscal 2025, and ₹198.59 lakhs in Fiscal 2024. These movements are mainly linked to realized and unrealized gains or losses arising from market fluctuations. While such income is not part of our core broking operations, it reflects the performance of our proprietary trading and treasury activities and can vary from year to year depending on market conditions.

Sale of Product (Commodities)

We also generate income from the sale of commodities, though this is not a core part of our broking business. Net sales from commodities were Nil in Fiscal 2026, Nil in Fiscal 2025, and ₹35.42 lakhs in Fiscal 2024. The decline over the last two years reflects our strategic focus on core broking and financial services, with limited reliance on commodity trading as a source of revenue.

Sale of Service (Consultancy)

We also generate income from consultancy services offered to clients through our subsidiary company, SIHL Consultancy. The Consultancy Income was ₹ 8.87 lakhs in Fiscal 2026, ₹21.20 lakhs in Fiscal 2025, and ₹40.48 lakhs in Fiscal 2024. These earnings vary from year to year depending on the demand for advisory and related

services. While not a major part of our core broking operations, consultancy services provide us with an additional source of revenue and help strengthen our client relationships.

FISCAL 2026 COMPARED TO FISCAL 2025

Income

Total income decreased by 23.36% from ₹9,446.51 lakhs in Fiscal 2025 to 7240.00 lakhs in Fiscal 2026. This was primarily attributable to an decrease in Revenue from Operations.

Revenue from Operations

In Fiscal 2026, our Revenue from Operations decreased by 24.18%, falling from ₹9,427.39 lakhs in Fiscal 2025 to ₹7,147.67 lakhs in Fiscal 2026. This was mainly due to Brokerage and Commision income, which falls by 29.73% amounting to ₹6,759.19 lakhs in Fiscal 2025 to ₹4,749.47 lakhs in Fiscal 2026, reflecting lower client activity and decreased traded value which decreased from ₹ 59,44,704.02 lakhs in Fiscal 2025 to ₹ 44,39,792.65 lakhs in Fiscal 2026. The decrease in interest income, which falls by 6.03% amounting to ₹ 2503.63 lakhs in Fiscal 2025 to ₹ 2352.63 lakhs in Fiscal 2026, was primarily due to a decrease in fixed deposits maintained with banks. The decrease in fixed deposit balances is in line with the reduction in trading volumes. The impact was partly offset by Interest on margin funding and interest on loans during the year. Rental income also registered a steady growth of 5.95%, increasing to ₹10.68 lakhs in Fiscal 2026 from ₹ 10.08 lakhs in Fiscal 2025.

On the other hand, dividend income increased by 91.13% to ₹ 117.10 lakhs in Fiscal 2026 as compared to ₹61.27 lakhs in Fiscal 2025, net gains on fair value changes contracted by 226.45% to ₹ (91.08) lakhs in Fiscal 2026 from ₹ 72.02 lakhs in Fiscal 2025 due to lower derivative and mutual fund gains.

Further, sale of services which consists of consultancy income fell by 58.18% amounting to ₹8.87 lakhs in Fiscal 2026 to ₹ 21.20 lakhs in Fiscal 2025.

Overall, in Fiscal 2026, our revenue profile became even more concentrated in our core brokerage segment which alone contributed 65.60% of total revenues, highlighting the Company's stronger focus on its main broking business while reducing reliance on smaller, non-core income sources.

Other income

In Fiscal 2026, Other income stood at ₹92.33 lakhs, which saw a steep increase by 382.88% compared to ₹19.12 lakhs in Fiscal 2025 and increasing its contribution to total income from 0.20% in Fiscal 2025 to 1.29% in Fiscal 2026. This increase was primarily due to Income from Lending of Securities under the Securities Lending and Borrowing Mechanism ("SLBM") was ₹ 42.63 lakhs in Fiscal 2026, as compared to Nil in Fiscal 2025 and Nil in Fiscal 2024. The income was generated from lending of company`s own securities through the SLBM during Fiscal 2026 and was primarily influenced by the volume of securities lent, demand for such securities and the applicable lending fees. Similarly, Business Support income rose to ₹ 34.15 lakhs in fiscal 2026 from ₹ 12.93 lakhs in fiscal 2025 and foreign exchange fluctuation gains arising from our operations increased slightly to ₹ 14.26 lakhs from ₹ 3.89 lakhs in Fiscal 2025. Other interest and Miscellaneous income increased slightly to ₹ 1.01 lakhs from ₹ 0.34 lakhs in Fiscal 2025 which is partly offset by decrease in gain on sale of Property, Plant & equipment by 1.18 Lakhs.

Net income tax paid for Fiscal 2025 was ₹963.07 lakhs.

Fiscal 2024

In Fiscal 2024, net cash generated from operating activities amounted to ₹11,019.42 lakhs. The Company reported a profit before tax of ₹2,400.68 lakhs, with operating profit before working capital changes at ₹2,383.20 lakhs, after incorporating adjustments such as depreciation and amortization of ₹144.24 lakhs, finance costs of ₹ 90.98 lakhs, dividend income of ₹74.92 lakhs, impairment on financial instruments of ₹1.82 lakhs, unrealized fair value gains of ₹198.59 lakhs, and loss on sale of fixed assets of ₹22.63 lakhs.

Working capital changes during the year had a substantial positive impact, primarily driven by an increase in bank balances of ₹2,899.84 lakhs, trade and other receivables of ₹317.27 lakhs and loans given of ₹ 498.00 lakhs, along with a significant increase in trade payables of ₹5,315.61 lakhs. Additional movements included a decrease in other non-financial assets of ₹ 51.05 lakhs, an increase in other financial liabilities of ₹ 8.67 lakhs**,** an increase in other non-financial liabilities of ₹63.06 lakhs, and an increase in provisions of ₹106.03 lakhs, all of which further supported the cash inflows during the year.

The Company also paid net income tax of ₹ 546.79 lakhs during the year.

Cash Flow of Investing Activities

Fiscal 2026

In Fiscal 2026, net cash used in investing activities stood at ₹ 994.23 lakhs. The major outflow was driven by net purchase of investments amounting to ₹628.91 lakhs and net purchase of property, plant & equipment of ₹482.42

lakhs. These outflows were partially offset by dividend income of ₹117.10 lakhs received during the year. Overall, the firm recorded a substantial cash outflow under investing activities, primarily reflecting its increased allocation towards investments and asset acquisition.

Fiscal 2025

In Fiscal 2025, net cash used in investing activities stood at ₹ 1,123.27 lakhs. The major outflow was driven by purchase of investments amounting to ₹943.14 lakhs and capital expenditure of ₹ 241.40 lakhs towards fixed assets. These outflows were partially offset by dividend income of ₹61.27 lakhs received during the year. Overall, the firm recorded a substantial cash outflow under investing activities, primarily reflecting its increased allocation towards investments and asset acquisition.

Fiscal 2024

During Fiscal 2024, net cash used in investing activities was ₹152.17 lakhs. The outflows were mainly due to purchase of fixed assets worth ₹164.39 lakhs and investment purchases of ₹ 62.70 lakhs**.** These were offset to some extent by dividend income of ₹74.92 lakhs, which reduced the overall outflow. The lower level of investment activity compared to the prior and subsequent year indicates a relatively stable year in terms of capital allocation.

Cash Flow of Financing Activities

Fiscal 2026

During Fiscal 2026, the Company reported a net cash inflow of ₹882.62 lakhs from financing activities. Comprising primarily net proceeds from borrowing of ₹1275.85 lakhs, payment of finance costs amounted to ₹235.49 lakhs and dividend pay-outs aggregated to ₹157.74 lakhs. The funds raised through borrowings supported the Company's liquidity and funding requirements during the year.

Fiscal 2025

During Fiscal 2025, the Company reported a net cash outflow of ₹186.35 lakhs from financing activities. Comprising primarily proceeds from borrowing of ₹217.29 lakhs, payment of finance costs amounted to ₹246.08 lakhs and dividend pay-outs aggregated to ₹157.56 lakhs. The negative financing cash flow reflects higher finance costs and shareholder pay-outs relative to borrowing inflows.

Fiscal 2024

In Fiscal 2024, financing activities resulted in a net cash outflow of ₹697.95 lakhs. The primary contributor to this outflow was repayment of borrowings of ₹449.89 lakhs. This, coupled with dividend payments of ₹157.08 lakhs and finance cost outgo of ₹ 90.98 lakhs, led to a sizeable net reduction in cash from financing. The year reflects higher repayment.

Findings/observations of any of the inspections by SEBI or any other regulator involving our Company which are material, and which need to be disclosed or non-disclosure of which may have bearing on the investment decision

Except as disclosed below, there are no findings/observations of any of the inspections by SEBI or any other regulator involving our Company which are material, and which need to be disclosed or non-disclosure of which may have bearing on the investment decision as on the date of this Prospectus;

1. Our Company being a registered Investment Adviser with SEBI, had received a show cause notice June 30, 2025 from SEBI under Regulation 30A of the SEBI (Intermediaries) Regulations, 2008 on failure to pay the applicable renewal fees under Clause 3 of Second Schedule of the SEBI (Investment Advisors) Regulations 2013. The Company had vide their reply through email dated July 28, 2025, had confirmed that their registration as Investment Advisor may be cancelled. Subsequently, SEBI vide its order dated September 10, 2025 had cancelled our registration as Investment Advisor.

2. Our Company received a letter bearing reference no. SEBI/WRO/JS/PD/OW/P/2025/2463/1 dated January 23, 2025 (the "**Letter**"), from SEBI, highlighting certain observations/findings pursuant to the inspection of our books of accounts, records, and other documents relating to the upstreaming and down streaming of client

funds conducted by SEBI and the Stock Exchanges on December 05 – 06, 2024, and January 02 – 03, 2025. The Letter included the following observations (i) on verification of bank statements, out of 30 sample dates reviewed, client funds were retained instead of being upstreamed to the clearing corporations on 18 dates, (ii) funds were transferred from the settlement account to the upstreaming client nodal bank account (USCNBA) and (iii) funds were transferred from the settlement account to the downstreaming client nodal bank account (DSCNBA), wherein the said transfers were not in compliance with SEBI circulars (collectively referred to as the "**Observations**"). We submitted our detailed response to the said Observations on February 07, 2025, and have not received any further communication from SEBI in this regard. Subsequently, our Company received a Show Cause Notice bearing reference no. SEBI/HO/EAD/EAD3/P/OW/2025/27793/1 dated October 31, 2025 (the "**SCN**"). SEBI, in its findings, has stated that the Company had failed to upstream client funds on an end of day ("**EOD**") basis, did not follow the framework for flow of funds as per the SEBI circulars (from settlement account to the upstreaming client nodal bank account ("**USCNBA**"), and did not adhere to the cut-off time for upstreaming of client funds to the settlement account. Based on these observations, SEBI has alleged that the Company has violated the provisions of Para 3 read with Annexure A of SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/84 dated June 08, 2023, and Para 4 of SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/187 dated December 12, 2023. Our Company vide its letter dated November 13, 2025 provided clarification to the SCN stating interpretation and procedural variation in adoption of the revised framework for fund flow and affirmed SEBI, that there was no misuse or mismanagement of client funds occurred. Our Company further confirmed that all client receipts were credited to UNSCBA all client payments were made through the Downstream Client Nodal Account ("**DSCNBA**"), under the SEBI framework for flow of funds. Subsequently, SEBI, vide its adjudication order dated February 11, 2026, found our Company to be in violation of Clause 3 read with Annexure A of SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/84 dated June 8, 2023 and Clause 4 of SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/187 dated December 12, 2023. Accordingly, SEBI imposed a penalty of ₹4,00,000 (Rupees Four Lakh only) on our Company, which has since been duly paid.

3. Our Company ("***Applicant***") filed a suo-moto settlement application in terms of the SEBI (Settlement of Administrative and Civil Proceedings) Regulations, 2014 which is repealed and replaced with SEBI (Settlement Proceedings) Regulations, 2018 with effect from January 01, 2019 (hereinafter referred to as 'Settlement Regulations') proposing to settle, without admitting the findings of fact and conclusions of law, through a settlement order, the non-compliance with Section 56, Section 67 and Section 73 of the Companies Act, 1956 and the provisions of the SEBI(Disclosure and Investor Protection) Guidelines, 2009 (hereinafter referred to as "DIP Guidelines"). The applicant in the application submitted that it had made preferential allotment of its equity shares to 502 allottees on February 29, 2008. The said allotment was in violation of Section 56, Section 67 and Section 73 of the Companies Act, 1956 and the DIP Guidelines. The applicant submitted that it had provided an exit offer to all eligible shareholders and also submitted a certificate of compliance with the requirement of the aforesaid SEBI Circular from an independent Chartered Accountant. The applicant, vide letter dated March 02, 2019, proposed the revised settlement terms to settle the defaults mentioned above. Stock market data of the Equity Shares

As the Issue is the initial public offering of the Equity Shares, the Equity Shares are not listed on any stock exchange as on the date of this Prospectus, and accordingly, no stock market data is available for the Equity Shares.

Mechanism for redressal of Investor Grievances

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a minimum period of eight years from the last date of dispatch of the letters of allotment and demat credit to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

In terms of the SEBI ICDR Master Circular and the SEBI RTA Master Circular, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI ICDR Master Circular and the SEBI RTA Master Circular in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In the event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLM shall compensate the investors at the rate higher of ₹100 per day or 15% per annum of the application amount, in addition to the compensation paid by the respective SCSBs, for the period of such delay.

All Issue-related grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary to whom the Bid cum Application Form was submitted. The Bidder should give full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder DP ID, Client ID, UPI ID, PAN, date of the submission of Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for and the name and address of the Designated Intermediary where the Bid cum Application Form was submitted by the Bidder.

Further, Bidders shall also enclose a copy of the Acknowledgment Slip or specify the application number duly received from the Designated Intermediaries in addition to the documents/information mentioned hereinabove.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs or the Sponsor Banks including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock.
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	(i). Instantly revoke the blocked funds other than the original application amount; and (ii) ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher.	From the date on which multiple amounts were blocked till the date of actual unblock.
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount; and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted/ partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the post- Issue BRLM shall also be liable to compensate the investor at the rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company has also appointed Vandan Shah, Company Secretary of our Company, as the Compliance Officer for the Issue. For details, see "*General Information - Company Secretary and Compliance Officer*" on page 92.

Investors can contact our Company Secretary and Compliance Officer or the Registrar to the Issue in case of any pre- Issue or post- Issue related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to address all grievances in relation to the Issue to the BRLM giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

Our Company, the Book Running Lead Manager and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

The face value of each Equity Share is ₹ 10 and the Issue Price at the lower end of the Price Band is ₹ 159 per Equity Share ("**Floor Price**") and at the higher end of the Price Band is ₹ 167 per Equity Share ("**Cap Price**"). The Anchor Investor Issue Price is ₹ 167 per Equity Share.

The Price Band and the minimum Bid Lot for the Issue will be decided by our Company in consultation with the BRLM, as per applicable law and , which shall be advertised in all editions of The Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) and Gujarati edition of The Financial Express (a widely circulated Gujarati daily newspaper, Gujarati being the regional language of Gujarat, where our Registered Office is located), each with wide circulation, at least two Working Days prior to the Bid/Issue Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the respective websites of the Stock Exchanges. The Issue Price shall be determined by our Company (acting through the IPO Committee) in consultation with the BRLM after the Bid/ Issue Closing Date, on the basis of assessment of market demand for the Equity Shares issued and issue by way of Book Building Process.

At any given point of time, there shall be only one denomination for the Equity Shares.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our equity Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;

- Right to vote on a poll either in person or by proxy, or 'e-voting' in accordance with the provisions of the Companies Act, 2013;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive any surplus on liquidation, subject to any statutory and other preferential claim being satisfied;
- Right of free transferability, subject to applicable laws including any RBI rules and regulations and foreign exchange regulations; and
- Such other rights, as may be available to a Shareholder of a listed public company under the Companies Act 2013, the terms of the SEBI Listing Regulations and the Memorandum and Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see "*Description of Equity Shares and Terms of Articles of Association*" on page 658.

Allotment only in dematerialised form

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges.

In this context, our Company has entered into the following agreements with the respective Depositories and Registrar to the Issue:

- Tripartite Agreement dated August 17, 2017, among CDSL, our Company and the Registrar to the Issue
- Tripartite Agreement dated March 21, 2012, among NSDL, our Company and the Registrar to the Issue

Market Lot and Trading Lot

For further details, see "*Issue Procedure*" beginning on page 639.

Compliance with disclosure and accounting norms

Our Company shall comply with all applicable disclosure and accounting norms as specified by SEBI from time to time.

Joint Holders

Subject to the provisions of the Articles of Association, where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

Period of operation of subscription list

See "*–Bid/Issue Period*" on page 633.

Jurisdiction

The courts of Gujarat at Ahmedabad, India will have exclusive jurisdiction in relation to this Issue.

Nomination facility to Investors

In accordance with Section 72 of the Companies Act, 2013, read with the Companies (Share Capital and Debentures) Rules, 2014, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which such person would be entitled if they were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A nomination may be cancelled or varied by

nominating any other person in place of the present nominee by the holder of the Equity Shares who has made the nomination by giving a notice of such cancellation. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

a. to register himself or herself as the holder of the Equity Shares; or

b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Depository Participant.

Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

The Bidder shall be compensated in the manner specified in the SEBI Master Circular, which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of our Company with the SCSBs, to the extent applicable, issued by SEBI, and any other applicable law in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.*

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within the time prescribed under applicable law, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any

delay in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges within three Working Days from the Bid/Issue Closing Date, as may be prescribed by the SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/Issue Opening Date till the Bid/Issue Closing Date by obtaining the same the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the Registrar to the issue on a daily basis in accordance with the SEBI RTA Master Circular.

SEBI is in the process of streamlining and reducing the post issue timeline for IPOs. Any circulars or notifications from SEBI after the date of the Red Herring Prospectus could result in changes to the above-mentioned timelines. Further, the issue procedure is subject to change basis any revised SEBI circulars to this effect.

In terms of the UPI Circulars, in relation to the Issue, the Book Running Lead Manager will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/ Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Further, the issue procedure is subject to change to any revised SEBI circulars to this effect.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders were advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders were cautioned that, in the event a large number of Bids were received on the Bid/Issue Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that could not be uploaded on the electronic bidding system would not be considered for allocation under this Issue. Bids were accepted only during Working Days during the Bid / Issue Period.

Investors may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101- 6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges. Bids and revisions by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges.

In case of discrepancy in data entered in the electronic book *vis-a-vis* data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges may be taken as the final data for the purpose of Allotment.

Minimum Subscription

In the event our Company did not receive a subscription in the Issue as specified under Rule 19(2)(b) of the SCRR, including devolvement of Underwriters, if any, or fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI ICDR Master Circular. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum.

Further our Company shall ensure that the number of prospective Allottees to whom the Equity Shares will be allotted shall not be less than 1,000 in compliance with Regulation 49(1) of the SEBI ICDR Regulations, failing which the entire application money shall be unblocked in the respective ASBA Accounts of the Bidders. In case of delay, if any, in unblocking the ASBA Accounts within such timeline as prescribed under applicable laws, our Company shall be liable to pay interest on the application money in accordance with applicable laws

Arrangements for Disposal of Odd Lots

There are no arrangements for disposal of odd lots since our Equity Shares will be traded in dematerialised form only and market lot for our Equity Shares will be one Equity Share.

New Financial Instruments

Our Company is not issuing any new financial instruments through this Issue.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for lock-in of the pre-issue capital of our Company, lock-in of the Promoters' minimum contribution under the SEBI ICDR Regulations and the Anchor Investor lock-in as provided in "*Capital Structure*" on page 99 and except as provided under the Articles of Association, there are no restrictions on transfer of the Equity Shares. Further, there are no restrictions on transmission of any shares of our Company and on their consolidation or splitting, except as provided in the Articles of Association. For details, see "*Description of Equity Shares and Terms of Articles of Association*" beginning on page 658.

Withdrawal of the Issue

Our Company, in consultation with the BRLM, reserve the right to not proceed with the Issue, in whole or part thereof, to the extent of their respective portion of Issue Shares after the Bid/Issue Opening Date but before the Allotment. In the event that our Company, in consultation with the BRLM, decide not to proceed with the Issue, our Company shall issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by the SEBI, providing reasons for not proceeding with the Issue. In such event, the BRLM through the Registrar to the Issue shall notify the SCSBs and the Sponsor Bank, to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Issue to process refunds to the Anchor Investors, as the case may be. Our Company shall also inform the same to the Stock Exchanges on which the Equity Shares are proposed to be listed.

Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company, in consultation with the Book Running Lead Manager withdraw the Issue after the Bid/Issue Closing Date and thereafter determines that it will proceed with a public

issuing of Equity Shares, our Company shall file a fresh draft red herring prospectus with the SEBI and Stock Exchanges.

ISSUE PROCEDURE

All Bidders were advised to read the General Information Document for Investing in Public Offers prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the "General Information Document"), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which was part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is also available on the websites of the Stock Exchanges and the BRLM. Investors were advised to refer to the relevant provisions of the General Information Document which are applicable to the Issue, including in relation to the process for Bids through the UPI Mechanism.

Bidders were advised to refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of CAN and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) submission of Bid cum Application Form; (viii) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (ix) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (x) mode of making refunds; (xi) Designated Date; (xii) disposal of applications; and (xiii) interest in case of delay in Allotment or refund.

*The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, had introduced an alternate payment mechanism using Unified Payments Interface ("**UPI**") and consequent reduction in timelines for listing in a phased manner. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (to the extent these have not been rescinded by the SEBI ICDR Master Circular and the SEBI RTA Master Circular), had introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of these circulars are deemed to form part of this Prospectus. Furthermore, pursuant to ICDR Master Circular, all individual bidders in initial public offerings whose application sizes are up to ₹500,000 shall use the UPI Mechanism.*

*Pursuant to SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, the time period for listing of equity shares pursuant to a public issue has been reduced from six Working Days to three Working Days, and as a result, the final reduced timeline of T+3 days has been made effective using the UPI Mechanism for applications by UPI Bidders ("**UPI Phase III**"). The SEBI by way of a master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024, consolidated a chapter-wise framework for compliance with various obligations under the SEBI ICDR Regulations. Accordingly, subject to any circulars, clarification or notification issued by the SEBI from time to time, this Issue will be undertaken pursuant to the processes and procedures prescribed under the SEBI ICDR Master Circular, subject to any circulars, clarifications or notifications which may be issued by the SEBI.*

The SEBI ICDR Master Circular has consolidated and rescinded the aforementioned circulars, to the extent they relate to the SEBI ICDR Regulations. The SEBI ICDR Master Circular has prescribed certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of the SEBI ICDR Master Circular are deemed to form part of this Prospectus.

Pursuant to ICDR Master Circular, applications made using the ASBA facility in initial public offerings shall be processed by the Registrar along with the SCSBs only after application monies are blocked in the bank accounts of investors (all categories). Accordingly, Stock Exchanges shall, for all categories of investors and other reserved categories and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in the SEBI ICDR Master Circular shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the application amount for the entire duration of delay exceeding two Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking.

Our Company and the BRLM are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders were advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus, the Red Herring Prospectus and this Prospectus.

Book Building Procedure

The Issue was made through the Book Building Process, in terms of Rule 19(2)(b) of the SCRR, read with Regulation 31 of the SEBI ICDR Regulations, in accordance with Regulation 6(1) of the SEBI ICDR Regulations wherein not more than 50% of the Issue was available for allocation on a proportionate basis to QIBs, provided that our Company in consultation with the BRLM may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which 40% was reserved as follows: (i) 33.33% was reserved for domestic Mutual Funds; and (ii) 6.67% was reserved for life insurance companies registered with the Insurance Regulatory and Development Authority of India under the provisions of the Insurance Act, 1938 and pension funds registered with the Pension Fund Regulatory and Development Authority under the provisions of the Pension Fund Regulatory and Development Authority Act, 2013, subject to valid Bids being received from them at or above the Anchor Investor Allocation Price. Any undersubscription in the reserved category for life insurance companies and pension funds may be allocated to the domestic Mutual Funds. Further, in the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares was added to the Net QIB Portion. Further, 5% of the Net QIB Portion was available for allocation on a proportionate basis to Mutual Funds only and the remainder of the Net QIB Portion was available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue was available for allocation on a proportionate basis to Non-Institutional Investors out of which (a) one-third of such portion was reserved for applicants with application size of more than ₹2.00 lakhs and up to ₹10.00 lakhs; and (b) two-third of such portion was reserved for applicants with application size of more than ₹ 10.00 lakhs, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Investors and not less than 35% of the Issue was available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors must ensure that their PAN is linked with Aadhaar and are in compliance with the notification by the Central Board of Direct Taxes dated February 13, 2020, read with press releases dated June 25, 2021, and September 17, 2021, March 30, 2022, and March 28, 2023.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including the DP ID and the Client ID and the PAN and UPI ID (for UPI Bidders Bidding through the UPI Mechanism), were treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. The SEBI in its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, has reduced the time period for listing of equity shares pursuant to a public issue from six Working Days to three Working Days. This Issue will be undertaken pursuant to the processes and procedures prescribed under UPI Phase III, subject to any circulars, clarifications or notifications which may be issued by the SEBI.

Pursuant to UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streamlining Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalized under

the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post– Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues were also required to provide the facility to make applications using UPI. Our Company will be required to appoint Sponsor Banks to act as conduits between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the UPI Bidders using the UPI.

Further, pursuant to SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 5, 2022, all individual investors applying in public issues where the application amount is up to ₹500,000 shall use UPI and shall also provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

a) a syndicate member;
b) a stock broker recognised with a registered stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
c) a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity);
d) a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity)

For further details, refer to the "*General Information Document*" available on the websites of the Stock Exchanges and the BRLM.

NRIs applying in the Issue through the UPI Mechanism are advised to enquire with the relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, did not exceed 5% of the total paid-up equity capital on a fully diluted basis and the total holdings of all NRIs and OCIs put together did not exceed 10% of the total paid-up equity capital on a fully diluted basis. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the members of the Indian company in a general meeting.

Eligible NRIs were permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour).

For details of investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 657. Participation of Eligible NRIs shall be subject to the FEMA Non-debt Rules.

Bids by Hindu Undivided Families ("HUFs")

Bids by Hindu Undivided Families or HUFs were requested to be made in the individual name of the Karta. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs were considered at par with Bids/Applications from individuals.

Bids by Foreign Portfolio Investors ("FPIs")

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post- Issue Equity Share capital. Further, in terms of the FEMA Non-debt Instruments Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA Non-debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. The foreign investment limits for insurance companies was increased from 49% to 74% of their paid-up equity share capital. Further, it was announced in the Union Budget for Fiscal 2025-2026, that the foreign investment limits in the insurance sector will be raised from 74% to 100%. The enhanced foreign investment limit of 100% has not been implemented as of the date of this Prospectus.

FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wished to participate in the Issue were advised to use the Bid cum Application Form for Non-Residents (blue in colour).

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income

Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs were included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, could issue, subscribe to or otherwise deal in offshore derivative instruments(as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time

An FPI issuing offshore derivate instruments was also required to ensure that any transfer of offshore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

(i) such offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and

(ii) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the SEBI master circular bearing reference number SEBI/HO/AFD-2/CIR/P/2022/175 dated December 19, 2022, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs were not be treated as multiple Bids ("**MIM Bids**"). FPIs bearing the same PAN could be treated as multiple Bids by a Bidder and were rejected, except for Bids from FPIs that utilise the multi investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "**MIM Structure**"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which were submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids were be rejected.

Further, in the following cases, the bids by FPIs were not considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments ("**ODI**") which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder did not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure were aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in the Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form exceeds the Issue size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus.

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the "**FPI Group**") were below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary

derivative instruments) for 10% or more of our total paid-up post Issue Equity Share capital were be liable to be rejected.

Bids by SEBI registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations, inter-alia, prescribe the respective investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI.

Accordingly, the holding in any company by any individual VCF or FVCIs (under Schedule I of the FEMA Non-Debt Rules) registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in public issue.

Category I and II AIFs cannot invest more than 25% of the investible funds in one investee company. A Category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking whose shares are proposed to be listed. Additionally, post the repeal of the Securities and Exchange Board of India (Venture Capital Funds) Regulations, 1996 ("**SEBI VCF Regulations**"), the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding equity shares of a company prior to an initial public offering being undertaken by such company, were exempted from lock-in requirements, provided that such equity shares were locked in for a period of at least one year from the date of purchase by the venture capital fund or alternative investment fund or foreign venture capital investor.

There is no reservation for Eligible NRI Bidders, AIFs and FPIs. All Bidders were treated on the same basis with other categories for the purpose of allocation.

All non-resident investors were requested to note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Bids by limited liability partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the BRLM reserves the right to reject any Bid without assigning any reason thereof.

Bids by banking companies

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company in consultation with the BRLM reserve the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the "**Banking Regulation Act**"), and the Master Directions – RBI (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on investment made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company's

paid-up share capital as stated in 5(a)(v)(c)(i) of the RBI (Financial Services provided by Banks) Directions, 2016, as amended.

Bids by SCSBs

SCSBs participating in the Issue are required to comply with the terms of the SEBI ICDR Master Circular. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account were used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Information for Bidders

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options were not considered as multiple Bids. It was the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip was non-negotiable and by itself did not create any obligation of any kind. When a Bidder revises his or her Bid, he /she was required to surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the BRLM are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

- Details of all unutilized monies, if any shall be disclosed under an appropriate separate head in the balance sheet indicating the form in which such unutilized monies have been invested.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment ("**FDI**") through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) ("**DPIIT**"), issued the FDI Policy Circular of 2020 ("**FDI Policy**") by way of circular bearing number DPIIT file number 5(2)/2020-FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions. The FDI Policy will be valid and remain in force until superseded in totality or in part thereof.

In terms of Press Note 3 of 2020, dated April 17, 2020 (Press Note), issued by the DPIIT, the Consolidated FDI Policy and the FEMA Non-Debt Instruments Rules has been amended to state that all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period

Transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see "*Issue Procedure - Bids by Eligible NRIs*" and "*Issue Procedure - Bids by FPIs*" on page 644.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For details, see "*Issue Procedure*" on page 639.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be issue or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being issue and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issue or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, our Promoters, our Director and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders were advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

The Company shall be entitled to keep, in any State or Country outside India, a Branch Register of Members, in respect of those residents in that State or Country. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after allotment or within one month from the date of receipt by the Company of the application for the registration of transfer or transmission, sub-division, consolidation or renewal of shares or within such other period as the conditions of issue shall provide – (a) one or more certificates in marketable lots for all his shares of each class or denomination registered in his name without payment of any charges; or (b) several certificates, each for one or more of his shares, upon payment of Rupees Twenty for each certificate or such charges as may be fixed by the Board for each certificate after the first.	**Issue of certificate**
(2)	In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to the person first named on the register of members shall be sufficient delivery to all such holders.	**Issue of share certificate in case of joint holding**
(3)	Every certificate shall specify the shares to which it relates, distinctive numbers of shares in respect of which it is issued and the amount paid-up thereon and shall be in such form as the Board may prescribe and approve.	**Option to receive share certificate or hold shares with depository**
7.	A person subscribing to shares offered by the Company shall have the option either to receive certificates for such shares or hold the shares in a dematerialized state with a depository, in which event the rights and obligations of the parties concerned and matters connected therewith or incidental thereof, shall be governed by the provisions of the Depositories Act, 1996 as amended from time to time, or any statutory modification thereto or re-enactment thereof. Where a person opts to hold any share with the depository, the Company shall intimate such depository the details of allotment of the share to enable the depository to enter in its records the name of such person as the beneficial owner of that share. The Company shall also maintain a register and index of beneficial owners in accordance with all applicable provisions of the Companies Act, 2013 and the Depositories Act, 1996 with details of shares held in dematerialized form in any medium as may be permitted by law including in any form of electronic medium.	**Option to receive share certificate or hold shares with depository**
8.	If any certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Board deems adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of fees not less than Rupees twenty and as may be fixed by the Board for each certificate after the first. Such share certificates shall also be issued in the event of consolidation or sub-division of shares of the Company. Every such certificate shall be issued in the manner prescribed under Section 46 of the Act and the rules framed thereunder. Particulars of every share certificate issued shall be entered in the register of members against the name of the person, to whom it has been issued, indicating the date of issue.	**Issue of new certificate in place of one defaced, lost or destroyed**

	Provided that notwithstanding what is stated above, the Board shall comply with such rules or regulations or requirements of any stock exchange or the rules made under the Act or rules made under the Securities Contracts (Regulation) Act,1956 or any other act, or rules applicable thereof in this behalf. Provided that notwithstanding what is stated above, the Board shall comply with such rules or regulations or requirements of any stock exchange or the rules made under the Act or rules made under the Securities Contracts (Regulation) Act,1956 or any other act, or rules applicable thereof in this behalf.	
8A.	Except as required by Applicable Laws, no person shall be recognized by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these Articles or by Applicable Laws) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.	**Company not compelled to recognize any equitable, contingent interest**
8B.	Subject to the applicable provisions of the Act and other Applicable Laws, any debentures, debenture-stock or other securities may be issued at a premium or otherwise and may be issued on condition that they shall be convertible into shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of shares and attending (but not voting) at a general meeting, appointment of nominee directors, etc. Debentures with the right to conversion into or allotment of shares shall be issued only with the consent of the Company in a general meeting by special resolution.	**Terms of issue of debentures**
9. 10. (1)	The Company may exercise the powers of paying commissions conferred by the Act, to any person in connection with the subscription or procurement of subscription to its securities, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.	**Power to pay commission in connection with securities issued**
(2)	The rate or amount of the commission shall not exceed the rate or amount prescribed in the Rules.	**Rate of commission in accordance with Rules**
(3)	The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.	**Mode of payment of commission**
11. (1)	If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied with the consent in writing, of such number of the holders of the issued shares of that class, or with the sanction of a resolution passed at a separate meeting of the holders of the shares of that class, as prescribed by the Act.	**Variation of members' rights**
(2)	To every such separate meeting, the provisions of these Articles relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one - third of the issued shares of the class in question	**Provisions as to general meetings to apply mutatis mutandis to each Meeting**

12.	The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.	**Issue of further shares not to affect rights of existing members**
13.	Subject to section 55 and other provisions of the Act, the Board shall have the power to issue or re-issue preference shares of one or more classes which are liable to be redeemed, or converted to equity shares, on such terms and conditions and in such manner as determined by the Board in accordance with the Act. On the issue of Redeemable Preference Shares under the provisions of the preceding Article, the following provisions shall take effect:- (i) No such Shares shall be redeemed except out of the profits of the Company which would otherwise be available for dividend or out of the proceeds of a fresh issue of Shares made for the purpose of the redemption. (ii) No such Shares shall be redeemed unless they are fully paid. The period of redemption in case of preference shares shall not exceed the maximum period for redemption provided under Section 55 of the Act; (iii) The premium, if any, payable on redemption, must have been provided for, out of the profits of the Company or the Share Premium Account of the Company before, the Shares are redeemed; and (iv) Where any such Shares are redeemed otherwise than out of the proceeds of a fresh issue, there shall, out of profits which would otherwise have been available for dividend, be transferred to a reserve fund to be called "Capital Redemption Reserve Account", a sum equal to the nominal amount of the Shares redeemed and the provisions of the Act, relating to the reduction of the Share Capital of the Company, shall, except as provided in Section 80 of the Act, apply as if "Capital Redemption Reserve Account" were paid up Share capital of the Company. Whenever the capital, by reason of the issue of Preference Shares or otherwise, is divided into different classes of shares, all or any of the rights and privileges attached to each class may, subject to the applicable provisions of the Act, be modified, commuted, affected or abrogated, or dealt with by an agreement between the Company and any person purporting to contract on behalf of that class, provided such agreement is ratified, in writing, by holders of at least three-fourths in nominal value of the issued Shares of the class or is confirmed by a special resolution passed at a separate general meeting of the holders of Shares of that class and all the provisions hereinafter contained as to general meetings, shall, mutatis mutandis, apply to every such meeting.	**Power to issue redeemable preference shares**
14. (1)	Where at any time, the Company proposes to increase its subscribed capital by issue of further shares, either out of the unissued capital or the increased share capital, such shares shall be offered: to persons who, at the date of offer, are holders of Equity Shares of the Company, in proportion as near as circumstances admit, to the share capital paid up on those shares by sending a letter of offer on the following conditions : - the aforesaid offer shall be made by a notice specifying the number of shares offered and limiting a time prescribed under the Act from the	**Further issue of share capital**

	date of the offer within which the offer, if not accepted, will be deemed to have been declined the aforementioned offer shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice mentioned in sub-Article (i), above shall contain a statement of this right; and after the expiry of the time specified in the aforesaid notice or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board of Directors may dispose of them in such manner which is not disadvantageous to the shareholders and the Company; or to employees under any scheme of employees' stock option, subject to a special resolution passed by the Company and subject to the conditions as specified under the Act and Rules thereunder; or to any persons, if it is authorized by a special resolution passed by the Company in a General Meeting, whether or not those persons include the persons referred to in clause (a) or clause (b) above, either for cash or for consideration other than cash, subject to applicable provisions of the Act and Rules thereunder. The notice referred to in sub-clause (i) of sub-Article (a) shall be dispatched through registered post or speed post or through electronic mode to all the existing Members at least 3 (three) days before the opening of the issue. The provisions contained in this Article shall be subject to the provisions of the section 42 and section 62 of the Act, the rules thereunder and other applicable provisions of the Act. Notwithstanding anything contained in sub-clause (i) thereof, the further Shares aforesaid may be offered to any persons, if it is authorised by a special resolution, (whether or not those persons include the persons referred to in clause (a) of sub-clause (i) hereof) in any manner either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to the compliance with the applicable provisions of Chapter III and any other conditions as may be prescribed in the Act and the rules made thereunder. The notice referred to in above sub-clause hereof shall be dispatched through registered post or speed post or through electronic mode to all the existing shareholders at least 3 (three) days before the opening of the issue. Nothing in sub-clause above hereof shall be deemed: (a) To extend the time within the offer should be accepted; or (b) To authorise any person to exercise the right of renunciation for a second time, on the ground that the person in whose favour the remuneration was first made has declined to take the Shares comprised in the renunciation.	
(2)	Nothing in this Article shall apply to the increase of the subscribed capital of the Company caused by the exercise of an option as a term attached to the debentures issued or loans raised by the Company to convert such debenture or loans into shares in the Company.	

	Provided that the terms of issue of such debentures or loan containing such an option have been approved before the issue of such debenture or the raising of loan by a special resolution passed by the Company in general meeting. Notwithstanding anything contained in [Article 14 (2)] hereof, where any debentures have been issued, or loan has been obtained from any government by the Company, and if that government considers it necessary in the public interest so to do, it may, by order, direct that such debentures or loans or any part thereof shall be converted into shares in the Company on such terms and conditions as appear to the government to be reasonable in the circumstances of the case even if terms of the issue of such debentures or the raising of such loans do not include a term for providing for an option for such conversion: Provided that where the terms and conditions of such conversion are not acceptable to the Company, it may, within sixty days from the date of communication of such order, appeal to National Company Law Tribunal which shall after hearing the Company and the government pass such order as it deems fit. A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act and the rules made thereunder.	
(3)	A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act and the Rules. The provisions contained in this Article shall be subject to the provisions of the section 42 and section 62 of the Act and other applicable provisions of the Act and rules framed thereunder.	**Mode of further issue of shares**
	Subject to the provisions of the Act, the Company shall have the power to make compromise or make arrangements with creditors and members, consolidate, demerge, amalgamate or merge with other company or companies in accordance with the provisions of the Act and any other applicable laws.	**Power to make compromise or arrangement**
Lien		
15. (1)	The fully paid shares will be free from all Lien, however, the Company shall have a first and paramount Lien – (a) on every share (not being a fully paid share) and upon the proceeds of sale thereof for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and (b) on all shares (not being fully paid shares) standing registered in the name of a member, for all monies presently payable by him or his estate to the Company: Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this Article. Provided further that Company's lien, if any, on such partly paid shares, shall be restricted to money called or payable at a fixed price in respect of such shares.	**Company's lien on shares**
(2)	The Company's Lien, if any, on a share shall extend to all dividends or interest, as the case may be, payable and bonuses declared from time to time in respect of such shares for any money owing to the Company. However, a member shall exercise any voting rights in respect of the shares in regard to which the Company has exercised the right of Lien.	**Lien to extend to dividends, etc.**

(3)	Unless otherwise agreed by the Board, the registration of a transfer of shares shall operate as a waiver of the Company's Lien.	**Waiver of Lien in case of registration**
16.	The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a Lien: Provided that no sale shall be made— (a) unless a sum in respect of which the Lien exists is presently payable; or (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the Lien exists as is presently payable, has been given to the registered holder for the time being of the share or to the person entitled thereto by reason of his death or insolvency or otherwise.	**As to enforcing Lien by sale**
17. (1)	To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof	**Validity of sale**
(2)	The purchaser shall be registered as the holder of the shares comprised in any such transfer.	**Purchaser to be registered holder**
(3)	The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.	**Validity of Company's receipt**
(4)	The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings with reference to the sale	**Purchaser not affected**
18. (1)	The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the Lien exists as is presently payable.	**Application of proceeds of sale**
(2)	The residue, if any, shall, subject to a like Lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.	**Payment of residual money**
19.	The provisions of these Articles relating to Lien shall mutatis mutandis apply to any other securities including debentures of the Company.	**Provisions as to Lien to apply mutatis mutandis to debentures, etc.**
Calls on shares		
20. (1)	The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times. Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.	**Board may make Calls**
(2)	Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.	**Notice of call**
(3)	A call may be revoked or postponed at the discretion of the Board	**Revocation or postponement of call**
21.	A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.	**Call to take effect from date of resolution**
22.	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.	**Liability of joint holders of shares**

23. (1)	If a sum called in respect of a share is not paid before or on the day appointed for payment thereof (the "due date"), the person from whom the sum is due shall pay interest thereon from the due date to the time of actual payment at such rate as may be fixed by the Board.	**When interest on call or instalment payable**
(2)	The Board shall be at liberty to waive payment of any such interest wholly or in part.	**Board may waive interest**
24. (1)	Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.	**Sums deemed to be calls**
(2)	In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.	**Effect of nonpayment of sums**
(3)	On the trial or hearing of any action or suit brought by the Company against any member or his representative for the recovery of any money claimed to be due to the Company in respect of his Shares, it shall be sufficient to prove that the name of the member, in respect of whose Shares the money is sought to be recovered, appears or is entered on the Register of Members as the holder, at or subsequent to the date at which the money is sought to be recovered, is alleged to have become due on the Shares in respect of which money is sought to be recovered, and that the resolution making the call is duly recorded in the minute book, and that notice, of which call, was duly given to the member or his representatives and used in pursuance of these Articles, and it shall not be necessary to prove the appointment of the Directors who made such call, and not that a quorum of Directors was present at the meeting of the Board at which any call was made, and nor that the meeting, at which any call was made, has duly been convened or constituted nor any other matter whatsoever, but the proof of the matters aforesaid shall be conclusive of the debt.	**Suit by company for recovery of money against any member**
(4)	Neither the receipt by the Company of a portion of any money which shall, from time to time, be due from any member to the Company in respect of his Shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such Shares as hereinafter provided.	**Enforcing forfeiture of shares by Company**
25.	The Board – (a) may, if it thinks fit, subject to the provisions of the Act, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate as may be fixed by the Board. Nothing contained in this clause shall confer on the member (a) any right to participate in profits or dividends or (b) any voting rights in respect of the moneys so paid by him until the same would, but for such payment, become presently payable by him. The Directors may at any time repay the amount so advanced. The provisions of these Articles relating to calls shall mutatis mutandis apply to any other securities, including debentures, of the Company, to the extent applicable.	**Payment in anticipation of calls may carry interest**
26.	If by the conditions of allotment of any shares, the whole or part of the amount of issue price thereof shall be payable by installments, then every such installment shall, when due, be paid to the Company by the	**Installments on shares to be duly paid**

	person who, for the time being and from time to time, is or shall be the registered holder of the share or the legal representative of a deceased registered holder.	
27.	All calls shall be made on a uniform basis on all shares falling under the same class. Explanation: Shares of the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.	**Calls on shares of same class to be on uniform basis**
28.	The provisions of these Articles relating to calls shall mutatis mutandis apply to any other securities including debentures of the Company.	**Provisions as to calls to apply mutatis mutandis to debentures, etc.**
29.	Dematerialization	
	Notwithstanding anything contained in the Articles, the Company shall be entitled to dematerialise its shares, debentures and other securities and offer such shares, debentures and other securities in a dematerialised form pursuant to the Depositories Act 1996. Notwithstanding anything contained in the Articles, and subject to the provisions of the law for the time being in force, the Company shall on a request made by a beneficial owner, re-materialise the shares, which are in dematerialised form. Every Person subscribing to the shares offered by the Company shall have the option to receive share certificates or to hold the shares with a Depository. Where Person opts to hold any share with the Depository, the Company shall intimate such Depository of details of allotment of the shares to enable the Depository to enter in its records the name of such Person as the beneficial owner of such shares. Such a Person who is the beneficial owner of the shares can at any time opt out of a Depository, if permitted by the law, in respect of any shares in the manner provided by the Depositories Act 1996 and the Company shall in the manner and within the time prescribed, issue to the beneficial owner the required certificate of shares. In the case of transfer of shares or other marketable securities where the Company has not issued any certificates and where such shares or securities are being held in an electronic and fungible form, the provisions of the Depositories Act 1996 shall apply. If a Person opts to hold his shares with a Depository, the Company shall intimate such Depository the details of allotment of the shares, and on receipt of the information, the Depository shall enter in its record the name of the allottee as the beneficial owner of the shares. All shares held by a Depository shall be dematerialised and shall be in a fungible form. (a) Notwithstanding anything to the contrary contained in the Act or the Articles, a Depository shall be deemed to be the registered owner for the purposes of effecting any transfer of ownership of shares on behalf of the beneficial owner. (b) Save as otherwise provided in (a) above, the Depository as the registered owner of the shares shall not have any voting rights or any other rights in respect of shares held by it. Every person holding shares of the Company and whose name is entered as the beneficial owner in the records of the Depository shall be deemed to be the owner of such shares and shall also be deemed to be a shareholder of the Company. The beneficial owner of the shares shall	**Dematerialization Of Securities**

	be entitled to all the liabilities in respect of his shares which are held by a Depository. The Company shall be further entitled to maintain a register of members with the details of members holding shares both in material and dematerialised form in any medium as permitted by law including any form of electronic medium. Notwithstanding anything in the Act or the Articles to the contrary, where shares are held in a Depository, the records of the beneficial ownership may be served by such Depository on the Company by means of electronic mode or by delivery of disks, drives or any other mode as prescribed by law from time to time. Nothing contained in the Act or the Articles regarding the necessity to have distinctive numbers for securities issued by the Company shall apply to securities held with a Depository.	
Transfer of shares		
30. (1)	A common form of transfer shall be used and the instrument of transfer of any share in the Company shall be in writing which shall be duly executed by or on behalf of both the transferor and transferee and shall be duly stamped and delivered to the Company within the prescribed period and all provisions of section 56 of the Act and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof. Every instrument of transfer shall be in writing and all provisions of the Act, the rules and applicable laws shall be duly complied with. The instrument shall also be duly stamped, under the relevant provisions of the Law, for the time being, in force, and shall be signed by or on behalf of the transferor and the transferee, and in the case of Share held by two or more holders or to be transferred to the joint names of two or more transferees by all such joint holders or by all such joint transferees, as the case may be.	**Instrument of transfer to be executed by transferor and transferee**
(2)	The Company shall keep the "Register of Transfers" and therein shall fairly and distinctly enter particulars of every transfer or transmission of any Share. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.	**Register of transfer**
31.	The Board may, subject to the right of appeal conferred by the section 58 of the Act decline to register – (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or (b) any transfer of shares on which the Company has a Lien. The registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.	**Board may refuse to register transfer**
32.	The Board may decline to recognize any instrument of transfer unless- (a) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under sub-section (1) of section 56 of the Act; (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and	**Board may decline to recognize instrument of transfer**

	(c) the instrument of transfer is in respect of only one class of shares. The registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.	
33.	On giving of previous notice of at least seven days or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine: Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty five days in the aggregate in any year.	**Transfer of shares when suspended**
33A	Subject to the provisions of sections 58 and 59 of the Act, these Articles and other applicable provisions of the Act or any other Applicable Laws for the time being in force, the Board may refuse whether in pursuance of any power of the Company under these Articles or any other Applicable Laws to register the transfer of, or the transmission by operation of Applicable Laws of the right to, any shares or interest of a member in or debentures of the Company. The Company shall within one (1) month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, or such other period as may be prescribed, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that, subject to provisions of Article 32, the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever. Transfer of shares/debentures in whatever lot shall not be refused.	**Notice of refusal to register transfer**
34.	The provisions of these Articles relating to transfer of shares shall mutatis mutandis apply to any other securities including debentures of the Company.	**Provisions as to transfer of shares to apply mutatis mutandis to debentures, etc.**
35.	An application for the registration of a transfer of Shares in the Company may be made either by the transferor or the transferee. Where such application is made by a transferor and relates to partly paid Shares, the Company shall give notice of the application to the transferee. The transferee may, within two weeks from the date of the receipt of the notice and not later, object to the proposed transfer. The notice to the transferee shall be deemed to have been duly given, if dispatched by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be deemed to have been delivered at the time when it would have been delivered in the ordinary course of post.	**Application for registration of transfer of shares**
Transmission of shares		
36. (1)	On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares.	**Title to shares on death of a member**
(2)	Nothing in clause (1) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.	**Estate of deceased member liable**
(3)	Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as	**Transmission Clause**

	may from time to time properly be required by the Board and subject as hereinafter provided, elect, either – (a) to be registered himself as holder of the share; or (b) to make such transfer of the share as the deceased or insolvent member could have made.	
(4)	The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.	**Board's right unaffected**
37. (1)	If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.	**Right to election of holder of share**
(2)	If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.	**Manner of testifying election**
(3)	All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.	**Limitations applicable to notice**
38.	A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.	**Claimant to be entitled to same advantage**
39.	The provisions of these Articles relating to transmission by operation of law shall mutatis mutandis apply to any other securities including debentures of the Company	**Provisions as to transmission to apply mutatis mutandis to debentures, etc.**
39A	No fee shall be charged for registration of transfer, transmission, probate, succession certificate and letters of administration, certificate of death or marriage, power of attorney or similar other document	**No fee for transfer or transmission**
Nomination by security holder		

	(i) Every holder of Securities in the Company may, at any time, nominate, in the prescribed manner, a person to whom his Securities in the Company, shall vest in the event of his death. (ii) Where the Securities in the Company are held by more than one person jointly, the joint-holders may together nominate, in the prescribed manner, a person to whom all the rights in the Securities in the Company shall vest in the event of death of all joint holders. (iii) Notwithstanding anything contained in these Articles or any other law, for the time being, in force, or in any disposition, whether testamentary or otherwise, in respect of such Securities in the Company, where a nomination made in the prescribed manner purports to confer on any person the right to vest the Securities in the Company, the nominee shall, on the death of the Shareholders of the Company or, as the case may be, on the death of the joint holders, become entitled to all the rights in the Securities of the Company or, as the case may be, all the joint holders, in relation to such securities in the Company, to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner. (iv) In the case of fully paid up Securities in the Company, where the nominee is a minor, it shall be lawful for the holder of the Securities, to make the nomination to appoint in the prescribed manner any person, being a guardian, to become entitled to Securities in the Company, in the event of his death, during the minority. (i) Any person who becomes a nominee by virtue of the provisions of the preceding Article, upon the production of such evidence as may be required by the Board and subject as hereinafter provided, elect, either – (a) to be registered himself as holder of the Share(s); or (b) to make such transfer of the Share(s) as the deceased Shareholder could have made. (ii) If the person being a nominee, so becoming entitled, elects to be registered as holder of the Share(s), himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects, and such notice shall be accompanied with the death certificate of the deceased shareholder. (iii) All the limitations, restrictions and provisions of the Act relating to the right to transfer and the registration of transfers of Securities shall be applicable to any such notice or transfer as aforesaid as if the death of the member had not occurred and the notice or transfer has been signed by that Shareholder. (iv) A person, being a nominee, becoming entitled to a Share by reason of the death of the holder, shall be entitled to the same dividends and other advantages which he would be entitled if he were the registered holder of the Share except that he shall not, before being registered a member in respect of his Share be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the Share(s) and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys	**Manner of nomination by security holder**

	payable in respect of the Share(s) or until the requirements of the notice have been complied with.	
Forfeiture of shares		
40.	If a member fails to pay any call, or instalment of a call or any money due in respect of any share, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid or a judgement or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on him requiring payment of so much of the call or instalment or other money as is unpaid, together with any interest which may have accrued and all expenses that may have been incurred by the Company by reason of non-payment.	**If call or instalment not paid notice must be given**
41.	The notice aforesaid shall: (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.	**Form of Notice**
42.	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Subject to the provisions of the Act, such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited Shares and not actually paid before the forfeiture.	**In default of payment of shares to be forfeited**
43.	When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting member and an entry of the forfeiture with the date thereof, shall forthwith be made in the register of members. But no forfeiture shall be, in any manner, invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.	**Entry of forfeiture in register of members**
44.	The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.	**Effect of forfeiture**
45. (1)	A forfeited share shall be deemed to be the property of the Company and may be sold or re-allotted or otherwise disposed of either to the	**Forfeited shares may be sold, etc.**

	person who was before such forfeiture the holder thereof or entitled thereto or to any other person on such terms and in such manner as the Board thinks fit.	
(2)	At any time before a sale, re-allotment or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.	**Cancellation of forfeiture**
46. (1)	A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay, and shall pay, to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.	**Members still liable to pay money owing at the time of forfeiture**
(2)	The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.	**Cesser of liability**
47. (1)	A duly verified declaration in writing that the declarant is a director, the manager or the secretary of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;	**Certificate of forfeiture**
(2)	The Company may receive the consideration, if any, given for the share on any sale, re-allotment or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of	**Title of purchaser and transferee of forfeited shares**
(3)	The transferee shall thereupon be registered as the holder of the share; and	**Transferee to be registered as holder**
(4)	The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of the share	**Transferee not affected**
48.	Upon any sale after forfeiture or for enforcing a Lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the register of members in respect of the shares sold and after his name has been entered in the register of members in respect of such shares the validity of the sale shall not be impeached by any person.	**Validity of sales**
49.	Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue a duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.	**Cancellation of share certificate in respect of forfeited shares**
50.	The Board may, subject to the provisions of the Act, accept a surrender of any share from or by any member desirous of surrendering them on such terms as they think fit.	**Surrender of share certificates**
51.	The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.	**Sums deemed to be calls**
52.	The provisions of these Articles relating to forfeiture of shares shall mutatis mutandis apply to any other securities including debentures of the Company.	**Provisions as to forfeiture of shares to apply mutatis mutandis to debentures, etc.**
Lock-in of Pledged Shares		
53.	Notwithstanding anything contained in these Articles, where any shares are pledged or encumbered and are required to be locked-in under SEBI ICDR Regulations or any applicable law, the Company shall not	

	register any transfer, invocation, enforcement, release or further encumbrance on such shares in violation of such lock-in.	
54.	Notwithstanding anything to the contrary contained in these Articles, where any Equity Shares of the Company are required to be locked-in and such lock-in cannot be created or recorded by Depositories for any reason whatsoever including where such Equity Shares are (a) subject to pledge; or (b) under "freeze balance" or "safe balance", or (c) any other form of encumbrance as may be recorded with the Depositories, on a day prior to the commencement of the lock-in period, the Company shall have the power to issue instructions to the Depositories, directing them to record such Equity Shares as "non-transferable" for the duration of the applicable lock-in period. The aforementioned Equity Shares shall be treated as locked-in for the Lock-in Period as specified under the relevant laws. (i) In the event of invocation of the pledge of such Equity Shares by the pledgee, if in whole, the Equity Shares so transferred or received by the pledgee upon such invocation shall continue to remain locked-in in the account of the pledgee for the balance Lock-in Period and if in part, the remaining portion of Equity Shares so left shall continue to be locked in the account of the pledgor or the beneficial owner. In the event of release/unfreeze of the pledge of such Equity Shares by the pledgee, the Equity Shares so released shall continue to remain locked-in in the account of the pledgor or the beneficial owners account for the balance Lock-in Period.	
55.	Notwithstanding anything contained in these Articles, the Company shall have the power to initiate any corporate action as may be deemed necessary for incorporation of lock-in/marking equity shares as 'non – transferrable' with the Depositories.	
Alteration of capital		
56.	Subject to the provisions of the Act, the Company may, by ordinary resolution - (a) increase the share capital by such sum, to be divided into shares of such amount as it thinks expedient; (b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares: Provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act; (c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; (d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum; (e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.	**Power to alter share capital**

57.	Where shares are converted into stock: (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit: Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose; (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends, voting and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage; (c) such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder"/ "member" shall include "stock" and "stock-holder" respectively. The Company, by resolution in general meeting, may convert any paid-up Shares into stock, or may, at any time, reconvert any stock into paid up Shares of any denomination. The notice of such conversion of Shares into stock or reconversion of stock into Shares shall be filed with the Registrar of Companies as provided in the Act.	**Right of stockholders**
57 A	Share warrants- The Company may issue Share warrants in the manner provided by the said Act and accordingly the Directors may, in their discretion, with respect to any fully paid up Share or stock, on application, in writing, signed by the person or all persons registered as holder or holders of the Share or stock, and authenticated by such evidence, if any, as the Directors may, from time to time, require as to the identity of the person or persons signing the application, and on receiving the certificate, if any, of the Share or stock and the amount of the stamp duty on the warrant and such fee as the Directors may, from time to time, prescribe, issue, under the Seal of the Company, a warrant, duly stamped, stating that the bearer of the warrant is entitled to the Shares or stock therein specified, and may provide by coupons or otherwise for the payment of future dividends, or other moneys, on the Shares or stock included in the warrant. On the issue of a Share warrant the names of the persons then entered in the Register of Members as the holder of the Shares or stock specified in the warrant shall be struck off the Register of Members and the following particulars shall be entered therein. (i) fact of the issue of the warrant. (ii) a statement of the Shares or stock included in the warrant distinguishing each Share by its number, and (iii) the date of the issue of the warrant. A Share warrant shall entitle the bearer to the Shares or stock included in it, and, notwithstanding anything contained in these articles, the Shares or stock shall be transferred by the delivery of the Share-warrant, and the provisions of the regulations of the Company with respect to transfer and transmission of Shares shall not apply thereto. The bearer of a Share-warrant shall, on surrender of the warrant to the Company for cancellation, and on payment of such fees, as the Directors may, from time to time, prescribe, be entitled, subject to the	**Issue of share warrants and rights of holder of share warrants**

	discretion of the Directors, to have his name entered as a member in the Register of Members in respect of the Shares or stock included in the warrant. The bearer of a Share-warrant shall not be considered to be a member of the Company and accordingly save as herein otherwise expressly provided, no person shall, as the bearer of Share-warrant, sign a requisition for calling a meeting of the Company, or attend or vote or exercise any other privileges of a member at a meeting of the Company, or be entitled to receive any notice from the Company of meetings or otherwise, or qualified in respect of the Shares or stock specified in the warrant for being a director of the Company, or have or exercise any other rights of a member of the Company. The Directors may, from time to time, make rules as to the terms on which, if they shall think fit, a new Share warrant or coupon may be issued by way of renewal in case of defacement, loss, or destruction.	
58.	The Company may, by special resolution as prescribed by the Act, reduce in any manner and in accordance with the provisions of the Act and the Rules, — (a) its share capital; and/or (b) any capital redemption reserve account; and/or (c) any securities premium account; and/or (d) any other reserve in the nature of share capital.	**Reduction of capital**
59.	Where two or more persons are registered as joint holders (not more than three) of any share, they shall be deemed (so far as the Company is concerned) to hold the same as joint tenants with benefits of survivorship, subject to the following and other provisions contained in these Articles:	**Joint holders**
	(a) The joint-holders of any share shall be liable severally as well as jointly for and in respect of all calls or instalments and other payments which ought to be made in respect of such share.	**Liability of Joint holders**
	(b) On the death of any one or more of such joint-holders, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Board may require such evidence of death as they may deem fit, and nothing herein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other person.	**Death of one or more joint-holders**
	(c) Any one of such joint holders may give effectual receipts of any dividends, interests or other moneys payable in respect of such share.	**Receipt of one Sufficient**
	(d) Only the person whose name stands first in the register of members as one of the joint-holders of any share shall be entitled to the delivery of certificate, if any, relating to such share or to receive notice (which term shall be deemed to include all relevant documents) and any notice served on or sent to such person shall be deemed service on all the joint-holders.	**Delivery of certificate and giving of notice to first named holder**
	(e) (i) Any one of two or more joint-holders may vote at any meeting either personally or by attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney then that one of such persons so present whose name stands first or higher (as the case may be) on the register in respect of such shares shall alone be entitled to vote in respect thereof.	**Vote of joint holders**
	(ii) Several executors or administrators of a deceased member in whose (deceased member) sole name any share stands, shall for the purpose of this clause be deemed joint-holders.	**Executors or administrators as joint holders**

	(f) The provisions of these Articles relating to joint holders of shares shall mutatis mutandis apply to any other securities including debentures of the Company registered in joint names.	**Provisions as to joint holders as to shares to apply mutatis mutandis to debentures, etc.**
Capitalization of profits		
60. (1)	The Company by ordinary resolution in general meeting may, upon the recommendation of the Board, resolve — (a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and (b) that such sum be accordingly set free for distribution in the manner specified in clause (2) below amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.	**Capitalization**
(2)	The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (3) below, either in or towards: (A) paying up any amounts for the time being unpaid on any shares held by such members respectively; (B) paying up in full, unissued shares or other securities of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid; (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B).	**Sum how applied**

123.(a)	Subject to the provisions of the Act, every director, managing director, whole-time director, manager, company secretary and other officer of the Company shall be indemnified by the Company out of the funds of the Company from and against all suits, proceedings, cost, charges, losses, damage and expenses which they or any of them shall or may incur or sustain by reason of any act done or committed in or about the execution of their duty in their respective office except such suits, proceedings, cost, charges, losses, damage and expenses, if any that they shall incur or sustain, by or through their own wilful neglect or default respectively. And it shall include the payment of all costs, losses and expenses (including travelling expense) which such director, manager, company secretary and officer may incur or become liable for by reason of any contract entered into or act or deed done by him in his	**Directors and officers right to indemnity**

	capacity as such director, manager, company secretary or officer or in any way in the discharge of his duties in such capacity including expenses.	
(b)	Subject as aforesaid, every director, managing director, manager, company secretary or other officer of the Company shall be indemnified against any liability incurred by him in defending any proceedings, whether civil or criminal in which judgement is given in his favour or in which he is acquitted or discharged or in connection with any application under applicable provisions of the Act in which relief is given to him by the Court.	**Director, Managing director, Manager, Company Secretary or other officer of the Company shall be indemnified**
(c)	The Company may take and maintain any insurance as the Board may think fit on behalf of its present and/or former directors and key managerial personnel for indemnifying all or any of them against any liability for any acts in relation to the Company for which they may be liable but have acted honestly and reasonably.	**Insurance**
Secrecy		
124.	(i) Every director, manager, auditor, treasurer, trustee, member of a committee, officer, servant, agent, accountant or other person employed in the business of the Company shall, if so required by the Directors, before entering upon his duties, sign a declaration pledging himself to observe strict secrecy respecting all transactions and affairs of the Company with the customers and the state of the accounts with the individuals and in matters relating thereto, and shall, by such declaration, pledge himself not to reveal any of the matters which may come to his knowledge in the discharge of his duties except when required so to do by the Directors or by Law or by the person to whom such matters relate and except so far as may be necessary in order to comply with any of the provisions contained in these Articles or the Memorandum of Association of the Company and the provisions of the Act. (ii) Subject to the provisions of the Act, no member shall be entitled to visit or inspect any works of the Company, without the permission of the Directors, or to require inspection of any books of accounts or documents of the Company or discovery of or any information respecting any details of the Company's trading or business or any matter which is or may be in the nature of a trade secret, mystery of trade, secret or patented process or any other matter, which may relate to the conduct of the business of the Company and, which in the opinion of the Directors, it would be inexpedient in the interests of the Company to disclose.	**Directors, manager, auditor, members, etc to maintain secrecy**
General Power		
125.	Wherever in the Act, it has been provided that the Company shall have any right, privilege or authority or that the Company could carry out any transaction only if the Company is so authorized by its Articles, then and in that case this Article authorizes and empowers the Company to have such rights, privileges or authorities and to carry out such transactions as have been permitted by the Act, without there being any specific Article in that behalf herein provided. At any point of time from the date of adoption of these Articles, if the Articles are or become contrary to the provisions of the SEBI Listing Regulations, the provisions of the SEBI Listing Regulations shall prevail over the Articles to such extent and the Company shall discharge all its obligations as prescribed under the SEBI Listing Regulations, from time to time.	**General power**
